DEDICATIONS

To My Family...

- My father's encouragement and care since my childhood has given me the motivation to complete my studies.
- My Mother's simple belief in me and my abilities are the pearls she has worn with humility all her life.
- No book of this size can be completed without disruption of ones normal family routine. The key here was the support, sacrifice, and love of my wife.

PREFACE

The purpose of this book is to give the reader a quick and effective access to the most appropriate Key Performance Indicator (KPI). The 17,000 KPIs are categorized in a logical and alphabetical order.

Today, many organizations are spending a lot of funds on building their strategic planning and performance management capabilities. One of the challenges that currently exists, is the difficulty of knowing what KPIs are used in similar situations. The main objective of this book is to let the reader know what KPIs are available for measuring performance of a specific industry, sector, and functional area.

The background colors have the following meanings throughout the book for simplification and easier reference:

Section	Chapter	Group	KPI
A. Organization	Industry	Function	KPI Description
B. Government	Sector	Function	KPI Description
C. International	Topic	Source	KPI Description

This book is divided into three sections. There are 89 Chapters, 761 Functions, 114 Sources, and 17,000 Key Performance Indicators. The book contents are grouped based on the following categories:

Section	Chapter	Group	KPI
A. Organization	32	317	6,600
B. Government	33	444	8,600
C. International	24	114	1,800
Total	89	875	17,000

The listed KPIs are for public and private institutions. Government agencies' internal KPIs related to in-house processes, human resources, and other organizational activities could also be found under "Organization" section (A).

TABLE OF CONTENTS

A. ORGANIZATION KPIs

<u>INDUSTRY / FUNCTION</u>	<u>PAGE</u>	<u>INDUSTRY / FUNCTION</u>	<u>PAGE</u>
1. Agriculture	3	Service Delivery	14
Farming	3		
Irrigation & Drainage	3		
Productivity & Efficiency	3		
Standards & Compliance	3		
2. Banking & Investment	4	7. Contracting	15
Banking	4	Administration	15
Investment	8	Monitor Implementation	15
		Organization & Management	15
		Procurement	15
		Service Quality	15
		Subcontractor Performance	16
3. Communication & PR	9	8. Customer Service	16
Communication Training	9	Call Centre	16
Community investment	9	Customer Satisfaction	18
Features & Services	10	Mail Centre	19
Fundraising	10	Mail Service Quality	19
Newsletters	10	Marketing & Sales	19
Webinars	10	Stakeholder satisfaction	20
		Walk-In Service	20
4. Compliance	10	9. Education	20
Business Control	10	Administration	20
Business Operations	11	Assessment	20
Business Practice	11	Career Services	21
Business Processes	11	Disability Services	22
Compliance Support	11	Engagement & Partnership	22
Policies & procedures	11	Enrolment	22
		Facilities & Equipment	23
		Faculty & Staff	23
		Financial	24
		Financial Aid	26
		International Learning	26
		Library	26
		Participation	27
		Public Relations	27
		Quality Assurance	27
		Registrar	28
5. Construction	12		
Client Satisfaction	12		
Improve Efficiency	12		
Project Build	12		
Project Costs	13		
Quality Monitoring	13		
6. Consulting Services	14		
Budget & Revenue	14		
Legal Service	14

1. Agriculture**Farming**

- # of culverts installed
- # of drains constructed
- # of drains de-silted
- # of dryers
- # of farm roads graveled
- # of lots bund leveling completed
- # of nurseries for seedling production
- % access to buy farm land
- % availability of resources
- % land utilization rate
- % management structures and systems are up to standards
- % of drainage works completed
- % of farm roads upgraded
- Milling efficiency rate

Irrigation & Drainage

- % efficiency of water use
- % of estimated soil moisture
- Irrigation return interval
- Irrigation scheduling coefficient
- Rate of applied volume of water
- Ratio of water charges collected / operation and maintenance expenses
- Ratio of water charges collected / water charges due
- Ratio of water charges due / operation and maintenance expenses

Productivity & Efficiency

- # of crop development programs
- # of demonstration plots
- # of hybrid varieties planted
- # of permits / licenses on hand
- # of total area of land cultivated
- # of total land irrigated
- # of total quantity of fertilizers, chemicals and other agro-inputs
- % increase in production
- % of crop extension projects completed satisfactory
- % of weather impact on production
- Total volume of production potential

Standards & Compliance

- % air emissions compliance
- % air quality compliance
- % of transportation system and logistics are in compliance
- % of waste discharge compliance
- % prescribed burning compliance
- Quality and timely policy advice

1. Agriculture

Volume of wastewater discharge

2. Banking & Investment**Banking**

of brokered deposits
of changes in loan classifications
of early pay-off loans
of large changes in large-balance deposit accounts
of other Securities
of past due loans
% adjusted return on assets
% annual equivalent rate
% capital adequacy ratio
% efficiency ratio
% financial self-sufficiency
% gross debt service ratio
% of subprime mortgages
% of total value of subprime mortgages
% operating self-sufficiency
% portfolio at risk
% portfolio yield
% total debt service ratio
Adjusted net operation income as % of average assets
Adjusted operating income
Advances to deposit ratio (ADR)
Agricultural loans
Agricultural loans yield
Applicable income taxes
Assets growth rate
Assets per domestic office
Available-for-sale securities
Average assets during quarter
Average assets per employee
Average earning assets/average assets
Average interest-bearing funds/ average assets
Average personnel expense per employee
Average sum deposited in new deposit accounts
Average value of past due loans
Brokered deposits maturing < 1 year to brokered deposits
Brokered deposits to deposits
Capital adequacy ratio (CAR)
Cash dividends declared
Cash dividends to net income
Commercial & industrial loans yield

2. Banking & Investment

Commercial loans
Common & preferred capital
Core capital ratio
Core deposits
Credit card yield
Current tax equivalent adjustment
Demand deposits
Deposit service charges
Deposits in foreign offices
Domestic banking offices (#)
Earnings coverage of net loss
Efficiency ratio
Estimated tax benefit
Federal funds purchased & repos ratio
Federal funds purchased & resales
Federal funds sold & resales ratio
Federal funds sold and resales
Federal home loan bank borrowing maturing over 1 year
Federal home loan bank borrowing maturing under 1 year
Fiduciary activities
Foreign branches (#)
Foreign office deposits ratio
Foreign securities
Goodwill impairment
Gross loans (average balance)
Gross margin on managed assets
Held-to-maturity securities
Income from lease financing
Income on loans & leases
Individual loans
Individual loans yield
Insurance commissions and fees
Interest and fee on loans
Interest expense as % of average assets
Interest expense/average assets
Interest income (TE) as % of average assets
Interest income (TE)/average assets
Interest on all other deposits
Interest on deposits in foreign offices
Interest on due from banks
Interest on federal funds purchased & repos
Interest on federal funds sold/resales
Interest on mortgages & leases
Interest on subordinated notes & debentures

2. Banking & Investment

Interest on time deposit over \$100M
Interest on trading liabilities and other borrowings
Interest-bearing bank balances
Interest-bearing bank balances ratio
Interest-bearing funds ratio
Investment banking, advisory income
Loan & lease allowance net losses
Loan & lease allowance to loans & leases not held for sale
Loan & lease allowance to total loans & lease
Loan and lease allowance
Loan and lease net gain/loss
Loans and leases in foreign offices
Loans held for sale
Loans in foreign offices yield
Loans not held for sale
Money market deposit accounts
Mortgage backed securities
Mortgage backed securities ratio
Municipal securities
Net extraordinary items
Net income
Net income adjusted sub S as % of average assets
Net income as % of average assets
Net interest income
Net interest income (TE) (% of average earning assets)
Net Interest income (TE) as % of average assets
Net interest margin
Net international income
Net loan charge-offs
Net loans & leases growth rate
Net loans & leases to assets
Net loans & leases to core deposits
Net loans & leases to deposits
Net loans and leases
Net loans, leases & standby letters of credit to assets
Net loss to average loan & leases
Net new money
Net non core funding dependence
Net non core funding dependence as % of average assets
Net operating income
Net operating income as % of average assets
Net servicing fees
Net short term liabilities to assets
Non interest expense

2. Banking & Investment

Non interest income
Non interest-bearing cash and due from banks
Noncurrent loans & leases to gross loans and lease
Non-interest expense as % of average assets
Non-interest income as % of <u>average assets</u>
Non-Investment ORE
Occupancy expense
Occupancy expense as % average assets
Officer, shareholder loans (#)
Officer, shareholder loans (\$)
Other borrowed money ratio
Other borrowing maturing over 1 year
Other borrowing maturing under 1 year
Other intangible amortization
Other interest income
Other loans and leases in domestic offices
Other net gains/losses
Other non interest income
Other operating expense
Other operating expenses as % of average assets
Other real estate owned
Other savings deposits ratio
Other securities ratio
Other tax equivalent adjustments
Overhead less non-interest income as % of average assets
Personnel expense
Personnel expense as % of average assets
Premises, fixed assets and capitalized leases
Pretax net operating income
Pretax net operating income (TE) as % of average assets
Pretax operating income
Pretax operating income (TE) as % of average assets
Provision for loan/lease losses
Provision—loan/lease losses as % of average assets
Ratio of active depositor to dormant depositor
Real estate loans
Real estate loans yield
Realized G/L avail. for sale sec.
Realized G/L Hld to maturity sec.
Realized gain/loss secs as % of average assets
Retain earns to average total equity
Retained earnings
Short term assets to short term liabilities
Short term non core funding growth rate

2. Banking & Investment

Subordinated notes & debentures
Subordinated notes & debentures ratios
Tax exempt
Tax-exempt securities income
Tier 1 capital
Tier one capital growth rate
Tier one leverage capital as % of average assets
Time deposit of \$100M or more ratio
Time deposits of \$100M or more
Time deposits ratio
Time deposits under \$100 thousand
Total acceptances & other liabilities
Total acceptances and other assets
Total deposits
Total earning assets
Total interest expense
Total interest income
Total interest-bearing deposits ratio
Total investments
Total liabilities & capital
Total liabilities (including mortgages)
Total loans & lease yield
Total loans or loans in domestic offices yield
Total non interest income
Total of un-invested funds
Total overhead expense
Total overhead expense as % of average assets
Total quantity of new deposit accounts
Total sum deposited in new deposit accounts
Total value of past due loans
Trading account assets
Trading account income
Trading, venture capital, securitization income
Transaction accounts yield
U.S. treasury and agency securities
UBPR liabilities
UBPR non interest income & expenses
UBPR other income/expense ratios
UBPR yield or cost ratios
Unearned income
US treasury & agency (excluding MBS) ratio

Investment

of investments exceeding 5% of net assets
of new investment proposals

2. Banking & Investment

of venture capital deals
% of investment proposals worth setting up a meeting with
Annual equivalent rate
Average delivery cost
Average size of venture capital deal
Average total return to investors
Capacity utilization
Contingency %
Cost by sale
Customer lifetime value
Growth against market
Internal rate of return
Investment in unconsolidated subsidiaries
Investment Interest income
Management fees as % of fund size
Market value of fund
Net present value (NPV)
Net short term liabilities to assets
New product development rate
Order processing cost
Profit/(loss) retained
Ratio of members and pensioners
Return on capital
ROI on invested venture capital
Short term assets to short term liabilities
Short term investments growth rate
Short term investments to short term non core funding
Total invested venture capital
Total investment securities (book) ratio
Total investment securities ratio
Un-invested funds

3. Communication & PR**Communication Training**

of conference sponsorships
of course completions
of courses developed
of meetings attended
of workshops

Community Investment

of employee volunteering
of mandatory social contributions

3. Communication & PR

Index community score

Total community contribution

Total voluntary social contributions

Features & Services

of commercial initiatives

of new features/services

% new of features/services

Total management costs

Fundraising

donation to delivery time

of charitable gifts

% appeal coverage

% assessment accuracy

% donation transportation cost efficiency

% donors financial efficiency

% improved alliances in the community

% of appeal coverage

% of items delivered

% of volunteers working more than x hours

Average cost per gift

Average donation

Average gift amount

Average gift per donor

Cost per dollar raised

Donation-to-delivery time

Donor assessment accuracy

Participation %

Newspapers

of email subscribers

of newsletters issued on time

of hard copy subscribers

of newsletters published

Webinars

of attendees

of messages received/responded to

of pre/post survey taken

of webinars

4. Compliance**Business Control**

of analysis of compliance rules

of data items

% interaction between process owners and compliance officers

4. Compliance

- % of distributed operations
- % of quantifications of the effort required
- % of risk based audit assignments
- % of specification and documentation compliance
- % of working space maintenance
- Total investment in compliance software

Business Operations

- # of approval of orders
- # of task identified for audit
- % correct flow of activities/transactions
- % flexibility achieved
- Objectivity index
- Quality of advice index
- Role of officers
- Total audit cost / year

Business Practice

- # of agreement on terms and usage
- # of discovery of hidden dependencies
- % adherence to corporate policy
- % inconsistencies and redundancies margin
- % of clear roles and performance
- % of process ownership
- Average time to do one audit

Business Processes

- # of process improvement activities
- % of outsourcing
- % of quality of service initiatives
- % of time assessment done on all processes
- Average time to remediation and/or mitigation of control deficiencies
- Business process enrichment and analysis

Compliance Support

- # of fraud detection
- % of security measured followed as per rules
- Average run time

Policies & Procedures

- # of obligations
- # of permissions
- # of prohibitions
- # of violations
- % flow of activities in normal channels
- % of data management according to policy
- % of policy compliance
- % of process relevant application data
- % of resource management according to policies

4. Compliance

% of temporal constraints, resources and requirements needed

5. Construction**Client Satisfaction**

- % achievement of business committed
 - % achievement of customer-requested date
 - % client satisfaction on product
 - % client satisfaction on service
 - % of quality standards not met
- Average process time

Improve Efficiency

- # earned man-hours
 - # of critical constraints
 - # of techniques improved
 - # time to rectify defects
 - % complexity of core process (affecting delivery)
 - % cost predictability
 - % of economical efficiency
 - % of just-in-time delivery
 - % of lean production met
- Average project workforce flow
- Flow production
- Quick employee startup to guaranteed 100% quality
- Quick setup & changeover for 100% quality
- Total lost time accounting

Project Build

- # application average cycle time
- # built area
- # caseload
- # of appliances
- # of bath accessories
- # of cabinets/counters
- # of contingency plans
- # of drawings & specifications
- # of drywall/tape/texture
- # of electrical and trim fixtures
- # of exterior doors & garage doors
- # of fireplace/stove/insert
- # of flat concrete/aprons/patios/sidewalks
- # of floor coverings
- # of foundation/structural slab-on-grade
- # of frame lumber/trusses
- # of gutters/downspouts/storm water
- # of heating/ventilation/air conditioning

5. Construction

- # of interior doors/trim/hardware
- # of plumbing and trim fixtures
- # of siding/exterior Trim
- # of site access and street culvert / driveway
- # of superintendence on the ground
- # of windows/skylights/solar tubes
- % material requirements met and secured from source
- % of excavation/backfill/grade done
- % of material flow to facilitate project
- % of roofing/flashing/ventilation done
- % of weatherization/fire stuffing/insulation completed
- Paint interior/wall coverings
- Receivables turnover
- Space of landscaping needed
- Total receivables
- Total space of paint/stain exterior

Project Costs

- % reductions in cost from increased plan reliability
- Actual construction hours vs. Planned construction hours
- Actual construction time
- Average cost of employment
- Average time for predictability design
- Average time spent directly delivering output
- Cost of decks/porches/veranda
- Cost of electrical service
- Cost of fire sprinkler
- Cost of goods sold (COGS)
- Cost of labor
- Cost of materials
- Cost of well
- Critical path scheduling
- Gas or oil costs
- Gross profit
- Net profit from project
- Payables turnover
- Sales tax
- Septic costs
- Square meter price
- Total cost of clean-up/recycle/landfill
- Total cost of permits & special fees from department of building
- Total cost to repair
- Work intensity (man hours per m²)

Quality Monitoring

- # building performance index

5. Construction

- # of construction drawing and specification review
- # of design consistency and constructability analysis
- # of forensic defect evaluation
- # of on-site inspections/Standard of care
- # of remediation and repair recommendations
- # of remediation of defects after handing over
- # of root cause analysis done
- % daylight factor
- % of defects entered in the handing-over protocol
- % of relevant building code and industry standard compliance
- Average time to rectify defects in maintenance period

6. Consulting Services**Budget & Revenue**

- % chargeable ratio
- % consultants generating revenue
- % consulting hours generating revenue
- % of consultants generating revenue
- % of consulting hours that generate revenue
- % of profitable projects
- % of work chargeability
- % realization rate
- Average hourly fee
- Bill rate
- Net profit per project
- Training ROI

Legal Service

- # legal dispute cycle time
- # legal staff per billion revenue
- % correspondence service level
- % of cases lost
- % total legal spending as a percentage of revenue
- Average cost per lawyer hour
- Average cost to litigate a lawsuit
- Average response time on request for legal opinion
- Average time to prepare patent claims

Service Delivery

- # completion to billings
- # of coaching to sub-contractors
- % consultant client retention
- % consultant retention by client
- % consultant utilization rate
- % of time sheets in need of correction/validation
- % realization of delivery

6. Consulting Services

- Annual billable utilization %
- Average length of assignments
- Backlog of commissioned projects

7. Contracting**Administration**

- # of credit notes per month
- # of targeted value-added activities identified in advance
- % of invoice contains all information required to enable prompt payment
- % of invoices presented in a timely manner to allow on-time payment
- % of reports in relation to the product/service
- % realization of cost-reduction targets
- % success rate in bringing value added ideas
- Quotations requests are turned around within x days

Monitor Implementation

- # of backlog items
- # of unapproved change-order
- % liquidity
- % margin variance
- Committed cost
- Schedule variance

Organization & Management

- % of scheduling accuracy & efficiency
- % of supervision for total workforce
- Average construction time
- Efficiency of supervisor to oversee
- Efficiency of supervisor to provide direction

Procurement

- # of units of stock to offer a reliable service
- % of cost breakdown given when requested
- % of delivery to made within the agreed time
- % of product/service is competitively priced against market rates
- % of quantity supplied matches the quantity ordered
- % of supporting documentation received within x days
- % of time in line with agreed SLA turnaround
- Current lead time compares favorably with previous lead time
- Total volume of offers discounts

Service Quality

- # of days average notice before delays
- # of planned "downtime" of the system required
- # of targeted cost-reduction activities identified in advance (per year)
- # of unplanned "downtime" of the system required
- % of acceptable quality of technical information/support provided by contractor for goods supplied

7. Contracting

% of compliance with agreed lead times for repairing the product or restoring service

% of contractor provide notification of any supply problems for orders placed with X days

% of contractors proactive in managing its relationship with final customer

% of product is user-friendly when in use

% of product/service meet the agreed, documented standards

% of product/service to have been reliable /durable

% of resource dedicated to monitoring contractor performance

% of timely attendance on site in response to initial fault report

Subcontractor Performance

of alterations carried out

of electrical work carried out

of improvements by specialists

of mechanical work carried out

of onsite repairs and installations

of site demolition

% of plumbing work carried out

8. Customer Service**Call Centre**

average call handling time

average speed of answer

of abandoned calls

of call management operator activities

of call transfers

of calls answered within ten seconds

of complaints cleared up to the satisfaction of the customer within 3 days

of complaints received

of contacts per agent

of hours of 1 on 1 coaching time/agent

of hours of agent time available for service

of hours of agent time available for telephone service

of one call resolutions

of queries dealt with and cleared up within 1 day

of unique callers

service calls to travel time

% agent adherence to schedule

% agent utilization

% answer accuracy

% answered calls within automatic call distribution system

% call abandon rate

% completion call rate

% consistency of agent answers

8. Customer Service

% customer calls answered in the first minute
% first contact resolution rate
% lead conversion rate
% of accurate referral when redirect to the correct service
% of agent time spent in direct service
% of all calls abandoned
% of all services calls answered in one minute
% of blocked calls
% of call agent's work time spent speaking to callers
% of callers who attempt and successfully access service
% of calls answered within set timeframe
% of calls presented that get into the system
% of calls that reach an agent
% of calls which are abandoned while in queue
% of cross-sell/up-sell opportunities
% of customers that are satisfied
% of email inquiries responded within 24 hours
% of e-mails answered in one day
% of failure to pass caller data
% of first call resolution
% of lost calls
% of misrouted calls
% of phone calls adherence to script
Abandon rate of incoming phone calls
Agent adherence to schedule %
Agent attendance %
Agent utilization rate
Agents FTEs as % of total call center FTEs
Answered calls per hour
Answering % within 10 seconds
Average # of calls to resolve issue/problem
Average # of times call agents are monitored
Average abandonment time
Average call length
Average cost per call
Average delay while in queue before connecting to an agent
Average hold time of calls
Average quality of call
Average queue time of incoming phone calls
Average revenue per call
Average speed of answer
Average talk time of phone calls
Average time a customer spends with a service agent
Average wait time

8. Customer Service

Average waiting time for a customer to reach a service agent

Average wrap-up time

Call volume

Callbacks made - % to peers

Contact frequency

Cost per minute of handle time

Phone occupancy rate

Total calling time

Total calls received

Total training days delivered to agents

Zero-out or bail rate

Customer Satisfaction

of complaints concerning phone channel

of complaints per 1,000 pre-paid customers per month

of complaints per 100 bills per month

of customer claims

of customer complaints

of customer complaints after 1 week of service

of customer service policy document

of customers lost

of footfall counts

of negative feedbacks from customers

of user opinions to improve service

% customer invoice accuracy rate

% customer responsiveness

% customer retention

% customer satisfaction

% customer service performance against standard

% customer survey results

% delivered in full to customer

% delivery in full and on time

% of car park usage

% of correct documentation

% of customer claims

% of customer orders delivered in full

% of customer orders delivered on time

% of customers lost

% of office cleanliness

% of order entry accuracy

% of orders delivered on time

% of product damage

% of product returns

% of trained technical experts and certified

% of visitor feeling safe

8. Customer Service

% of visitor postcode data available
Average # of products in customer baskets
Average lead time for all orders
Average response time
Average time spent on customer relations
Average waiting time for check out
Customer satisfaction rating
Customer-loyalty index
Net promoter score
Response rate
Retail crime perception
Satisfied customer index

Mail Centre

of applications completed and sent
of applications received
of applications/mail in process
of applications/pieces opened
% applications / mail in processing
% applications completed
% applications/ pieces opened

Mail Service Quality

of hours of agent time available for mail service
of service complaints
% of application/transaction errors
% of mail client satisfaction level
% of mail completed within target processing time
% of response accuracy
Average cost per application / mail
Average cycle time
Pass through ratio

Marketing & Sales

of advertising standards complaints
of customers with post-paid / pre-paid breakdown
of on-time deliveries
of product returns
of sales complaints
of service awards
% disconnect with overall / post-paid / pre-paid breakdown
% of blended overall / post-paid / pre-paid breakdown
% price comparisons to competition
% usage of electronic links for customer orders
% usage of electronic links for fund transfer
Average # of times the phone rings
Minutes of use with overall / post-paid / pre-paid breakdown

8. Customer Service

Non-voice services as a % of overall revenue

Stakeholder Satisfaction

- % distributors satisfaction
- % export agents satisfaction
- Customer satisfaction index
- Stakeholders satisfaction index
- Suppliers satisfaction index

Walk-In Service

- # of total visitors entering the office
- # of visitors who are serviced at agent stations
- % of answer accuracy
- % of customers use self-service computers
- % of first visit resolution
- % of visitors receiving agent service to total visitors
- Average cost per service
- Average time to transaction complete
- Average wait time in person
- Critical error rate

9. Education**Administration**

- # of institutional research
- % satisfaction with the timeliness and accuracy of reports requested
- % users' perceptions of quality of service
- Average admissions application response timing
- Average admissions telephone response timing
- Average printing services reduction of pre-press time
- Average time for printing services bulk mail
- Average time for registrar's office grade posting
- Registrar's office clearing transcript average time

Assessment

- # of assessment plan
- # of development programs offered to students
- # of external program review
- # of library usage by teachers and principals
- # of student scoring 4 or higher on CST assessments, disaggregated by all subgroups
- # of students demonstrating their understanding in a variety of ways
- # of students enrolling in 8th grade algebra and reduction in support classes in core areas
- # of students grades 4, 7, 9 taking the writing assessment
- # of students participating in Algebra performance assessment- grade 8
- # of students participating in common ELA, Mathematics, History, and Science assessments

9. Education

- # of students participating in K-7 mathematics with a focus on Algebra readiness
- # of students participating in mathematics performance assessment
- # of students reflecting on their own learning and needs based on common assessment results
- # of teachers and principals attending professional assessment
- # of teachers participating in Algebra performance assessment
- # of teachers participating in mathematics performance assessment
- # of teachers receiving professional development for writing assessment
- # of teachers results-oriented cycles of inquiry
- # of teachers using critical information from common assessment results to inform instruction
- # of teachers using multiple sources to assess student achievement
- # of writing and mathematics assessments developed
- # of writing and mathematics assessments scored and reported to teacher, students, and parents
- % increase in applications of scholarships
- % of ICT user satisfaction rate
- % of student diversity
- % of student satisfaction
- % of student scoring 4 or higher on CST assessments, disaggregated by all subgroups
- % of students enrolling in 8th grade algebra and reduction in support classes in core areas
- % support for the educational needs of multicultural students
- Higher satisfaction responses by ES, MS, & HS teachers and principals of common assessment program
- Rating of the institution and its programs by external evaluators
- Ratings of the institution and its programs by external audiences
- Ratio of nationally accredited programs to programs eligible for national accreditation
- Reports of program changes made as the result of internal or external reviews

Career Services

- # of employer surveyed
- # of employers recruiting interns
- % employer evaluation of students
- % employer satisfaction
- % of academic students employed within six months of graduation
- % of career interest testing
- % of graduates employed in their field of study
- % of graduates from undergraduate programs who within six months of graduation are employed
- % of graduates from undergraduate programs who within six months of graduation are enrolled in further study

9. Education

- % of graduates were satisfied with the usefulness of their education
- % of graduates working within six months of leaving school
- % of participation in career days
- % of students counseled
- % of students entering employment
- % of technical students employed within six months of graduation
- Average graduate starting salary
- Average rating of student on the adequacy of career counseling
- Completion rates for graduate survey
- Employment rate of graduates in chosen field as their primary post-graduation goal
- Graduate employment rate
- Graduate placement rate

Disability Services

- % faculty perceptions of disability services
- % of disabled student satisfaction with range and quality of assistance offered
- % of student perception that academic success was enhanced with disability services assistance

Engagement & Partnership

- # of alliances or participation to a joint academic program or consortium
- # of community education programs provided as a % of # of departments
- # of cooperative proposals involving other educational institutions, businesses, communities, and government entities
- # of off-shore partnerships
- # of on-shore partnerships
- % national accreditation
- % of full time faculty and staff actively engaged in community service activities
- % use of multidisciplinary teams for educational projects, programs, and courses
- Responsiveness index to regional labor market demand
- Total earned income internationally

Enrolment

- # of methods in recruiting students
- # of methods of maximizing funding for students
- # of new student recruitment
- # of student headcount by college of attendance
- # of student headcount by college of registration
- # of student transfers
- # of students recruited
- # of students recruited from local high-schools
- # of students recruited from outside the country
- % apparent (gross) intake rate
- % change of full-time students admitted in the fall term semester

9. Education

% delivering admissions information to prospective students
% of growth in student enrolments
% of part time students
% of students are disabled
% of students from low participation neighborhoods
% of students from minority ethnic groups
% of students recruited from local high-schools
% of students recruited from outside the country
% participation in specialization area
% student acceptance rate
% students in a preferred student group targeted for enrollment
Ratio of first-preference applicants
Student acceptance ratio (# of students/# of people applying in a program)
Turnaround time required to process admissions applicants
Turnaround time required to process financial aid applicants

Facilities & Equipment

of accessible computer terminals per student
of facilities services work order response
% addition of new equipment and services
% expenditure on utility costs
% of buildings in poor condition
% of time that network servers were kept online
% safety record for employees and users of campus facilities
% satisfaction with cleanliness and comfort
Amount spent on facilities investment
Annual expenditure on IT as a % of # of students
Average overall rating of adequacy of facilities and equipment in a survey of faculty
Average response time for technical assistance
Internet bandwidth per user
Ratio of operation and maintenance of physical building over total budget
Total amount of deferred maintenance
Total expenditure on repairs and maintenance

Faculty & Staff

of absenteeism / days per staff
of accrued leave entitlements
of books published
of conferences/presentations given
of courses given by full time professors to candidates of honor degrees
of faculty and staff of diverse backgrounds
of faculty holding teaching diplomas
of faculty publications, performances, presentations to professional groups, and similar scholarly activities
of full time professors

9. Education

- # of minorities faculty or staff employment
- # of outcomes to assess faculty and staff development
- # of patents received
- # of research projects
- # of research projects completed
- # of research proposals written
- # of special recognition/honors received by faculty and staff
- # of work cover claims
- % of academic staff participating in professional development activities during the past year
- % of academic staff with a doctorate
- % of classified staff indicate they feel they are recognized and valued by faculty and technical staff
- % of faculty and staff of diverse backgrounds
- % of faculty and staff using blackboard
- % of faculty engaged in inter-disciplinary programs
- % of faculty engaged in research
- % of faculty holding teaching diplomas
- % of faculty leaving the institution in the past year for reasons other than age retirement
- % of faculty with verified doctoral qualifications
- % of instructional staff with terminal degrees
- % of minorities faculty or staff employment
- % of participants apply trained skills in their teaching
- % of participation in ICT training
- % of senior assignments accomplished as a part of a capstone experience
- % of teaching faculty participating in professional development activities during the past year
- % participation in staff development
- % responses of faculty, staff, and students to a biannual climate survey
- % results of students for admission tests
- % retention rate
- % student reports of out-of-class interactions with faculty
- Alumni rating of the pedagogy
- Attrition rate
- Average # of papers published
- Average international years of staff experience
- Professor to students ratio
- Ratio of student/full time professors
- Satisfaction rate for staff
- Staff perception rate
- Student-faculty ratio

Financial

- # of external audit of the organization and its programs

9. Education

of sources of recurring income
% discount on tuition fees
% market share in the industry for a program
% market share of leading competitors for a program
% of average faculty and staff salaries compared to benchmark institutions or other appropriate comparators
% of budget devoted to development and support of faculty and staff
% of budget devoted to instruction and instructional services
% of budget devoted to instruction and instructional support services
% of university revenue available for strategic initiatives
Academic activity cost per student
Amount given by alumni
Amount of contingency fund
Amount of funding overall
Amount of unallocated unrestricted budget reserve
Amount spend on research
Amount spend on student services
Amount spent on per-student funding
Average cost of course
Average cost of program
Average expenses for students/learners
Average full time professor annual salary
Cost per graduate
Deferred maintenance base budget
Distribution of recurrent expenditure
Distribution of recurring costs per student
Distribution of service costs per program or course
Earned income by division
Financial yield per division
Grant Income by division
Human resources expenses
Institutional/organizational income
Net revenue of students/learners
Professional fees rate of academic personnel
Professional fees rate of service staff
Ratio of # of graduate to undergraduate students
Ratio of dollars spent on strategic initiatives over total institutional dollars
Total current fund expenditures adjusted divided by # of registered students
Total earned income
Total equipment and technology expenses
Total expenses coverage (excess deficit of current fund revenues)
Total expenses per period
Total operating expenditure per student
Total paid professional fees

9. Education

- Total private contributions to university
- Total recurrent cost per student
- Total recurrent costs
- Total revenues from grants and gifts
- Total royalties obtained for programs, courses
- Total tuition and fee revenues (minus scholarships and fellowships)
- Working capital ratio

Financial Aid

- # of regional school student scholarships
- % effectiveness in distribution of financial aid and scholarships
- % effectiveness in sharing information on financial payments and aid
- % student satisfaction
- Average time required for students to complete financial transactions
- Total regional grant-funded commencing students

International Learning

- # of international students
- # of students studying abroad
- % of students in multi-cultural immersion experiences
- % of students studying abroad

Library

- # of book titles held in the library as a % of # of students
- # of catalogue records created
- # of cataloguing backlogs
- # of children attending educational sessions
- # of digital images created
- # of document supplied
- # of electronic materials
- # of exhibition loans to other institutions
- # of items acquired
- # of items supplied/consulted remotely and on site
- # of monographs
- # of newspaper issues
- # of pages of digitized material viewed over the web
- # of patent specifications
- # of periodical subscriptions as a % of # of programs offered
- # of searches of the Library's online catalogue
- # of serial titles
- # of visitors to the library's 'learning' website
- # of visitors to the library's on site and virtual exhibitions
- # of visits to reading rooms
- # of Web site subscriptions as a % of # of programs offered
- % if reading rooms availability within 15 minutes
- % of children attending educational sessions from inner city schools
- % of legal deposit material acquired

9. Education

% of material delivered electronically
% of material held onsite
% of published output available in perpetuity: acquired by the library via purchase, donation and exchange
% of published output available in perpetuity: all 'research level' monographs acquired by the library
% of published output available in perpetuity: current 'research level' serial titles published worldwide
% of published output available in perpetuity: via purchase, donation and exchange
% of remote users who are 'completely satisfied' with the document supply service
% of visitors rating the quality of their visit as either 'excellent' or 'good'
Amount of library collection
Average # of issues per borrower
Average rating of students on adequacy of library services
Average time taken to satisfy book requests
Borrowers as a % of the resident population
Library user satisfaction rate
Monograph lending fulfillment rate
Rating the services and facilities they used as either 'excellent' or 'good'
Reading room user satisfaction rate
Total library expenditure

Participation

of pupils
% kids not in education, employment or training
% kids with no formal learning being undertaken
% of 16 - 18 year olds in learning
% of participation in education of # year olds
% young people progressing to higher education at age 19
% young people progressing to higher education at age 20

Public Relations

of reviewed publications for clarity and comprehensiveness
% attendance at open house events in relation to # of inquiries
% increases in revenues from contribution campaigns
% of delivering accurate and timely information to students
% of satisfaction with campus facilities by community visitors using facilities
% positive community views of the college
Average response time to student inquiries

Quality Assurance

of institutional audit
of subject health reviews
% achievement rates (# achieving qualification / # completers)
% colleges learning lessons good or better
% of courses in which student evaluations were conducted during the year

9. Education

- % of programs in which there was independent verification of standards of student achievement
- % of programs in which there was independent verification within the institution of standards of student achievement
- % student retention rate
- % success rates (# achieving qualification / # starts)
- Average rating of the overall quality of student program

Registrar

- # of services provided to faculty in distributing academic calendar, course, and grading information
- % processing procedures and staffing patterns
- % timeliness of information given to students

Research

- # of citations in refereed journals in the previous year per full time faculty member
- # of full time faculty with at least one refereed publication during the previous year
- # of papers or reports presented at academic conferences during the past year per full time faculty member
- # of publications in refereed journals in the previous year per full time faculty member
- # of research active academic staff
- # of research competitive grants
- # of research higher degree completions
- # of total operating funds spent on research
- % academic staff with a Doctorate
- % higher degree research load
- % of funding for research
- % of staff deemed to be research active
- Research income from external sources in the past year as a % of # of full time faculty members
- Total research income
- Value of knowledge transfer grant
- Value of research grants
- Weighted research publications

Retention

- % of FT students who achieve an award
- % of FT students who progressed
- % of student engagement - academic challenge
- % of student engagement - active & collaborative learning
- % of student engagement - student effort
- % of student engagement - student-faculty interaction
- % of student engagement - support for learners
- % of student repeating a period of study
- % of students are going for further study

9. Education

Course completion rate

FT Fall-to-Fall persistence rate

Student Achievement

A points per student

of degrees and certificates awarded

of student entries

of subjects

% A points per subject entry

% achieving Level 1 at age 16

% achieving level 2 at age 16

% achieving level 3 at age 19

% graduation rate

% of fall students who transfer to a senior institution

% student repetition rate

Advanced value added colleges

Advanced value added schools

FT 3-year graduation rate

Module completion rate

Student progression ratio

Undergraduate retention rate

Student Body

of active graduate students

of international student

of merit scholars of freshman class

of responses to student questionnaire

of students who participate in orientation program

% international students

% of student satisfied

Average ACT score of freshman class

Average high-school rank of freshman class

Male / female student ratio

Student / staff ratio

Student / teacher ratio

Student Learning

of courses offered on learning portal

of curriculum and syllabus analysis done

of degrees granted

of experiential learning

of external reviewers

of extra curricular activities per semester

of faculty teaching evaluations

of full-time equivalent students (FTES)

of full-time students admitted in the fall term semester

of graduate students with undergraduate degrees from us

9. Education

- # of graduating senior surveys
- # of instructional faculty
- # of integrated marketing communications plan
- # of licensure exams (taken by all graduates of a program)
- # of minorities student groups graduating
- # of new graduate programs
- # of new programs or other educational services developed in order to satisfy students/learners
- # of persons served through continuing education
- # of portfolio analysis
- # of portfolio evaluation
- # of programs for teaching improvement
- # of registrations per year/# of degrees granted
- # of special recognition/honors received by students
- # of student internships
- # of student surveying and exit interviews
- # of students enrolled in upgrading courses
- # of students participating in academic enhancement activities
- # of students participating in academic enhancement/ enrichment activities
- # of students participation in using learning portal
- # of thesis evaluation
- # of videotape evaluation of performance
- % academic performance of targeted student groups
- % drop-out rate
- % ethnic minority students
- % of absent students per class
- % of academic success of transfer students
- % of adjunct teaching
- % of admitted students requiring developmental/remedial courses
- % of campuses compliant with regulations
- % of course or program completion
- % of courses that are web-based or web enhanced
- % of departments with learning outcome maps for curriculum
- % of employers satisfied with quality of graduates
- % of existing exams, assignments, or projects common to a group of students in the major
- % of expelled students
- % of general university support generated by contract and grant activity for instruction, public service, and scholarship
- % of improvement in students learning rate
- % of international student load
- % of minorities student groups graduating
- % of parents satisfied with education programs and services
- % of programs with assessment plans

9. Education

% of standardized tests
% of student evaluations of curriculum, instruction, and services
% of student learning outcomes for program in the university
% of student satisfaction with the student-centered support system
% of students engaged in internships
% of students engaged in research
% of students enrolled in upgrading courses
% of students entering post graduate programs who complete those programs in specified time
% of students entering programs who successfully complete first year
% of students entering undergraduate programs who complete those programs in minimum time
% of students master 90% of course competencies
% of students meeting full admission requirements and prerequisites
% of students who enroll in excursions
% of target teaching hours per annum
% of undergraduate classes with <20 students
% of undergraduate classes with >50 students
% of writing samples completed
% percentage attending per course
% questions measuring participation in research with faculty
Alumni ratings of the quality of instruction, counseling, and curriculum
Alumni ratings of the quantity and quality of preparation for career or other post-graduation activities
Alumni surveying
Attrition rate of online courses
Average # of students by course or tutored
Average class size
Average course experience
Average course grade of individual students
Average GPA
Average grades of students
Average of students overall rating on the quality of their courses
Average student load (full time)
Average student time to graduation
Average time to graduate
Capstone course evaluation
Capstone courses for graduating seniors
Certification and licensing pass rates
Class attendance %
Classroom climate satisfaction rate
Comprehensive strategic enrollment management plan
Course-embedded assessment
Dropout rate

9. Education

- Dropout rate for a program / course
- Early graduation rate
- Failure rate for a program / course
- FTE student / FTE Faculty ratio
- Graduate school admission rate
- Graduated student ratio/ divided by # of students accepted
- Graduation rate
- Late graduation rate
- Median teacher experience
- Post-graduate pass rate
- Pre-test/Post-test evaluation rate
- Professional to academic staff ratio
- Program accreditation and re-accreditation review results
- Rates/times of completion
- Rating by students of pedagogy, counseling services, staff programs, courses
- Ratio of students to places
- Ratio of students to teaching staff
- Student persistence rate
- Student retention rate
- Teaching skills satisfaction rate

Student Support

- # of prizes or other recognition given to service personnel
- # of students receiving counseling services
- % effectiveness in minimizing student anxiety and help students matriculate into college
- % extracurricular activities
- % of alumni rating of services and programs
- % of creating campus climate that supports retention
- % of student satisfaction with co-curriculum
- % of student satisfaction with placement testing experience
- % of students receiving counseling services
- % of total operating funds allocated to provision of student services
- % of web enhanced service delivery
- % student connectedness to campus
- % students per computer
- % students supported by scholarship schemes
- Average professional fee rate of staff
- Average rating of student on the adequacy of academic counseling
- Productivity rate of services
- Rating by students of staff, procedures and administrative staff
- Ratio of students to administrative staff

10. Energy Supply**Direct Energy**

- Gas production volumes
- Total direct power generated
- Total wind off take commitment

Distribution

- Amount of supplied water
- Commercial power sales as % of total sales
- Connection density per km network
- Connection density per service area
- Industrial power sales as % of total sales
- Network overhead %
- Own power generation as % of total power
- Residential power sales as % of total sales
- Total amount of radioactive waste

Energy Generation

- % of coal energy generated
- % of natural gas energy generated
- % of nuclear energy generated
- Renewable power installed capacity
- Renewable power purchased under long-term contracts
- Total power generated
- Total renewable power generated
- Wind energy generation utility under construction / consented

Exploration & Production

- Fuel consumption/ktoe produced
- GHG emissions/ktoe produced
- HSE expenditure/hydrocarbon production
- HSE investments/capital expenditure
- Oil concentration in water discharges
- Re-injected water/production discharges

Gas & Power

- CO2 emissions/distributed gas
- CO2 emissions/toe consumed
- CO2 emissions/transported gas – transport activities
- Energy consumption indicators
- Energy consumption/(transported energy * average distance) – transport activities
- Energy consumption/distributed energy – gas distribution
- Energy consumption/transported energy – transport activities
- Energy performance index
- GHG emissions/transported gas – transport activities
- Natural gas emissions/distributed gas
- Natural gas emissions/transported gas - transport activities
- Net specific consumption

10. Energy Supply

- NOx emissions/distributed gas
- NOx emissions/kWh_{eq} produced
- NOx emissions/transported gas – transport activities
- Oil reserves claimed to be recoverable under existing economic conditions
- Re-gasification energy consumption/LNG fed into the network
- SO₂ emissions/kWh_{eq} produced

Social Programs

- # of advice packs distributed
- # of customers on 'Essentials' social energy tariff
- # of customers on 'Winter Warmer' initiative
- # of grants awarded
- # of thermometers distributed
- Cumulative value of unclaimed benefits identified
- Value of grants awarded

11. Engineering**Cost Reduction**

- # of debtors
- % deviation from budget
- % of Inventory (Raw Material + Work-In-Progress)
- % return on capital employed
- % variation to cost estimates
- Total amount of capital employed
- Total cost reduction due to global sourcing
- Total cost reduction due to value engineering projects
- Total liability due to outstanding funds until previous year

Customer Satisfaction

- # of contact plan with customers
- # of customer meets
- # of new area offices
- # of principals' feedback
- % of defects during warranty period
- % of fast moving parts availability
- % of satisfactory business performance
- Export distributor satisfaction index
- Loyalty index
- Mean time to recovery

Design Cost

- # of person-months per released print
- % of bills of material that are released in error
- % of errors in cost estimates
- Average cost of input errors to the computer
- Customer cost per life of output delivered
- Total spare parts cost after warranty

11. Engineering**Design Quality**

- # of days for the release cycle
- # of days late to pre-analysis
- # of errors in publications reported from the plan and field
- # of meetings held per quarter over quality and defect prevention
- # of misused shipments of prototypes
- # of off-specifications accepted
- # of off-specifications approved
- # of problems that were also encountered in previous products
- # of products that pass independent evaluation error-free
- # of restarts of evaluations and tests
- # of times a print is changed
- # of unsuccessful pre-analyses
- % accuracy of advance materials list
- % effectiveness of regression tests
- % of corrective action schedules missed
- % of data recording errors per month
- % of drafting errors per print
- % of error-free designs
- % of errors found during design review
- % of evaluations that meet engineering objectives
- % of field performance of product
- % of prints released on schedule
- % of repeat problems corrected
- % of reports with errors in them
- % of requests for engineering
- % of requests for engineering action open for more than two weeks
- % of special quotations that are successful
- % of test plans that are changed(change/test plan)
- % of total problems found by diagnostics as released
- % product meets customer expectations
- % simulation accuracy
- Average cycle time to correct customer problem
- Average time required to make an engineering change
- Average time to correct a problem

Forklift Business

- # of crane needed
- # of forklift population
- # of forklift sales - exports
- # of forklift sales - high end
- # of forklift sales-domestic
- Cost of cranes per year

11. Engineering**Maintenance**

- # of hours lost due to equipment downtime
- # of hours used on scheduled maintenance
- # of repeat call hours for the same problem
- # of unscheduled maintenance calls
- % of equipment maintained on schedule
- % of equipment overdue for calibration
- % of warranty parts dispatch within 48 Hours
- % rework due to calibration errors
- % scrap due to calibration errors
- Average maintenance cost/equipment cost
- Average parts delivery period - current
- Average parts delivery period - non-current

Materials Handling

- % materials handling solution turnover
- % materials handling solution turnover - parts
- % materials handling solution turnover - service

Project Engineering

- # of changes to layout
- # of errors found after construction had been accepted by the company
- # of industrial design completions past due
- # of mechanical/functional errors in industrial design artwork
- % of accuracy of assets report
- % of engineering action requests accepted
- % of error in purchase requests
- % of error in time estimates
- % of manufacturing time lost due to bad layouts
- % of on-time delivery of finished goods
- % of production capacity
- % of projects executed within approved budget
- % of projects executed within scheduled time
- % of total floor space devoted to storage

Suppliers Partnership

- # of SLAs met between the division and support functions
- # of SLAs met between with suppliers
- Annual service contracts
- Parts business - actual versus potential

Waste Heat Engine

- # of manufactured engines
- % gross margin of cranes
- % gross margin of manufactured engines
- % gross margin of own forklifts
- % gross margin of traded engines
- Equipment turnover

11. Engineering

Total gross margin

12. Financial**Accounting**

- # acid test ratio
- # current ratio
- # of equipment sales miscoded
- # of final accounting jobs rerun
- # of hours per week correcting or changing documents
- # of inventories
- # of key performance indicators
- # of open items
- # of untimely supplier invoices processed
- % of advances outstanding
- % of deviations from cash plan
- % of shipments requiring more than one attempt to invoice
- Amount of intra-company accounting bill-back activity
- Amount of time spent appraising/correcting input errors
- Average # of days from receipt to processing
- Average age of assets
- Cash flow return on investments
- Cash flow shares outstanding
- Common stock equity
- Cost of goods sold
- Credit turnaround time
- Cumulative annual growth rate
- Direct costs
- Earnings before interest, taxes, depreciation and amortization
- Fixed costs
- Gross profit
- Gross profit margin
- Income statement revenues & expenses goodwill
- Income statement revenues & expenses retained earnings
- Indirect costs
- Interest cover
- Marginal costs
- Money owed to suppliers for goods or services purchased on credit
- Net change in cash
- Net fixed assets
- Net profit margin
- Net receivables
- Operating income
- Other current assets
- Other current liabilities

12. Financial

- Other non-current assets
- Other non-current liabilities
- Preferred stock equity
- Short-term debt
- Total accounting costs
- Total assets
- Total current assets
- Total current liabilities
- Total equity
- Total expense accounts processed in three days
- Total liabilities
- Total of long-term debt
- Total time spent correcting erroneous inputs
- Total variable costs

Accounting Control

- # asset turnover
- # of complaints about inefficiencies or excessive paper
- # of complaints by users
- # of errors in input to information services
- # of errors reported by outside auditors
- % data entry errors in accounts payable and general ledger
- % discrepancy in line scrap reports
- % net interest margin (NIM)
- % of input errors detected
- % of late reports
- Free cash flow (FCF)
- Length of time billed and not received
- Length of time to prepare and send a bill
- Machine billing turnaround time
- Net cash flow
- Net debt
- Operating expenses
- Risk assessment value (RAV)
- Working capital

Accounts Payable

- # days of purchases in accounts payable
- # days of purchases paid
- # of days payable
- # of invoices disputed
- # of invoices outstanding
- # of overdue invoices
- # of unsettled (unpaid invoices)
- % of bad debts against invoiced revenue
- % of business partners performance satisfaction

12. Financial

% of electronic invoices
% of invoices disputed
% of invoices under query
% of low value invoices
% of overdue invoices
% of payable invoices without purchase order
% of payment made within time limit
% reduction of payroll errors
Accounts payable % effectiveness in payables management
Accounts payable turnover
Average monetary value of invoices outstanding
Average monetary value of overdue invoices
Average monetary value of unsettled (unpaid invoices)
Cost of passing up discount by paying invoice after discount period
Cycle time to resolve an invoice error
Debtor days
Entry errors per week
Expenses claims processed per staff
Invoicing processing costs
Monetary value of invoices outstanding
Sum of monetary value of unsettled (unpaid invoices)
Total monetary value of overdue invoices
Total non-current liabilities
Variable costs

Accounts Receivable

days in accounts receivable
of creditors
% of invoices requiring special payment
Accounts receivable collection period
Accounts receivable turnover
Average value of overdue invoices
Cash at hand
Creditor days
Receivables against product
Receivables against product, region, sales office
Total sum of monetary value of outstanding invoices
Total value of overdue invoices

Budgeting

of budget deviations
of days taken to close the budget
of years with a balanced budget
% accuracy of periodic financial reports
% of budget cuts achieved
% of budgeting deviation of planned budget

12. Financial

% of budgeting forecast accuracy of budget

Time by which budget closed before the year end

Total managed expenditure (TME)

Expense Reimbursement

% of expense report exception line items

% of expenses violating corporate policy

% of travel and entertainment expenses on expense claims

Average # of expense claims per employee or FTE

Average value of expense claims

Average value of travel and entertainment expenses per expense claim

Cycle time in days to approve and schedule reimbursement

Expenses claims processed per FTE

Financial Costs

of projects completed on time and on budget

% wages cost from total sales

Actual expenses

Average cost per store

Budget variance

Budgeted expenses

Computer program change cost

Cost of equity (COE)

Cost of goods sold

Cost of insurance

Cost of sales

Cost variance as per budget

Sales and financial ratios Earnings per share
Share price
Subsidy dependence ratio
Value to volume ratio

Financial Reporting

% of errors in reports
% of financial reports issued on time
Average costs of rework of financial statements due to inaccuracy
Average costs to produce financial statements
Cycle time in days to perform monthly / quarterly / annual close (at site level).

12. Financial

Delay (in days) in production of financial reports, based on target for production/delivery

Governance & Compliance

- # of audit finding closing more than two weeks
- # of certifications held by a proposed newcomer
- # of errors found by outside auditors
- # of errors in financial reports
- # of manual payroll payments
- # of minor finding on ISO 9001 Internal Audit
- # of overdue invoices
- # of payroll errors per month
- # of postponed ISO 9001 internal audit caused by auditee
- # of postponed ISO 9001 internal audit caused by auditor
- # of record errors per employee
- # of years of industry specific experience of a proposed newcomer
- % error in budget predictions
- % of bills paid so company gets price break
- % of error-free vouchers
- % of errors in checks
- % of errors in expense accounts detected by auditors
- % of errors in travel advance records
- % of expense report exception line items
- % of financial reports delivered on schedule
- % of financial reports issued on time
- % of payable invoices that have not been matched to a purchase order
- % of strategic objectives achieved within a given period
- % of un-assessed identified risks
- Computer rerun time due to input errors
- Cycle time for expense reimbursements
- Cycle time to perform periodic close
- Cycle time to process payroll
- Cycle time to resolve payroll errors

Health & Safety Costs

- # of initiatives raised to optimize health & safety costs
- % reduction in costs of safety management
- Health & safety cost reports produced - weekly / monthly

HR Costs

- % of labor cost competitiveness
- HR controllable cost
- HR controllable cost by headcount
- HR controllable cost by labor cost
- HR related operating cost
- HR related total operating expenditure
- HR total labor cost by total headcount

12. Financial

- Overtime headcount factor (for total employees)
- Overtime labor cost ratio
- Share schemes cost
- Social security paid
- Total direct labor costs
- Total eligible headcount
- Total headcount
- Total HR revenue
- Total HR revenue by total headcount
- Total indirect labor cost
- Total overtime cost
- Total pensions and retirement benefits
- Total wages and salaries

Legal Cost

- # of legal staff per billion of company's revenue
- % of legal budget spent externally
- Cost per hour per in-house lawyer
- Legal cost per hour per lawyer
- Legal staff per size of revenue
- Total legal spending expressed as a % of the company's revenue

Payroll

- # of instances where statutory returns filed with the authorities are accurate
- % of errors in payroll
- % of manual payroll payments
- % of payroll disbursements that include retroactive pay adjustments
- % of untimely payroll payments
- Average overall cost of producing a payslip per pay run
- Cost of payroll process as % of total payroll cost
- Cost per payslip issued
- Cycle time (in days) to process the payroll
- Cycle time to resolve payroll errors
- Payment errors as % of total payroll disbursement
- # of payment errors
- Payroll processing time
- Systems cost of payroll process as a % of total payroll cost
- Timeliness in submission of statutory returns

Procurement & Supplier

- Accounts payable days
- Bought in materials and services
- Purchasing department's administration costs as % of sales
- Total spend with suppliers
- Value of materials consumed
- Value of supplies consumed

12. Financial**Revenues & Profits**

breakeven point (BEP)
of new product / services
of opportunities initiated
working capital turnover
% dividend yield
% earnings yield
% gross profit margin
% net profit margin
% return on equity (ROE)
% return on net assets (RONA)
% return on security investment (ROSI)
% return on total assets (ROTA)
% revenue generated from new products
% sustainable growth rate (SGR)
Annual loss expectancy (ALE)
Assets per FTE (Full Time Equivalent)
Book value per share (BVPS)
Cash cycle (days)
Cost income ratio
Creditors (days)
Cumulative growth rate
Earning per stock
Earnings before interest, taxes, depreciation and amortization (EBITDA)
Earnings before interest, taxes, depreciation, amortization, and restructuring or rent costs (EBITDAR)
Earnings per share (EPS)
EBIT (Earnings Before Interest and Taxes)
Economic value added (EVA™)
Export sales volumes
Gross profit from the key supplier
Inventory value in team's area

Net income after taxes (NIAT)
Net profit by region / office
Net profits
Product profitability
Profit after tax
Profit from direct energy
Profit from energy
Profit in dollars
Return on assets or investment
Return on capital employed (ROCE)
Revenue from new products and services

12. Financial

- Revenue generated by team
- Revenue per FTE (Full Time Equivalent)
- Sales per share
- Shareholders' equity
- Total direct profit
- Total revenues before tax

Savings

- Savings "in year" revenue
- Savings capital "in year"
- Savings endowments "in year"
- Savings full year revenue recurring impact
- Savings next year revenue
- Savings total "in year"

Shareholders & Creditors

- Net interest payable
- Ordinary dividend per share
- Total dividend paid to shareholders

Taxes

- % of disputed tax statements
- % of error in placing tax right parameters
- % of overdue tax statements (either not filed in-time or not paid in-time)
- % of tax statements filed in-time
- % of taxes paid in-time
- Cost of tax penalties

13. Health & Safety**Employee Safety**

- # of auditor/thousands of employees
- # of carbon monoxide incidents
- # of cases of work hours violations
- # of health care staff/thousands of employees
- # of major injuries
- # of major/ serious accidents
- # of safety accidents per 100,000 hours worked
- # of staff who got medical treatments
- # of total fatalities
- % of carbon monoxide incidents
- % of effective safety culture
- % of eligible employees who signed the ethics policy
- % of employee involvement and satisfaction.
- % of employee perception of management commitment
- % of employees covered by collective bargaining agreements
- % of employees receiving regular safety performance reviews
- % of staff demonstrates high priority to safety

13. Health & Safety

- Average overtime hours per person
- Contractor injury frequency index
- Contractor injury severity index
- Employee injury frequency index
- Employee injury severity index
- Light injury frequency index
- Light injury severity index
- Serious injuries frequency rate
- Total accidents/100,000 hours worked
- Total carbon monoxide incidents with death
- Total health expenditure/employee

Environment

- # of business units analyzed for risks related to environment
- # of environment violations
- # of initiatives undertaken by the business to promote greater environmental responsibility
- # of spills of liquid and accidental releases of substances
- # of substantiated complaints regarding breaches of regulations
- % and total volume of water recycled and reused
- % of actual versus licensed water abstraction
- % of business units analyzed for risks related to environment
- % of materials used that are recycled input materials
- % of natural light within buildings
- % of products and services categories subject to procedures in which health and safety impacts are assessed
- % of significant suppliers and contractors that have undergone screening on environment breaches
- % of spending on environment-friendly suppliers
- % of suppliers that affirmed business code of conduct
- % of usage of water from non-traditional sources such as desalination and recycled water
- Amount of energy saved due to conservation and efficiency improvements.
- Amount of petrol and diesel used by fleet
- Average carbon dioxide emissions by type of vehicle
- Average carbon dioxide emissions of vehicles
- Average fuel economy by type of vehicle
- NOx emissions/toe consumed
- Size of identified contaminated land sites
- SO2 emissions/toe consumed
- Water treatment expenditure/total treated water

Ergonomics

- % employee satisfaction with ergonomics
- % of practical impact of design
- Accessibility rating

13. Health & Safety

Adaptability rate
Ease of employment rate
Level of consistence rate
Position/Location and convenience rate
Product liability rate
Rating on cognitive elements
Rating on contrast principles
Rating on physical elements

HSE Costing

of lost days
of lost time injury cases
of medical injury cases
% of warranty work costs recovered through claims
% of warranty work with submitted claims
% reduce cost of safety management
% reductions in costs and safety improvement
Cost of office space per HSE employee within measurement period
Cost of solved safety non-conformance per year
Cost of solved safety non-conformances by location
Cost of solved safety non-conformances for the month
Cost per HSE employee
Cost savings
Health and safety prevention costs within the month
HSE current expenditure/operating costs
HSE expenditure*100/year-end order backlog
HSE expenditure/productions
HSE expenditure/revenues
HSE expenditure/sales of natural gas to third parties and own consumption
HSE expenditure/sales of oil products
HSE facilities services total warranty work costs
HSE facilities services total warranty work hours
HSE prevention costs within the month
HSE staff/thousands of employees
Lost time (in hours) due to accidents (including fatalities) per 100,000 hours worked
Lost time (in hours) due to accidents (including fatalities) per year
Lost time (in hours) due to accidents per 1,000 hours worked
Lost time (in hours) due to non-fatal accidents per 1,000 hours worked
Lost time (in hours) due to non-fatal accidents per 100,000 hours worked
Lost time (in hours) due to non-fatal accidents per year
Steps taken to eliminate expensive system elements and training limitations
Total costs for health and safety prevention within a period
Total man-hours worked

13. Health & Safety**HSE Representatives**

- % of attendance at occupational HSE committee meetings
- % of health and safety representatives positions filled
- % of HSE representatives positions filled
- % of issues raised by reps acted
- % of issues raised by reps actioned
- % of occupational HSE committee recommendations implemented
- Total of hours in safety and health training in the month
- Total of man-hours in safety and health training

Policies & Compliance

- # of completed relevant policies & procedures
- # of implemented safety and health programmes
- # of non-conformance with legal or internal standards in safety inspections
- # of safety inspections for month
- # of safety violations by department
- # of security violations per audit
- # of solved safety non-conformances from previous audit
- % of solved safety non-conformances from previous audit
- # of tests passed audit
- # of violations committed
- % implemented quality management standards and systems
- % implemented safety and environmental standards and systems
- % of audits conducted on schedule
- % of corrective actions closed out within specified time-frame
- % of implemented health, safety and environment policies and procedures
- % of managers trained in accident investigation
- % of noise level control
- % of safety adherence to compliance
- Contamination rating
- Energy intensity index
- NOx emissions/processed crude oil
- SO2 emissions/processed crude oil

Productivity & Performance

- # of accidents per year
- # of health management programs
- # of measures of safety performance
- # of non-conformance per year / quarter
- # of reportable accidents year
- # of reportable non-fatal accidents per year
- # of safety accidents due to non-conformance per month
- # of times work was stopped due to unplanned unsafe condition
- % of clearance errors
- % of documents classified incorrectly
- % of fatal accidents relative to all accidents per year

13. Health & Safety

- % of operating times with free accidents
- % of participation in safety teams
- % of safety equipment checked per schedule
- % of security violations
- % of sensitive parts located
- Lost time injuries
- Lost-time injuries/1,000 hours worked
- Lost-time injuries/100,000 employees

Safety Awareness

- # of attendance to HSE courses/employee
- # of circulars & Reports Distributed
- # of health and safety reports produced
- # of issued HSE news letter
- # of safety certifications given
- % effectiveness of communication methods
- % effectiveness of safety training plan
- % of attendance at occupational health and safety committee meetings
- % of instructions facilitated and presented to users in a manner that is easy to interpret
- % of personnel trained in safety, security and facilities measures
- % of staff with adequate occupational health and safety training
- % of staff with adequate environmental safety training
- HSE training hours/employee
- Total HSE training offered

Safety Improvement

- # of accidents
- # of civil defense inspections
- # of corrective actions within work group
- # of days since last incident
- # of executed safety plans
- # of fatalities per 100,000 hours worked
- # of fatalities per location
- # of fires
- # of hazards identified
- # of incidents with actions taken
- # of indicator to judge safety program effectiveness
- # of initiatives for safety projects generated
- # of joint drills
- # of measure of proper resource allocation to safety
- # of near misses
- # of new guidelines implemented
- # of occupational accidents
- # of occupational accidents per million working hours
- # of occupational illnesses

13. Health & Safety

- # of preventative and corrective maintenance backlog
- # of property damage more than \$x
- # of reportable accidents per 100,000 hours worked
- # of reportable non-fatal accidents per 100,000 hours worked
- # of risks mitigated
- # of safety inspections
- # of safety problems identified by management versus total safety problems identified
- # of safety suggestions
- # of spills
- # of tasks assessment
- # of vehicle accidents
- # of vehicular accidents per 100,000 driver hours
- % of assessment of health hazards
- % of carbon monoxide incidents investigated
- % of corrective actions closed out within specified timeframe
- % of emergency response covered
- % of employee injuries treated in-house
- % of fatal accidents
- % of fatal accidents relative to all accidents (non-fatal and fatal) per 100,000 hours worked
- % of maintained equipments safety
- % of occupational health and safety committee recommendations implemented
- % of products/services assessed for health & safety impacts
- % of significant products and services are assessed for safety improvement
- Accident rate in non-core time
- Average # of square feet cleaned by an FTE
- Average long and short-term span to fix severe violations
- Average time to get safety clearance
- Design rating/success
- HSE index
- Maintenance-rating index
- Total preventive occupational safety cost

Social Responsibility

- # of full-time employees dedicated to social investment projects
- % of employees who consider that their business acts responsibly in the society
- Funds raised per FTE for non-profit and humanitarian organizations
- Social contributions spent per employee
- Social responsibility % of operating income dedicated to social contribution
- Total investment in the community (company cash donations and staff volunteering)
- Total value of financial contributions to social institutions

14. Healthcare**Bed Utilization**

- # of bed days lost NHS Responsibility
- # of bed days lost, LA responsibility
- # of hospital beds capacity
- # of total bed days per private sector
- % accuracy of discharge predictions
- % alternate level of care days (ALC)
- % bed occupancy rate
- % cases classified as may not require hospitalization
- % days over/under expected length of stay
- % of available critical and telemetry hospital beds
- % of available hospital beds
- % of bed occupancy
- % of day-case basket performance
- % of delayed transfers of care
- % of emergency patients (not) hospitalized
- % of stand-alone hospital beds
- % of time that hospital beds remains occupied
- Average length of stay
- Average length of stay (elective inpatient and day case)
- Average length of stay (LOS) in ER
- Average length of stay (non-elective)
- Average length of stay per ward
- Projected versus actual hospital bed occupancy
- Throughput per bed

Clinic Appointment

- # of clinic visits
- # of referrals
- # of social service referrals -dental
- # of social service referrals -medical
- # of social service referrals -mental health
- % medical clinics finishing on time
- % medical clinics starting on time
- % of appointment referrals in a month receiving a response
- % of clinic access (within x weeks)
- % of no-shows at appointments
- % of no-shows at follow-up appointments
- % of no-shows at intake appointments
- % of overall clinic utilization
- % of referrals from other hospitals
- Average booking response time (within x days)
- Average clinic visit duration
- Average time taken to type and dispatch dictated medical correspondence
- Dictation turnaround

14. Healthcare

- Elective day cases (% variance to plan)
- Elective inpatients (% variance to plan)
- First outpatient appointments (% variance to plan)
- Follow-up visits per FTE physician
- Non-elective (% variance to plan)
- Patient discharge rate
- Rate of patient attendance

Clinical Trials

- # of clinical trial protocols published
- # of clinical trials completed
- # of clinical trials opened during the grant year
- # of observation patients
- # of patients actively participating in clinical trials
- # of patients assisted with the costs associated with clinical trial participation
- # of patients currently active in clinical trials
- # of patients enrolled in clinical trials
- # of patients who have completed their participation in clinical trials
- # of registered nurses and navigators educated about clinical trials
- # of registered nurses and navigators participating in the enrollment process

Community Health

- # congregational health programs
- # individuals receiving hearing referrals
- # of after-school program participants
- # of clients served
- # of drug misusers in treatment, year to date
- # of early intervention in psychosis services
- # of immunizations given
- # of individuals receiving food or referred to food bank
- # of individuals receiving medical referrals
- # of individuals receiving vision referrals
- # of program participants
- # of smoking quitters (proxy for smoking prevalence)
- # of smoking quitters per 100,000 population aged 16 and over
- # receiving immunizations
- % children with BMI recorded in reception
- % children with BMI recorded in year 6
- % increase in drug misusers sustained in treatment
- % infants with breastfeeding
- % integration of older people
- % of children and young people who have learning disability
- % of children who complete immunization by recommended ages
- % of infants breastfed at 6-8 weeks

14. Healthcare

- % of women who have seen a midwife or maternity healthcare professional by 12 completed weeks of pregnancy
- % people where health affects the amount/type of work they can do
- % prevalence of breastfeeding at 6-8 weeks from birth
- % primary school age children in reception
- % primary school age children in year 6
- % reduction in cancer mortality rate in people age under 75
- % reduction in CVD mortality rate in people age under 75
- <75 yrs cancer mortality rate
- <75 yrs CVD mortality rate
- All-age all cause mortality rate per 100k population - Females
- All-age all cause mortality rate per 100k population - Males
- Annual under 18 conception rate per 1,000 females aged 15-17
- Childhood obesity rate - reception year
- Childhood obesity rate - year 6
- Mortality rate per 100,000 from causes considered amenable to healthcare (< 75)
- Teenage conception rates per 1,000 females aged 15-17

Dental Care

- # in need of dental service
- # of dental screenings
- # of individuals in need of dental services
- # of individuals receiving dental services
- # who received dental care

Facility Management

- # of implemented quality of service standards
- # of public safety violations
- # of service and repairs done / year
- # of unplanned initiatives
- % adherence to compliance
- % efficiency of equipment in facilities
- % of occupant concerns addressed
- % of planned developments on schedule
- Building occupancy requirements

Financial Management

- % margin
- % of plan achieved
- % of revenue from charitable sources
- Average age of discharged not final billed accounts
- Cost per patient day
- Financial benefit from operations (% variance to plan)
- GP referrals (% growth vs. prior year)
- Income performance (surplus)/deficit
- Total support staff cost per physician

14. Healthcare**Health Awareness**

- # of adolescents participating
- # of adults participating
- # of classes
- # of clients in tutoring services
- # of educational activities
- # of group educational presentations
- # of health fairs in which the organization participated
- # of individual educational presentations
- # of participants
- # of patients educated about clinical trials
- # of people educated on breast cancer and/or breast health
- # of people to whom informational pieces were distributed
- # of people with increased knowledge of a topic after the educational session
- # participating in health training classes
- % of people educated on breast cancer and/or breast health who are medically uninsured or underinsured
- % of people educated with increased knowledge of a topic after the session
- Health training graduation rate

Health Insurance

- % of children's health insurance plan
- % of invalid patient demographic information
- % of invalid patient insurance information
- % of operating expenses paid from endowment proceeds
- % of scheduled accounts with insurance verification completed on-time
- % of scheduled patients with a self-pay liability

Healthcare Access

- # of maximum center's capacity level
- # of patients benefiting from patient assistance programs
- # of practices offering extended opening hours as per guidance
- # of technology transfer initiative agreements with companies
- % access to GUM clinics - offered
- % access to primary care - GP
- % access to primary care - patient survey
- % access to primary care - PCP
- % access to primary dental services
- % breast symptom patients seen within two weeks of referral
- % increase of extended opening hours of GP practices
- % of all HIV/AIDS patients living in countries eligible for no-profit medicines
- % of all HIV/AIDS patients living in countries eligible for reduced-price medicines
- % of patient reported measure of primary care access
- % of patients accessing primary dental services in 24 month period

14. Healthcare

- % of people served within specified time after program completion
- % patients seen within 18 weeks for direct access audiology treatment
- % who have access to appropriate services
- FTE registered nurses per physician
- FTEs per occupied bed
- New patients per full-time-equivalent (FTE) physician

Heart Attack

- # of patients who spend at least 90% of their time on a stroke unit
- % of higher risk TIA cases who are treated within 24 hours
- % of patients "expired"
- % of patients admitted with a heart attack who were prescribed a beta-blocker
- % of patients admitted with a heart attack who were prescribed a statin
- % of patients admitted with a heart attack who were prescribed an anti-platelet
- % of heart attack patients given ACE inhibitor for left ventricular systolic dysfunction
- % of heart attack patients given Aspirin at arrival
- % of heart attack patients given Aspirin at discharge
- % of heart attack patients given Beta Blocker at arrival
- % of heart attack patients given Beta Blocker at discharge
- % of heart attack patients given Fibrinolytic medication within 30 minutes of arrival
- % of heart attack patients given PCI within 90 minutes of arrival
- % of heart attack patients given smoking cessation advice/counseling
- Heart attack mortality rate

Heart Failure

- % of heart failure patients given ACE inhibitor for left ventricular systolic dysfunction
- % of heart failure patients given an evaluation of left ventricular systolic function
- % of heart failure patients given discharge instructions
- % of heart failure patients given smoking cessation advice/counseling
- Heart failure mortality rate

Hospital Management

- # of all age all cause mortality - female
- # of all age all cause mortality - male
- # of commissioner national measures
- # of crisis resolution/home treatment services
- # of emergency bed days
- # of hospital occupied bed days of patients aged under 18
- # of hospital occupied bed days on adult psychiatric wards
- # of hospital occupied bed days on adult psychiatric wards of patients under the care of a psychiatric specialist
- # of hospital-acquired infections

14. Healthcare

of incidence of clostridium difficile
of national health indicators
% admitted pathway data completeness
% admitted pathway performance
% distance from target
% follow up DNAs adult
% follow up DNAs older people
% 1st attendance DNAs adult
% 1st attendance DNAs older people
% non admitted pathway data completeness
% non admitted pathway performance
% occupancy
% occupancy - by ward
% of data quality in database
% of good experience of patients
% of individuals who complete immunization by recommended ages (Children)
% of infection reduction in MRSA & other infections
% of patients spending more than 90% of hospital stay on stroke unit
% of staff satisfaction
% of TIA patients treated within 24 hours
% over achievement of activity when compared to capacity plan YTD figures
% readmissions <28 days
% variance demand vs. capacity
Average audiology waiting times
Average time to reperfusion for patients who have had a heart attack
Crisis resolution /HTT episodes

Maintenance Efficiency

of trainings given to staff
% of maintenance issues resolved on time
Maintenance cost of statutory regulatory requirements for preventive maintenance
Maintenance costs of electro-mechanical systems
Maintenance costs of light service
Total annual maintenance resources required by the facility
Total cost of replacement and maintenance activities

Maternal/Child Health

of immunizations up-to-date
of fathers involved in parenting classes
of mothers
of normal birth weight
of normal term pregnancy
of normal weight gain
of parenting class attendees

14. Healthcare

- # of parenting class graduates
- # of pediatric well care up-to-date
- # of prenatal patients
- # of prenatal visits
- # of social work referrals
- # of social work visits
- # of well woman well care up-to-date
- # of women seen by M.D. during pregnancy

Mental Health

- # of children and adult getting mental health service
- # of clients referred for mental health
- # of individuals receiving mental health education and consultation
- # of mental health screenings conducted
- # of patients per month
- # of patients reporting employment after receiving services
- # of visits per month
- Suicide rate among mental health patients

Nurse Performance

- # of C difficile cases in those aged over 65
- # of cancelled operations on the day of or after admission due to staffing
- % appointment centre calls answered within 5 minutes
- % appropriate return to work dates
- % attendance on time
- % cancelled operations breaching the 28 day rule
- % complaints responded to within 25 days
- % discharge summaries sent within 48 hours
- % nurse availability
- % of allied health professional meeting occupational health standards
- % of nurses fully compliant and assured against standards
- % of ward audit cleanliness results
- % punctuality and shift adherence
- Average call handle time
- Average work time
- Hospital standardized mortality ratio (last 12 months)
- Quality monitoring compliance
- Readmission rate

Patient Services

- # of complete impact assessments
- # of emergency admissions for ambulatory care sensitive conditions
- # of emergency bed days
- # of home visits
- # of infections
- # of infections clostridium difficile
- # of issues received in question

14. Healthcare

- # of patient follow-ups
- # of prescribing indicator
- # of self reported bad experience of patients
- # of staff survey measures of job satisfaction
- % of acute readmissions
- % of admissions screened for MRSA
- % of patient-oriented time
- % of patients leaving against medical advise
- % of patients re-admitted after discharge
- % of patients treated as day cases
- % of patients without symptoms of cardiovascular disease but with an absolute risk of CVD
- % of people with depression and/or anxiety disorders who are offered psychological therapies
- % of public confidence
- % of women who have seen a midwife or maternity healthcare professional for assessment of health and social care needs by 12 completed weeks of pregnancy
- Average case load per physician FTE
- Average cycle time of discharge of patients
- Average cycle time of hospital beds
- Average cycle time of medical assessment of patients
- Average discharge time of patient
- Average length of stay for patients
- Average occupation time of hospital bed
- Average time from discharge to final bill
- Average time per patient
- BME patients detained as a % of total detentions
- Rate of hospital admissions per 100,000 for alcohol related harm
- Ratio of full-time-equivalent (FTE) non-physician practitioners and physicians

Pneumonia

- % of Pneumonia patients assessed and given influenza vaccination
- % of Pneumonia patients assessed and given Pneumococcal vaccination
- % of Pneumonia patients given initial Antibiotic(s) within 4 hours after arrival
- % of Pneumonia patients given Oxygenation assessment
- % of Pneumonia patients given smoking cessation advice/counseling
- % of Pneumonia patients given the most appropriate initial Antibiotic
- % of Pneumonia patients whose initial emergency room blood culture was performed Prior to the administration of the first hospital dose of Antibiotics
- Pneumonia Mortality Rate

Preparedness & Response

- # of audit of suicide prevention

14. Healthcare

- # of clinical evaluations
- # of diabetic Retinopathy
- # of environmental controls
- # of equipments not meeting standards
- # of evaluations done
- # of hospital access controls
- # of infection control and respiratory hygiene rules
- # of major regulatory approvals received
- # of major regulatory filings
- # of patient isolation and cohering
- # of patients waiting longer than 3 months for revascularization
- % access to a GP within 2 working days
- % access to a PCP within 1 working day
- % access to abortion under 10 weeks
- % access to crisis services (mental Health)
- % ambulance category A calls meeting 19 minute standard
- % ambulance category A calls meeting 8 minute standard
- % ambulance category B calls meeting 19 minute standard
- % ambulance distance from target
- % cancer referral to treatment < 62 days (urgent refs)
- % category A ambulance calls within 19 minutes
- % category A ambulance calls within 8 minutes
- % category B ambulance calls within 19 minutes
- % increase in staffing needs to min standards
- % of 24 hour cover is available to meet the urgent health needs
- % of 48 hour access to clinic (appointments offered)
- % of cancer 2 week wait (urgent refs seen in 2 wks)
- % of cancer diagnosis to treatment < 31 days (urgent refs)
- % of communication and reporting done on time
- % of crisis resolution team implementation
- % of delayed transfers of care at minimum level
- % of early intervention for psychosis
- % of first attendances in emergency room
- % of follow-up attendances in emergency room
- % of involuntary patient admissions
- % of near misses during hospitalization
- % of Thrombolysis 60 minute call to needle time
- % of two week wait for rapid access chest pain clinics
- % patients on the semi-urgent surgery list that waited longer than 90 days
- % patients waiting over four hour maximum A&E
- % reduction in 1st appointment at outpatients
- % reduction in emergency admissions for long term conditions
- % reduction in follow-up attendances
- % unplanned readmission rate

14. Healthcare

Emergency triage rate

Rate of hospital admissions for ambulatory care sensitive conditions

Prescription Assistance

of clients receiving prescriptions

of prescription received

of prescriptions

of prescriptions applied for

% of new prescriptions outside regular appointments

% of prescriptions not collected by patients

% of prescriptions that need unexpected repeat

% of repeat prescriptions outside regular appointments

Average # of prescriptions per patient

Total clients interviewed

Total prescription cost savings

Total prescription value applied for

Total prescription value reapplied

Total prescription value received

Total prescriptions reapplied

Regulations & Policies

of breaches

of fines from regulatory bodies

of non-conformities in the quality assurance system

requests for independent review

% Investigations completed <25 days

Hospitals national accreditation rate

Screening & Diagnosis

hearing screenings

of biopsies

of biopsies provided

of breast cancer screening for women aged 40-53

of breast cancer screening for women aged 53-64

of breast cancers detected

of breast cancers detected by age: (Under 40, 40-49, 50-64, 65+)

of breast cancers detected provided by Race

of cases for Diabetes

of cases for High Blood Pressure

of cases for STDs

of cases for Substance Abuse

of cases for Wound Care

of Chlamydia screening (as a proxy for Chlamydia prevalence)

of clinical breast exams provided

of clinical breast exams provided by age: (Under 40, 40-49, 50-64, 65+)

of clinical breast exams provided by prior history: (first time, repeat)

of clinical breast exams provided by Race

14. Healthcare

of diabetic retinopathy screening
of diagnostic mammograms
of diagnostic mammograms provided
of excisional biopsies provided
of health screenings
of HIV screenings
of individuals with early intervention in psychosis
of individuals referred for HIV follow-up care/testing
of individuals referred out for diagnostic follow-up
of individuals referred out for diagnostic follow-up as a % of screenees
of patients receiving biopsies as a % of screenees
of patients receiving diagnostic mammograms as a % of screenees
of patients receiving diagnostic services
of patients receiving diagnostic services as a % of screenees.
of patients receiving surgical consults as a % of screenees
of patients receiving ultrasounds as a % of screenees
of patients with diabetes
of people receiving case coordination/management services through the screening and diagnostic process
of people receiving case coordination/management services through the treatment process
of people receiving navigation services through the screening and diagnostic process
of people receiving navigation services through the treatment process
of people to whom informational pieces were distributed in addition to providing screening services
of screening mammograms provided
of screening mammograms provided by age: (Under 40, 40-49, 50-64, 65+)
of screening mammograms provided By prior history: (first time, repeat)
of screening mammograms provided by Race
of stereotactic vacuum assisted biopsies provided
of surgical consults (including pre- and post-surgery care)
of ultrasounds
of ultrasounds provided
of ultrasounds with core biopsy provided
of ultrasounds with fine needle aspiration
of vision screenings
% men and women aged 70-75 taking part in bowel screening program
% of follow up (by phone or face to face)
% of invalid diagnosis codes
% of nosocomial infection
% of the population aged 15-24 screened or tested for Chlamydia
% women aged 47-49 and 71-73 offered screening for breast cancer
% women receiving cervical cancer screening test results within two weeks

14. Healthcare**Surgical Care**

- % inpatient mortality
- % medication error rate
- % of surgery patients who received preventative Antibiotic one hour before incision
- % of surgery patients who received the appropriate preventative antibiotic for their surgery
- % of surgery patients who received treatment to prevent blood clots within 24 Hours before or after selected surgeries to prevent blood clots
- % of surgery patients whose doctors ordered treatments to prevent blood clots (Venous Thromboembolism)
- % of surgery patients whose preventative Antibiotic are stopped within 24 hours after surgery
- % outpatient surgeries
- % preoperative mortality
- % surgical site infection rate
- Surgical care mortality rate

Treatment Services

- # of cancers one month diagnosis (decision to treat) to treatment (All Referrals)
- # of cancers one month diagnosis (decision to treat) to treatment (GP Referrals)
- # of cancers two month urgent GP referral to treatment (all referrals)
- # of cancers two month urgent GP referral to treatment (GP referrals)
- # of drug users recorded as being in effective treatment
- # of patients receiving chemotherapy
- # of patients receiving radiation therapy
- # of patients undergoing a lumpectomy
- # of patients undergoing a mastectomy
- % of cancers two week wait
- Average cost per patient for treatment services

Treatment Support

- # of counseling sessions provided
- # of days of hospice services provided
- # of families receiving bereavement support
- # of in-home health service visits provided
- # of meals provided
- # of navigation and care coordination/management services
- # of one-time referrals for patients
- # of patients actually receiving care coordination/care management services
- # of patients actually receiving navigation services
- # of patients assisted by a translator or bilingual breast health staff member
- # of patients assisted with transportation needs
- # of patients educated about a navigator program
- # of patients educated about care coordination/care management services

14. Healthcare

of patients for whom rides were provided for treatment-related services
of patients participating in a navigation program with a high need (more than 10 hours of service)
of patients participating in a navigation program with a low need (less than 3 hours of service)
of patients participating in a navigation program with a moderate need (between 3 and 10 hours of service)
of patients participating in a support group
of patients participating in retreats during or immediately following treatment
of patients receiving alternative and/or complementary therapies during treatment
of patients receiving assistance in paying for medical insurance
of patients receiving assistance in paying for medical services
of patients receiving assistance with co-pays
of patients receiving assistance with paying their medical bills
of patients receiving childcare services during treatment
of patients receiving counseling services
of patients receiving financial assistance related to household expenses
of patients receiving financial assistance related to housing costs
of patients receiving financial assistance related to medical services
of patients receiving financial assistance related to paying utility bills
of patients receiving hospice services
of patients receiving in-home health services
of patients receiving meals during treatment
of patients receiving non-medical financial assistance
of patients receiving non-medical in-home services
of patients receiving nutrition counseling
of patients reporting an improved level of dignity from participating in funded project/program
of patients reporting improved comfort from participating in funded project/program
of patients reporting improved emotional well-being from participating in funded project/program
of patients reporting improved physical well-being from participating in funded project/program
of patients reporting improved quality of life from participating in a funded project/program
of patients served by an exercise program
of physicians actively participating in enrolling new patients in clinical trials
of physicians educated about clinical trials
of rides provided for treatment-related services
Average days per patient served
The average amount of financial assistance provided per patient

14. Healthcare**Waiting Time**

- # of inpatients waiting over 26 weeks
- # of outpatients waiting over 13 weeks
- # of patients waiting > 6 weeks for 15 key diagnostic tests
- % of inpatients waiting longer than the 26 week standard
- % of outpatients waiting longer than the 13 week standard
- % of patients waiting longer than 3 months (13 weeks) for revascularization
- % patients waiting no more than 31 days for second or subsequent cancer treatment (radiotherapy treatments)
- % patients waiting no more than 31 days for second or subsequent cancer treatment (surgery and drug treatments)
- % patients with suspected cancer detected through national screening programs who wait less than 62 days from referral to treatment
- % patients with suspected cancer who wait less than 62 days from referral to treatment following a consultant decision to upgrade their status
- Average waiting time for new patient to be admitted
- Average waiting time for rapid access chest pain clinics
- Average waiting time to follow up appointment
- Average waiting time to new patient appointment
- Average waiting time to treatment appointment
- Cancer waits: 2 week wait from referral to first outpatient
- Cancer waits: 31 day target diagnosis to treatment
- Cancer waits: 62 day target referral to treatment
- Delayed transfers of care - bed days as % of total
- Delayed transfers of care bed days as % of acute (Adult & older) total
- Thrombolysis- 30 minute door to needle
- Thrombolysis- 60 minute call to needle time

15. Hospitality**Hotel**

- # absent days per employee in high season (hotel)
- # average length of stay in hotel
- # complaints received (hotel)
- # guests per employee (hospitality)
- # of kilo-watt-hours (kwh) per room
- # technological competence of staff (hotel)
- # training sessions for hotel personnel
- % decrease in cleaning cost per room
- % hotel occupancy
- % internet bookings
- % of cancelled reservation requests
- % of cancelled rooms occupied
- % of guests who would rank stay as exceeding expectations
- % of hotel beds occupied

15. Hospitality

- % of non-room revenue
- % of occupancy of rooms
- % of reservation requests cancelled with penalty
- % of reservation requests cancelled without penalty
- % of rooms with maintenance issues
- % room occupancy
- % rooms booked through reservation channels
- % rooms with maintenance problems
- Annual operating profit per room
- Average # of guests per room
- Average cleaning costs per room
- Average daily rate (hotel)
- Average daily rate of rooms
- Average length of stay of guests
- Average revenue per available room
- Gross operating profit per available room (GOPPAR)
- Gross operating profits per available room
- Revenue per available room (RevPAR)
- Waste per night per occupied bed space

Restaurant

- % canceled reservation
- % frequent customers
- % of pre-booked tables
- % positive feedback from guests
- % reservation channel revenue
- Average # of guests per table
- Average # of rotations per table
- Average # of waiters per table
- Food, dessert, and beverage sales per head
- Kitchen labor %
- Seating efficiency
- Strike rate

16. Human Resources**Absenteeism**

- # hours lost to absenteeism
- # of grievances per month
- # of sick days (in hours) relative to # of work days (in hours)
- # time lost by starting work late
- % of absenteeism
- % of days that employees are absent from work
- % of employees on long-term sickness leave (more than x working days)
- % of employees that are too late at work
- % of time cards that have errors on them signed by managers

16. Human Resources

- % of time sheets in need of correction and/or validation by submitter
- % of total hours lost to absenteeism
- Absence cost per FTE
- Absence Rate
- Absenteeism rate due to health issues
- Average # of sick days (in hours) per employee
- Employee absence factor (days lost and absence rate)
- Level of outstanding annual leave liability
- Sickness absence rate
- Total cost incurred

Compensation

- # of employees on company secondment
- # of manual payroll adjustments
- # of share incentive plan
- % compensation and benefits cost / sales turnover per year
- % entry level wage to local minimum wage
- % of complaints about salary
- % of eligible employees purchased shares
- % of employee share purchase plan
- % of employee share scheme take-up rate
- % of share bought by employees
- % of total performance related pay
- % total compensation revenue rate
- % workforce on individual employment contracts
- Average # of vacation days per employee
- Average benefits
- Average compensation
- Average compensation per employee
- Average employee salary
- Average income per employee by hour
- Average income per employee by month
- Average income per employee by position
- Average remuneration
- Bonus payout
- Compensation cost as % of revenue
- Cost rate of benefits
- Cost rate of medical insurance
- Cost rate of social insurance
- Cost rate of workers compensation
- Pay for equity gaps
- Pay for performance gaps
- Range of ratios of standard entry level wage compared to local minimum wage
- Ratio between standard level wage compared to local minimum wage

16. Human Resources

Ratio of female to male salaries including bonus

Salary rate / sales turnover

Total "frustration level" / # of employees

Total benefits/compensation

Variable compensation

Wage rate

Diversity & Inclusion

harassment and discrimination complaints received

of discrimination complaints received

of female senior managers with more than 10 years in company

of middle management

of minority in senior management

of physical harassment complaints received

of sexual harassment complaints received

of women in management positions

of workforce who are persons with physical disabilities

of workforce who are visible minorities

% gender ratio

% of female part-time

% of male part-time

% of staff who are disabled

% of staff from minority ethnic groups

% of women in management positions

% of women in total workforce

% of women returning to work after maternity leave

Average age range of employees

Average employee engagement score

Employee gender ratio (female/male)

Employees with a disability

Ethnic diversity ratio

Ratio of female appointments versus male

Employee Headcount

headcount

of employees (full-time equivalent - FTE)

of employees aged 25–35

of employees aged 35–45

of employees aged 45–55

of employees aged over 55

of employees aged under 25

of FTEs in HR

of full time employees

of part time employees

of total staff by branch

of total staff by Region

16. Human Resources

% HR outsource rate
% of affiliates with local general manager
% of senior employees
% of staff who are women
% of temporary contracted FTEs
% ratio of salaried staff to waged staff
% ratio of surplus
% ratio of surplus staff to required staff
Average length of service (current employees)
Average length of service (terminating employees)
Growth in full-time equivalent employees
HR FTEs as % of total workforce (FTEs)
Management-to-staff ratio
Ratio of direct to indirect employees
Total hours utilized

Employee Relations

hours volunteered by employees
intimidation, hazing, bullying or retaliation complaints received
of active flexible work agreements
of active job sharing agreements
of active teams
of active working from home agreements
of bulletins issued
of company-wide meetings
of emails issued
of formal union grievances
of formal grievances
of internal communications campaigns
of staff briefing sessions conducted
of staff involved in company sponsored activities
of team meetings
of unfair dismissal claims
of workforce on individual contracts
% of active flexible work agreements
% of employees participating in company-sponsored activities
% of error-free newsletters
% of executive interviews with employees
% of managers active in community activities
% of personnel problems handled by employees managers
% of retirees contacted yearly by phone
% of staff involved in company sponsored activities
% of unfair dismissal claims KPI
% of work/life balance
% operating income dedicated to social contribution

16. Human Resources

% workforce on individual contracts

Average time a visitor spends in lobby

Total workforce lost time (hours)

Employee Safety

accidents per 100,000 hours worked

lost time due to accidents per 100,000 hours worked

of accidents

of health promotion

of industrial accidents man days lost

of initiatives for safety projects generated by site champions

% fatal accidents

% hospitalization leave factor

% of days with Zero doctors cases and lost time incidents

% of employees participating in voluntary health screening

% of employees trained in first aid

Employee Satisfaction

of valuable feedback gained from Employee Satisfaction Surveys

% average satisfaction

% average satisfaction by each department

% average satisfaction by field

% average satisfaction by new employee

% employees to have a loyalty to company

% of day lighting in building

% of employees are in same job/function for 3+ years

% of employees who are willing to recommend the organization as an employer

% of employees who consider that their business acts responsibly

% of participation levels in improvement activities

% staff satisfaction in workplace facility

Average satisfaction % versus norm

Average satisfaction % versus previous survey

Average time employees are in same job/function

Job satisfaction score of employees measured by surveys

Opinion survey ratings

Employee Scheduling

Employee total scheduled time

Maximum overtime (OT) hours

Total of employee available time

Total overtime (OT) hours

Employee Turnover

employee tenure

of employee leaving with service time between 1 to 2 years

of employee leaving with service time between 10 to 20 years

of employee leaving with service time between 2 to 5 years

16. Human Resources

- # of employee leaving with service time between 5 to 10 years
- % decrease in staff turn-over (dismissals, resignations)
- % of early retirements
- % of employee leaving less more than 10 years
- % of employee leaving less than one year
- % of employees that leave the organization in a given time period
- % of employees who leave during the first year
- % of staff turnover (fluctuation)
- % of total workforce terminating
- % personnel turnover
- % reduction in turnover
- % turnover in admin. Staff
- % turnover in tech. Staff
- Average age of employees that retire
- Average tenure per employee
- Employee attrition
- Employee retention
- Involuntary termination rate
- Job leaving ratio per department
- Job leaving ratio per year
- Personnel turnover rate
- Resignation rate by length of service
- Resignation rate with 2 weeks notice
- Turnover rate due to poor performance
- Turnover rate for the year without notice
- Voluntary turnover rate

Exit Interview

- # of employees who would recommend company
- # of employees who would seek re-employment with company
- % of employees who are willing to recommend company as employer
- % satisfaction with conditions/physical work environment
- % satisfaction with job
- % satisfaction with opportunities for development
- % satisfaction with participation and recognition
- % satisfaction with personal relations
- % satisfaction with wages/salary/benefits

HR Budget

- % costs of FTE per division
- % decrease in cost of training
- % deviation to resource plan
- % man hours available
- % of salaries and wages
- % training cost / sales turnover
- Administration cost per employee

16. Human Resources

- Average cost of recruitment per staff
Average cost of recruitment per year
Average cost of training per year
Average cost rate of social insurance
Average overtime cost per headcount
Average overtime hours per employee
Average paid time off
Average training cost per employee
Average training costs per employee
Compensation and benefit cost / sales turnover per year
Cost of office space per employee
Cost per FTE
Cost per hire

Turnover cost

16. Human Resources**HR Department**

- # FTEs per HR department FTE
- % of HR staff with appropriate professional qualification
- Average response time for routine HR inquiries
- Average time to update employee records if changes in employee information occur
- FTEs per HR department FTEs
- HR department age of HR strategy
- HR department EIS usefulness index
- Human resources FTE to total FTE ratio

HR Process

- Average tenure
- FTEs per process FTE
- Human capital ROI ratio
- Recruitment headcount factor
- Recruitment resignation factor
- Share of employees below age X
- Time to get security clearance
- Time to process an applicant
- Time to process insurance claims
- Training hours ratio
- Wait time in medical department

HR Ratio

- % Managers
- % of employees from minority groups managing x or more staff members
- % of higher degree employees
- % of management FTEs
- % of or indexed to the salary range midpoint/market rate
- % of part-time employees
- % of part-time employees that are female
- Average (annual) salary per employee
- Average sickness days per FTE
- Average span of control
- Employer satisfaction (index)
- Human capital ROI
- Human capital value added
- Independent contractors vs. employees ratio

Leadership Skills

- # of best practice leadership programs and recommendation to CEO
- # of business excellence champions/leaders
- # of leadership development workshops conducted
- # of management evaluation of management education courses
- # of monthly once 1-on-1 coaching for GM / Director / Manager
- % of knowledge shared between / within teams

16. Human Resources**Leadership effectiveness index****Medical Leave**

- # of lost time days
- # of lost time injuries
- # sickness absence days per FTE
- % decrease in injury rates
- % decrease in sick time used
- % of employees on short-term sickness leave
- % of lost time claims to total claims
- % of MC issued by government hospitals and panel clinics
- % of MC issued by non-government hospitals and non-panel clinics
- % sickness
- % staff in team with excess sick leave
- Absence due to sick leave
- Average cost per lost time claim
- Average cost per medical only claim
- Average cost per workers compensation claim
- Average duration rate of lost time injuries
- Average expense cost per lost time claim
- Average indemnity cost per lost time claim
- Average losses as a % of payroll
- Average losses as a % of revenue
- Average losses per full time equivalent employee (FTE)
- Average medical cost per lost time claim
- Average sick leave in working days per staff member
- Average sickness period of employees
- Cost of workers compensation
- Frequency rate of LTI
- Total lost time due to non-fatal accidents or accidents per year
- Total time lost by work late

Performance Appraisals

- # of formal staff grievances raised
- # of staff appraisals held
- # of suggested improvements per employee
- % high performing employees
- % low performing employees
- % monthly 1-on-1 program for all staff with performance rating
- % of appraisals completed on time
- % of appraisals done on schedule
- % of appraisals with high quality
- % of compliance survey for 1-on-1's completed with recommendations
- % of employee output that is measured
- % of employee time spent on first-time output
- % of employee with their performance decreased compared to last year

16. Human Resources

- % of employee with their performance increased compared to last year
- % of employees above competence
- % of employees below competence
- % of employees receiving regular performance reviews
- % of employees with their performance decreased compared to the previous evaluation report
- % of employees with their performance increased compared to the previous evaluation
- % of high performing employees
- % of individual training plans completed
- % of low performing employees
- % of managers trained in key processes
- % of peer reviews
- % of personal goal achievement
- % of staff given feedback on performance on time
- % of staff having appraisal in last 12 months
- % performance appraisals completed on time
- % staff appraised by end of January
- Employee satisfaction index
- Employee's empowerment index
- Normal appraisal distribution
- Staff appraisals completion rate
- Value added per employee

Productivity & Utilization

- # of completed quarterly skills audits
- # of credit returns (linked with employee error)
- # of cross-functional assignments
- # of customer complaints (employee related)
- # of quality circles
- % decrease in paper waste
- % decrease in production time
- % of complete training of skills through training programs
- % of email newsletters received but not read
- % of employee productivity
- % of employees who can detect and repair their own errors
- % of man days lost (in FTE) due stoppage of work
- % of man days lost (in FTE) due to strike
- % of meetings less than 30 minutes long
- % of overdue work items
- % of time spent on planned work items
- % of time spent on priorities
- Average age (in years) of workforce
- Average overdue time of work items
- Average planned workload per workforce member

16. Human Resources

- Compensation/revenue
- Compensation/total costs
- Cycle time of regular tasks
- Effective worktime index
- HR ratios overtime rate
- Human capital return on investment
- Labor cost as % of sales
- Labor cost as % of total revenue
- Labor utilization rate

- % of staff trained
- % of staff who need to have qualifications that have appropriate qualifications
- % of staff with management skills
- % of technology skills of managers
- % of training classes evaluated excellent
- % of training course attendance
- % of training course participant satisfaction
- % of training courses requested, but not offered
- % of training courses that match organizational requirements
- % of women in training
- % training certificates
- % training for maintenance and support
- % training goals met
- % training hours imparted
- % training on essential job skills
- % training on knowledge improvement
- % training penetration rate
- % training return on investment
- % training ROI of % training
- % training scheduled to fit with operational constraints
- % training to general staff
- % training to management staff
- Applied the learning on the job

16. Human Resources

Average # of training hours per employee
Average # of training hours per employee
Average # of training hours per employee
Average tenure per employee
Average test score %s
Average time it takes until expected competence level is reached
Average time to competence
Average time to planned competence
Average training cost per FTE
Average training hours per employee
Company training expenditure (% of salaries and wages)
Customer relations skills
Employee satisfaction with training
External cost per FTE
External hours per FTE hours
FTEs per L&D function FTEs
In-house training cost per FTE
In-house training hours per FTE hours
Learning rate of employees
Ratio of internal versus external training (cost)
Ratio of internal versus external training (hours)
ROI of training
Soft skills cost per FTE
Soft skills hours per FTE hours
Technical cost per FTE
Technical hours per FTE hours
Total human resources budget spent on training
Total training hours for all FTEs
Training cost
Training cost reduction
Training hours per FTE
Training investment / compensation
Training investment per FTE

Union Membership

formal union grievances
of employees in union
% lost time due to strike action
% of compliance against working time directive
% of employees in union
% of employees left union
% of man days lost due to strike

Vacation

% of employees that almost utilized their vacation balances
% of employees that are near or at max for their vacation balances

16. Human Resources

% of staff who have more than one year of annual leave owing

Average vacation hours utilized per employee by department

Department ratio of work days (or hours) to utilized vacation days (or hours)

Ratio of work days to utilized vacation days

17. Information Technology**Application Services**

extra months spent for the implementation

fixed bugs

of alerts on exceeding system capacity thresholds

of annual IT service continuity plan testing failures

of business disruptions caused by (operational) problems

of changes closed, relative to # of changes opened in a given time period

of complaints received within the measurement period

of failures of IT services during so-called critical times

of incidents closed, relative to # of incidents opened in a given time period

of incidents still opened

of open incidents older than 15 days relative to all open incidents

of open problems older than 28 days relative to all open problems

of open service requests older than 28 days relative to all open service requests

of overdue changes relative to # of open changes

of overdue problems relative to # of open problems

of requests closed, relative to # of requests opened in a given time period

of Service Level Agreement (SLA) breaches due to poor performance

of unmodified/neglected incidents

% accuracy of forecast against actuals of expenditure as defined in capacity plan

% accuracy of forecast against actuals of expenditure as defined in continuity plan

% applications with adequate user documentation and training

% bugs found in-house

% financial management processes supported electronically

% hosts missing high priority patches

% of (critical) infrastructure components with automated availability monitoring

% of actual uptime (in hours) of equipment relative to #s of planned uptime (in hours)

% of application / software development work outsourced

% of backlogged/neglected change requests

% of business process support of applications

% of closed service requests that have been escalated to management, relative to all closed service requests

17. Information Technology

% of Configuration Items (CIs) included in capacity reviews
% of Configuration Items (CIs) with under-capacity, relative to all CIs used to deliver services to end-customers
% of delivered changes implemented within budget/costs
% of efficient and effective technical business process adaptability of applications
% of incidents prior to the lifecycle
% of incidents solved within deadline
% of incidents that can be classified as a repeat incident, relative to all reported incidents
% of IT services that are not covered in the continuity plan
% of open service requests worked on
% of overdue incidents
% of overdue service requests
% of problems for which a root cause analysis was undertaken
% of problems resolved within the required time period
% of problems with a root cause identified for the failure
% of problems with available workaround
% of reopened incidents
% of reopened service requests
% of response-time SLAs
% of reviewed SLAs
% of service requests due to poor performance of services provided to end-customers
% of service requests posted via web (self-help)
% of service requests resolved within an agreed-upon/ acceptable period of time
% of SLAs with an assigned account manager
% of SLAs without service level breaches
% of time (in labor hours) used to coordinate changes relative to all time used to implement changes
% of unauthorized implemented changes
% of unplanned purchases due to poor performance
% of urgent changes
% of workarounds to service requests applied
ASL applications cycle management % of implemented changes without impact analysis
Average delay in SLAs review
Average problem closure duration
Average service request closure duration
Average spent duration of changes closed relative to the average allowed duration of those changes closed
Average time (hours) between the occurrence of an incident and its resolution
Average time (in days) between updates of Capacity Plan

17. Information Technology

Average time (in days) between updates of Continuity Plan
Average time spent (in FTE) on producing and keeping up-to-date of Capacity Plans
Average time spent (in FTE) on producing and keeping up-to-date of Continuity Plans
Business Value (BV) of application(s)
Change closure duration rate
Customer satisfaction (index)
First line service request closure rate
Gap between actual network usage and maximum capacity of the network
Problem queue rate
Ratio of # of incidents versus # of changes
Service request closure duration rate
Technical Value (TV) of application(s)
Time between reviews of IT continuity plan

Cobit Acquire & Implement

of application production problems (per application) causing visible downtime
of bugs or software defects of applications (versions) that are in production
of critical business processes supported by obsolete infrastructure
of different technology platforms
of infrastructure components that are no longer supportable
% of applications with adequate user and operational support training
% of business owners satisfied with application training and support materials
% of delivered projects where stated benefits were not achieved due to incorrect feasibility assumptions
% of development effort spent maintaining existing applications
% of feasibility studies signed off on by the business process owner
% of implemented changes not approved (by management / CAB)
% of infrastructure components acquired outside the acquisition process
% of key stakeholders satisfied with their suppliers
% of procurement requests satisfied by preferred suppliers
% of procurement requests satisfied by the preferred supplier list
% of procurements in compliance with standing procurement policies and procedures
% of projects on time and on budget
% of projects with a testing plan
% of Request for Proposals (RFP) that needed to be improved based on supplier responses
% of stakeholders satisfied with the accuracy of the feasibility study
% of systems that do not comply to the defined technology standards
% of users satisfied with the functionality delivered
Average # of responses received to Request for Proposals (RFP)

17. Information Technology

- Average rework per change after implementation of changes
- Average time to configure infrastructure components
- Cost to produce/maintain user documentation, operational procedures and training materials
- Satisfaction scores for training and documentation related to user and operational procedures
- Software average time to procure
- Time lag between changes and updates of training, procedures and documentation materials
- Total rework (in FTE) after implementation of changes

Cobit Delivery & Support

- # of business compliance issues caused by improper configuration of assets
- # of deviations identified between the configuration repository and actual asset configurations
- # of formal disputes with suppliers
- # of incidents due to physical security breaches or failures
- # of incidents of non-compliance with laws due to storage management issues
- # of incidents of unauthorized access to computer facilities
- # of incidents outside hours where security staff are present
- # of incidents where sensitive data were retrieved after media were disposed
- # of SLAs without service level breaches relative to # of SLAs under management
- # of training hours divided by # of employees (in FTE)
- # of violations in segregation of duties
- % of (major) suppliers subject to monitoring
- % of applications that are not capable of meeting password policy
- % of availability Service Level Agreements (SLAs) met
- % of budget deviation relative to total budget
- % of critical business processes not covered by a defined service availability plan
- % of delivered services that are not included in the service catalogue
- % of disputed IT costs by the business
- % of IT service bills accepted/paid by business management
- % of licenses purchased and not accounted for in the configuration repository
- % of outage due to incidents (unplanned unavailability)
- % of personnel trained in safety, security and facilities measures
- % of scheduled work not completed on time
- % of service levels (in Service Level Agreements) reported in an automated way
- % of service levels (in Service Level Agreements) that are actually measured
- % of successful data restorations
- % of systems where security requirements are not met

17. Information Technology

% of telephone calls abandoned by the caller while waiting to be answered
% of transactions executed within response time threshold
% of user complaints on contracted services as a % of all user complaints
% of users who do not comply with password standards
Actual budget (costs) relative to the established budget
Amount of downtime arising from physical environment incidents
Average # of training days per operations personnel
Average time (in hours) for data restoration
Average time period (lag) between identifying a discrepancy and rectifying it
Downtime caused by deviating from operations procedures
Downtime caused by inadequate procedures
Frequency (in days) of physical risk assessment and reviews
Frequency (in days) of review of IT cost allocation model
Frequency (in days) of testing of backup media
Frequency (in days) of updates to operational procedures
Frequency of review of IT continuity plan
Unit costs of IT service(s) within measurement period
User satisfaction with availability of data

Cobit Monitor & Evaluate

of (critical) non-compliance issues identified
of (major) internal control breaches, within measurement period
of improvement actions driven by monitoring activities
of IT policy violations
of non-compliance issues reported to the board or causing public comment or embarrassment
of recurrent IT issues on board agendas
of weaknesses identified by external qualification and certification reports
% maturity of board reporting on IT to stakeholders
% maturity of reporting from IT to the board
% of critical processes monitored
% of metrics that can be benchmarked to (industry) standards and set targets
Age (days) of agreed-upon recommendations
Amount of delay to update measurements to reflect actual performance
Amount of effort required to gather measurement data
Average time lag between identification of external compliance issues and resolution
Average time lag between publication of a new law or regulation and initiation of compliance review
Cost of non-compliance, including settlements and fines
Frequency (in days) of board reporting on IT to stakeholders
Frequency (in days) of compliance reviews
Frequency (in days) of reporting from IT to the board
Frequency of independent reviews of IT compliance

17. Information Technology

Frequency of IT governance as an agenda item in the IT steering/strategy meetings

Stakeholder satisfaction with the measuring process

Time between internal control deficiency occurrence and reporting

Cobit Plan & Organize

of conflicting responsibilities in the view of segregation of duties

% IT staff competent for their roles

% of budget deviation value compared to the total budget

% of IT budget spent on risk management (assessment and mitigation) activities

% of IT functions connected to the business

% of IT initiatives/projects championed by business owners

% of IT objectives that support business objectives

% of IT services whose costs are recorded

% of processes receiving Quality Assurance (QA) review

% of projects meeting stakeholder expectations

% of projects on budget

% of projects on time

% of projects receiving Quality Assurance (QA) review

% of projects with a post-project review

% of projects with the benefit (Return on Investment) defined up front

% of redundant and/or duplicate data elements as exist in the information architecture

% of repeat incidents

% of roles with documented position and authority descriptions

% of sick days (illness rate)

% of software applications that are not complying with the defined information architecture

% of software applications that do not comply to the defined technology standards

% of stakeholders satisfied with IT quality

% of stakeholders that understand IT policy

% of variation of the annual IT plan

Actual ratio vs. planned ratio of IT contractors to IT personnel

Average # of components under management per FTE

Delay in updates of IT plans after strategic updates

Frequency (in days) of enterprise IT control framework review/update

Frequency (in days) of review of the IT risk management process

Frequency (in days) of reviews of the existing infrastructure against the defined technology standards

Frequency (in days) of strategy and steering committee meetings

Frequency (in days) of updates to the information architecture

Frequency (in days) of updates to the technology standards

Overtime rate between employee overtime with the planned working times

Ratio of IT contractors to IT personnel

17. Information Technology**Direct IT Cost**

of maintenance contracts
% cost adherence
% hardware asset value to total IT value
Average age of hardware assets
Average cost to solve a problem
Average cost to solve an incident
Average costs of a release
Average costs of change implementation
Average costs of penalties paid on Service Level Agreements (SLAs)
Cost of CMDB reconciliation
Cost of consumable items such as ink, cartridges, cds etc
Cost of delivery
Cost of digital storage media
Cost of Infrastructure
Cost of leased equipment
Cost of maintenance per 1000 lines of code
Cost of producing and keeping up-to-date of Capacity Plans
Cost of producing and keeping up-to-date of Continuity Plans
Cost of purchase
Cost of security incidents
Cost of security incidents due to unauthorized access to systems
Cost of spares
Cost per device
Cost per PC
Cost per stored terabyte
Cost per terabyte transmitted
Costs associated to unplanned purchases to resolve poor performance
Costs of operating a call center / service desk, usually for a specific period such as month or quarter
Costs of operating call center / service desk
Costs savings from service reuse
Domain registrations costs
Facilities costs such as a dedicated server room with fire and air control systems
Financing costs
Hardware asset value
IT spending per employee
Labor cost for technical and user support
Net Present Value (NPV) of investment
Network costs determined by network demand and the bandwidth usage of the asset
Total cost of change implementation
Total cost of ownership

17. Information Technology

Total cost of release
 Total cost to solve all incidents
 Total cost to solve all problems
 Unit cost of IT services
 Unit costs of IT service(s)
 Voice network - cost per minute

Green IT

% of energy used from renewable sources ("green energy")
 % of recycled printer paper
 % of servers located in data centers
 Corporate average data efficiency (CADE) measures data center efficiency across the corporate footprint
 Datacenter power usage effectiveness (PUE)

Help Desk

critical time outage
 # devices per FTE
 # incidents per PC
 # incidents processed per service desk workstation
 # IT service desk availability
 # mean time to repair (MTTR)
 # of complaints
 # of training calls handled by the service desk
 # of un-responded emails
 % incidents resolved remotely, without the need of a visit
 % incidents solved by first point of contact
 % incidents solved within SLA time
 % incidents which changed priority during the life-cycle
 % IT incidents fixed before users notice
 % IT incidents solved within agreed response time
 % neglected incidents
 % of (re)-assignments of service requests
 % of calls transferred within measurement period
 % of customer issues that were solved by the first phone call
 % of first-line resolution of service requests
 % of incorrectly assigned incidents
 % of incorrectly assigned service requests
 % of terminal response time
 % service requests posted via web (self-help)
 Average # of (re)-assignments of closed incidents within measurement period
 Average # of calls / service request per handler
 Average # of calls / service requests per employee of call center / service desk within measurement period
 Average after call work time

17. Information Technology

- Average after call work time (work done after call has been concluded)
- Average amount of time (e.g. in days) between the registration of changes and their closure
- Average amount of time between the registration of incidents and their closure
- Average days for lease refresh/upgrade fulfillment
- Average days for software request fulfillment
- Average incident response time
- Average overdue time of overdue service requests
- Average problem closure duration
- Average TCP round-trip time
- Time before help calls are answered
- Total service delivery penalties paid

Indirect IT Cost

- % IT security budget
- Average penalty costs per SLA
- Cost of cleanup of virus/spyware incidents
- Cost of CMDB reconciliation
- Cost of finding and hiring one staff
- Cost of managing processes
- Cost of patches
- Cost of producing capacity plans
- Cost of producing continuity plans
- Cost of professional certifications necessary
- Cost of service delivery
- Cost of skilled labor for support
- Cost of support to the end users of IT assets
- Cost per trouble report (man-hours)
- Time for maintenance scheduled and unscheduled
- Time of usage of assets for unrelated activities such as gaming, chatting
- Training costs of both IT staff and end users
- Use of assets for non-business purposes

IT Backup

- # applications data transfer time
- # data center infrastructure efficiency
- # deviations between configuration repository and actual configurations
- # time for configuration management database (CMDB) reconciliation
- % backup operations that are successful
- % corporate average data efficiency
- % data redundancy
- % of backup operations that are successful
- % of changes that required restoration of backup
- % of changes that required restoration of backup during the implementation

17. Information Technology

% of physical backup / archive media that are fully encrypted

% of test backup restores that are successful

Age of backup

Average time between tests of backup

Average time to restore backup

Average time to restore off-site backup

IT Business Performance

frequency of IT reporting to the board

of capabilities (services that can be rendered)

of people working on a project versus the required

of services delivered on time

Service Level Agreements (SLA) breaches due to poor performance

terabyte managed by one Full Time Equivalent (FTE)

unique requirements

watts per active port

% facility efficiency (FE)

% growth in business profits

% growth in market share

% growth in sales

% improved SLA's

% IT projects with a testing plan

% Service Level Agreements (SLAs) reviewed

% SLAs without service level breaches

% stock price appreciation

% time coordinating changes

Actual capacity (# of people available & avoid new project traps)

Technology effectiveness index

IT Business Ratios

% IT budget of total revenues

% IT capital spending of total investment

% of current initiatives driven by IT

% of current initiatives driven by the business

% of growth of IT budget

% of IT contribution in ROTA

% of IT costs associated to IT investment

% of IT costs associated to IT maintenance

% of IT labor outsourced

% of IT time associated to IT investment

% of IT training on IT operational costs

% of spend on current IT capital projects that are considered driven by the business

Average IT-related costs per customer

IT to total employees ratio

Ratio of % growth of IT budget versus % growth of revenues

17. Information Technology

Ratio of fixed price projects cost versus T&M projects cost

IT Infrastructure

- # maximum memory usage
- # of compliments received
- # of incidents caused by changes vs. total # of incidents
- # of incidents caused by inadequate capacity
- # of open IT Infrastructure incidents older than 28 days relative to all open incidents
- # of open IT Infrastructure problems older than 28 days relative to all open problems
- # of open service requests older than 28 days
- # of outstanding actions against last SLA review
- # of printers divided by # of staff
- # of problems closed
- # of repeated incidents
- # of untested releases
- # of urgent releases
- # power usage effectiveness
- # propagation delay
- % availability (excluding planned downtime)
- % data center infrastructure efficiency
- % disk space quota used
- % incidents solved within SLA time
- % of audited Configuration Items (CI)
- % of changes closed before deadline
- % of closed service requests that were incorrectly assigned relative to all closed service requests
- % of Configuration Items (CI) mapped onto IT services in the CMDB
- % of Configuration Items (CI) monitored for performance
- % of Configuration Items (CI) under maintenance contract
- % of Configuration Items (CI) with under-capacity
- % of customers given satisfaction surveys
- % of delivered services not in the service catalogue
- % of end user computers
- % of end user printers
- % of escalated service requests
- % of fully documented SLAs
- % of implemented changes without impact analysis
- % of inaccurately registered Configuration Items (CI) in CMDB
- % of incidents not solved in-time due to inaccurate configuration data
- % of incidents which change classification during the lifecycle
- % of incidents which change priority during the lifecycle
- % of internal hosts which are centrally managed & protected
- % of IT staff that is ITIL trained

17. Information Technology

% of IT staff with (advanced) ITIL certification
% of money spent on maintaining the IT infrastructure versus the total IT spent
% of money spent on new IT developments (investments) relative to the total IT spent
% of open service requests that are not owned by a person or group
% of open service requests unmodified/neglected
% of overdue changes
% of overdue problems
% of project files containing cost-/benefit estimates
% of refused changes
% of routine changes indicates the maturity level of the process
% of security-related service calls
% of Service Level Agreements (SLAs) in renegotiation relative to all SLAs that are in production
% of Service Level Agreements (SLAs) requiring changes
% of service requests closed before deadline
% of services covered by SLA
% of SLA breaches caused by underpinning contracts
% of SLA reviews conducted on-time
% of software licenses used
% of successful software installations
% of successful software upgrades
% of time coordinating changes
% of unmodified/neglected incidents
% of unmodified/neglected problems
% of unregistered changes
% of vendor services delivered without agreed service targets
% on-time service level changes
% reduction of IPCS's (Incident, Problem, Change, Service Request)
Average # of (re)-assignments of closed incidents
Average # of (re)-assignments of closed service requests within measurement period
Average change closure duration
Average rework (in FTE) per change after implementation of changes
Average size of discounts in procurement of items
Average time between audits of Configuration Items (CIs) as residing in the CMDB
Average time between CMDB reconciliation
Average time between urgent releases of software
Average time spent on CMDB reconciliation
Average time to procure an item
Balance of problems solved
Change queue rate
Delay in production of financial reports

17. Information Technology

- First-call resolution rate
- Forecast accuracy of budget
- Growth of the CMDB
- Incident impact rate incomplete CMDB
- Mean Time To Detect (MTTD)
- Overall cost of IT delivery per customer
- Ratio of # of incidents versus # of problems
- Service call abandoned rate
- Service request backlog
- Service request queue rate
- Support costs of all software based on their support contracts
- The actual costs relative to the budgeted costs of an activity
- Time lag between request for procurement and signing of contract or purchase
- Total critical-time outage
- Total rework after implementation of changes
- Total service delivery penalties paid within a period

IT Network

- # link transmission time
- # network latency
- # of bytes received since the system started
- # of bytes sent out to connections
- # of commands sent
- # of connection attempts made since the system started
- # of connections currently waiting in the queue to be processed
- # of connections that have failed to complete successfully
- # of connections that successfully completed their transfer and confirmation
- # of messages received by the system
- # of the currently active connections that are open and sending information
- # retransmission delay
- # voice network minutes per FTE
- % internal servers centrally managed
- % network bandwidth used
- % network packet loss
- % utilization of data network
- Accuracy rate
- Average connection time
- Average network round trip latency
- Average response speed
- Connections per customer
- Cost per byte
- Total amount of time the system has been running in milliseconds
- Total time the system started in UTC (days)

17. Information Technology**IT Operations**

- # of business disruptions caused by problems
- # of compliments
- # of deviations between configuration repository and actual configurations
- # of incidents first month
- # of outstanding actions of last SLA review
- # of overdue changes
- # of overdue incidents
- # of overdue problems
- # of overdue service requests
- # of problems in queue
- # of problems with available workaround
- # of reopened incidents
- # of reopened service requests
- # of repeat incidents
- # of reviewed SLAs
- # of service requests posted via web (self-help)
- # of SLA breaches due to poor performance
- # of SLAs with an assigned account manager
- # of SLAs without service level breaches
- # of software licenses used
- # of time coordinating changes
- # of unauthorized implemented changes
- # of unplanned purchases due to poor performance
- # of unregistered changes
- # of untested releases
- # of urgent changes
- % growth of the CMDB
- % incidents assigned to a level of support
- % incidents closed unsatisfactorily
- % incidents resolved using a change
- % incidents resolved with workaround
- % of audited Configuration Items (CI)
- % of availability SLAs met
- % of backed-out changes
- % of calls transferred
- % of Configuration Items (CI) included in capacity reviews
- % of escalated service requests
- % of implemented changes not approved by management
- % of incident classified as 'major'
- % of incident impact rate incomplete
- % of incidents bypassing the support desk
- % of incidents caused by a workaround
- % of incidents closed by service provider

17. Information Technology

- % of incidents closed satisfactorily
- % of incidents expected to close next period by scheduled workaround or change
- % of incidents for which a first interview completed
- % of incidents for which entitlement is unconfirmed
- % of incidents inbound versus outbound
- % of incidents incorrectly classified
- % of incidents incorrectly prioritized
- % of incidents involving third-party agreement
- % of incidents recorded 'after the fact'
- % of incidents rejected for reassignment
- % of incidents resolved with non-approved workaround
- % of incidents resulting from a service request
- % of incidents resulting from previous incidents
- % of incidents solved within deadline
- % of incidents which change during the lifecycle
- % of incidents with unmatched agreements
- % of licenses purchased and not accounted for in configuration repository
- % of obsolete user accounts
- % of open service requests worked on
- % of problems with a root cause analysis
- % of problems with a root cause identified
- % of response-time SLAs not met
- % of service requests due to poor performance
- % of service requests resolved within an agreed-upon period of time
- % of services not covered in Continuity Plan
- % of un-owned open service requests
- % of unplanned outage/unavailability due to changes
- % of workarounds to service requests applied
- Accuracy of expenditure as defined in Capacity Plan
- Accuracy of expenditure as defined in Continuity Plan
- Availability
- Availability (excluding planned downtime)
- Average # of (re)-assignments of incidents
- Average # of (re)-assignments of service requests
- Average audit cycle of Configuration Items (CI)
- Average change closure duration
- Average cycle time between urgent releases
- Average incident closure duration
- Average service request closure duration
- Average time between same reconciliations
- Average time between updates of capacity plan
- Average time between updates of continuity plan
- Average time period between identifying and rectifying a discrepancy

17. Information Technology

Average time spent on continuity plans
Change closure duration rate
Change queue rate
Critical-time failures
Critical-time outage
Deviation of planned budget for SLA
Email backlog
First line service request closure rate
First-call resolution rate
Frequency of review of IT continuity plan
Incident backlog
Incident queue rate
IT service continuity plan testing failures
Mean time in postmortem
Mean time in queue
Mean Time to Action (MTTA)
Mean Time to Escalation (MTTE)
Mean time to repair
Mean Time to ticket (MTT)
Total changes after implementation
Total rework after implementation of changes
Total time in postmortem
Total time in queue
Total time spent on CMDB reconciliation
Total time to action (TTA)
Total time to escalation (TTE)
Total time to ticket (TTT)

IT Quality Assurance

incident efficiency
missing patches
of back up & testing of computer systems
of changes after the program is coded
of changes to customer requirements
of coding errors found during formal testing
of cost estimates revised
of defects found over period of time
of documentation errors
of error-free programs delivered to customer
of errors found after formal test
of keypunch errors per day
of process step errors before a correct package is ready
of reruns caused by operator error
of revisions to checkpoint plan
of revisions to plan

17. Information Technology

of revisions to program objectives
of test case errors
of test case runs before success
untested releases
% assignment content adherence
% availability errors
% change in customer satisfaction survey
% compliance issues caused by improper configuration of assets
% critical processes monitored
% critical time failures
% error in forecast
% error in lines of code required
% failed system transactions
% false detection rate
% fault slip through
% hours used for fixing bugs
% incidents after patching
% incidents backlog
% incidents queue rate
% of changes caused by a workaround
% of changes classified as miscellaneous
% of changes incorrectly classified
% of changes initiated by customers
% of changes insufficiently resourced
% of changes internal versus external
% of changes matched to scheduled changes
% of changes recorded 'after the fact'
% of changes rejected for reassignment
% of changes scheduled outside maintenance window
% of changes subject to schedule adjustment
% of changes that cause incidents
% of changes that were insufficiently documented
% of changes with associated proposal statement
% of customer problems not corrected per schedule
% of defect-free artwork
% of input correction on data entry
% of problems uncovered before design release
% of programs not flow-diagrammed
% of reported bugs that have been fixed when going live
% of reports delivered on schedule
% of time required to debug programs
% of unit tests covering software code
Errors per thousand lines of code
Mean time between system IPL

17. Information Technology

- Mean time between system repairs
- QA personnel as % of # of application developers
- QA personnel as a % of # of application developers
- Time taken for completing a test of a software application
- Total rework costs resulting from computer program

IT Security

- # detected network attacks
- # exceeding alerts capacity threshold
- # of detected network attacks
- # of occurrences of loss of strategic data
- # of outgoing viruses/spyware caught
- # password policy violations
- # security control
- # time to detect incident
- # unauthorized changes
- # viruses detected in user files
- % compliance to password policy
- % computer diffusion rate
- % downtime due to security incidents
- % e-mail spam messages stopped
- % employees with own ID and password for internal systems
- % host scan frequency
- % intrusion success
- % IT security policy compliance
- % IT security staff
- % IT systems monitored by anti-virus software
- % licenses purchased and not accounted for in repository
- % modules that contain vulnerabilities
- % of downtime due to security incidents
- % of email spam messages stopped/detected
- % of email spam messages unstopped/undetected
- % of incidents classified as security related
- % of patches applied outside of maintenance window
- % of spam false positives
- % of systems covered by antivirus/antispyware software
- % of systems not to policy patch level
- % of systems with latest antivirus/antispyware signatures
- % of virus incidents requiring manual cleanup
- % of viruses & spyware detected in email
- % overdue incidents
- % repeated IT incidents
- % security awareness
- % security incidents
- % security intrusions detection rate

17. Information Technology

- % servers located in data centers
- % spam not detected
- % trouble report closure rate
- % virus driven e-mail incidents
- % viruses detected in e-mail messages
- Distribution cycle of patches
- Latency of unapplied patches
- Spam detection failure %
- Time lag between detection, reporting and acting upon security incidents
- Weighted security vulnerability density per unit of code

IT Services

- # e-mail backlog
- # of alerts on exceeding system capacity thresholds
- # of transactions executed within response time threshold
- % delivered services not in the service catalogue
- % fully patched hosts
- % of "dead" servers
- % of (assigned) disk space quota used
- % of disk space used
- % of dropped telephone calls
- % of failed transactions
- % of network bandwidth used
- % of network packet loss
- % of transactions executed within response time threshold during peak-time
- Adoption Rate
- Application performance index
- Average # of virtual images per administrator
- Average % of CPU utilization
- Average % of memory utilization
- Average network throughput
- Average response time of transactions
- Average retransmissions of network packets
- Average size of email boxes/storage
- Corporate average data efficiency (CADE)
- Datacenter power usage effectiveness
- Maximum CPU usage
- Maximum memory usage
- Maximum response time of transactions
- Mean opinion score (MOS)
- Mean time to provision
- Mean-time between failure (MTBF)

IT Systems Availability

- # of developed new systems without downtime issues

17. Information Technology

- # of integrate IT systems
- # of outage due to incidents (unplanned unavailability)
- # of reviews of management information systems (MIS)
- % downtime (hours)
- % effective usage of IT systems
- % improvement of capacity of current systems
- % mainframe availability
- % of outage (unavailability) due to implementation of planned changes, relative to the service hours
- % of outage (unavailability) due to incidents in the IT environment, relative to the service hours
- % of outage due to changes (planned unavailability)
- % of system availability
- % of unplanned outage/unavailability due to changes
- % suitability of IT Systems
- Customer database availability
- Total outage from critical time failures in IT services

IT Training

- # of attendees at user training sessions
- # of hours users have spent on training services
- # of incidents caused by deficient user and operational documentation and training
- # of incidents caused by deficient user training
- # of users turned out successfully
- Hours of user training
- IT investment to IT staff training
- Satisfaction scores for training and documentation
- Time lag between changes and updates of documentation and training material

Programming - Class

- # of logical code lines (One logical line may be split on several physical lines by a line continuation character)
- # of all statements
- # of ancestor classes
- # of classes to which a class is coupled coupling is defined as method call or variable access
- # of comment lines
- # of constructors defined by class
- # of control statements
- # of declarative statements (procedure headers, variable and constant declarations, all statements outside procedures)
- # of events defined by class (This metric counts the event definitions)
- # of executable statements
- # of executable statements
- # of immediate sub-classes that inherit from a class

17. Information Technology

of interfaces implemented by class
of logical lines of whitespace
of methods that can potentially be executed in response to a message received a class counts only the first level of the call tree
of methods that can potentially be executed in response to a message received a class counts the full call tree
of non-control statements, which are executable statements that are neither control nor declarative statements
of non-private variables defined by class VARS excluding private variables
of physical source lines (including code, comments, empty comments and empty lines)
of procedure calls going outside of a class (each call is counted once, whether it's early bound, late bound or polymorphic)
of subs, functions and property procedures in class
of variables defined and inherited by class
of variables defined by class (does not include inherited variables)
Size of class (# of methods and variables)
Size of class interface (# of non-private methods and variables)

Programming - File

of code lines count
of constants (excluding enum constants)
of control statements divided by # of all executable statements
of files that a file uses
of files that use a file
of logical source lines
of procedures (including subs, functions, property blocks, API declarations and events)
of variables, including arrays, parameters and local variables
% of comment lines counted as full-line comments per logical lines
% of whitespace lines counted from logical lines
File size in kilobytes
Full-line and end-of-line comments that have meaningful content
Meaningful comments divided by # of logical lines of code

Programming - Procedure

of distinct procedures in the call tree of a procedure
of execution paths through a procedure (Cyclomatic complexity)
of formal parameters defined in procedure header
of global and module-level variables accessed by a procedure
of input and output variables for a procedure (including parameters and function return value)
of parameters used or returned by a procedure (output parameter)
of procedure local variables and arrays (excluding parameters)
of procedures that a procedure calls
of procedures that call a procedure
% complexity inside procedures and between them

17. Information Technology

- % external complexity of a procedure (# of other procedures called squared)
- % internal complexity of a procedure (# of input/output variables)
- % of Cyclomatic complexity without cases
- Code lines count
- Comment lines count
- Fan-in multiplied by fan-out multiplied by procedure length (logical lines of code)
- Length of procedure name in characters
- Logical lines of code in call tree # of lines that may potentially execute in a call to this procedure
- Logical lines of whitespace
- Maximum # of nested conditional statements in a procedure
- Maximum # of nested loop statements in a procedure
- Maximum # of nested procedure calls from a procedure
- Physical source lines (including code, comments, empty comments and empty lines)
- Total amount of data read (procedures called + parameters read + global variables read)
- Total amount of data written

Programming - Project

- # of abstract classes defined in project
- # of actual couplings among classes in relation to the maximum # of possible couplings
- # of class attributes (variables) hidden from other classes
- # of class methods hidden from other classes
- # of classes defined in project
- # of concrete classes defined in project (a concrete class is one that is not abstract)
- # of days passed between versions
- # of enumeration constant names
- # of enumeration names
- # of files in project
- # of global and module-level variables and arrays
- # of interfaces defined in project
- # of leaf classes defined in project (a leaf class has no descendants)
- # of Physical lines in dead procedures
- # of procedure call statements (including calls to subs, functions and declares, accesses to properties and the raising of events)
- # of read instructions from global and module-level variables
- # of reads from and writes to global and module-level variables
- # of real forms excluding any User Controls
- # of root classes defined in project
- # of standard modules: bas files and Module blocks
- # of unique names divided by # of names
- # of unused constants

17. Information Technology

of unused procedures
of unused variables
of user-defined types (or structure statements)
of write instructions to global and module-level variables
% comment density (meaningful comments divided by # of logical lines of code)
% of actual polymorphic definitions of all possible polymorphic definitions
% of code lines counted from logical lines
% of enum constants among all constants
% of parameterized classes (generic classes)
% of reuse benefit reuse of procedures)
Amount of data flow via global and module-level variables versus procedure parameters and function return values
Average # of calls on a code line (measures the modularity or structuredness)
Average # of constants in an Enum block
Average # of variable access instructions per logical line of code
Average file date
Average length of all constant names defined in VB files
Average length of names of variables (arrays and parameters defined in VB files, excluding parameters in event handlers and implementing procedures)
Average system complexity among procedures
Classes that do access attributes / Classes that can access attributes
Classes that do access operations / Classes that can access operations
Date of newest file in project
Deadness index
Density of decision statements in the code
Length of names
Length of procedure names
Maximum depth of call tree
Maximum depth of inheritance tree
Maximum size of call tree
Project size in kilobytes (includes all source files)
Reuse ratio for classes (a class is reused if it has descendants)
Specialization ratio for classes (a class is specialized if it inherits from a parent class)
Sum of SYSC over all procedures (measures the total complexity of a project)
The average # of times reused constants and enum constants
The relative amount of internal inheritance (internal inheritance happens when a class inherits another class in the same system)
The sum of inherited methods divided by # of methods in a project
The sum of inherited variables divided by # of variables in a project

Programming - Variable

of data flows into and out of a variable
--

17. Information Technology

- # of modules that use a variable
- # of read instructions from variable
- # of reads and writes A single instruction may count both as a read and as a write
- # of write instructions to variable
- Length of variable name in characters

Software Development

- # of bugs per release
- # of critical bugs compared to # of bugs
- # of defects detected in the software divided by # of function points (FP)
- # of defects per function point
- # of defects per line of code
- # of defects per use case point
- # of escaped defects
- # of realized features compared to # of planned features
- # of software defects in production
- # of successful prototypes
- # software defects in production
- # unapplied patch latency
- % critical patch coverage
- % defects reopened
- % of application development work outsourced
- % of bugs found in-house
- % of hours used for fixing bugs
- % of overdue software requirements
- % of software build failures
- % of software code check-ins without comment
- % of software code merge conflicts
- % of time lost re-developing applications as a result of source code loss
- % of user requested features
- % on time completion (software applications)
- % overdue changes
- % patch success rate
- % routine changes
- % schedule adherence in software development
- % software build failures
- % software code check-ins without comment
- % software licenses in use
- % software upgrades completed successfully
- % unauthorized software licenses used
- % unique requirements to be reworked
- % user requested features
- Average # defects created per man month
- Average number of software versions released

17. Information Technology

- Average progress rates (time versus results obtained)
- Cyclomatic software code complexity
- Halstead complexity
- Lines of code per day
- Rate of knowledge acquisition (progress within the research)
- Rate of successful knowledge representation
- System usability scale
- Time ratio design to development
- Time-to-market of changes to existing products/services
- Time-to-market of new products/services
- Work plan variance

Web Client

- # of type of client (browser, robot, etc)
- % of Java-enabled
- % renderable mime-types
- Click-generation functionality (address window, favorites list, history list)
- Client-side filtering capability (Internet content ratings, certificates)
- HTML fluency (the latest version of HTML recognized by the client)

Web Page

- # and type of embedded non-text objects (images, video, streaming data, applets)
- # of content access scheme (free, pay-per-view, subscription)
- # of type of collection (online journal, photo gallery)
- # of Web pages in collection
- % breakdown of mime types in hyperlinks
- % breakdown of protocols in hyperlinks
- % of textual description of page's content
- Aggregate size of constituent Web resources (in bytes)
- Average # of hyperlinks per page
- Birth and modification history (major revisions of content - from HTTP header)
- Ratio of internal to external links on page

Web Server

- # buffer size of router
- # host latency
- # of domain name (and aliases)
- # of files on server
- # of geographical locations
- # of internet nodes mapped to same domain name
- # of sub-sites
- # of Web pages on server
- # refused sessions by server
- # server connection time
- # server response time

17. Information Technology

Files by traffic % (e.g., % of files account for % of traffic)

HTTP node classification (inaccessible, redirection, accessible; these classifications will be time-sensitive; see volatility metric below)

Internet node identification (IP address and port)

Pages by traffic % (e.g., % of pages account for % of traffic)

Ratio of explicit clicks to implicit clicks for server

Server-side filtering (robotstxt, firewalls)

Top-level domain (com, edu)

Volatility level (summarizing the accessibility of the server during a given time period)

Web User

of files transferred per user

of pages transferred per user

of unique files transferred per user

of unique pages transferred per user

of unique Web sites visited per user

of user access method (ISP, dial-up modem, wireless network, etc)

of Web sites visited per user

Data filtering imposed by user (which client filters have been activated by the user)

Inter-request time per user (request to request time)

Inter-session time per user (session to session time)

Intra-request time per user (request to render time)

Path length of sessions per user

Path length of visit per site per user

Ratio of embedded clicks to user-supplied clicks, per user per session

Ratio of explicit clicks to implicit clicks, per user per session

Reoccurrence rates for files, pages, and sites

Sessions per user per time period

Stack distance per user

Temporal length of sessions per user

Temporal length of visit per site per user

User classification (adult, child, professional user, casual user, etc)

User response rate and attrition rate

Website

of bytes

of cookie supplied

of levels in site's internal link structure (depth)

of pages served per time period

of search engines indexing the site

of type of Web collections

of unique Web sites (filter out Web sites located at multiple IP addresses)

of user Web page requests per time period

of Web collections

17. Information Technology

- # of Web pages
- # of Web servers
- # of Web site publisher
- # of Web sites
- % breakdown of protocols across the periphery
- % of site devoted to CGI/dynamic content
- % of textual description of site's content
- Byte latency
- Bytes transferred per time period
- Network traffic (bytes transferred, Web pages accessed)
- Ratio of size of core to size of periphery

18. Insurance**Claims**

- # insurance claims processed
- # of days open of insurance claims
- % of claims where initial liability decision is not made within statutory time frame
- % of fraudulent insurance claims
- % of in-time medical expenses entitlement notices
- % overdue claims
- Average claim processing time
- Claim reserves
- Claims forecast versus actual
- Claims solvency (%)
- Combined cost and claims ratio

Clients

- # new insurance policies issued
- % policy renewal rate
- Average insurance policy size
- Average speed of underwriting
- Best insured / client GPI forecast vs. actual
- Not taken up (NTU) ratio
- Policy renewal rate
- Underwriting speed of insurances
- Worst insured / client GPI forecast vs. actual

Revenues & Costs

- # of new insurance policies
- # policy sales
- % combined ratio
- % loss ratio (insurance)
- % missed payments or lapses
- % not taken up (NTU) ratio
- % of overdue premium

18. Insurance

- Average policy size
- Gross Premium Income (GPI) forecast vs. actual (%)
- Loss ratio (%)
- Net written premium

19. Internal Process**Increase Efficiency**

- # of audit requirements
- # of days taken in finance for processing
- # of new products introduced
- # of on time delivery
- # of waste reduction initiatives taken
- % equipment utilization
- % improve space utilization
- % minimize downtime
- % of pay runs in banks on time
- % plant utilization
- % reduction of payroll errors per month
- Administrative expense per customer
- Average lead time
- Average time for decision-making
- Hours spent on product re-work
- Pay runs in banks on time (< x% error)
- Productivity rate
- Response time to customer

Process Improvement

- # of contracts filed without error
- # of ISO 9001 certifications
- # of ISO auditors
- # of new ideas to reduce processing time
- # of new policies and procedures
- # of new products/services developed
- # of positions outsourced
- # of process changes per operation due to error
- # of processes improved
- # of systems upgrades
- # of users accessing system
- % of inventory turnovers
- % of manual pays
- % of process operations where sigma limit is within engineering specification
- % of targets met
- % on-time delivery
- % planning accuracy

19. Internal Process

- % using electronic links for communication with carriers
- % using electronic links for delivery advice information
- Audit requirements (% rating)
- Break-even time for new products
- Cycle time improvement
- Defect rates
- Delivery vehicle routing and scheduling
- Distribution resource planning
- In-process yields
- Lead time for product development
- Lead time for suppliers
- Lead time from order to delivery
- Product return rate
- Rework rate

Relationship Management

- # of hours spent with external parties
- # of SLA's signed
- % of complaints resolved within agreed time
- Existence of Service Level Agreement (SLA) with 3rd party service provider

20. Leisure & Recreation**Museum**

- # of attendances per 1,000 population
- # of members as % of visitors
- % of art objects deemed worthy of display
- % of artworks on loan from other institutions
- % of artworks on loan to other institutions
- % of children in attendance
- % of endowment restricted to art acquisitions
- % of estimated art collection value covered by insurance
- % of new artworks on display
- % of non-members who visited the museum x or more times
- % of total building size dedicated to permanent collection galleries
- % of trustees who donated sum greater than x % of operating budget
- % of visitors who would rank visit as exceeding expectations
- % of works on display from the museum's most significant collection
- Average length of time spent in a noteworthy gallery
- Average length of time spent with significant works

Sports

- # of international appearances
- # of replica shirt sales
- % of attendees of non-match-day events
- % of TV viewing figures
- % utilization of corporate facilities on match-days

20. Leisure & Recreation

- Batting average (BA)
- Conversion rate to professional contract
- Conversion rate to transfer fee
- Earned run average (ERA)
- Match-day spend per spectator
- Merchandise spend per head
- On base % (OBP) / On base average (OBA)
- On-base plus slugging (OPS)
- Program penetration rate
- Walks plus hits per inning pitched

Travel agent

- Cost per transaction / ticket
- Productivity per travel consultant
- # of travel agents

21. Livestock & Dairy**Animals**

- % animal born alive per female
- % of livestock born alive per female farrowed
- % of mated females
- % of mummified livestock per female farrowed
- % of stillborn livestocks per female farrowed
- % of tonnage landed at ports checked against log sheet
- Average parity of livestock
- Feed cost/ 100 lb of milk
- Livestock culling rate %
- Livestock mortality %
- Livestock per female farrowed
- Livestock survival % after born
- Mummified livestock per female farrowed
- Total livestock born per female farrowed

Dairy Industry

- % community response to promotional campaign
- % growth in white and low fat milk sales
- % of market occupied by imports
- % of white and low fat milk market supplied by us
- Average milk yield per cow
- Cost of marketing campaign per liter of milk sold
- Cost of promotion
- Energy-to-milk ratio
- Per capita consumption
- Sales compared to national average
- Water-to-milk ratio

22. Management**Administration**

- # of iterations of strategic plan
 - # of meetings starting on schedule
 - # of open doors per month
 - # of tasks for which actual time exceeded estimated time
 - % increase in output per employee
 - % of action plan schedules missed
 - % of delinquent suggestions
 - % of documents that require two management reviews
 - % of meetings that start on schedule
 - % of target dates missed
- Average time required to solve a problem

Clerical

- # of kg of paper waste
- # of misfiles per week
- # of period reports not completed on schedule
- # of times messages are not delivered
- % data integrity
- % of action items not done on schedule
- % of clerical personnel support
- % of coding errors on time cards
- % of impressions reprinted
- % of inputs not received on schedule
- % of pages retyped
- % of phone calls answered within two rings
- % of phone calls dialed correctly

Cost & Budget

- # of variances in capital spending
- % of output delivered on schedule
- % projected cost reductions missed
- % revenue/expense ratio below plan
- % variation from budget
- Return on investment
- Revenue actual versus plan
- Revenue generated over strategic period
- Total amount saved per employee due to new ideas and/or methods
- Total cost of poor quality
- Warranty costs

Error & Deviation

- # of administration errors due to not using the right procedures
- # of delays because process instructions are wrong or not available
- # of errors in operator training documentation
- # of errors per type
- # of pages processed error-free per hour

22. Management

- # of security violations per year
- # of user complaints per month
- % correlation between testers
- % correlation between testers delivered on schedule
- % error in manufacturing costs
- % error in output product quality
- % error in personnel records
- % error in planning estimates
- % error in test equipment and tooling budget
- % error in yield projections
- % of drafting errors found by checkers
- % of errors that escape the operator detection
- % of testers that fail certification
- % of time program plans are met
- % of tools that are networked due to design errors
- % of tools that fail certification

Motivation & Innovation

- # of employees dropping out of classes
- # of employees participating in cost effectiveness
- # of formal reviews before plans are approved
- # of hours per year of career and skill development training per employee
- # of job improvement ideas per employee
- % functional test coverage of products
- % improvement in customer satisfaction survey
- % improvement in opinion surveys
- Department morale index
- Labor utilization index

Procedures

- # of decisions made by higher-level management than required by procedures
- # of procedures violations per month
- # of procedures with fewer than three acronyms and abbreviations
- # of waivers to manufacturing procedures
- % of changes to process specifications during process design review
- % of departments with disaster recovery plans
- % of designed experiments that need to be revised
- % of manufacturing used to screen products
- % of procedures less than 10 pages
- Direct/indirect ratio
- Volume actual versus planned

23. Manufacturing**Assets & Equipment**

- # of critical equipment availability
- # of damaged equipment and property reports
- # of problems that test equipment can't detect during manufacturing cycle
- % asset utilization
- % equipment utilization
- % of changes to project equipment required
- % of equipment ready for production on schedule
- % of overall equipment effectiveness (OEE)
- % of tools and test equipment on change level control
- Average age of equipment
- Average useful life of equipment
- Equipment availability as % of overall operation time
- Equipment performance %
- Equipment quality %

Automation

- # of evaluations of software by performing usability testing
- # of evaluations on alternative designs through the use of equipment mockups and software prototypes
- # of improvement, enhancement or additions in the existing applications
- # of software development requests completed on time
- % deployment of storage area network
- % deployment of supplier portal
- Data application across multiple functions
- Data integration across multiple functions
- Evaluations on predecessor systems and operator tasks

Human Factors Engineering

- # of analysis of tasks and workload
- # of design and testing and evaluation
- # of hours provided training for systems
- # of modeling tools to evaluate station design and operator procedures
- # of requirements specification
- # of tasks and associated workload analysis
- # of training requirements
- % for operations
- % of functions allocation
- % of system performance and reliability
- % of undesirable design or procedural features identified
- % operator stress
- % reduction of operational errors
- % training for sustaining manpower skills
- Ease of use rate
- User fatigue rate
- User satisfaction rate

23. Manufacturing**Maintenance**

- # facility age
- # maintenance efficiency indicator
- # of approved work orders over 3 months old
- # of assets in the condition monitoring program
- # of breakdowns
- # of breakdowns per year or per department
- # of candidate items for condition monitoring
- # of defective steam traps found
- # of devices surveyed
- # of direct maintenance personnel on shift
- # of emergency maintenance jobs
- # of emergency priority service calls
- # of failures
- # of failures causing downtime
- # of faults found
- # of hours the equipment was available to run at capacity
- # of immediate corrective maintenance man-hours
- # of immediate corrective maintenance work-orders completed
- # of incomplete work orders
- # of internal direct maintenance people using software
- # of internal direct maintenance personnel
- # of internal maintenance personnel
- # of internal multi-skilled maintenance personnel
- # of jobs
- # of maintenance internal personnel man-hours for training
- # of maintenance work-orders causing downtime
- # of major assets/systems
- # of major assets/systems with preventive maintenance routines
- # of man-hours for continuous improvement
- # of man-hours used for planning in a systematic maintenance planning process
- # of material requisitions
- # of material requisitions met from stock
- # of modification proposals registered
- # of modifications completed
- # of outstanding work orders
- # of overdue preventive maintenance work orders at the end of the period
- # of planned and scheduled maintenance man-hours
- # of plant stoppages due to failure
- # of PM/CM backlog items
- # of preventive maintenance + emergency maintenance jobs
- # of preventive maintenance jobs completed
- # of preventive maintenance jobs scheduled

23. Manufacturing

- # of preventive maintenance tasks completed
- # of preventive maintenance tasks planned
- # of priority 1 service calls
- # of priority 2 service calls
- # of production operator maintenance man-hours
- # of repeated breakdowns
- # of rework jobs
- # of scheduled work orders
- # of service calls
- # of service calls within the target response time
- # of steam traps surveyed
- # of stoppages due to failure
- # of systems
- # of systems covered by a critical analysis
- # of unexpected equipment failures resulting in downtime
- # of urgent priority service calls
- # of work orders closed during the period
- # of work orders completed during the period
- # of work orders performed as scheduled
- # of work orders registered
- # or maintenance work-orders completed
- # time spent performing preventive maintenance (PM) work
- % after action review usage
- % critical equipment availability
- % of adherence to preventive maintainers schedule
- % of critical equipment availability
- % of failed maintenance
- % of maintenance hours of operating time
- % of maintenance hours of operating time (maintenance efficiency)
- % of maintenance rework
- % of preventive maintenance cost
- % of scheduled maintenance man hours planned
- % repairs completed within time limit
- % unplanned maintenance
- % work orders closed within the specified time period (maintenance)
- Achieved up time during required time
- Actual available hours to schedule each week
- Asset replacement value
- Average cost to resolve a breakdown
- Average inventory value of maintenance materials
- Average loading time
- Average preventive maintenance man-hours / day
- Average required travel time
- Backlog of maintenance work

23. Manufacturing

Cumulative response time of all customer calls
Cumulative response time of all emergency priority service calls
Cumulative response time to all service calls
Cumulative response time to all urgent service calls
Cumulative safe repair time of all emergency priority service calls
Cumulative safe repair time of all service calls
Maintenance cost per unit
Maintenance cost per unit
Maintenance shutdown cost
Mean time failure
Monthly depreciation of equipment
Net maintenance parts turnover
Preventive inspection effectiveness
Quantity of output
Ratio of value adding time to lead time
Schedule completion effectiveness (%)
Time taken to answer maintenance calls
Total actual man-hours for completed work orders
Total annual maintenance expenditure per square meter
Total assets value
Total budget implemented / budget planned
Total condition based maintenance man-hours
Total corrective maintenance man-hours
Total direct maintenance personnel man-hours
Total direct man-hours worked
Total emergency jobs worked
Total estimated cost of work
Total estimated man-hours for all outstanding work orders
Total estimated man-hours for completed work orders
Total hours in the reporting time period
Total internal direct man-hours available
Total internal direct man-hours worked
Total internal maintenance man-hours
Total internal maintenance personnel man-hours
Total jobs worked
Total maintenance cost / month
Total maintenance cost per equipment
Total maintenance cost per year
Total maintenance man-hours available
Total maintenance personnel man-hours
Total man-hours worked on shift
Total off-site maintenance man-hours
Total operating time
Total overtime maintenance man-hours

23. Manufacturing

Total overtime man-hours worked by indirect maintenance personnel during period

Total preventive maintenance hours

Total regular man-hours of indirect maintenance personnel during period

Total stoppage time due to failure

Total time of failures

Total time of failures costs

Total time to restoration

Total value of parts inventory

Total value of parts on sites

Minimize Cost

% cost of quality

% cost reduction

% increase in inventory turnover

% of corrective maintenance cost

% of statutory compliance

% reduction in variable cost

% residual (scrap) value

Average production costs of items

Cost of poor quality (COPQ)

Cost of replacing obsolete items

Cost reduction %

Engineering costs are not more than x\$ per tone

Interest cost reduction

Labor costs per unit production

Power consumption per hour production

Price of non-conformance

Ratio of actual to projected unit production costs

Total actual cost of work

Total contractor cost

Total cost of all jobs

Total cost of contractors

Total cost of direct labor

Total cost of equipment parts

Total cost of maintenance

Total cost of maintenance materials

Total cost of planned and estimated jobs

Total cost of preventive maintenance

Total direct maintenance personnel cost

Unit cost

Water used per amount of product manufactured

Mining & Metals

Ratio of actual dilution of ore to dilution stated in the feasibility study

23. Manufacturing

Ratio of actual impurities content to impurities content stated in the feasibility study

Ratio of actual recovery to metallurgical recovery stated in the feasibility study

Trim optimization efficiency

Operational Excellence

of elements affecting other functions

of elements related to other functions

% of improved uptime of machines

% of planned monthly shuts completed within planned time

% of rejects

% of respond to breakdowns in < 30 minutes

% of undamaged goods

Achieve uptime of x% by x date

Average # of quality checks vs. targeted #

Increase output to x tones per day

Less % waste

Manufacturing cycle time

Quality Assurance

Truck turnarounds reduced to x mins

Order Management

of issues inquired into arising out of the data applied or integrated

% maintained price with value to customer

% of efficiency of control structures

Average sales turnover / customer

Average time from dock to dock

Average time from order to cash in bank

Average time from raw material to dispatch

Average value of the order

Profit rate / each order

Rate of profit from each customer

Value of the minimum order

Process Improvement

of manufacturing steps

takt time

unit production time

units per man-hour

% adherence to processes

% downtime

% lost manufacturing capacity

% process validation

% production orders finished late

% total time yield

Manufacturing schedule adherence

23. Manufacturing

Ratio of actual to design input required to produce one unit of output

Production Control

- # failure rate
- # of items exceeding shelf life
- # of new change orders
- # of open change orders
- # production lead time
- # regression testing
- % machine scheduled time
- % of errors in work in process records versus audit data
- % of manufacturing jobs completed on schedule
- % of products that meet customer orders
- % of stock errors
- % work in progress
- Average cycle time (ACT)
- Cost of inventory spoilage
- Employee work center loading
- Production targets
- Ratio of actual capacity to rated capacity
- Ratio of downtime to projected operating time
- Spare parts availability in crib
- Time required to incorporate engineering changes
- Time that line is down due to assembly shortage

Productivity

- # of deadlines/milestones met
- # of metrics relating to specific team tasks
- # of orders produced by individuals
- # of orders produced by section
- # of orders produced by week or day
- # of staff off work
- # of units produced
- % changes to the weekly schedule
- % uptime
- Attendance rates
- Average time to manufacturing
- Length of time staff are off work
- Output rates
- Overall equipment effectiveness
- Schedule compliance
- Total machine available time
- Total machine work center loading rate
- Total sales turnover / total employee
- Turnaround time for jobs

23. Manufacturing**Products Improvement**

- # of new products introduced per month
- # of review of product design
- % first time right
- % standardization of products

Quality Assurance

- # areas of improvement
- # emissions from production
- # of customer feedback
- # of internal customer complaints
- # of kaizen applications
- # of non conformances
- # of product realization projects implementation
- # of products defects at customer site
- # of products warranty failure – OEM
- # production rejects
- # startup rejects
- % defects per million opportunities
- % final products which do not meet quality criteria
- % first time yield (FTY)
- % hazardous operational waste
- % mean time between failures
- % must do it again - rework
- % of defect goods
- % of defect goods of department
- % of defect goods of individual
- % of rejection in products due to packing & handling
- % production losses
- Amount of time lost due to rework
- First time through quality yield
- Internal customer satisfaction
- Products having first tuning above 100,000 cycles in endurance test
- Quality rates
- Response time to customer queries
- Rework rate of department
- Rework rate of entire company
- Rework rate of worker

System Safety

- # of injurious accidents due to human or machine errors or failures
- # of safety considerations applied in a system acquisition
- % high quality for all customer point of interaction

24. Procurement**Business Control**

- # of documented issues
- # of hubs (logistics network)
- # of returns/ customer complaints
- # of suggestions per employee
- # of supply chain disruptions
- % contracted staff
- % correct forecasting
- % lean logistics
- % of employees trained to do the job they are working on
- % of logistics outsourcing
- % product return rate
- % reduction of waste
- % supply/demand imbalance
- % use of technology
- % warranty claims rate
- Average project time frame
- Gross margin
- Lead time
- Maintenance, repair and operating supplies (MRO)
- Procurement employees as % of total employees
- Procurement operating expense as % of sales
- Procurement operating expense as % of total spend
- Procurement operating expense per procurement employee
- Procurement spend per procurement employee
- Radio frequency identification (RFID)
- Total operating revenue

Contracts

- # contract complaints
- # contract variations
- # identified contract breaches
- % cancelled and suspended contracts
- % contract compliance
- % contracts delivered within original budget
- % contracts reviewed
- % retention rate of active contracts
- Contract terminated billed value with contractors
- Contract terminated remaining value
- Total contract value
- Value of activated contract renewals

Costs

- # warranty claims per item
- % of internal logistics cost
- % outsourced logistics costs

24. Procurement

% return rate (RR)
% total distribution cost of delivered sales value
% warranty expenses
Cost avoidance savings
Cost of purchasing units
Cost of rush implants
Cost of rush shipments
Cost per unit
Cost to schedule product deliveries
Direct labor cost
Direct material cost
Direct product cost
Distribution costs (warehousing)
Insurance and taxes cost
Internal logistics cost
Inventory carrying costs
Inventory holding costs (IHC) as % of gross sales
Inventory holding costs (IHC) as % of inventory value
Inventory management cost as % of gross sales
Opportunity costs
Outsourced logistics cost
Parts costs per total costs
Repair cost per return
Scrap and rework cost
Shrinkage cost
Stock costs
Stock value
Total backorder costs
Total costs
Total logistics wage
Total obsolescence
Total spend expenses
Total value of goods returned
Travel & entertainment costs as % of gross margin
Travel & entertainment costs as % of increased revenue
Unit cost per batch
Warranty cost per item sold

Cycle Time

Cash to cash cycle time
Customer order actual cycle time
Customer order cycle time
Customer order promised cycle time
Cycle Time of purchase order
Expected customer order cycle time

24. Procurement

Finished product cycle time

Internal cycle time receipt of material

Inventory replenishment cycle time

MRP exemptions cycle time

Order fulfillment cycle time

Production cycle time

Purchase order cycle time

Schedule product deliveries cycle time

Schedule production activities cycle time

Supply chain cycle time

Inventory

Altman Z-Score for privately held manufacturing companies

anticipation stock

consignment stock

days sales of inventory (DSI)

decoupling stock

% of correctly picked line items

% of duplicate stock #s

% of Inventory items incorrectly located

% of inventory items with incorrect stock balances

% of safety stock used

% of safety stock used in measurement period

% of slow moving products

% of stock available at customers first request

% of stock controlled SKUs

24. Procurement

- % of warehouse shrinkage
- % out of stocks
- % part of flow which is through stock
- % sales order cancellation rate
- % scrap rate
- % slow moving stock
- % spoilage rate
- Actual inventory turnover for period
- Average age of inventory
- Average picks per order
- Beginning inventory (BI)
- Early PO Receipts to PO due date
- Early receipts to MRP date (required date)
- Ending inventory
- Gross margin return on inventory
- Independent demand ratio
- Inventory carrying rate
- Inventory lead time
- Inventory months of supply
- Inventory service level
- Inventory turnover rate
- Inventory turns ratio
- Planned inventory turnover for period
- Sell through %
- Size of safety stock
- Stock cover
- Stockouts in period
- Surplus inventory
- Value of obsolete stock

Materials

- # of material and other accessory
- # of material defect
- # of material spent in using ratio of material allowed
- % of damage material by error of workers
- % of material defect by causes
- % of perfect order measure / fulfillment
- % time spent picking back orders or stock-outs
- Lost ratio of material per order
- Material value add
- Raw materials availability

Outsourcing

- % actual vs. estimated savings
- % of invoices disputed
- % of key stakeholders satisfied with suppliers

24. Procurement

% of suppliers screened on human rights

% of user complaints due to contracted services

Outsourcing and off-shoring production

Vendor/client quality calibration variance

Purchasing

of items billed but not received

of items on the hot list

of new suppliers per year

of orders received with no purchase order

of suppliers accounting for 80% of the value of goods

of suppliers be removed per year

of suppliers of goods per year

of times per year line is stopped due to lack of supplier parts

requisition, purchase order, or invoice transaction volume

% decrease in parts cost

% key suppliers accounting for 80% of spending

% local suppliers

% of defect-free supplier model parts

% of discount orders by consolidating

% of errors in purchase requisitions

% of errors in stocking

% of late deliveries

% of lots received on line late

% of parts with two or more suppliers

% of purchase orders returned due to errors or incomplete description

% of suppliers with 100 % lot acceptance for one year

% of supplies delivered on schedule

% of time parts are not in stock when ordered from common parts crib

% quantity bought over required

Actual purchased materials cost per budgeted cost

Average time to fill emergency orders

Average time to replace rejected lots with good parts

Customer dissatisfaction index - replacement

Customer satisfaction index - OEM

Errors per purchase order

Expeditors per direct employees

Labor hours per \$10,000 purchases

Negotiated cost reduction savings

Purchase order cycle time

Purchase price variance

Purchasing cost

Ratio of material allowed

Routing and trace errors per shipment

Supplier parts scrapped due to engineering changes

24. Procurement

Suppliers rating

Time of product in shipment

Time required to process equipment purchase orders

Time to answer customer complaints

Total products blended for third parties

Total products manufactured for third parties

Transaction cost unit of purchasing

Shipping

of accidents per month

of bill of lading errors not caught in shipping

of complaints on shipping damage

of operating forklifts

of orders shipped

of orders shipped inline with requested date

of orders shipped on time

% delivered in-full, on-time

% deliveries on behalf of other branches

% delivery in full on time

% delivery on time

% delivery with not enough quantity

% driver utilization

% items delivered

% items tracked with radio frequency identification

% of control charts maintained correctly

% of daily reports in by 7 am

% of facilities on schedule

% of invalid test data

% of jobs that meet cost

% of jobs that meet schedule

% of late shipments

% of on time ship rate

% of on-time delivery

% of operators certified to do their job

% of orders shipped inline with requested date

% of output that meets customers orders and engineering specifications

% of parts not packed to required specifications

% of product defect-free at measurement operations

% of products defective at final test

% of products error-free at final test

% of shipments below plan

% of shipping errors

% of time log book filled out correctly

% of utilities left improperly running at end of shift

% of vehicle utilization

24. Procurement

- % on time deliveries
- % on time in full (OTIF)
- % orders delivered with damaged products/items
- % packaging to product ratio
- % part of logistics flow which is cross-dock
- % performance against standards
- % pilferage rate
- % reduced deviation to advance shipment notification
- % reduced deviation to transport routing
- % supplier on-time delivery
- % unplanned overtime
- Cases fill rate
- Count of on-time stock keeping units
- Delivery performance - OEM
- Quantity per shipment
- Replacement parts defect rates
- Stock keeping units fill rate
- Time and/or claiming errors per week
- Time between errors at each operation
- Value of fill rate
- Value of orders shipped on time

Supply Chain

- # of active suppliers per supply employee
- # of missed deliveries per million
- % of (preferred) suppliers not used in last 12 months
- % of active suppliers that are e-procurement enabled
- % of backorders
- % of EDI transactions
- % of emergency purchases
- % of forecast Accuracy
- % of in advance procured travel booking expenses
- % of inventory accuracy
- % of lowest air fare acceptance
- % of orders based on framework/standard contract
- % of orders delivered in full
- % of orders delivered to customer in the committed date
- % of orders that were captured with incorrect attributes
- % of orders that were delivered with requested documentation
- % of payable invoices without purchase order
- % of preferred hotel usage
- % of procurement requests satisfied by preferred suppliers
- % of purchases made from contracts/frameworks
- % of receipts of formal bids & proposals via the Internet
- % of schedules changed within supplier's lead time

24. Procurement

% of standard tender/bid procedures
% of suppliers that are responsible for 80% of spend
% of time spent picking back orders
% of total procurement spend offshore
% of total procurement spend onshore
% of total spend managed/controlled by procurement
% of total spend via e-auctions
% of total spend via e-procurement
% of total spend with diversity suppliers
% of uninterrupted orders
% of value of orders based on standard/framework contract
% requested time in full (RTIF)
Average # of modifications to orders
Average # of requests for information to suppliers for orders
Average days per engineering change
Average days per schedule change
Average release cycle of engineering changes
Average size of discounts of items
Average time to procure
Average value of orders
Delivery schedule adherence (DSA)
Fill rate
Managed procurement spend outsourced as a % of total spend
Product lead time
Production equal to demand (supply vs. demand curve)
Scrap value %
Test cycle time
Time needed to obtain additional capital
Time needed to obtain additional equipment
Time needed to recruit/hire/train additional labor
Total negotiated cost reduction savings
Total procurement spend as % of sales
Total supply chain management cost
Total value of orders
Upside supply chain flexibility
Write-off %

Tendering

of quotations invited
of single source tenders
of suppliers accounting for % of spend
of suppliers paid
of tenders invited
% of RFPs that needed to be improved based on supplier responses
% value of orders covered by contracts

24. Procurement

Average # of responses received to RFPs

Average cost of a tender/bid procedure

Average time to complete tendering/bidding

25. Project Management**Project Administration**

milestones per project plan

of milestones missed

of new project/program issues

of non conformities during vendor inspection

planned hours per task

% of "killed" projects

% of assigned FTE actually working on project

% of early no's on project proposals

% of FTE actually working on project that were not initially assigned

% of milestones missed

% of time coordinating project

% progress reports submitted as planned

% resource planning

Asset Yield

Average # of interdependencies between project tasks

Average # of projects managed by project managers

Average # of years working as project managers

Break-even time

Deviation of planned break-even time

Deviation of planned hours of work

Deviation of planned time schedule for project/program

Effective planning %

Estimate at completion (EAC)

Internal rate of return (IRR)

Modified internal rate of return (MIRR)

Net present value (NPV)

Project issue queue rate

Project issues addressed ratio

Ratio of project managers to total project staff

Requisition to item issuance time

Schedule variance (SV)

This can be applied to (IT) projects/programs Source

Project Control

conflicts arisen during the project

of un-staffed hours

% decrease in complaints after project execution

% of delivered projects with incorrect feasibility assumptions

% of overdue project status reports

25. Project Management

% of overdue project tasks
% of projects "in control"
% of projects following standards
% of projects on time
% of projects or resources allocated through business unit approval
% of projects receiving Quality Assurance review
% of projects that are prioritized according to business needs
% of projects with a testing plan
% of projects with high risk profile
% of projects with missed milestones
% of projects with non-ideal resource assignment
% of projects with post-project review
% of projects with scope changes
% of projects without deviation of planned hours of work
% of projects without deviation of planned time schedule
% of projects/programs with company sponsor
% of under-staffed projects
% overdue project tasks
% project schedule variance
% projects on time
% time spent as planned
Average # of alterations made to project definitions
Average # of interdependencies between projects
Average # of milestones per project plan
Average # of people assigned per project/program
Average age of project status reports
Average amount of overspending on project time
Average break-even time of projects
Average budget size of projects
Average delay in production of progress reports
Average deviation of planned budget of projects
Average deviation of planned duration of projects
Average deviation of planned net present value (NPV) of projects
Average overdue time of project status reports
Average project duration
Average risk profile for projects/programs
Average stakeholder satisfaction with outcome of projects
Average stakeholder satisfaction with project management
Estimate to complete
Project time predictability
Resource utilization (%)
Total deviation of time in projects
Total project/program delay

25. Project Management**Project Cost & Budget**

- # project cost performance index
- # project cost schedule index
- % budget allocated to budget spent ratio
- % of projects on budget
- % of projects on time and on budget
- % of projects without deviation of planned break-even time
- % of projects without deviation of planned budget
- % of projects without deviation of planned ROI
- % project budget variance
- % projects on budget
- Actual cost of work performed (ACWP)
- Average amount of overspending on project budget
- Average deviation of planned break-even time of projects
- Average deviation of planned ROI of projects
- Average project/program ROI
- Budget at completion (BAC)
- Budgeted cost of work performed (BCWP)
- Budgeted cost of work scheduled (BCWS)
- Cost performance index (CPI)
- Cost schedule index (CSI)
- Cost variance
- Cost-/benefit estimation %
- Deviation of planned budget
- Deviation of planned ROI
- Engineering costs as % of total installed costs (TIC)
- Project cost predictability
- Sum of costs of "killed" projects
- Total deviation of planned budget of projects

Value Management

- # project schedule performance index
- # to complete schedule performance index (TSPI)
- # to-complete performance index (TCPI)
- % of projects with non-positive ROI
- % of projects with pre-defined ROI
- % of projects without deviation of planned net present value (NPV)
- % profitable projects
- % successful projects
- Average net present value (NPV) of projects
- Deviation of net present value (NPV)
- Earned revenue to total expenses
- Return on investment (ROI)
- Schedule performance index (SPI)

26. Quality Improvement**Benchmarking**

- # of benchmark survey
- % of benchmarking activities that result in implementation of enhancements
- Average cost of benchmarking study
- Average time to complete benchmarking study

Document Management

- # of documents that have not been removed after end-of-life
- % of documents in non-enterprise repositories
- % of documents not accessed regularly
- % of documents not stored in document management system
- % of duplications/document variations
- % of enterprise documents accessible to search engine
- % searches resulting in a document being opened
- Average frequency of updates of documents
- Document storage costs
- Ratio of paper to electronic documents
- Time to respond to legal discovery of records

Improvement

- # of (internal) control improvement initiatives
- % of time of employees available for improvement activities
- Average age of knowledge assets
- Average lead time to respond to ideas / suggestions
- Average value of ideas / suggestions implemented
- Frequency of use of knowledge assets
- Idea conversion rate
- Total turnaround time (per business process)
- Training penetration rate

Performance

- % of goals accomplished from most recent strategic plan
- % of KPIs outside set objectives
- % of KPIs that are automatically measured
- % of KPIs that are improved
- % of KPIs that are worsened
- % of KPIs that do not reflect business goals
- % of KPIs within set objectives
- % of measured KPIs
- % of strategic budget cuts vs. % budget cuts through across-the-board cuts
- Average data collection costs per KPI
- Average KPI improvement
- Cost of KPI measurement

Quality Assurance

- # of audit finding closing more than two weeks
- # of audits performed on schedule

26. Quality Improvement

of committed supplier plans in place
of complaints from manufacturing management
of customer calls to report errors
of customer complaint due to quality of services
of customer complaints
of customer surveys
of engineering changes after design review
of errors detected during design and process reviews
of errors in reports
of manufacturing interruptions caused by supplier parts
of minor finding on ISO 9001 Internal Audit
of postponed ISO 9001 Internal Audit caused by Auditor
of problems identified in-process
of process changes after process qualification
of reject orders not dispositioned in five days
of requests for corrective action being processed
% error in predicting customer performance
% error in reliability projections
% of correlated test results with suppliers
% of customers given satisfaction surveys
% of employees active in professional societies
% of errors in defect records
% of field returns correctly analyzed
% of improvement in early detection of major design errors
% of lab services not completed on schedule
% of lots going directly to stock
% of part #'s going directly to stock
% of problems identified in the field
% of product that meets customer expectations
% of QA personnel to total personnel
% of QE to product and manufacturing engineers
% of qualified suppliers
% of quality inspectors to manufacturing directs
% of reports published on schedule
% of responses to survey
% of suppliers at 100 % lot acceptance for one year
% product cost related to appraisal scrap and rework
% size of the sample group that is surveyed
% skip lot inspection
Cost of scrap and rework that was not created at the rejected operation
Receiving inspection cycle time
Time required to process a request for corrective action
Time to identify and solve problems
Variations between inspectors doing the same job

26. Quality Improvement**Six Sigma**

- # of defects
- # of opportunities for a defect
- % of cost savings attributed to use of Six Sigma
- % of internal Black belts
- % of internal Greenbelts
- % of profit increases attributed to use of Six Sigma
- Average experience with Six Sigma
- Defects %
- Defects per million opportunities (DPMO)
- Defects per unit (DPU)

27. Real Estate**Property Management**

- # of crisis housing
- # of long term housing
- # of new properties
- # of properties removed
- # of tenants requesting maintenance
- # of transitional housing
- # of urgent repairs
- # space usage efficiency
- % of homes which are non-decent
- % of Repairs completed within timeframe
- % office capacity ratio
- % real estate capital ratio

Property Sales

- % construction cost in use
- % price-to-income ratio
- Average fee per property sale
- Average length of time property takes to sell
- Average property management fee per property manager
- Real estate cost per sales lead
- Real estate sales leads generated per ad per day

Rental

- # of rental properties
- # of tenancy units
- # of tenants dissatisfied with maintenance
- # of tenants providing feedback
- # price-to-rent ratio
- % late rent payments
- % of empty rental properties (vacancies)
- % of revenue from booked flat to the total cost to be incurred
- % of revenue from customer to % completion of project

27. Real Estate

- % of tenants evicted as a result of rent arrears
- % of tenants in arrears who have had notices of seeking possession served
- % of tenants with more than x weeks of arrears
- % vacancy ratio
- Average # of tenancies managed per property manager
- Average property management fees per tenancy
- Average relet time
- Average time taken to relet empty homes
- Housing energy efficiency
- Rent arrears as % of rent due
- Rent collection as % of rent due

28. Research & Development**Cost & Budget**

- % change in administrative and operational cost
- % expenditure by introducing innovations
- % hours with innovations
- % idea conversion rate
- % license costs of total R&D cost
- % license revenues to total R&D costs
- % market share increase due to R&D
- % product design cost accuracy
- % products meeting cost target
- % R&D budget allocated to new product development
- % R&D budget allocated to product improvements and extensions
- % R&D budget from total budget
- % R&D budget spent on new innovations
- % R&D projects involving customers
- % R&D staff involved in customer contacts
- Average development costs per new product

Enterprise

- # frequency of meetings per group
- % of products capturing 50% or more of the market
- % of R&D expense as a % of revenue
- Average engineering change cycle time
- Breakeven time or time-to-profitability
- Current year % of revenue from products developed in the last "X" years
- Development cycle time trend (normalized to program complexity)
- Proposal win rate
- R&D headcount and % increase/decrease in R&D headcount
- Total patents filed/pending/awarded per year

Innovation

- # e-public sector as an active partner in the innovation system
- # new product/service ideas proposed

28. Research & Development

- # of collected ideas that were developed further
- # of collected ideas that were implemented
- # of ideas developed
- # of new products
- # of new techniques identified
- # of new technologies adopted
- # of system improvements implemented
- % dedicated resources for radical innovation
- % of ideas from outside the organization
- % of ideas that are funded for development
- % of ideas that are killed
- % of investment in non-core innovation projects
- % of new customers from new products / services
- % of sales due to launched product/services
- % of senior management time invested in growth innovation
- % retained or evaluated ideas
- % training programs for newly introduced innovations
- Average # of prototypes per new product
- Average age of patents
- Average number of patents per researcher
- Average prototyping speed
- Average time-to-profitability for changes to existing products/services
- Average time-to-profitability for new product/service
- Customer satisfaction with new products / services
- New product sales cannibalization ratio
- New product turn around time
- Ratio of # of concepts to actual products
- Research idea conversion rate
- Total funds invested in non-core innovation projects

Knowledge Management

- # drop in time due to knowledge management
- # knowledge management briefings and communication sessions facilitated
- % employees trained in Knowledge Management (KM) practices
- % savings due to knowledge management initiatives

Monitor Competitors

- # of new techniques/innovations patented
- # of new techniques/innovations patents pending
- Perceived advantage in the market against actual
- Perceived degree of competition

Organization/Team

- # bulletins distributed to employees
- # divisions represented per group
- # employees in R&D
- # ideas put forward by individuals to team leaders

28. Research & Development

- # members per group
- # of program management
- # time to respond to ideas / suggestions
- % academic scientific staff
- % core team members physically collocated
- % cost performance
- % employees involved in the innovation process
- % meetings involving external experts
- % new academic research recruits in R&D
- % of balanced team scorecard
- % of milestone dates met
- % of schedule performance
- % project personnel receiving team building/team launch training/facilitation
- % staff involved in groups
- % students participating in research activities
- Actual staffing (hours or headcount) vs. plan
- Average training hours per person per year or % of payroll cost for training annually
- IPT/PDT turnover rate or average IPT/PDT turnover rate
- Milestone or task completion vs. plan
- On-schedule task start rate
- Personnel ratios
- Phase cycle time vs. plan
- Ratio of experts to practitioners to novices per group
- Staffing ratios (ratio of each discipline's headcount on project to # of design engineers)
- Time-to-market or time-to-volume

Process Development

- # of services processes
- % data loss cases that affected the operational effectiveness
- % electronic files backup
- % growth of input in knowledge base
- % of proof of concept accepted/rejected
- % paper to electronic document ratio
- % R&D alliance to meet expected standards
- % safety testing
- % success in determining ideal levels
- % success of performance delivery mechanisms
- % time d for data gathering
- % time for completing standard documents
- % time to correct the loss due to mismanagement of data
- Average time to break-even
- Efficiency of product processes

28. Research & Development**Product Assurance**

of open action items
of parts procurement
% of build-to-packages released without errors
% of parts with no engineering change orders
% of testable requirements
Actual MTBF / predicted MTBF
Cost of safety certifications
Design review cycle time
Field failure rate
Process capability
Product yield

Product Cycle

concept approval cycle time
of design/build/test iterations
of parts / # of parts for last generation product
% of parts or part characteristics analyzed/simulated
% of parts that can be recycled
% of parts used in multiple products
Average # of components per product
Breakeven time
Defects per million opportunities or per unit
Engineering changes after release by time period
Expected commercial value
Failure rate per unit of hours of operation
Field failure rates per unit of time
Labor hours or labor hours / target labor hours
Material cost or material cost / target material cost
Mean time between failures (MTBF)
Mean time to repair (MTTR)
Net present value of cash outflows for development and commercialization and the inflows from sales
Product general availability (GA) date vs. announced GA date or planned GA date
Product performance or product performance / target product performance
Product ship date vs. announced ship date or planned ship date
Production ramp-up time
Production yield
Unit production cost / target cost

Product Design

of approved projects ongoing
of design review changes / total terminations or connections
of design review deficiencies / # of parts
of development work-in-progress

28. Research & Development

of drafting errors / # of sheets
of ideas/proposed products in the pipeline or the investigation stage (prior to formal approval)
of post-design release changes / total terminations or connections
of print changes / total print features
of prototype designs developed
of prototype iterations
of prototypes designs abandoned
of prototypes designs pending
of R&D units active
of R&D units inactive
% drawing growth (unplanned drawings / total planned drawings)
% fault coverage or # of faults detectable / # of possible faults
% fault isolation
% hand assembled parts
% innovations for customer use
% of parts modeled in solids
% of projects approved at each gate review
% of understanding the requirement through market research
% R&D resources/investment devoted to new products (versus total of new products plus sustaining and administrative)
Cancelled projects and/or wasted spending last 12 months
Cost of investment
Development turnover (annual sales divided by annual average development work-in-progress)
Expected cost of investment
Failure rates of prototypes
First silicon success rate
New applications devised
New products completed/released to production last 12 months
Pipeline throughput rate
Portfolio balance by project/development type
Productivity rating or assembly efficiency
Ratio of research and development
Transistors or gates designed per engineering man-month

Research

ideas submitted per researcher per year
of invitations to address and participate in conferences/year
of patent applications per R&D spend per year
of patents
of patents/year
of peer-reviewed articles published
of publications/year
patents issued at national level

28. Research & Development

- % increase in searches per repository
- % influences of culture of society
- % of higher degree employees
- % of hours spent on R&D
- % of license costs of total R&D cost
- % of license income to total R&D cost
- % of patents for sale
- % of R&D cost related to new product development
- % of R&D cost related to product improvements and extensions
- % of R&D financing by third party
- % of R&D projects involving customers
- % of R&D projects involving pre-competitive research with competing companies
- % of R&D projects involving universities / research institutes
- % of R&D resources by total resources
- % of rejected patents
- % of researchers moving from R&D to start up own business
- % of researchers supported with grants
- Average application time for patents
- Average time from idea to first patent filing
- Design to cost accuracy
- Patent applications as a % of invention disclosures
- R&D costs as % of total costs
- R&D expense
- R&D expense by total expenses
- R&D productivity based on gross margin
- R&D resources by total resources
- R&D spend as % of revenue
- Total investment in research

Software Engineering

- # double customers in the master data
- # of software defects per week
- Code review errors per KSLLOC
- Design review errors per KSLLOC
- Man-hours per 1,000 software lines of code
- Man-hours per function point
- Software problem reports (SPR's) before release per 1,000 software lines of code (KSLLOC)
- SPR fix response time
- SPR's after release per KSLLOC

Specifications

- # of customer needs identified
- # of discrete requirements identified (overall system and by subsystem)
- # of in-process design changes / # of parts

28. Research & Development

of requirements/specification changes (cumulative or per unit of time)
of to-be-determined (TBD) requirements / total requirements
prototypes per new product
steps to modify a document
% of requirement deficiencies at qualification testing
Requirements change rate (requirements changes accepted / # of requirements)
Requirements creep (new requirements / # of requirements)
Verification % (# of requirements verified / # of requirements)

Suppliers Involvement

of parts per supplier
of suppliers
% of certified suppliers
% of standard or preferred parts
% of suppliers engaged in collaborative design

Technology

of possibilities identified to make
of possibilities identified to sell
of repackaged technologies
% of documents accessible through search engine
% of documents digitally archived
% of team members with video-conferencing/desktop collaboration access/tools
% team members with full access to product data and product models
% unnecessary data duplicates
% use of groupware
% use of intranet
Analysis/simulation intensity (analysis/simulation runs per model)
CAD workstation ratio (CAD workstations / # of team members)
Technical rating of product

29. Sales & Marketing**Advertising**

audience reach
of events participated
of marketing communication tools
of people asked after advertising program
of people asked to buy products advertised after advertising program
of people bought products
of sales of products advertised before and after the advertising program
viewership of advertisements
% inquiries growth following campaign
% of advertising spend of total spend of main competitors
% of awareness of advertising messages

29. Sales & Marketing

- % of awareness of the product
- % of campaigns that fail to start in due time
- % of effective reach
- % of new revenue
- % of people remembering message
- % of people understanding message
- % of preferred customers with messages and advertising program
- % of sales after the promotion and sales turnover before the promotion
- % of sales in promotion period and before the promotion
- % of targeted-audience that is exposed to a particular ad
- Average exposure to advertisement
- Average response rates of campaigns
- Awareness growth % following campaign
- Contact rate
- Gross rating point (GRP)
- Inquiries growth % following campaign
- Rating by customers of advertising messages
- Sales lead value ratio
- Target Rating Point
- Turnover rate before and after the promotion

Brand Marketing

- # of brand strength level
- # of negative media coverages
- % audience share
- % brand awareness
- % brand knowledge
- % consumer awareness
- % of brand awareness
- % of brand consideration
- % of brand credibility
- % of brand relevance
- % of consumer retention of commercial messages
- % response rate
- Brand equity
- Growth sustainability rate of brand
- Q score to measure the familiarity and appeal of a brand
- Return on investment (ROI) of brand
- Revenue generation capabilities of brand
- Transaction value of brand

Cost & Budget

- # of promotional costs
- % coupon conversion
- % product shelf-space profitability
- Actual cost versus budget

29. Sales & Marketing

- Average customer acquisitions costs
Average discount margin % of items sold
Average discount margin monetary value of items sold
Average new revenue per customer
Average pay per employee
Bad debts as a % of credit sales (ex VAT)
Bonus payout as a % of the total possible
Cash flows from operating activities
Core earnings per share (CHF)
Cost of advertising on the 1000 target audiences
Cost of all deliveries per month
Cost of lead - average
Cost of sales / customers
Cost of sales force
Cost of services per customer
Cost of wages
Cost per # of engaged prospects
Cost per broadcast hour
Cost per customer
Cost per delivery per customer
Cost per exposure
Cost per lead
Cost per mille (CPM)
Cost per sale - average
Cost premises / sales turnover
Customer acquisitions costs as % of sales value
Debtors outstanding (days)
Equity ratio
Income taxes
Income taxes as % of sales
Marketing expenses
Marketing cost as a % of sales
Net assets
Net cash
Net financial income
Notice to sales budget delivery period
Operating free cash flow
Operating free cash flow as % of sales
Operating profit before exceptional items
Operating profit margin
Profit from continuing business
Promotional sales premiums
Salaries & related costs as a % of gross margin
Salaries & related costs as a % of total sales

29. Sales & Marketing

- Salaries and sales commissions
- Salary costs / sales turnover
- Sales compared to budget/target
- Sales Costs
- Selling hour value
- Shortages/overages in cash registers
- Support cost per customer in community
- The cost of wages
- Total cost of customer acquisition
- Total sales revenues / year
- Transport costs as a % of delivered sales

Customer Loyalty

- # of customers do not buy our goods again
- % customer loyalty (>2 years)
- % dormancy rate
- % of customer loyalty loss
- % of customer purchase up 2 / total customers
- % of customers back
- % of customers retained in a given time period
- % of lost customers lost after purchasing first time
- % of new customer
- Average lag time between customer purchases
- Life cycles of a customer
- Sale increase % due to loyal customers
- Total customer lost

Customer Satisfaction

- # of customer claims
- # of customer satisfaction reports
- # of dispute complaints
- # of enquiries
- # of individual customer service reports
- # of initiated support tickets per customer per period
- # of meetings
- # of new customers
- # of new service stations
- # of purchase
- # of recognition certificates
- # of requirements identified through market study
- # of visits to customers
- % complaints are resolved in the first time
- % complaints resolved within agreed time
- % customer complaints due to quality of services
- % customer satisfaction with new products and services
- % documentation of customer feedback

29. Sales & Marketing

- % good relationship with customers
- % of applications approved
- % of complaints by sector
- % of customer claims
- % of customer service requests answered in given time frame
- % of market returns on total sales quantity
- % of rapid response
- % orders delivered in full
- % orders delivered on time
- % product damage
- % product returns
- % Sales turnover of new customers
- % served market
- % service performance against standard criterion
- % users satisfied with service responsiveness
- Alternative format bills sent
- Average time from customer contact to sales response
- Brand-image index
- Customer satisfaction rate
- Customer satisfaction rating
- Delays in delivering to customers (customer goodwill)
- First request versus agreements
- First request versus negotiated
- Mystery shopper index
- Mystery Shopper rating
- Order entry accuracy
- Respond to customers in (< 30 minutes)
- Retention rates
- Successful visits
- Time to turn round complaints
- Travel time as a % of total planned time
- Visits made - % to peers

E-Commerce

- # new customer on first visit ratio
- # of depts. using IT systems
- # of depts. using websites
- # of goods / order
- # of invoices
- # of orders
- # of orders per customer per year
- # page per session
- # page redirect latency
- # session think time
- # unique authenticated visitors

29. Sales & Marketing

- # visitor regency
- # visits per visitor
- # visits to purchase
- # web traffic concentration
- # website success rate
- % bounce rate
- % conversion rate
- % new visitors
- % of canceled checkouts

- % of low value invoices by value
- % of low value orders by value
- % of new customers
- % of returning customers
- % page exit rate
- % revenue from new visitors
- % visits under one minute
- Average # of items per purchase
- Average days to purchase
- Average lifetime value of customers
- Average order size
- Average order value (AOV)
- Average time on page
- Average time on site
- Average visits to purchase
- Cart conversion rate
- Checkouts per cart
- Coupon conversion %
- Frequency of sales transactions
- Order session %
- Shopping cart abandonment rate
- Value of invoices
- Value of orders

E-Marketing

- # of ads served
- # of changes in product schedules
- # of direct access increase
- # of forecasting assumption errors
- # of page views / visitor
- # of project plans that meet schedule, price, and quality
- # of reference site (from any site which links to our Website)
- # of source access to our Website
- # of upward pricing revisions per year
- # visitors of left page

29. Sales & Marketing

- % left web just after visiting (Bounce Rate)
- % of bounced emails
- % of emails that are opened
- % of out-of-office replies
- % of responses to opened emails
- % of responses to sent emails
- % of return of the old visitors
- Ad click-through ratio (CTR)
- Advertising revenue
- Average # of ad units served per visit
- Average cost per click (CPC)
- Average revenue per ad served
- Cancellation rate of payment / cart
- Conversion rate of marketing/sales campaigns
- Cost per action (CPA)
- Effective cost per mille (eCPM)
- Forward Email to a Friend %
- Opt-out %
- Revenue from online ads

- Success rate of campaign
- Time to load web site
- Value of the average order

Lead Generation

- # of deals in the sales pipeline
- # of junk leads
- # of leads/period
- # of new leads per week/month
- # of pre-sales reference calls (to other customers)
- # of qualified leads/period
- # of sales leads to be generated to achieve revenue goal
- # selling opportunities
- % of delayed opportunities
- % of neglected opportunities
- Average new appointments generated per sales rep
- Average new-hire ramp-to-quota
- Conversation-to-appointment ratio
- Delays in addressing new leads
- First appointment to sales proposal ratio
- Ratio of qualified to non-qualified leads
- Time to qualified lead - average

Market Share

- # market share rank
- # of geographical areas

29. Sales & Marketing

- # of research and development projects
- # relative market share
- % market share
- % of customer acquisition
- % of customer attrition
- % of sales turnover of the company compared with sales of the entire sector
- % share of voice (SOV)
- Compare market share to growth rate
- Dealer sales in IG
- Direct communications to customers per year
- Exit # of unprofitable markets
- Increased % of market
- Introduce product to # of new market
- Investment in development of new markets
- Investment in new product support and training
- Investment in training by # of customers
- Launch of new products
- Lost to competitors
- Market share %
- Market share against competitors
- Market share gain comparison %
- Market share of the company compared with the entire market
- Research and development as % of sales
- Sales per channel
- Sales volume

Online Journal

- # of commentators
- # of subscribers
- % of new commentators
- % of unique visitors / members commenting
- Average # of new blog entries
- Average # of trackbacks per blog post
- Average comments per blog post
- Average new visitors per blog post
- Average returning visitors per blog post
- Average thread length in comments
- Average word count in blog post
- Average word count of comments
- Frequency of blog posts

Packaging

- % corrective actions in production taken within 24 hours for each non-compliance
- % quality of packaging (materials or other)

29. Sales & Marketing

% quality of presentation
 % variation reports to production
 Customer complaints packaging
 Customer complaints undeliverables

Public Relations

of article placements in trade magazines
 # of customer complained about the company
 # of customer write about feelings sent to newspapers
 # of customers who nominate recent media item as reason for their inquiry
 # of media agencies has posted messages on business
 # of phone calls to the company for more information
 # target rating points (TRPs)
 % of awareness of customers and the public image of the product and business
 % of awareness of the enterprise through the public relations
 % of awareness of the product through the public relations
 % of negative (bad) online buzz
 % of positive (good) online buzz
 % of press releases that are picked-up by media
 Average # of media that pickup story per press release
 Column-inches of articles appearing in publications
 Minutes of airtime in TV/radio media
 Ratio positive to negative editorial articles
 Volume of online buzz

Retail

of contracts signed
 # of sets of customer requirements identified
 # of SLAs signed
 # stock rotation
 % increase in volume of sales during promotion
 % inventory turns
 % invoice accuracy
 % markdown goods
 % of technology skills (e.g. POS Equipment)
 % of perishable items with past due date
 % of retail stores audited on hygiene and quality criteria
 % of spaces occupied by tenants
 % of spaces unoccupied
 % of total stock that is not displayed to customers
 % on time delivery to customer
 % product share on shelf
 % product visibility on shelf
 % sales by department or product category
 % same store sales growth

29. Sales & Marketing

- % store conversion rate
- Average lead time per order
- Collected sales as a % of Ex stock sales
- Conversion rate (customer into sale)
- Delivered sales as a % of Ex stock sales
- Direct sales as a % of total sales
- Direct sales per employee
- Ex stock sales as a % of total sales
- Ex stock sales per employee
- Markdown goods %
- Price premium
- Promotion share
- Sales turnover / location
- Scanning % in store
- Total sales at stores open at least a year
- Turnover of average stock
- Units per customer/transaction

Sales

- # new customers
- # of customer deliveries
- # of new product ideas
- # sales as a result of the average purchase
- % converting enquiries into orders
- % new products sales cannibalization ratio
- % of ideas from customers/prospects/community
- % of repeat business turnover
- % of sales lost
- % of sales revenue via partner channel
- % of win backs
- % sales quota attainment
- % sell-through
- Accuracy of the sales forecasting
- Achieve x % price increase
- Age of sales forecast
- Average customer time spent before purchase
- Average deal size in sales pipeline
- Average sales per 100 customers
- Closing ratio
- Early sales growth %
- Idea to development initiation cycle time
- Involuntary customer churn
- New account cycle time
- New product / service analysis
- New product / service launch adoption

29. Sales & Marketing

Numeric product distribution

Region

Sales by period

Sales by product line

Sales growth

Sales Increase / (Decrease) over previous year

Sales of a product as % of total sales of the company

Sales order by FTE

Sales per hour

Sales per square foot

Sales per storefront

Sales productivity ratio

Sales to-date

Sell cycle

Sell-through %

Time taken to turn round

Total amount of deal size in sales pipeline

Total sales

Total sales per employee

Up sales/cross sales

Value of sales lost

Value of sales lost by reason

Value to volume ratio

Voluntary customer churn

% of sales reps at or above sales quota

% sales team trained

Average response time to business partner request

Average sale turnover/ per sales staff

Average sales revenue per sales person

Average time for a coaching staff sale achieve the target sales of the company

29. Sales & Marketing

- Average turnover / customer / sale staff
- Cost to gain new customers
- Members at team meetings
- Opportunity success rate
- Repeated lost sales by individual salesmen
- Time to answer a request by customers
- Total costs to gained a new customer
- Total sales of sale staff / total customers of each sale staff
- Total sales turnover of the entire staff / # of sale employees
- Total savings generated
- Total time to recruit and train sale rep to meet sale standards

Sales Revenue

- # gross rating points (GRPs)
- % error in sales forecasts
- % increase in re-purchases following the execution of the project
- % of income from return customers
- % of online sales revenue
- % of profit / capital
- % of profit / per shop
- % of repeat business
- Activated new business value
- Annual sales per customer
- Average customer size
- Average product price (APP)
- Average revenue per sale
- Average sale per customer/transaction
- Average sale per VIP customer
- Average sales per customer per year
- Average value of customer baskets
- Average value of private-label
- Average weekly sales per city
- Average weekly sales per store
- Customer profitability
- Customer service expense per year
- Customers per employee
- Gross margin as a % of direct sales
- Gross margin as a % of Ex stock sales
- Gross margin as a % of selling price
- Gross margin as a % of total sales
- Gross margin return on inventory investment
- Gross profit margin
- Gross profit per Employee
- Labor time as a % of total planned time
- Lifetime value of a customer (LTV)

29. Sales & Marketing

- Lifetime value of customers
- Net profit after interest per employee
- Profit per customer visit
- Rate of profit of a customer
- Rate of service charges / profits
- Revenue per successful call
- Revenue won/lost due to exchange rates as a % of total revenue
- Revenue/adoption rate of new products from community vs. traditional sources
- Sales forecasting accuracy
- Sales turnover
- Spend per customer
- Total customer profitability

Shareholders & Investors

- % issues raised by business partners that are satisfactorily resolved in 24 hours
- % Reports submitted on-time
- Dividend as % of sales
- Dividend per share
- Market capitalization
- Payout ratio
- Price of non-voting equity security
- Total dividend
- Total shareholder return

Telephone Sales

- # of calls are not connected
- # of calls canceled after the guests have to wait too long
- # of guests answered out of 3 ring tone to your phone
- # of incoming calls but can not connect because telephone is busy or tailoring
- # of telephone sales made
- # of time that customers must wait to resolve
- % answer after time regulated (for example 5 seconds or 3 ring tone)
- % of calls in the meantime
- % of resolution in the first call
- % unique received calls
- Average time waited when transiting
- The average cost per call / per transaction
- Time to talk of an average phone calls

Website

- # of active buyers
- # of buyers
- # of completed profiles
- # of connections (between members)

29. Sales & Marketing

- # of friends met online that member has subsequently collaborated with
- # of friends met online that users have met offline
- # of groups (networks/forums)
- # of ideas that the user has gotten and then used in their work
- # of members
- # of page views
- # of unique visitors
- % of visitors entering booking system
- % unable to book (non-IE browser)
- Average time spent on site
- Booking income
- Conversion rate
- Cost per visit
- Money lost from non-IE visitors entering booking system
- New 'friends' after 30/60/90 days
- Non buying visitors as % of total
- Quality and speed of issue resolution
- Quality of non-buying visitors (% entering booking system)
- Quality of organic visitors (% entering booking system)
- Ratio of member to buyer
- Ratios of posts to comments to posts
- Visitors as a % of total hits
- Website word count

Website Access

- # of indexed pages
- # of internet channel feedback
- # of site access through search engines
- # of times website shows a 404 page
- # of unique visitors from all channels
- # of visits from all channels
- # of visits which access the site directly
- % at which visitors initiate transactions but do not reach the 'submit' page
- % of direct URL access
- % of Google backlinks/deeplinks
- % of new visitors
- % of server availability
- % of total visits arriving at the site from referral sites
- % of visits from searches corresponding to brand name
- % visitors initiate transactions at 'submit' page
- Average time on web site
- Average visit duration
- Bounce rate
- Heavy user share
- Index-to-crawl ratios

29. Sales & Marketing

- Keywords per page yield
- Natural traffic per keyword
- On-site search sessions %
- Referral %
- Revenue from organic search engine traffic
- Revenue per Visit
- Search engine keyword visibility ratio
- Search engine optimization rate
- Search engine ranking
- Site error messages
- Visitor per keyword yield
- Website success rate

30. Telecommunication**Coverage**

- # of new service connections
- # of service connection
- % of land covered with services
- % of land covered with telecommunication services
- % of population covered with services
- % of population covered with telecommunication services
- Access to customer service
- Average land unavailable to services
- Average population unavailable to services
- Reliability rate

Customer Satisfaction

- # of responses generated
- # of unresolved issues
- % of orders provided on time
- Average score from call monitoring
- Average score from external surveys
- Average score from internal surveys
- Average time frame for repairs and installations
- Average time to restore service
- Mean opinion score
- Mean time to detect problem

Revenue

- % of non-voice revenue
- Average revenue per employee
- Average revenue per subscriber
- Average revenue per user
- Average revenue realization
- Average revenue realization from each unit of usage
- Minutes of usage (MoU) per subscriber

30. Telecommunication

Prepaid average revenue per user

Revenue per voice-minute

Systems & Network

Bit error ratio (data, bits and elements transfer)

Bit rate (data, bits and elements transfer)

Call completion ratio

Cost of operational systems

Cost of support systems

Grade of service

Service life of equipment

Utilities

of prepaid lines

Access lines per call centre employee

Access lines per employee

Average service life

Bit error ratio

Bit Rate

Broadband subscribers as % of fixed voice lines

Contract-based

Digital video subscribers as % of fixed voice lines

MoU per subscriber for voice usage

31. Textile Production**Dyeing**

of fibers/yarn cross-section

Average % of fabric rejects

Color fastness

Energy consumption for drying and steaming

Levels of residues of heavy metal based dyeing salts

Pollution levels of chlorine-based dyeing agents

Pollution levels of Pesticide used in the garments

Uniformity in coloring

Water consumption for washing and dyeing

Processing

% of shrink resistance

Deviations in dimensions of the fabric

Variance in dye color

Variance in fabric specifications

Production Capacity

of new technologies introduced

% of current period / previous period

% supply / demand

Idle time

Technology rating compared to global standards

31. Textile Production

Time spent on repair and maintenance

Spinning

- # of abnormalities
- # of preventive measures taken
- % density
- % effectiveness of the measures
- % non-recyclable solid waste
- % process stoppage
- Amount of air pollution
- pH of sample

Textile Cost

- Cost of maintenance
- Cost of raw materials
- Overheads
- People costs

Weaving

- % deviation in thread quality
- % humidity of threads
- % of harness of threads
- % presence of carcinogens
- % reduction of pollutants post treatment

32. Transportation**Airline Customer Satisfaction**

- # baggage transfer time
- # of assistance to disabled passengers
- # of bags handled per month
- # of involuntary denied boarding per 10,000 passengers
- # of lost and misplaced luggage
- # of lost luggage reports per 1,000 passengers
- # of passengers per employee
- # of passengers per flight
- # of security services and measures
- % lost luggage
- % maturity of workforce
- % of e-tickets
- % of lost bags/luggage
- % of trained and qualified staff
- % online booking adoption rate
- % received with complete and accurate documentation
- Lost and misplaced luggage rate
- Work load units per employee

Airline Flight Cost

- # average fuel consumption

32. Transportation

- # revenue passenger-kilometer
- % passenger seats sold
- Actual passenger load factor
- Average # of flight hours per crew member
- Average aircraft landing fee
- Average flight distance per crew member
- Average ticket price
- Breakeven passenger load factor
- Cost per flight hour
- Crew operating cost
- Equity ratio
- Fuel cost as % of total costs
- Fuel costs as a % of operating costs
- Fuel costs per gallon
- Fuel per block hour
- Liquidity Ratio
- Lowest fare given
- Staff costs as % of total operating costs
- Staff costs as a % of turnover
- Staff costs as per employee
- Staff costs as per passenger
- Total airplane maintenance cost
- Total cost per available seat mile
- Total cost per flight hour controlled
- Total cost per Km controlled
- Total fuel cost
- Total operating cost
- Total operating costs per hour flown
- Total operating costs per passenger
- Total operating costs per revenue flight
- Total operating costs per work load units
- Total revenue per available seat mile

Airline Flight Revenue

- # of investment agreements
- # seat availability
- % empty running
- % fill rate
- % of aircraft utilization
- % of seats utilized (load factor)
- % of total revenue from non-aviation activities
- % of traffic revenue
- % transport capacity utilization
- Available seat per mile
- Available seats per departure

32. Transportation

- Average revenue per flight
- Basic earnings per share
- Freight or cargo revenue
- Operating profit
- Operating profit per passenger
- Passenger volume
- Revenue passenger per mile
- Revenue per available seat
- Revenue per available seat per mile
- Revenue seat/passenger-kilometer
- Revenue tonne/kilometre
- Total assets per employee
- Total cargo revenue
- Total operating revenue per employee
- Total operating revenue per passenger
- Total operating revenue per revenue flight
- Total operating revenue per work load units

Airline Ground Operation

- # of improvements carried out
- # of long-term relationships with suppliers
- # of policies and procedures in place
- # of service level agreements
- # of spare parts on hand
- # of staff in critical decision making position
- # of workshop maintenance hours
- % frequency of ground delays
- % ground crew trained
- % of staff motivated and satisfied
- % on-time departure of transport vehicles
- Air traffic control rate
- Average turnaround time
- Total incentives given to avoid delays
- Vehicle time utilization

Airline Schedule

- # airplane block time
- # average minutes delayed per delayed flight
- # of aircraft fleet structure and reserve
- # of unscheduled maintenance
- % of air carrier delays
- % of cancelled flights
- % of flights diverted
- % of national airspace system delays
- % of on-time arrival of flights
- % of on-time departure of flights

32. Transportation

- Arrival defect rate
- Average # of check-in counters per flight
- Average # of weather delays
- Average duration between off-block time and first-bag
- Average duration between off-block time and last-bag
- Average duration of total check-in
- Average immigration time
- Average stage length
- Average stops per trip
- Block hours
- Cargo throughput
- Departure defect rate
- Direct delay cost
- Indirect delay cost

Customers Partnerships

- # of successful partnerships acquired for maintenance contracts
- % difference in pricing models
- % improvement in customer retention
- % partner collaborations
- % preference of service by the customers - advantage over competitors
- Service quality of partner

Land Fleet & Buses

- # of active vehicles in the fleet
- # of miles per vehicle
- # of passenger trips
- # of public volunteer driver hours
- # of public volunteer driver miles
- # of public volunteer driver passenger trips
- Average fuel economy of vehicles
- Count of visits to service centres
- Count of visits to service centres for repair
- Farebox recovery %
- Other operating revenues
- Passengers per hour
- Passengers per mile
- Total revenue from fares
- Total revenue from public volunteer driver program
- Total revenue service hours
- Total vehicle miles

Land Fleet Cost

- % of accessorial cost of total freight cost
- Average cost involved with import or export transaction
- Claims as % of freight costs
- Cost of freight per unit shipped

32. Transportation

- Cost per passenger trip
- Cost per service hours
- Cost per vehicle mile
- Freight cost per unit shipped
- Maintenance cost per mile
- Outbound freight costs as % of net sales
- Total operating costs
- Total public volunteer operating costs

Land Shipment

- # of carriers used per cargo transported
- # of deliveries with past due goods issue date
- # of empty miles
- # of on-time pickups
- % functioning rate of network structure
- % implemented integrated planning
- % of accuracy for freight bills
- % of cargo accountable at any given time
- % of deployment of block and slack time measures
- % of orders delivered with damaged products/items
- % of orders/items arrives at the right location
- % of shipment visibility/traceability
- % of truckload capacity utilized
- % of undamaged goods after shipping/transportation
- % optimized load fulfillment
- Accessorial as % of total freight
- Average age of fleet
- Average time of import or export transaction
- Average transit time
- Damages as % of throughput
- Freight bill accuracy
- On time delivery and pickup [Load, stop and shipment]
- On time line count
- On time value %
- On-time pickups
- Total network recovery
- Truck turnaround time
- Turnaround time

Operational Excellence

- # of improve business processes
- # of improve internal communication tools
- # of improvement programs
- # of inventory monitoring done per month
- # of non-conformities (orders)
- # of non-conformities QA-system

32. Transportation

of subjective assessment
% improvement in operational efficiency
% improvement in service delivery
% improvement in staff performance and productivity
% increase in freight traffic
Total R&D expenses

Rail Business Expansion

of developed and introduced new business lines
of developed dry ports
of explored communications business
of hours of utilization per day
of introduction of total logistics and transport solutions
of new venture into property business
% availability of appropriate rolling stock to meet customer needs

% increase workshops capacity
% reduction in frequency of outages of trains
Maximize track availability
Resource reliability - quality check %

Rail Costs & Expenditure

% reduction in inventory costs
Administrative overheads
Human capital cost
Infrastructure cost
Maintenance cost of the rail system
Marketing costs
Platform annual maintenance
Spares for infrastructure

Rail Quality Service

of certification for drivers
of quality checks conducted
% improved quality and condition of rolling stock
% replacement and renewal of signaling & telecommunication systems
On-time reliability %
On-time reliability % during peak times
Seat availability %
Seat availability % during peak times

Safe Services

of accidents with permanent disabilities
of death Accidents
of man hours due to lost time injuries
of meeting standards set for the safety
of safety measures taken
of safety standards

32. Transportation

- # of sign-off injuries
- % comfort to customers
- % decreased work-related accidents
- % improvement in reliability of services
- % of injured passengers during passenger handling operations
- % of injured passengers during sea voyage
- Accidents per 100,000 flight hours
- Accidents per 100,000 Miles

Ship Cost & Budget

- # of hours downtime
- % deviation from budget
- % deviation from budget (cost control)
- % deviation from budget (customer costs)
- % net result
- % of deviation from budget (docking)
- % of profit margin crew agencies
- % of total cost
- % operating result
- % profit margin
- % reduction in unit prices
- % return on revenue
- Administrative cost
- Computers cost
- Cost of technical operation
- Crewing cost
- Daily running cost per ship
- Fees paid for ship and crew management
- Insurance cost
- Off hire operations
- Profit margin (vessel)
- Quality cost
- Revenue share from long-term contracts
- Revenue share from spot contracts
- Salaries cost
- Service cost
- Ship running costs
- Software cost
- Staff training cost
- Total cost
- Total quality cost index

Ship Customer Satisfaction

- # of ad-hoc requests
- # of cargo damage / loss
- # of customer surveyed

32. Transportation

- # of customized solutions
- # of oil company vettings
- # of port state inspection findings
- % deviation from project plan
- % of customer satisfaction
- % of customized shipping solutions
- % of lost or damaged cargo during sea voyage
- % of pool utilization
- % of ship availability
- % of spot requests serviced
- % of voyage deviation

Ship Market Share

- # of ships
- % increase in customer base
- % increase in fleet size
- % of shipments outsourced
- % relative market share
- % revenue share from new transport services
- Growth through new customers
- Growth through old customers
- Trailer fill %

Ship Quality Standard

- # of cargo claims reported
- # of crew trained
- # of detentions by port state control
- # of experience report per event
- # of improvement conferences
- # of observations per audit
- # of outstanding maintenance jobs
- # of update web report
- # of voyage deviation

Ship Regulations Compliance

- # of navigational incidents
- # of non-conformities
- # of port state inspection
- % of cargo damaged or lost during cargo operations
- % of cargo incident rate
- % of detention
- Ballast water discharge violations
- Deviation on discharge rate from Charter party
- Deviation on speed/ consumption from Charter party
- Pollution incident rate

Ship Sustainable Growth

- # of applicants

32. Transportation

- # of contractual conflict
- # of projects handled
- # of undesired events
- % growth from last period
- % growth results vs. tonnage
- % of key personnel turnover
- % of new cadets assigned to vessels
- % of profit growth
- Demurrage and claims recovery rate

Ship Port Operation

- # of container dwell time (in days) in the port divided by total # of boxes
- # of crane moves per working hour
- # of TEUs stored per ha of storage area and year
- # of TEUs handled per year and per crane
- Average ship turn around time
- Average waiting rate
- Average yard utilization rate
- Berth occupancy rate
- Container dwell time
- Total # of TEUs per year per linear meter of the quay
- Total hours vehicles stay in terminal (terminal-in to terminal-out) divided by total # of vehicles
- Total hours vessels stay in port divided by total # of vessels
- Total hours vessels wait for a berth (anchorage-to-berth time) divided by total time at berth
- Total time of vessels at berth divided by total berth hours available
- Total time of vessels being serviced at berth divided by total time at berth

Social & Environmental

- # of pollution incident
- % deployment of renewable energy resources
- % of energy efficiency
- % of environmental compatibility
- % of total airline fleet that meets noise requirements
- Aircraft emissions per payload capacity
- CO₂ emissions of aircraft total
- CO₂ emissions passenger per kilometer
- CO₂ emissions per ton-kilometer

SECTION B

GOVERNMENT

8600 Key Performance Indicators

GOVERNMENT CHAPTERS

(33 to 65)

Sector	Page
33. Agriculture & Food	171
34. Civil Rights	185
35. Culture & Heritage	186
36. Customs	190
37. Economic Development	191
38. Education	215
39. Energy	227
40. Environment	233
41. Governance	249
42. Government Workforce	254
43. Healthcare	261
44. Human Services	274
45. Information Technology	279
46. Internal Process	288
47. Justice	291
48. Labor	294
49. Military & Defense	307
50. Municipalities	310
51. Pension Management	318
52. Population	320
53. Prison Management	322
54. Public Finance	326
55. Regional Development	332
56. Safety & Security	335
57. Social Development	357
58. Sports	370

63. Urban Planning	395
64. Water & Electricity	396
65. Wildlife	404

33. Agriculture & Food**Agricultural Land**

- # of agricultural holdings growing crops
- # of agricultural holdings with agricultural area < 5 ha
- # of agricultural holdings with agricultural area > = 50 ha
- # of agricultural holdings with agricultural area 20-<50 ha
- # of agricultural holdings with agricultural area 5-<20 ha
- # of agricultural holdings with another gainful activity than agricultural production
- # of agricultural holdings with broilers
- # of agricultural holdings with laying hens
- # of agricultural land types
- # of cereals farms
- # of common wheat farms
- # of enterprises in the manufacturing of foodstuffs
- # of enterprises turnover in the manufacturing of foodstuffs
- # of farms and agricultural area
- # of farms legal status
- # of farms with arable crops
- # of flowers and ornamental plants farms
- # of fruit and berry plantations farms
- # of grain maize farms
- # of greenhouses farms
- # of holding managers
- # of industrial plants farms
- # of irrigation equipments in farms
- # of melons farms
- # of olive plantations farms
- # of persons at farm work by age of worker
- # of potatoes farms
- # of registered operators processing and importing products issued from organic farming
- # of registered organic operators
- # of strawberries farms
- # of sugar beet farms
- # of vegetables farms
- # total area of land cultivated
- % land used
- % legal status of holding
- % of agricultural land (% of land area)
- % of arable land
- % of arable land (% of land area)
- % of barley farms and area
- % of fallow land

33. Agriculture & Food

% of land use
% of landscape preservation
% of mixed farming
% of specialized farming
Agricultural holders < 35 years old
Agricultural holders > = 65 years old
Average land prices per square meter
Average land rents per square meter
Average size of farm
Organic crop yields from fully converted areas
Selling prices of land
Total area of cereals
Total area under organic farming
Total crops products area
Total economic size of farm
Total grassland
Total organic crop area
Total organic crop area (fully converted area)
Total rape area
Total size of farms
Total sugar beet area
Total sunflower area
Total wheat area

Agricultural Products

of inputs to the food chain
of miles area under glass
of tones of apples production
of tones of carrots production
of tones of cereals production
of tones of crop production
of tones of fruits production
of tones of onions production
of tones of oranges production
of tones of organic farming
of tones of pears production
of tones of potatoes production
of tones of rape production
of tones of sugar beet production
of tones of sunflower production
of tones of tomatoes production
of tones of vegetables
of tones of vegetables production
of tones of wheat production
% degree of self sufficiency

33. Agriculture & Food

% of extra imports of all edible vegetables prepared and preserved
% of extra imports of all edible vegetables, fresh, chilled and frozen
% of extra imports of cereals and cereal products
% of extra imports of coffee, tea, cocoa
% of extra imports of dairy products and bird's eggs
% of extra imports of feeding stuffs
% of extra imports of fish, crustaceans and molluscs
% of extra imports of food products
% of extra imports of fruit and nuts (not including oil nuts) fresh or dried
% of extra imports of fruit juices and vegetable juices
% of extra imports of fruit preserved and fruit preparations
% of extra imports of roots and tubers, fresh, chilled and frozen
% of extra imports of roots and tubers, prepared and preserved
% of extra imports of sugars, sugar preparations and honey
% share of sales of foodstuffs in supermarkets and other non-specialized stores
Average selling price of main crop potatoes
Average selling price of soft wheat
Average selling price of sugar beet (unit value)
Average time from production to distribution
Cereals balance sheet (crop year)
Cereals, yields
Crops products: supply balances sheets
Dried pulses balance sheet (crop year)
Fats and oils balance sheet (crop year/calendar year)
Fruit and vegetables balance sheet (crop year)
Gross human apparent consumption of main food items
Gross human apparent consumption of main food items per capita
Harmonized Indices of Consumer Prices
Index of producer prices of agricultural products
Index of purchase prices of the means of agricultural production
Organic livestock
Potatoes balance sheet (crop year)
Price index of agricultural products
Price index of the means of agricultural production
Products with distinctive marks (final consumer's perspective)
Purchase prices of the means of agricultural production
Relative price level indices of food products
Retail sales of foodstuffs
Rice balance sheet (crop year)
Selling prices of animal products
Selling prices of crop products
Sugar balance sheet (crop year)
Total crops products (excluding fruits and vegetables)

33. Agriculture & FoodTotal food consumptionTotal production and external trade of animal and vegetable fats and oilsTotal production and external trade of baker's yeast and soupsTotal production and external trade of cereal productsTotal production and external trade of chocolate and confectionaryTotal production and external trade of coffee, tea and cocoaTotal production and external trade of dessert preparationsTotal production and external trade of fresh meat and meat productsTotal production and external trade of fruit and vegetable juicesTotal production and external trade of mineral waters and soft drinksTotal production and external trade of processed fruitsTotal production and external trade of processed vegetablesTotal production and external trade of sauces and condimentsTotal production and external trade of sugar, jam, and honeyTotal production of organic animal productsTotal production of processed foodstuffsTotal sales of foodstuffs**Agricultural Sustainability**# food production per capita# of high-value habitats conserved% farmers using conservation farming methods% of environmentally favorable extensification of farming% of forest (% of land area)% of GDP - agriculture value added% of low-intensity pasture systemsFood production indexGovernment expenditure on R&D projects related to food safetyNational road transport of foodstuffs, by distanceTotal economically active population in agriculture (1000 inhab)Total external trade of products used to package food and beveragesTotal sold production of products used to package food and beveragesValue of agricultural outputValue of intermediate consumption in agriculture**Agriculture Sector**# of actors involved in the food chain# of agricultural production of specified products# of canteens enterprises# of direct involvement from academia, private sector associations and consumer protection agencies# of existing Quality Management System (QMS) in agriculture sector# of family farm labor force# of farm machinery# of food retailers enterprises# of food retailers enterprises total employment

33. Agriculture & Food

of full-time regular farm labor force
of hotels and restaurants next to farm lands
of international accreditation of services
of part-time regular farm labor force
of publishing through official website and Media
of reduction in districts that are food insecure
of regional distribution units producing foodstuffs
of regular farm labor force
of square meters of land cleared and restored to productive use in sponsored programs
of storage facilities
of total earnings
% automation of e-government
% farmers training level
% growth rate in the agriculture sector
% increase in farmer satisfaction levels with services
% increase in sharing information through website
% increase of IT software and hardware usage across the sector
% of farms joining Farmers' association
% of agricultural training of farm managers
% of completion of integrated plan for agriculture Sector
% of contribution of agriculture to foreign exchange
% of contribution of agriculture to GDP
% of data and statistics in centralized data repository
% of electronic data of food imports stored in Database
% of farmers satisfied
% of functioning strategic planning capability
% of identified farmers and livestock owners eligible for support payments
% of non-core operational activities transferred to the private sector
% of privatized non-core businesses of agriculture sector
% of services provided online
% of SMART performance measures for all strategies targets
% of the population assessed as food secure
% of vacant technical positions
% tailored automated applications for core businesses
% turnover of food retailers
Administrative cost as a % of total agency costs
Administrative positions as a % of total agency positions
Economic accounts for agriculture - agricultural income
Economic accounts for agriculture values at constant prices
Economic accounts for agriculture values at current prices
Gross value added of the agricultural industry
Standard gross margin coefficients used for typology
Standard output coefficients used for typology

33. Agriculture & Food

Total economic accounts for Agriculture

Total income from agricultural activity

Total labor force

Total output of the agricultural industry

Total value of agricultural exports

Animal Pest & Disease Control

of animal site inspections performed

of animals or samples submitted to the labs per year for surveillance/
healthcare

of avian influenza tests provided to poultry growers and hobbyists

of diseases, by agricultural area

of employee hours spent on animal and agricultural emergency activities

of notifiable animal diseases

of plant pests by agricultural area

of reports of suspected or positive dangerous, transmissible diseases
received

of samples submitted to the poultry lab network yearly for diagnostic
testing

of tests and/or vaccinations performed on animals

of violations detected per category

% cow mortality

% cow survival

% farrowing rate

% of animal production establishments are certified with evidence on good
farming practices

% of known pest introductions detected before they spread from the
original area of colonization

% of positive test results from livestock and poultry tested for specific
diseases

% stillborn cow

Aquaculture

of acres tested

of bushels of processed shell and live oysters deposited to restore habitat
on public oyster reefs

of leases verified for compliance

of shellfish processing plant inspections

of shellfish processing plants inspected

% of shellfish facilities in significant compliance with permit and food safety
regulations

Aquaculture production - Quantities (Tones live weight)

Aquaculture production - Values (\$)

Total aquaculture production

Consumer Protection

of assists provided to consumers by the call center

of complaints investigated/processed

33. Agriculture & Food

of food borne disease reporting mechanism
of identified risks for imported and domestic Food
of issued codes of practice for farms and abattoirs
of law assists made to consumers
of no sales solicitation calls processed
of regulated entities licensed
of risk based system implementation on borders of entry
of successful programs / campaigns
% food and health certification for food industry
% increase in food and health certification for 4 & 5 star hotels
% increase in involvement of various stakeholders
% increase in transparency through reports sharing and stakeholders satisfaction
% increase of qualified food inspectors with related degrees
% increase society awareness
% of all regulated entities where an investigation found a violation of consumer protection laws
% of fuel sold in meeting minimum quality standards
% of licensed food establishments maintaining compliance with regulations
% of risk management model fully deploy in local market
% of risk management model fully deploy on borders of entry

Dairy Facilities Compliance

average milk yield per cow
of analyses conducted on samples
of dairy establishment inspections
% of dairy establishments meeting food safety and sanitation requirements
% of samples analyzed that meet standards

Environmental Services

of fertilizer sample determinations
of official seed sample determinations performed
of people served by mosquito control activities
of pest control businesses and applicators licensed
of pest control, feed, seed, fertilizer, and pesticide inspections conducted
of pesticide products registered
of pesticide sample determinations made in the pesticide laboratory
of reported human/equine disease cases caused by mosquitoes
% of commercial pest control businesses and applicators inspected who are in compliance with regulations
% of feed, seed and fertilizer inspected products in compliance with performance/quality standards
% of licensed pesticide applicators inspected who are in compliance with regulations
% of pesticide ingredients evaluated and/or managed that are in compliance with regulations

33. Agriculture & Food**Fisheries**

- # of catches in all fishing regions
- # of fishing catches by fishing region
- # of fishing vessels
- # of vessels in fishing fleet
- Average consumption of foodstuffs per inhabitant
- Average time from farm to fork
- Total engine power in fishing fleet
- Total exports trade in fishery products
- Total external trade of main fish products
- Total fishery production - total all fishing areas
- Total fishery production (catch + aquaculture)
- Total imports trade in fishery products
- Total landings of fishery products
- Total production and external trade of fresh fish and fish products
- Total tonnage of fishing fleet

Food & Health Risks

- # of animal diseases reported in a year
- # of certified companies in a country
- # of food safety alerts in a year
- # of food safety incidents
- # of violations
- % of entry borders successfully implementing risk-based food inspection system
- % of established food safety indicator
- % of reduction in the violations during local market risk-based inspection
- Establishment regulation compliance rate
- Food products compliance rate

Food Safety Inspection

- # of chemical residue analyses conducted
- # of food analyses conducted
- # of implemented automated laboratory information management system
- # of inspections of food establishments and water vending machines
- # of tons of fruits and vegetables inspected
- % accuracy in tests conducted in lab analysis timeframe
- % completed in lab of received food samples
- % of food establishment inspections conducted by inspectors
- % of food establishments meeting food safety and sanitation requirements
- % of food products analyzed that meet standards
- % of food service establishments that have certified staff
- % of individuals affected by a substantiated food borne illness per 100,000 population
- % of produce or other food samples analyzed that meet pesticide residue standards

33. Agriculture & Food

% reduction in prevalence of food borne illness from meat, poultry, and egg products

Value of fruit and vegetables that are shipped to other countries that are subject to mandatory inspection

Forestry

- # of cooking apple trees
- # of cooking pear trees
- # of forest fires
- # of forest increment and fellings
- # of forest trees damaged by defoliation
- # of lemon trees
- # of orange trees
- # of peach trees
- # of removals
- # of removals by ownership
- # of removals by roundwood assortment
- # of small-fruited citrus trees
- # of trades for major forest industry products
- % decrease in subdivision and development of wooded area
- % increase in forest resources
- % increase in roundwood production
- % increase in sawnwood production
- % increase in trade of roundwood
- % of forest damage - defoliation
- % of land used
- % of secondary paper products
- Gross value added of the forestry industry
- Total apple trees area (in hectares)
- Total area of apricot trees (area in hectares)
- Total forestry values at constant prices
- Total lemon trees area (in hectares)
- Total orange trees area (in hectares)
- Total paper and paperboard production
- Total peach trees area (in hectares)
- Total production of roundwood and fuelwood
- Total production of sawnwood and wood based panels
- Total production of wood pulp and paper and paperboard
- Total secondary wood products / tones
- Total small-fruited citrus area (in hectares)
- Total subdivision and development of wooded area
- Total trade value for roundwood and fuelwood
- Total trade value for sawnwood and wood based panels
- Total trade value for wood pulp and paper and paperboard
- Total value of secondary processed wood and paper products

33. Agriculture & Food**Interdiction Stations**

- # of bills transmitted from agricultural interdiction stations
- # of vehicles inspected at agricultural interdiction stations
- # of vehicles inspected at agricultural interdiction stations transporting agricultural or regulated commodities
- % of vehicles carrying agricultural related products that are inspected
- Amount of revenue generated by agricultural interdiction stations

Legislations & Enforcement

- # of borders using the system
- # of completed risk analysis and benchmark studies
- # of comprehensive training programs across the sector
- # of developed and issued bylaws and regulations
- # of law enforcement investigations initiated
- # of monitored members of Farmers' Association
- # of new food standards published
- # of refrigerated food inspection centers
- # of research and development to identify and implement the latest agriculture practices
- # of research published
- # of seizures of undeclared risk items at the border
- # of studies / surveys conducted
- # of surveys completed in food safety
- % alignment of external processes with other entities
- % alignment with other international entities
- % imported foods for consumption that was rejected by source
- % of awareness on basic food safety issues covering targeted audience groups
- % of completion of policy document for the agricultural sector and food safety
- % of criminal investigations closure
- % of eligible farmers and animal owners receive the support payments
- % of farms and abattoirs show evidence of compliance with health regulations
- % of food establishment and hotels will utilize risk based system
- % of food handlers certified on health practices
- % of food handlers trained and certified
- % of food premises complying with food safety regulations
- % of food safety matters that is covered with regulations
- % of fully consolidated regulations for all animal and plant care activities
- % of plant and animal production facilities complying with agricultural regulations
- % of policies and regulations are easily accessible to all stakeholders
- % of products recalled in 3 days by crisis response team
- % of staff meet or exceed the performance requirement criteria as defined by competency standard

33. Agriculture & Food

- % of stakeholders engaged in dialogue on standards, regulations, and laws
 % of the final legislations issued for the agricultural sector and food safety in the period of time
 % staff and stakeholders receiving right communication

Livestock

- # of agricultural holdings rearing animals
 # of cattle
 # of cattle farms
 # of dairy cows
 # of eggs production per year
 # of fodder crops farms
 # of goats farms
 # of goats population
 # of grazing livestock
 # of hens
 # of holdings with dairy cows
 # of laying hens
 # of laying hens population
 # of livestock (heads)
 # of livestock categories
 # of livestock heads by of farm
 # of poultry farming
 # of poultry other than hens
 # of sheep
 # of sheep farms
 # of slaughtered animals for meat production
 # of total dairy cows
 % increase in animal production
 % increase in production of meat: cattle
 % increase in production of meat: poultry
 % increase in production of meat: sheep and goats
 % of extra imports of live animals
 % of extra imports of meat and meat products
 Average selling price of barley
 Average selling price of calves
 Average selling price of chickens
 Average selling price of fresh eggs
 Average selling price of maize
 Average selling price of oats
 Average selling price of raw cow's milk
 Average selling price of sheep
 Landings of main species used for human consumption
 Livestock density
 Livestock density index

33. Agriculture & Food

Producer price index, animals and animal products

Purchase price indices, total means of agricultural production

Total cattle population

Total meat foreign trade

Total meat production

Total sheep population

Milk & Milk Products

of collection centers of milk collection

of dairies by size (volume of milk collected or treated)

of enterprises producing butter

of enterprises producing cheese

of enterprises producing drinking milk

of enterprises producing fresh products

of enterprises producing powdered dairy products

of milk products

% of fat contents and protein contents (cow's milk)

% utilization of milk on the farm

Average production of milk on the farm

Total collection of cows' milk

Total of enterprises volume milk collection

Total production and external trade of dairy products and eggs

Total production of butter

Total production of cheese

Total production of milk at farm

Total production of milk powder

Total quantity of milk collected by dairies

Total volume of milk treated

Plant Pest & Disease Control

of cartons of citrus certified as fly-free for export

of commercial citrus acres surveyed for citrus diseases

of enforcement actions taken per millions dollars of cost

of enterprises in the manufacturing of composite feedingstuffs, fertilizers and pesticides

of enterprises turnover in the manufacturing of composite feedingstuffs, fertilizers and pesticides

of food safety alerts

of grams of fertilizer consumption per hectare of arable land

of plant pests, diseases

of plant, fruit fly trap, and honeybee inspections performed

of plant, soil, insect, and other organism samples processed for identification or diagnosis

of seizures of undeclared risk items at the border and trends over time

of sterile med flies released

33. Agriculture & Food

- # of successful targeted consumers/ food handlers education campaigns/ programs
- # of surveillance of food safety and animal and plant disease
- # of total # of certified applicators
- % chemical fertilizer reduction
- % of animal and plant disease alerts that are effectively responded to
- % of compliance actions taken as a result of inspection/enforcement
- % of dealt with and solved alerts out of total # of food safety alerts
- % of farm owners maintaining pest control on their farms to prevent the spread of harmful pests
- % of farms implementing effective monitoring program
- % of farms under pest control
- % of newly introduced pests and diseases prevented from infesting plants
- % of pesticide-sprayed samples within internationally accepted tolerance levels
- % of samples sprayed with pesticides within internationally accepted tolerance levels
- % of viable lead-based paint abatement certification applications that require less than established timeframes to process
- % of violators committing subsequent violations
- % reach of targeted groups by campaign
- % reduction in chemical fertilizer from last year
- % use of chemical fertilizers
- % use of pesticides
- % use of plant protection products in agriculture
- Average consumption of fertilizers in agriculture farm
- Nitrogen balances (in kg and kg/ha)
- Sales of pesticides - Fungicides
- Sales of pesticides - Herbicides
- Sales of pesticides - Insecticides
- Sales of pesticides - Other pesticides
- Total consumption of fertilizers (tones of active ingredient)
- Total consumption of pesticides (tones of active ingredient)
- Total production of composite feeding stuffs (farm animals and pets)
- Total quantity of commercial fertilizer consumed in agriculture: nitrogen
- Total quantity of commercial fertilizer consumed in agriculture: phosphate
- Total quantity of commercial fertilizer consumed in agriculture: potash
- Total quantity of commercial fertilizer consumed in agriculture: Total of nitrogen, phosphate and potash
- Total quantity of seeds used at the farm
- Total quantity of seeds used at the farm from its own production
- Total sales of pesticides
- Total sales of plant protection products

Products Marketing

- # of buyers reached with agricultural promotion campaign messages

33. Agriculture & Food

- # of leased square feet at Farmers' Markets
- # of marketing assists provided to producers and businesses
- # of tons of federal commodities and recovered food distributed
- % increase in total sales at the Farmers' Market
- % increase in total users of the Farmers' Market
- % of available square feet of Farmers' Markets leased
- % of national transport of foodstuffs by air
- % of national transport of foodstuffs by inland waterways
- % of national transport of foodstuffs by rail
- % of national transport of foodstuffs by road
- Agricultural products as a % of the national market
- Total sales of agricultural and seafood products generated by tenants of farmers markets

Water Policy

- # of acres enrolled annually in agricultural water programs
- # of acres in priority basins or watersheds
- # of gallons of water potentially conserved annually by agricultural operations pursuant to site-specific recommendations
- # of irrigation methods
- # of water policy assists provided to agricultural interests
- % conversion of target fields into water efficient crops
- % of agricultural water withdrawal as % of total water withdrawal
- % of water reduction
- % overall reduction in annual water use for agricultural purposes
- % reduction of agriculture water consumption per hectare
- Inland water(1000 ha)
- Renewable internal freshwater resources per capita (cubic meters)
- Total irrigable and irrigated areas
- Total irrigable area
- Yearly amount of water usage for agricultural purposes

Wildfire Prevention

- # of acres authorized to be burned through prescribed
- # of acres of forest land protected from wildfires
- # of person-hours spent responding to emergency incidents other than wildfires
- # of wildfires caused by humans
- # of wildfires suppressed
- % of acres of protected forest and wild lands not burned by wildfires
- % of threatened structures not burned by wildfires
- % of wildfires caused by humans

34. Civil Rights**Advocacy**

- # of civil rights projects the civil rights commission participates/collaborates in
- # of civil rights projects the civil rights participates/collaborates in
- % survey responses from counsels to complaints
- Average # of hours/month commissioners spend on civil rights related issues
- Average # of hours/month commissioners spend on civil rights related projects
- Total funds raised per FTE for non-profit and humanitarian organizations
- Total investment in the community

Citizen Complaints

- # of citizen complaints against police per 100,000 population
- # of civil rights lawsuit filings per 100,000 population
- # of civil rights violation lawsuit filings

Civil Rights Awareness

- % of customers indicating they will use the educational information or materials they have received
- % of customers rating materials satisfactory or better
- % of customers rating presentations satisfactory or better
- % of customers rating service satisfactory or better

Civil Rights Complaints

- # of cases accepted for reimbursement by government agencies
- # of cases investigated in less than 9 months from date of assignment
- # of cases mediated in 90 or less days from date of assignment
- # of cases screened in less than 120 days from date of filing
- # of complaints regarding timeliness of response to requests for presentations/information
- % of cases investigated in 9 months or less from date of assignment
- % of cases mediated from date of assignment in 90 days or less
- % of cases screened in less than 120 days from date of filing
- Average # of days to complete cases processed

Electoral Commission

- # of survey/observations
- Election cost per elector
- Informality rates
- Referenda cost per elector
- Rejection rate of declaration votes
- Total cost per elector

Minorities Rights

- # of participating communities
- % of individuals attending training
- % of individuals, organizations and agencies that are satisfied with products and services

34. Civil Rights

% of individuals, organizations and agencies that are satisfied with technical assistance and information provided

% of primary customers who report satisfaction with services

Average Income by racial and cultural background

Persons with Disabilities

disabled employees

% of client assistance program clients finding resolution to problems with rehabilitation agencies without legal action

% of complaints resolved

% of customers provided with services

% of customers resolving disputes through advocacy, mediation, and negotiation

% of recommended changes in policy that are implemented

% of requests from government agencies reviewed to determine physical and program access

% of youth and college leadership forum graduates with disabilities that are employed

Ranking of among top # counties in employment of persons with disabilities

Technical Training

% of individuals attending training that indicate training goals were met

% of media and public information inquiries responded to within prescribed timeframes

% of organizations and agencies that are satisfied with technical assistance and information provided

Women Rights

new data briefs per year on topics related to women and girls

of businesses that take the labor wage equity self audit

of persons reached with wage equity information annually

% of agencies served that rate women commission services as helpful or very helpful

% of agencies that say women commission services are likely or very likely to improve their services to women in the future

% of attendees satisfied with female juvenile justice conference(s)

% of partner organizations working with women commission to achieve its mission through legislative action, per year

% of policy women priorities that are drafted into legislation

% reduction in # of cases of gender violence

Abuse rate against women

Total # persons to whom briefs are distributed

Total # of website visitors who download data briefs

35. Culture & Heritage**Arts, Literature & Film**

of annual attendance (seats)

of films funded

35. Culture & Heritage

of films promoting culture and heritage
of films screened at the Festival
of local writers trained
of national regional and international awards won by activity
of produced films
of programs and events
of programs and initiatives aimed at encouraging creativity in the fields of arts, literature & film among citizens
of radio receivers per 1000 inhabitants
of registered citizen participants in programs and initiatives in the fields of arts, literature and film
of strands set-up.
% increase in theatre productions
% of film commission established
% of participation rates
% of success in creating visual arts grant, performing arts grant and design grant
Total # of community radio stations in country
Total # of daily news papers in country
Total # of radio and television institution in country

Cultural Education

of art courses designed and launched
of establishment of community arts centers
of exposure over local press
of exposure over national press
of extension programs in culture and arts management designed
of instructors and candidate participants for Certified Program selected
of people benefiting from educational programs about history, culture, and arts
of people impacted by arts projects funded by arts council
of programs created for children
of programs developed
of students trained
of students/ local artists trained per year in arts and culture through internship programs
of visitors at historical museum, historical libraries, historic sites, and archives
% implementation of the master plan for the establishment of new national art libraries
% of academies structure and program completed
% of art curricula content and teaching materials developed
% of artists training forum concept and synergies completed
% of implementation of framework
Total amount of arts and heritage funds launched

35. Culture & Heritage**Culture & Heritage Events**

- # of initiatives and projects with international impact
- # of international fairs and exhibitions
- # of local and international heritage and cultural programs conducted locally, regionally and internationally
- # of programs/events with full participation rates
- # of visitors to events and cultural sites
- Country index (Culture and Heritage exposure)
- Total household expenditure on recreation and culture

Culture Institutions

- # of agreements in place
- # of attendance by international exhibitors
- # of collections built
- # of feasibility studies for distribution system completed
- # of improvement measures and management plans implemented
- # of members in publishers association
- # of new business concepts set-up
- # of people participating in reading promotion events
- # of translated works annually
- # of visits to museums or galleries
- % museums operated or supported by government authorities
- % of completion of art exhibition
- % of completion of construction for branches
- % of completion of exhibition project
- % of completion of museum
- % of completion of national memorial
- % of completion of rehabilitation project
- % of memorials conserved and exhibition fitted-in
- % of return on investment from projects supported

Intangible Cultural Heritage

- # of celebrated and enhanced family culture and traditions
- # of interpreted and streamlined local identity and traditions
- # of inventory completed for the identified intangible resources
- # of local trained artisans engaged by projects
- # of major manifestations organized
- # of oral history and traditions/ traditional practices inventoried and sustained
- # of re-developed craft products
- # of traditional craft products marketed at a national level
- # of translated works per year
- % of architectural study completed
- % of citizen population poll involved in our sponsored activities
- % of compliance with UNESCO-WHC standards for nomination on the world heritage list

35. Culture & Heritage

% of intangible resources inventoried

International Promotion

- # of cities which displayed our cultural heritage exhibition
- # of cultural exchange programs signed and implemented
- # of cultural exchange programs signed and implemented with major cultural international institutions
- # of exhibitions developed and toured
- # of exposure over International press
- # of exposure over regional press
- # of images exposure over internet
- # of international level events developed and launched successfully
- # of nomination file and all necessary accompanying documentation submitted to UNESCO
- # of participation in all relevant international forums on intangible world heritage
- # of pavilion inaugurated
- % of communication strategy provisions/initiatives accomplished successfully
- % of promotion in international art newspapers

Legislation

- # of antiquities law drafted and approved by higher authorities
- # of days required to provide initial response to constituents applying for historic tax credit
- # of dedicated judges trained in cultural heritage cases
- # of laws approved by higher authorities
- # of legal experts trained in cultural heritage cases
- # of policies drafted
- # of policy standards developed to improve quality of programming of cultural events
- % of culture and heritage framework policy developed
- % of implementation decrees approved
- % of key stakeholders informed and trained about the provisions of the new law
- % of key stakeholders trained on the extents and provisions of the law
- % of laws approved by higher authorities
- % of policy framework for regularizing the art market developed
- % of policy framework for the development of museum institutions developed
- % of return on the state's investment of dollars into grant programs

Local Traditions

- # of culture and heritage school and university education courses
- # of historic buildings, archaeological sites and cultural landscapes and their condition
- # of oral history and traditions inventoried and sustained
- # of sites on the Tentative List of World Heritage

35. Culture & Heritage

of World Heritage natural sites
% of historic buildings, archaeological sites and cultural landscapes, protected, and conserved
% of intangible cultural assets (oral history, traditions, traditional practices) recorded or maintained
% of people's increased awareness and involvement in the culture and heritage
% of tangible cultural assets (historic buildings, archaeological sites, cultural landscapes) conserved
Household expenditure on recreation and culture as % of GDP

Professional Capacities

of cultural workers receiving professional development
of establishment of placement program for culture and heritage
of people employed by arts, culture, and history projects
% of completion of certified courses in culture and heritage management
% of completion of institute for cultural projects
% of completion of short-term program in culture and heritage management
% of cultural sites manned with heritage interpreters
% of establishment of artists residency program
Amount of training fund for culture and heritage

Tangible Conservation

of cultural landscapes conserved and developed.
of inventory completed for identified tangible cultural properties
of inventory of historic buildings, archaeological sites and cultural landscapes
of management plans drafted
of properties listed in the National Historic Register that could qualify for tax benefits
% of completion of the central laboratory for the conservation of the tangible cultural heritage
% of completion of the inventory of tangible cultural properties
% of compliance with UNESCO standards
% of historic buildings and sites conserved

36. Customs**Clearance Time**

Average time of arrival of goods at the border until their release to the importer
Average time taken from when goods arrive at the port of entry until the time they are claimed from customs
Average waiting time at borders
Maximum waiting time at borders
Weighted average customs clearance time

36. Customs**Confiscations**

- # of confiscations of all dangerous, prohibited, and restricted goods
- % increase in the weights of seized drugs in grams in all custom houses compared to last year
- % increase of confiscations of all dangerous, prohibited, and restricted goods from last year
- Total weights of seized drugs in grams in all customhouses compared

Customs Efficiency

- # of hidden import barriers other than published tariffs and quotas
- % of customs authorities facilitation of the efficient transit of goods
- % of trader base trained on the licensed customs brokers training program
- % quality of facilities
- Total # of declarations / # of customs employees
- Total cost of transporting goods
- Trade Volume /# of Customs Employees
- Worse/best time to clear border crossing

Revenues Collection

- % of duty payments made via e-payment system
- Average of irregular known extra payment or bribes connected with export and import payments
- Discrepancies as % of total # of declarations (Import, Export, Transit)
- Revenue collected/import declaration
- Revenue collected/value of imports
- Total revenue collected/ Total # of customs employees

37. Economic Development**Balance of Payments**

- Balance of payments
- Balance of payments by country
- Balance of payments of institutions
- Balance of payments, capital account
- Balance of payments, current account
- Balance of payments, financial account
- Balance of payments, international investment positions
- Balance of payments, international transactions
- Current and capital account
- External balance of goods and services
- International investment position
- International investment position of institutions
- International trade in services, geographical breakdown
- Total capital account
- Total current account
- Total direct investment flows, breakdown by economic activity
- Total direct investment flows, breakdown by partner country

37. Economic Development

Total direct investment income, breakdown by economic activity

Total direct investment income, breakdown by partner country

Total direct investment positions, breakdown by country

Total direct investment positions, breakdown by economic activity

Total international trade in services

Total services, detailed geographical

Business Competitiveness

of license applications processed

% of agent applications processed within 7 days

% of chartered banks examined

% of completed paper renewals processed within five working days of receipt

% of qualified candidates examined

Competitiveness Index of economy (score)

Cost of Starting a business in % of income per capita

Creation of firms is supported by legislations (scale from 1 to 10)

Ease of doing business is supported by regulations (scale from 1 -10)

Global ranking in international investment

Global ranking of country in international investment (On a 0 - 3 Scale)

Gross return on capital employed, before taxes, of non-financial corporations

Growth rate of private sector contribution to GDP

Increase in productivity and competitiveness index

Investment rate of non-financial corporations

Net debt-to-income ratio, after taxes, of non-financial corporations

Net return on equity, after taxes, of non-financial corporations

Private sector as % of GDP

Profit share of non-financial corporations

Real private consumption

WB doing business country ranking

Businesses & Jobs

of active projects and leads for possible business projects

of bushels of corn and soybean to be processed per year by companies

of businesses attracted per year, per region

of businesses served per year per business accelerator

of continuous training and educational programs

of downtown jobs

of employed by age

of employed by occupation

of employed by sector of economic activity

of employees with tertiary education, by field of education

of employees with tertiary education, employed, by field of education and occupation

37. Economic Development

- # of employment in technology and knowledge-intensive sectors at the national level
- # of enterprise deaths presented by legal form
- # of enterprise deaths presented by size class
- # of external service provider broken down by activity
- # of feature films produced
- # of graduation from tertiary education
- # of high-paying jobs created/retained through Business Development programs
- # of hours supplied by labor recruitment services
- # of jobs created
- # of jobs created or retained
- # of jobs created with employer sponsored health care
- # of jobs per year retained through the efforts of regional economic development organizations
- # of jobs retained with employer sponsored health care
- # of jobs sustained by tourism activities
- # of jobs to be created (break out full-time and part-time)
- # of jobs to be created for low and moderate income persons
- # of jobs to be retained (break out full-time and part-time)
- # of jobs to be retained for low and moderate income persons
- # of job-to-job mobility of highly qualified personnel (aged 25-64)
- # of leads developed to create business opportunities for companies
- # of main economic variables
- # of new bioscience companies created over 5 years
- # of new businesses in cities
- # of new businesses in downtown client communities
- # of new community-based seed funds
- # of new investment per year through the efforts of regional economic development organizations
- # of new location announcements
- # of persons employed by enterprises
- # of purchases of advertising space or time for resale
- # of purchases of services belonging to enterprises
- # of service providers broken down by activity
- # of service providers broken down by sector
- # of service related investments broken down by product
- # of service related investments broken down by sectors
- # of types of purchase made from external service providers
- # of unemployed by gender
- # of unemployed, by age
- % annual job growth
- % growth in assets of permanent endowment funds at accredited community foundations and their affiliates
- % increase in # of new workers completing post-secondary training

37. Economic Development

- % increase in # of persons recruited to fill skilled positions
% increase in export sales per year by all firms
% increase in jobs in industries in biosciences, advanced manufacturing, and information solutions
% increase per year in # of bioscience start-up companies that obtain investment funding
% increase per year in firms' participation in foreign trade shows and trade missions
% increase per year in tourism generated sales tax
% internal and external customer satisfaction
% of applications processed within 21 days of receipt of all required documentation.
% of businesses still operational after 12 months in operation
% of loans that receive initial disbursements within 5 days of loan closing
% turnover by client specialization
% turnover by employment size class
% turnover by nationality of client
% turnover by product and economic activity
% turnover by product and employment size class
% turnover by product specialization
% turnover by residence of client
% turnover by type of client
% turnover by type of media for advertising services
% young worker population growth
Amount of investment from new small business announcements
Amount of private investment leveraged for regional economic development projects
Barriers for purchasing services outside the country broken down by sector
Business demography indicators presented by legal form
Business demography indicators presented by size class
Business demography statistics - all activities
Data on barriers for purchasing services outside the country broken down by activity
Demand for services - all activities
Employer business demography presented by legal form
Employer business demography presented by size class
Employment by Sector
Ratio of # of small businesses initial certifications compared to the previous year
Ratio of % increase/year in gross product to world rate
Ratio of % increase/year in per capita income (PCI) to world rate
Ratio of downtown housing units to jobs
Total estimated # of jobs created or retained
Total value added by enterprise size
Unemployment rate

37. Economic Development**Commerce & Trade**

- # of current account transactions, exports
- # of current account transactions, goods
- # of current account transactions, imports
- # of current account transactions, services
- # of customer's trade license
- # of enterprises by importance of barriers met in cross border trade
- # of enterprises carrying out cross border trade by economic activity
- # of enterprises carrying out cross border trade by employment size class
- # of enterprises carrying out cross border trade by reasons
- # of enterprises carrying out cross border trade by type
- # of international transactions in air transport services
- # of international transactions in communications services
- # of international transactions in computer and information services
- # of international transactions in construction services
- # of international transactions in financial services
- # of international transactions in government services
- # of international transactions in insurance services
- # of international transactions in other business services
- # of international transactions in other transport services
- # of international transactions in personal, cultural recreation services
- # of international transactions in royalties and license fees
- # of international transactions in sea transport services
- # of international transactions in transportation
- # of international transactions in travel
- # of market integration by type of trade activities
- # of new car registrations
- # of partner countries and regions of OECD merchandise exports
- # of partner countries and regions of OECD merchandise imports
- # of partner countries and regions of OECD merchandise trade
- # of SME enterprise statistics broken down by size of trade
- # of tons of alternative energy source consumption
- # of trade in goods and services
- % analysis of data made available by surveys
- % increase in exports (%)
- % increase in gross fixed capital formation (%)
- % knowledge by local firms in the supporting services provided to local firms
- % of electronic renewal of trade licenses.
- % share in the world trade
- % share of motor, wholesale and retail trades in total distributive trades
- % turnover by product - total trade
- % turnover by product in motor trade
- % turnover by product in retail trade
- % turnover by product in wholesale trade

37. Economic Development

- % turnover in retail sale of food by specialized and non-specialized stores
- Balance of international trade in goods
- Balance of international trade in services
- Balance of the current account
- Balance of trade
- Current account balance (% of GDP)
- Current account balance (US millions)
- Current account balance of payments
- Exchange rate
- Exchange rates versus national currency
- External trade of chemicals and related products
- External trade of food, drinks and tobacco
- External trade of machinery and transport equipment
- External trade of mineral fuels, lubricants and related materials
- External trade of other manufactured goods
- External trade of raw materials
- External trade, by declaring country, total product
- Increased # of hits on the website
- Increased # of special events
- Increased satisfaction % of users
- Industrial labor input - total industry
- International trade of candidate countries
- International trade values by main third countries
- National currency exchange rate
- Other multi-yearly statistics - trade
- Other services - turnover
- Real effective exchange rate
- Retail trade - operating costs
- Retail trade deflated turnover - automotive fuel
- Retail trade deflated turnover - food, beverages and tobacco
- Retail trade deflated turnover - non food
- Retail trade deflated turnover - total
- Retail trade turnover - automotive fuel
- Retail trade turnover - food, beverages and tobacco
- Retail trade turnover - non food
- Retail trade turnover - total
- Services trade balance (exports of services minus imports of services)
- Total # of exports of goods
- Total # of exports of services
- Total # of imports of goods
- Total # of imports of services
- Total amount # of imports
- Total distributive trades broken down by employment size classes
- Total distributive trades broken down by turnover size classes

37. Economic Development

Total goods export value of chemicals and related products
Total goods export value of food, drinks and tobacco
Total goods export value of machinery and transport equipment
Total goods export value of mineral fuels, lubricants and related materials
Total goods export value of other manufactured products
Total goods export value of raw materials
Total goods export value of total
Total goods import value of chemicals and related products
Total goods import value of food, drinks and tobacco
Total goods import value of machinery and transport equipment
Total goods import value of mineral fuels, lubricants and related materials
Total goods import value of other manufactured products
Total goods import value of raw materials
Total goods import value of total
Total sales space for retail stores
Total wholesale trade
Trade balance (exports of goods minus imports of goods)
Trade to GDP ratio
Trade unit value, by declaring country
Trade volume, by declaring country
Unit value of exports
Unit value of imports
Value of export earnings coming from non traditional exports
Volume of trade - merchandise exports
Volume of trade - merchandise imports

Consumer Protection

of the customers requesting direct support
% customer's satisfaction on the consumer's protection services
% of claims settled within 30 working days
% of claims that received a response within 2 working days
% of consumers informed about consumer protection services
% of consumers informed about protection services
% of customers satisfied with consumer protection services
% of response to claims received within two working days at least
% of settlement of the issues within 30 working days
% response to the claims received within two working days
% satisfaction of committees requirements and standards
% settlement of the issues within 30 working days
Cost of Living Index
Exchange rates
Indices of price levels
Nominal effective exchange rates
Overlapping property tax bill
Purchasing power parities

37. Economic Development

Relative consumer price indices

Development Loans

- # of accounts linked to CPA categories
- # of branches in other countries
- # of enterprises and balance sheet total broken down by legal status
- # of enterprises and balance sheet total broken down by residence of the parent enterprise
- # of enterprises and persons employed broken down by category of credit institutions
- # of enterprises broken down by size classes of balance sheet total
- # of financial subsidiaries in other countries
- # of loans and advances to customers
- # of million per year
- % clear formulas of lending policy
- % of compliance to international best-practice
- % of factors achieved (factors are determined at project appraisal stage)
- Credit institutions: # of enterprises
- Credit institutions: # of persons employed
- Credit institutions: balance sheet total
- Credit institutions: interest payable and similar charges
- Credit institutions: interest receivable and similar income
- Interests payable and similar charges by product
- Interests receivable and similar income by product
- Total commissions payable by product
- Total commissions receivable by product
- Total of local wages and salaries by region

Direct Investment

- # of classification of the targeted foreign investor
- # of global ranking of nation in international investment
- # of investment risks
- # of jobs created or retained in distressed communities as a result of investments
- # of press campaign, regional international media, TV interviews, and newspaper articles
- # of review of proposals related to the free trade agreements
- % completion of planned promotional campaigns
- % increase in Foreign Direct Investment (%)
- % of foreign investors that view us as a favorable investment destination
- % of free trade agreement proposals reviewed
- % of international customers (e.g., investors) satisfied with the level of services provided
- % of international customer's satisfaction as to investment information to the desired subject
- % of international customer's satisfaction as to the level of the provided services

37. Economic Development

% of international customers satisfied with the pertinence of the investment information
% of new foreign investors informed about promotional campaigns
Direct investment flows abroad (% OF GDP)
Direct investment flows abroad (USD Bn)
Direct investment flows inward (% OF GDP)
Direct investment flows inward (USD Bn)
Direct investment stocks inward - Growth (%)
Direct investment stocks inward (USD Bn)
Foreign control of enterprises - breakdown by controlling countries
Foreign control of enterprises - breakdown by economic activity
Foreign-exchange reserves
Moody's investors service bond rating
Total direct investment flows as % of GDP
Total direct investment inward flows by main investing country
Total direct investment inward stocks by main origin of investment
Total direct investment outward flows by main country of destination
Total direct investment outward stocks by main destination
Total direct investment stocks as % of GDP

Diversified Economy

of sectors included in economic plan
of SMEs (enterprises with <50 employees) in manufacturing as % of total enterprises in manufacturing
% growth in non-oil sector contribution to GDP
% growth in non-oil sector value added
% increase in contribution of non-oil sectors to GDP
% increase in value added of non-oil sectors (nominal) to GDP
% increase in value added of non-oil sectors (real) to GDP
Diversification of the economy (on a scale from 0 - 10)
Employed population in agriculture sector as % of total employed population
Employed population in construction & utilities sectors as % of total employed population
Employed population in financial services sector as % of total employed population
Employed population in government & other services sectors as % of total employed population
Employed population in manufacturing sector as % of total employed population
Employed population in mining, quarrying & energy sector as % of total employed population
Employed population in trade, restaurants, & hotel as % of total employed population
Employed population in transport & communication sector as % of total employed population

37. Economic Development

Government Consumption Expenditure (% of GDP)
Population Growth
Real government consumption
Real value added in agriculture, forestry and fishing
Real value added in industry
Real value added in services
Small and Medium Enterprises (SMEs) efficiency by international standards
Small and Medium Enterprises Output or Export value per worker
SME Efficiency (on a scale of 0 - 10)
Unemployment rate by nationality (%)
Value added in agriculture, hunting, forestry and fishing
Value added in banks, insurance, real estate and other business services
Value added in construction
Value added in government, health, education and other personal services
Value added in transport, trade, hotels and restaurants
Value added in industry, including energy

Economic Policy

of advanced analytical tool to support policy development
of consultation with private sector representatives for economic policy development
of implemented new policy in the private sector
of initiatives recommended that have been identified through public-private communication forums
of internal staff with capabilities to develop policy recommendations
of partners external experts/consultants in recommending policies
of policy issues raised/identified economic committee
of policy recommendations issued
of reviews conducted by private sector board members
% data accuracy in key national accounts
% of local comprehensive plans and similar reviews completed within designated 30-day timeframe
% total national public spending expenditure on services
Private sector representatives policy recommendation participation satisfaction ratio

Economic Prosperity

of areas in which economic data has been acquired & compiled out
of businesses assisted that provide goods/services to meet service area/local need
of businesses assisted with commercial façade treatment/building rehab
of department with attestation by ISO
of enquiries received from prospective investors showing interest
of first mortgage loans purchased
% completion of data acquisition & compilation process
% completion of development & launch of investment promotion campaign
% completion of implementation of the land use plan

37. Economic Development

- % completion of Industrial zone creation plan by deadline
- % completion of socio-economic database
- % decrease rate of staff
- % growth in active enterprises
- % Increase in # of priority projects implemented over the previous years
- % increase in contribution to federal budget
- % increase in employment in the private sector
- % increase in exports
- % increase in foreign direct investment (FDI)
- % increase in future purchases of services broken down by activity
- % increase in future purchases of services broken down by sector and size class
- % increase in future purchases of services of enterprises
- % increase in gross fixed capital formation (GFCF)
- % increase in non oil and gas sector
- % increase in population in targeted cities
- % increase in volume of land under private & government ownership
- % labor productivity by sector
- % land used that fit the needs of communities
- % of 25-34 year-olds in the total population
- % of 5-year sector strategies implemented within timeframe/budget limits
- % of automation of manual procedures
- % of business in major centers
- % of capacity utilization in manufacturing industry
- % of more people shopping downtown
- % of stakeholders' satisfaction
- % of strategies in practice satisfy its contemplated goals within the preplanned time frame and budget limits
- % progress of developing ready-to-go investment packages
- % satisfaction of citizens on the economy and commercial environment
- Average turnaround time since filing of application till getting approval for establishing new businesses
- Competitiveness index of country economy
- Competitiveness index of nation economy
- GDP deflator
- GDP growth (nominal, real)
- GDP per capita (nominal, real, PPP)
- Gross debt-to-income ratio of households
- Gross fixed capital formation
- Gross fixed capital formation: housing
- Gross fixed capital formation: machinery and equipment
- Household investment rate
- Household net saving rate
- Household saving rate

37. Economic Development

Increase in # of SMEs

% of complaints resolved in 80 days

% of effectively applied federal regulations locally

% of execution of internal policies and legal requirements

% of legislations that requires amendments that have been addressed with amendment proposals

% of local businesses satisfied with the application of laws and regulations

% of products acted upon within 30 days of a completed applications

% of requirements fulfilled under policy

Licensing Process

of new licenses within 1 working day

37. Economic Development

of transactions of license renewal within 1 working day
% of customers satisfied with trade license services
% of electronic renewal of licenses
% of issued trade licenses conforming to laws and regulations
% of new trade licenses processed within 5 working days
% of trade license renewals processed electronically
% of trade license renewals processed within 2 working days

Local Economy

of carried out promotional campaigns
of changes of circumstances which affect customers' entitlements within the year
of enterprises by sector
of entry level qualifications in numeracy achieved
of level 1 qualifications in literacy (including ESOL) achieved
of local bus and light rail passenger journeys originating in the authority area
of non-principal classified roads where maintenance should be considered
of persons employed by sector
of persons employed in services
of previously developed land that has been vacant or derelict for more than 5 years
of principal roads where maintenance should be considered
% access to services and facilities by public transport, walking and cycling
% entered employment rate (following preparation program)
% flows on to incapacity benefits from employment
% impact of local authority regulatory services on the fair trading environment
% local suppliers that affirmed the business code of conduct
% of bus services running on time
% of enterprises with 20 persons employed and more
% of food establishments in the area which are broadly compliant with food hygiene law
% of population aged 19-64 for males and 19-59 for females qualified
% of skills gaps in the current workforce reported by employers
% of small businesses in an area showing employment growth
% overall employment rate
% processing of planning applications
% satisfaction of businesses with local authority regulatory services
% share of gross operating surplus
% spending on local suppliers
% youth unemployment rate
Average journey time (congestion) per mile during the morning peak
Average personnel costs by sector
Intangible investment and subcontracting
Median earnings of employees in the area

37. Economic Development

- New business registration rate
- Overall employment rate (working-age)
- Total net value of on-going cash-releasing value for money gains
- Working age people claiming out of work benefits in the worst performing neighborhoods
- Working age people on out of work benefits
- Working age people with access to employment by public transport

Macroeconomics

- # of time environment was an important point of discussion
- % of departments whose total actual expenditures is within +/-5 of the total funding
- % of variance between original budget and primary budgeted expenditure
- Debt service to export ratio
- Domestic borrowing as % of GDP
- Domestic tax revenue as a % of GDP
- General government deficit (-) and surplus (+)
- General government fixed investment
- General government gross debt
- General government primary balance
- Government final consumption expenditure
- Population density by regions
- Stock of domestic suppliers debt as % of GDP
- Total area and land area
- Total tax revenue
- VAT reimbursements taking less than 30 days

Manufacturing

- # employment in manufacturing in enterprises with 10-19 employees
- # employment in manufacturing in enterprises with 20 or more employees
- # employment in manufacturing in enterprises with less than 10 employees
- # employment in manufacturing in enterprises with less than 20 employees
- # of enterprises in manufacturing with 10-19 employees
- # of enterprises in manufacturing with 20 or more employees

- # of industrial new orders for intermediate goods
- # of industrial new orders for non-durable consumer goods
- # of new products entering the market that are certified
- # of persons employed in manufacturing
- # volume of steel production
- % employment increase in manufacturing sector
- % growth in manufacturing activities contribution to GDP

37. Economic Development

% growth in manufacturing activities value added
% increase in contribution of manufacturing activities to GDP
% increase in value added of manufacturing activities (nominal)
% increase in value added of manufacturing activities (real)
% of industrial turnover of capital goods
% of industrial turnover of consumer durables
% of industrial turnover of consumer non-durables
% of industrial turnover of intermediate goods
% of industrial turnover of manufacturing
% of industrial turnover of mining, quarrying and manufacturing
% share of gross operating surplus in turnover
% share of value added in production
Annual capacity (in 1000 Tones per year)
Balance sheet for electrical energy in the steel industry (in MWh)
Direct foreign investment in manufacturing in \$ million
Employment in affiliates under foreign control, share of employment in manufacturing
Fuel and energy consumption (gas products in GJ, other: metric tones)
Growth rate of manufacturing GDP
Industry labor input index
Industry new orders index
Industry production index
Industry turnover index
PPI: manufacturing
Relative unit labor costs in manufacturing
Steel and cast iron scrap balance sheet (in metric tones)
Total industrial labor input in capital goods
Total industrial labor input in consumer durables
Total industrial labor input in consumer non-durables
Total industrial labor input in energy
Total industrial labor input in intermediate goods
Total industrial labor input in manufacturing
Total industrial new orders
Total industrial production of capital goods
Total industrial production of consumer durables
Total industrial production of consumer non-durables
Total industrial production of energy
Total industrial production of intermediate goods
Total industrial production of manufacturing
Total industrial production of total industry (excluding construction)
Total investments in the iron and steel industry
Value added in manufacturing

37. Economic Development**Mining**

- # of large scale mining companies contributing to the improvement of social welfare of the communities
- # of local manufacturing companies processing minerals into finished products
- # of small scale mines in production
- % of mining companies complying with environmental regulations
- Annual growth rate of the mining sector
- Value of receipts generated by small-scale mining in dollar equivalent

Patent & Trademark

- # of # of patent applications by institutional sector
- # of biotechnology patent applications at the national level
- # of co-patenting according to applicants' country of residence
- # of co-patenting according to inventors' country of residence
- # of co-patenting: crossing inventors and applicants according to applicants' country of residence
- # of co-patenting: crossing inventors and applicants according to inventors' country of residence
- # of domestic ownership of foreign inventions in patent applications
- # of high-tech patent applications
- # of high-tech patents granted
- # of high-technology patents
- # of ICT patent applications
- # of ICT patents granted
- # of innovating enterprises having applied for a patent
- # of innovating enterprises supported by government
- # of international co-patenting
- # of Nanotechnology patent applications
- # of ownership of inventions
- # of patent applications
- # of patent applications by IPC sections and classes
- # of patent applications by sector of economic activity
- # of patent applications with foreign co-inventors
- # of patent citations
- # of patent citations according to applicants' country of residence
- # of patent citations according to inventors' country of residence
- # of patents granted by the United States Patent and Trademark Office (USPTO)
- # of triadic patent families
- % foreign ownership of domestic inventions in patent applications
- % foreign ownership of domestic inventions in patents granted
- % of biotechnology patents granted at the national level
- % of domestic ownership of foreign inventions in patents granted
- Average patent pendency
- Average trademark pendency

37. Economic Development

Cost per patent disposed

Cost per trademark registered

Total income from intellectual property rights for computer services

Prices & Interest Rates

3-month-interest rate

Bilateral exchange rates

Central bank interest rates

Central bank lending rates

Central bank refinancing operation rates

Central government bond yields

Consumer price index - alcohol and tobacco

- Yield curve
- Yield curve by maturity (1, 5 and 10 years)

Public Facility & Service

- # of acres of brownfields remediated
- # of independent subsidiary to handle, implement and operate projects
- # of persons assisted with improved access to a facility or infrastructure
- # of persons assisted with new access to a facility or infrastructure
- # of persons served by a public facility or infrastructure that is no longer substandard
- # of persons with improved access to service
- # of persons with new access to service
- # of persons with service that is no longer substandard
- Increase # of citizens using facilities

37. Economic Development**Real Estate**

- # net additional homes provided
- # of affordable homes delivered (gross)
- # of affordable units
- # of building permits
- # of building permits in centers and corridors
- # of downtown housing units
- # of downtown properties maintained and developed
- # of establishment types in major activity centers
- # of first-time home buyers receiving housing counseling
- # of households living in temporary accommodation
- # of owner occupied units created
- # of owner occupied units rehabilitated
- # of qualified Energy Star units
- # of rental units created
- # of rental units rehabilitated
- # of tax benefit new claims
- # of total building permits issued
- # of units brought from substandard to standard condition
- # of units brought into compliance with the lead safe housing rule
- # of units created through conversion of nonresidential building to residential
- # of units occupied by elderly (62 years of age or above)
- # of units occupied by first-time homebuyers
- # of units subsidized with project-based rental assistance
- # of units with appropriate wiring for broadband access
- # of years affordability guaranteed
- # served receiving down-payment assistance and/or assistance with closing costs
- % non-decent council homes
- % of building permits issued in centers and corridor
- % of downtown homes sold compared per year
- % of leases executed at or below prevailing market rate
- % of local authority tenants' satisfaction with landlord services
- % of market rate units
- % of supply of ready to develop housing sites
- % of surplus property disposed at or above market rate
- Average # of mortgage licensees and registrants
- Average time taken to process housing benefit
- Construction cost of new residential buildings
- Construction labor input
- Construction new orders index
- Construction production
- Cost per household

37. Economic Development

Increased # of feet of streets repaired

Median price per square foot

Median sales price of downtown homes

Median single family home prices

New residential buildings - prices index

Value of new commercial building permits

Research & Surveys

of buyouts

of cooperation in innovation activity

of educational attainment of 25-64 years old by country of citizenship

of educational attainment of internationally mobile 25-64 years old

of educational attainment, by gender and age group

of enterprises in manufacturing technology sector

of enterprises with innovation activity

of enterprises with innovation activity in manufacturing sector, by sector of technology

of entrepreneurs using developed technologies

of factors hampering innovation

of innovating enterprises with abolished projects

of innovating enterprises with innovation cooperation

of innovating enterprises with not even started projects

of innovating enterprises with progress problems

of innovating enterprises with seriously delayed projects

of innovating firms' engagement in R&D

of innovation survey done

of knowledge intensive services at the national level

of participation in tertiary education

of participation of foreign students in tertiary education

of partners, by size class

of R&D professionals Receiving further training

of R&D units developed

of R&D units rehabilitated

of real and potential inflows of employees

of researchers in government and higher education sector

of study dealing with the economy as a whole

of technologies developed by R&D institutions for commercialization

% compatibility with international statistics standards

% completion comprehensive and sector-specific research studies

% employment in high- and medium-high-technology manufacturing sectors

% employment in knowledge-intensive service sectors

% of customers (stakeholders) satisfied about the accessibility of studies

% of customers (stakeholders) satisfied about the pertinence of studies

% of deviation of main statistics with those from other sources

% of enterprises with innovation activity

37. Economic Development

- % of registered local government authorities completing the annual report of registered authority finances
- % of release of all social and economic statistics in accordance with the approved timetable.
- % of release of all studies and surveys in accordance with the fixed timetable
- % of released social and economic statistics in accordance with the approved timetable
- % of socio-economic studies released according to fixed timetable
- % share of female researchers by sector
- % share of government budget appropriations or outlays for research and development
- % share of total government budget appropriations or outlays for defense and for civil research and development
- % share of women researchers (FTE): all sectors
- % turnover due to innovative products
- % world market share of high-tech trade by high-tech group of products
- Business enterprise R&D expenditure by high-tech groups
- Business enterprise R&D personnels
- Government budget appropriations on R&D
- Gross domestic expenditure on R&D
- High-tech trade by high-tech group of products
- Innovating firms' level of export intensity
- Innovating firms' level of R&D intensity
- Innovation expenditures
- Innovation intensity in manufacturing sector
- R&D expenditure at national and regional level
- R&D personnel at national and regional level
- Research and development expenditure
- Research and development personnel by sectors
- Total business enterprise R&D expenditure by economic activity
- Total business enterprise R&D expenditure by size class
- Total business enterprise R&D expenditure by source of funds
- Total business enterprise R&D expenditure by type of costs
- Total earnings in high-tech industries
- Total exports of high technology products as a share of total exports
- Total high-tech trade as a % of total
- Total human resources in science and technology as a share of labor force
- Total innovation co-operation in absolute value
- Total innovation expenditures
- Total innovation in high-tech sectors and SMEs
- Total intramural R&D expenditure by sector
- Total intramural R&D expenditure by source of funds
- Total of doctorate students in science and technology
- Total public funding of innovation

37. Economic Development

- Total R&D personnel and researchers (FTE), in business enterprise sector
- Total R&D personnel and researchers as % of total labor force and total employment
- Total R&D personnel and researchers by economic activity
- Total R&D personnel and researchers by fields of science
- Total R&D personnel and researchers by qualifications
- Total R&D personnel and researchers by region
- Total R&D personnel by occupation
- Total researchers (FTE) by sector
- Total venture capital investments
- Total venture capital investments - early stage
- Total venture capital investments - expansion and replacement
- Total venture capital investments by type of investment stage
- Turnover due to innovating products in manufacturing sector, by sector of technology

SMEs Development

- # citizen entrepreneurs trained
- # increase in new start up enterprise
- # investment capital amount
- # of building code clarifications/technical assistance provided to public and private sector customers
- # of business partners engaged in international sourcing
- # of enterprises by economic activity
- # of existing businesses assisted
- # of existing businesses assisted - expanding
- # of existing businesses assisted - relocating
- # of found barriers preventing or obstructing inter-enterprise relations
- # of job creation as a result of international sourcing activity
- # of job loss as a result of international sourcing activity
- # of link with more organizations
- # of members awarded contracts Internationally
- # of members awarded contracts locally
- # of mining and quarrying broken down by employment size
- # of new businesses assisted
- # of services broken down by employment size
- # of SMEs - electricity, gas and water
- # of SMEs - industry and construction
- # of SMEs - services
- # of zoning for "family business"
- % brand awareness (yearly)
- % of construction broken down by employment size
- % of customers' satisfaction about the accessibility to statistics
- % of customers' satisfaction about the accessibility to studies
- % of customers Satisfaction about the pertinence of available data

37. Economic Development

- % of customers' satisfaction about the pertinence of studies
- % of customer's satisfaction of the supporting services
- % of customer's satisfaction on the simplicity of obtaining information related to export and regional data
- % of enterprises having received orders on-line
- % of enterprises managed by the founder - broken down by birth size class (number of employees)
- % of enterprises managed by the founder - broken down by branch experience
- % of enterprises managed by the founder - broken down by education of the entrepreneur
- % of enterprises managed by the founder - broken down by entrepreneur age class
- % of enterprises managed by the founder - broken down by experience managing an enterprise
- % of enterprises managed by the founder - broken down by gender of the entrepreneur
- % of enterprises managed by the founder - broken down by survival size class (number of employees)
- % of enterprises using the Internet for interacting with public authorities
- % portfolio profitability of funded companies over 3 years
- Cumulative capital intensive industrial fund portfolio
- Cumulative SME loan fund portfolio
- Growth rate of private sector contribution to GDP
- Increased # of council men having meetings outside of city hall
- Total manufacturing broken down by employment size

38. Education**Administration**

- # of assets inventoried and tagged
- # of audit exceptions
- # of lunches served through the summer food service program
- # of plans presented annually
- # of policies and procedures developed
- # of quality manuals developed
- # of survey of the parents of students regarding the quality of the services and care provided
- % of accountability reports completed
- % of community colleges participating in the management information system
- % of districts participating in a student record system
- % of districts reporting all data required under the education data exchange network
- % of federal programs approved for funding
- % of jobs with job descriptions and grading structure

38. Education

% of local and federal reporting requirements met by the Department for accountability

% of local districts receiving desk audits annually

% of organizational structure developed and in place

Adult Education

% of relevant age group receiving full-time education

Adult educational achievement rate

Enrollment rates - secondary school

Net enrolment ratio in primary education

Early Learning

of awards given

of centers attaining center of distinction or recognition

of early school leavers by gender

of events and programs

of license to child care learning centers and group day care homes each fiscal year

of meals served per year by providers in the Child Care Food Program

of pre-K program enrollment

of providers participating in the homes program

of standards of care program training attendees

of technical assistance to child care learning centers and group day care homes each fiscal year

of visits to child care learning centers and group day care homes each fiscal year

% increase child care teachers tracking their training and professional development online system

% of children entering kindergarten with basic early literacy skills

% of eligible providers reviewed with no missing meal components in the Child Care Food Program

% of four-year-olds in education

% of programs meeting or exceeding pre-K quality assessment standards

% of student survey completed results

Educated Population

of awards given in recognition of national identity to both teachers and students

of educational attainment by sex

of foreign languages taught

of mathematics, science and technology enrolments

of mathematics, science and technology graduates

of persons with low educational attainment

of qualified engineers

of students at each institution in comparison to the demographics of the country

of tertiary education graduates

of tertiary education participation

38. Education

- % educational attainment of the population (25-64 year olds) by highest level of education
- % enrolment of 15-19 years olds
- % enrolment of 20-29 years olds
- % enrolment of 3-4 year olds
- % enrolment of 5-14 years olds
- % of citizens with second language
- % of enrolment in education as a % of the age group (from 4– 40+)
- % of labor market alignment
- % of population that has attained at least tertiary education for persons 25-34
- % of population that has attained higher education achievements
- % of population with illiteracy
- % of qualified engineers available in the labor market
- % of recent vocational college and university graduates in employment
- % of students accepted in schools
- % projected increases in student population by region
- % spread of educational facilities across the country
- % unemployment by educational attainment
- Distribution of pupils/ students by level
- Educational attainment of the population - % by age group
- Graduates in agriculture (% of total graduates, tertiary)
- Graduates in agriculture, female (% of total female graduates, tertiary)
- Graduates in education (% of total graduates, tertiary)
- Graduates in engineering, manufacturing and construction (% of total graduates, tertiary)
- Graduates in engineering, manufacturing and construction, female (% of total female graduates, tertiary)
- Graduates in health (% of total graduates, tertiary)
- Graduates in health, female (% of total female graduates, tertiary)
- Graduates in humanities and arts (% of total graduates, tertiary)
- Graduates in humanities and arts, female (% of total female graduates, tertiary)
- Graduates in science (% of total graduates, tertiary)
- Graduates in science, female (% of total female graduates, tertiary)
- Graduates in services (% of total graduates, tertiary)
- Graduates in services, female (% of total female graduates, tertiary)
- Graduates in social science, business, law (% of total graduates, tertiary)
- Graduates in social science, business, law, female (% of total female graduates, tertiary)
- Graduates in unknown or unspecified fields (% of total graduates, tertiary)
- Graduates in unknown or unspecified fields, female (% of total female graduates, tertiary)
- Illiteracy - Adult (over 15 years) - illiteracy rate as a % of population
- Literacy rate of 15-24 year-olds

38. Education

- Participation rates in education by age
- Participation/ enrolment in education by sex
- Total # of enrolment - secondary school
- Total participation/ enrolment in education
- Total population having completed at least upper secondary education
- Total workforce by educational level attainment in % of total workforce
- Total workforce by educational level attainment in % of total workforce (primary education)
- Total workforce by educational level attainment in % of total workforce (secondary education)
- Total workforce by educational level attainment in % of total workforce (tertiary education)

Educational Institutions

- # of advanced placement courses offered
- # of awards per annum
- # of based educational institution with environmental partnerships
- # of charter schools
- # of comparative spend
- # of educational institutions
- # of international research projects undertaken per year
- # of learning resources for curriculum is available in schools
- # of new higher education institutions that conform to higher education standards
- # of new schools in all districts
- # of publications in quality peer reviewed journals per annum
- # of publications made in quality journals per annum by educational institution
- # of schools on the needs improvement list
- # of schools removed from the needs improvement list
- # of students enrolled at academy for the blind
- # of students enrolled at school for the deaf
- # of teachers
- # of teaching hours per school year
- # of total educational institutions enrolment
- # of universities
- % accredited educational institutions
- % of charter schools making adequate yearly progress
- % of community college student who complete an award within three years
- % of community college student who transfer to a four-year institution
- % of community colleges meeting accreditation standards
- % of free healthy meals
- % of free stationary
- % of free transportation
- % of graduates from vocational colleges and university in employment
- % of knowledge transfer developed between companies and universities

38. Education

- % of new centers are licensed according to standards
- % of new universities providing profiles and required data
- % of private schools in relation to % public schools
- % of professional development being undertaken by teachers
- % of recent school leavers (not in further education) in employment
- % of students completing courses
- % of students passing the appropriate end of course test
- % of university education meets the needs of a competitive economy
- % pass rate overall by institution
- % spread across the country
- % utilization rate of educational institutions (seats)
- Average annual boarding fee
- Average capital costs per student by college
- Average class size
- Distribution of recent higher education graduates (by qualification major)
- Educational spend in real terms as a % of GDP
- Occupancy rates for different colleges
- Operating costs per student by college
- Staffing costs per student by college
- Total college graduation Rate
- Total educational spend in real terms

Expenditure

- # education fund spend in total (% of GDP)
- # education fund spend in total and trends over time
- # of schools (per million people)
- # of students in primary, secondary and post-secondary non-tertiary education
- # of students in tertiary education
- % of government funds distributed according to formula prescribed by the funding source
- % of government funds distributed using the correct data to determine distribution
- % of internal operations in accordance with generally accepted accounting principles
- % of school districts participating in individual student record system
- Amount spend per student overall, by level (primary, secondary and university) and by institution
- Annual expenditure on public and private educational institutions compared to GDP per capita
- Annual expenditure on public and private educational institutions per pupil/student
- Expenditure in institutions per student
- Expenditure in primary, secondary and post-secondary non-tertiary education
- Expenditure in tertiary education

38. Education

Expenditure on education as % of GDP or public expenditure
Expenditure on education in constant prices
Expenditure on education in current prices
Expenditure on public and private educational institutions
Expenditure on public educational institutions
Expenditure per student in primary, secondary and post-secondary non-tertiary education
Expenditure per student in tertiary education
Index of change in public expenditure on educational institutions
Private expenditure in institutions as % of public and private funding
Private expenditure on education as % of GDP
Private expenditure on educational institutions for all levels of education
Private expenditure on educational institutions in primary, secondary and post-secondary non-tertiary education
Private expenditure on educational institutions in tertiary education
Public education expenditure as % of public expenditure and GDP
Public education expenditure spent as students aid, by type of aid - %
Public expenditure on educational institutions for all levels of education
Public expenditure on educational institutions in primary, secondary and post-secondary non-tertiary education
Share of public expenditure on educational institutions
Total expenditure on educational institutions for all levels of education
Total expenditure on educational institutions in primary, secondary and post-secondary non-tertiary education
Total expenditure on educational institutions in tertiary education
Total financial aid to students
Total funding of education
Total investments in education and training
Total public expenditure on education
Total public expenditure on education (% of GDP)
Total public expenditure on education (per capita)
Total public expenditure on education per capita - US\$ per capita
Total spending on national human resources
Trends in relative earnings for age group 25-64 with tertiary education: females
Trends in relative earnings for age group 25-64 with tertiary education: males

Formal Education

of participations in formal education by age
of participations in formal education by degree
of participations in formal education by educational attainment
of participations in formal education by sex
Fields of study in formal education by working status

Informal Learning

of participations in informal learning by age

38. Education

- # of participations in informal learning by degree
- # of participations in informal learning by working status
- Computer based learning participants by age
- Computer based learning participants by educational attainment
- Participants studying by making use of educational broadcasting
- Participants studying in libraries or learning centers
- Self studying (with printed materials) participants by age
- Self studying (with printed materials) participants by working status

Life Long Learning

- # of participations in any learning activities by age
- # of participations in any learning activities by degree
- # of participations in any learning activities by economic activity
- # of participations in any learning activities by educational attainment
- # of participations in any learning activities by occupation
- # of participations in any learning activities by size of the local unit

Non Formal Education

- # of participation in job-related non formal education/training by size of the local unit
- # of participation in non formal education/training by # of activities
- # of participation in non formal education/training by # of taught activities
- # of participation in non formal education/training by age
- # of participation in non formal education/training by degree
- # of participation in non formal education/training by educational attainment
- # of participation in non formal education/training by main reason for participating in the taught activity
- # of participation in non formal education/training by sex
- # of participation in non formal taught activities within paid hours
- # of participation in non formal taught activity within paid working hours
- # of participation of employed persons in non formal education/training activities on computers
- # of participation of employed persons in non formal education/training activities on foreign languages
- # of participation of employed persons in non formal education/training by field of study
- # of participation of employed persons in non formal education/training by occupation
- # of participation of employed persons in non formal education/training by sex
- Mean volume of hours per employed participant in non formal education
- Mean volume of hours per employed participant in non formal training
- Mean volume of hours per participant in non formal education/training by field of learning
- Mean volume of hours per participant in non formal education/training by sex

38. Education**Public Libraries**

- # maturity of online public service delivery
- # of annual visits per 1,000 Population
- # of average daily visits
- # of circulations in public libraries
- # of print materials available
- # of public searches of electronic databases
- % of accredited public libraries
- % of certified public library directors
- % of customers who get the information they need
- % of libraries submitting annual survey data
- % of overall satisfaction with library services
- % of people with access through their public library to electronic informational databases
- % of public and academic libraries participating in resource sharing programs
- % of public libraries meeting key standards
- % of public libraries open 45 hours or more per week
- % of public libraries participating in direct aid program
- % rate of library circulation
- % use of public libraries

Research & Innovation

- # of companies served
- # of curriculum ready with internship component
- # of established student exchange programs
- # of grants and contracts received
- # of industry investments in direct strategic research
- # of interface between educational institutions and industries
- # of internationally significant research contributing to industry social and the strategic economic needs
- # of journal articles published to support economic development
- # of major research projects undertaken and progress made versus investments applied
- # of recommendations issued
- # of researches developed in schools
- # of start up research initiatives
- # of survey that address national identity
- # of technology jobs provided by companies (members and graduate)
- % increase in income through the application of new technology
- % of districts with approved career development plans
- % of labor market needs by specialization in comparison with students undertaking required courses
- % of local school districts visited annually by school improvement team
- % of persons surveyed who attended education workshops who reported that the programs were beneficial

38. Education

% participation rate in service area

School Students

- # of classroom cards distributed
- # of graduates by age
- # of graduates by age and field of education
- # of graduates by sex
- # of migrant education students
- # of new entrants by sex
- # of pupils in upper secondary education enrolled in vocational stream
- # of pupils learning Arabic
- # of pupils learning English
- # of pupils learning French
- # of pupils learning German
- # of science and technology graduates by gender
- # of students by age
- # of students by level of education
- # of students by modern foreign language studied
- # of students by study intensity (full-time, part-time)
- # of students by type of institutions (private or public)
- # of teens not attending school and not working
- # of tertiary students by field of education
- # of youth in after-school educational programs
- % female entrants by field of education
- % graduates from abroad (foreigners/mobile students)
- % net entry rate by age
- % of 18-year-olds in education
- % of education attainment of persons aged 25-39
- % of education attainment, by age
- % of education attainment, by sex
- % of students in tertiary education who are non-citizens
- % of students in tertiary education who are non-residents
- % of students in tertiary education with prior education from another country
- % of teens not attending school and not working
- % share of women among tertiary students
- % students studying part-time by age
- Average attendance rates in x grade
- Completion rate
- Entrants in % of secondary school graduates
- Foreign languages learnt per pupil
- Foreign students as % of total students by origin
- Foreign students in tertiary education by country of citizenship
- Gross graduation rate
- High school dropout rate

38. Education

High school graduation rate
High school graduation rate for African-American students
High school graduation rate for Hispanic students
High school graduation rate for White students
Median age
Net entry rate
Pupil/teacher ratio in primary education
Student - teacher ratio
Students abroad as % of students in country of origin

Student Assessment

of educational assessment / Mathematics (survey of 15-year olds)
of educational assessment / Sciences (survey of 15-year olds)
of educational assessment completed
% of produced standardized test for student performance
% tertiary attainment for age group 25-34

Student Outcomes

of advisory body established for industries
of industry linked programs with student destinations following graduation
of school graduates that are recruited by local industry
of school leavers that are recruited by local industry
of schools making adequate yearly progress

38. Education

of students
% distribution of graduates by qualification major
% of children out of school, primary
% of children out of school, primary, female
% of children out of school, primary, male
% of International curricula developed and implemented
% of recent school graduates in further education
% of school graduates in further education (by type of education)
% of school leavers not in education (by employment status)
Annual dropout rate
Educational attainment of the population
Literacy rate, adult, 15 years and above, female (in %)
Literacy rate, adult, 15 years and above, male (in %)
Literacy rate, youth, 15 - 24 Years, female (in %)
Literacy rate, youth, 15 - 24 years, male (in %)
School completion rate as scheduled (time)

Teaching Quality

of approve surveys for all students
of customer satisfaction surveys established
of demographic report for existing teaching workforce
of establishments with employment manual
of full time professional advisers and trainers
of high school with on-time graduation
of marketing plan to promote education and success
of national, regional and international awards received
of new curriculum standards established in schools
of newly certified teachers in meeting the highly qualified criteria
of performance appraisal and reward system in place
of policies and procedures for the implementation of the research accountability mechanism
of school net hours by level of education (primary, secondary)
of survey measured
% completion rate at grade 12
% completion rate at grade 7
% completion rate at grade 9
% curricula redesigned to meet international standards
% of 11th graders proficient or higher in mathematics
% of 11th graders proficient or higher in reading comprehension
% of 11th graders proficient or higher in science
% of 4th graders proficient or higher in mathematics
% of 4th graders proficient or higher in reading comprehension
% of 8th graders proficient or higher in mathematics
% of 8th graders proficient or higher in reading comprehension
% of 8th graders proficient or higher in science

38. Education

- % of practitioner preparation programs meeting requirements
- % of practitioners who are appropriately licensed
- % of school districts meeting accreditation standards
- % of schools inspected per year
- % of schools meeting accreditation standards
- % of students completing school (by primary, secondary and higher education)
- % students achieving reading and numeracy by x grade
- Average # of hours applied in renewing teacher knowledge per annum
- Education district performance index
- Net Enrolment ratio - from grade x - to grade x
- Retention rate
- Student teacher ratio from grade x - to grade x
- Total loss of funds due to noncompliance with program requirements
- Total pass rates

Teaching Staff

- # of teachers and academic staff by age
- # of teachers and academic staff by employment status (full-time, part-time)
- # of teachers and academic staff by sex
- # of teachers and trainers by age distributions
- # of teachers recruiting events held annually
- # of teaching certificate transactions annually
- % of new teachers certified
- % of teacher qualification and certification
- % of teachers in core academic areas appropriately licensed and assigned
- % of teachers meeting the definition of highly qualified teachers
- % of teachers stays abroad as % of academic staff
- % of teachers who have completed training
- % of teachers with technology certification
- % overall teacher qualification level
- % teachers who have passed their ICT test
- Pupil-teacher ratio (primary education)
- Pupil-teacher ratio (secondary education)
- Ratio of students to teaching staff

Transportation

- # of buses operating daily
- # of students transported

Youth Educational Services

- # of performance learning centers
- % mentored youth who establish themselves in employment
- % mentored youth who improved their academic results
- % of at-risk youth that graduate from the youth challenge academy

38. Education

% of graduates that meet standard for success 6 months after graduation from the youth challenge academy

Graduation rate for students

Youth education attainment level by gender

39. Energy**Alternative Fuels**

of initiated community biodiesel fueling station

% of construct electric vehicle recharging facilities in new large parking facilities

% of conversion to biodiesel (B20)

% of conversion to compressed natural gas (CNG)

% of conversion to electric vehicles

% of conversion to ethanol

% of utilize hydrogen or fuel cell vehicles

Carbon Credits

% of carbon tax

% of purchase carbon credits

Energy Consumption

energy used per unit of production

total energy consumption

% energy dependency

% share of biofuels in fuel consumption of transport

Amount of energy saved due to conservation and efficiency improvements

Average electrical consumption per employee or product sold

CO2 produced from gas consumed

CO2 tones per employee per month

Energy costs per unit of production

Fuel gas consumption

Gross inland consumption of primary energy

Gross inland energy consumption by fuel

Total diesel used

Total electricity consumption

Total energy consumption (TJ/year per mCHF sales)

Total energy consumption (TJ/year)

Total energy used per unit of production

Total gas consumption

Total of final energy consumption

Total of final energy consumption by households

Total of final energy consumption by industry

Total of final energy consumption by sector

Total of final energy consumption by services

Total of final energy consumption by transport mode

Total of final energy consumption of electricity

39. Energy

Total of final energy consumption of natural gas

Total of final energy consumption of petroleum products

Total office energy consumption

Total on-site created energy

Total organic carbon (TOC) (t/year)

Total purchased energy per month

Total supply of transformation and consumption of heat

Energy Infrastructure

% improvement on infrastructure - electricity

% improvement on infrastructure - gas

% improvement on infrastructure - oil

% improvement on infrastructure - renewables

% of implement district heating and cooling

% of install energy-efficient cogeneration power production facilities

Energy Prices

Crude oil import price

Electricity price

Energy price

Gas - domestic consumers - half-yearly prices

Gas - industrial consumers - half-yearly prices

Gas price

Gas prices by type of user

Implicit tax rate on energy

Natural gas prices for large industrial standard consumers

Petroleum products - half-yearly prices

Prices of diesel oil

Prices of premium unleaded gasoline

Energy Saving Equipment

% of certified wood stove

% of Energy Star clothes washers

% of Energy Star computers

% of Energy Star copiers

% of Energy Star dishwashers

% of Energy Star monitors

% of Energy Star printers

% of Energy Star refrigerators

% of Energy Star vending machines

% of Energy Star water coolers

% of Energy Star window air conditioners

% of energy-efficient boilers

% of energy-efficient chillers

% of geothermal heat pump

% of high efficiency water heaters

% of HVAC fan upgrades

39. Energy

% of HVAC maintenance tune-ups

% of switch electric heat to natural Gas

Energy Saving-Facility

% of adopt a high performance local energy code for new construction of community facilities

% of adopt strict commercial energy code requirements

% of adopt strict residential energy code requirements

% of distribute loans to citizens to make energy efficiency improvements

% of implement energy efficient new public/affordable housing projects

% of implement energy efficient weatherization of low-income housing

% of perform energy efficiency retrofits of existing facilities

% of require energy upgrades of facilities at time of sale

Energy Saving-Lighting

% of decrease average daily time street lights are on

% of distribute free CFL bulbs and/or fixtures to community members

% of install LED exit signs

% of install LED street lights

% of install LED traffic signals

% of install occupancy sensors

% of institute a lights-out-at-night policy

% of LED holiday lights

% of offer a halogen torchiere lamp exchange to community members

% of retrofit T-12 lamps to T-8 lamps

Energy Saving-Promotion

% of energy conservation through campaigns targeted at businesses

% of energy conservation through campaigns targeted at residents

% of green building practices through a local green building assistance program or incentives

% of participation in a local green business program

Energy Saving-Roofing

% of install green roofing

% of install reflective roofing

Energy Saving-Transportation

% of limit idling of government operations vehicles

% of limit idling of heavy equipment vehicles

% of limit idling of local transit buses and school buses

Energy Saving-Trip Reduction

of car sharing program

of Initiated car sharing program

% of allow bikes on trains/buses

% of bicycles for daily trips

% of create high-occupancy vehicle (HOV) lanes

% of educate citizens on options for utilizing local low-carbon transportation

% of expand bicycling infrastructure (lanes, storage facilities)

39. Energy

- % of expand local or regional bus service in range and / or frequency
- % of high school students with free bus passes
- % of implement a police on bicycles program
- % of implement bus rapid transit or shuttle programs
- % of implement parking cash-out program
- % of improve / expand pedestrian infrastructure
- % of increase bus ridership
- % of increase mass-transit ridership
- % of increase ride-sharing (carpools)
- % of increase telecommuting
- % of install new light rail systems
- % of institute a “safe routes to school” program
- % of reduce fleet size
- % of transit-oriented development

Energy Saving-Vehicle

- % of hybrid vehicles
- % of parking or lane incentives for hybrid vehicles
- % of procurement of hybrid vehicles
- % of procurement of smaller fleet vehicles
- % of retire old and under-used vehicles
- % of retrofit school buses with oxidation catalysts
- % of retrofit school buses with particulate traps
- % of utilize fuel-efficient vehicles (scooters) for parking enforcement

Energy Supply

- # of alternative fueling stations
- # of consumption of petroleum products (tones)
- # of wind energy kWh consumed
- % energy intensity of the economy
- % of contribution of renewables to energy supply
- % of electricity generation
- % of purchase green electricity via the grid from solar, geothermal, wind or hydroelectric sources
- % of purchase green tags / renewable energy certificates
- Energy savings per household
- Gas production volumes
- Nuclear electricity generation, % of total production
- Nuclear electricity generation, terawatts
- Nuclear power plants connected to the grid
- Nuclear power plants under construction
- Primary production of coal and lignite
- Primary production of crude oil
- Primary production of natural gas
- Primary production of nuclear energy
- Primary production of renewable energy

39. Energy

Production of crude oil
Total combined heat and power generation
Total primary energy supply
Total primary energy supply per capita
Total primary energy supply per unit of GDP
Total production of energy
Total production of primary energy
Total supply all products
Total supply and transformation of all products
Total supply and transformation of electricity
Total supply and transformation of gas
Total supply and transformation of oil
Total supply and transformation of solid fuels
Total supply of natural gas
Total supply of petroleum products
Total transformation - solid fuels

Energy Trade

Net imports of crude oil and petroleum products
Net imports of natural gas
Net imports of primary energy
Total exports (by country of destination) of all products
Total exports (by country of destination) of electricity
Total exports (by country of destination) of gas
Total exports (by country of destination) of oil
Total exports (by country of destination) of solid fuels
Total imports (by country of origin) of all products
Total imports (by country of origin) of gas
Total imports (by country of origin) of oil
Total imports (by country of origin) of solid fuels

Fuel Quality Inspection

of amusement ride safety inspections conducted
of LP gas facility inspections and re-inspections conducted
of petroleum field inspections conducted
of petroleum tests performed
of pipeline safety inspections
% of amusement attractions found in full compliance with safety requirements on first inspections
% of LP gas facilities found in compliance with safety requirements on first inspection
% of petroleum products meeting quality standards
% of regulated weighing and measuring devices, packages, and businesses with scanners

Innovation

of technologies developed with a % increase in energy efficiency
--

39. Energy

of technologies with NOx emissions less than .15 lbs per MWh

Energy density of hydrogen storage system using solid state storage technologies, in weight %

Oil Pipelines

of employment in oil pipeline enterprises

Total carrying capacity of pipelines operated

Total investment in oil pipeline infrastructure

Total length of pipelines operated

Total oil pipeline transport within the national territory

Renewable Energy

% energy produced from renewable sources

% energy used from renewable sources

% of energy generation from landfill methane

% of install solar photovoltaic (PV) panels

% of install solar water heaters

% of install solar water heating at swimming pool

% of install solar water heating panels (inc. via incentives)

% of install wind turbines

% of install wind turbines (inc. via incentives)

% share of renewable energy

% share of renewables in gross inland energy consumption

Cost of "binary power" from geothermal resources (cents per kWh)

Cost of "flash power" from geothermal resources (cents per kWh)

Cost of drilling geothermal wells based on program estimates (\$/ft)

Program benefit-cost ratio excluding non-energy benefits

Ratio of value of energy saved to program cost

Total consumption of renewables

Total consumption of renewables (biofuels)

Total consumption of renewables (biomass)

Total consumption of renewables (geothermal)

Total consumption of renewables (hydro)

Total consumption of renewables (photovoltaic)

Total consumption of renewables (solar heat)

Total consumption of renewables (wind)

Total renewable energy primary production through biomass

Total renewable energy primary production through geothermal

Total renewable energy primary production through hydro

Total renewable energy primary production through solar energy

Total renewable energy primary production through wind

Total supply of renewables

Total supply of renewables (biofuels)

Total supply of renewables (biomass)

Total supply of renewables (geothermal)

Total supply of renewables (hydro)

39. Energy

Total supply of renewables (photovoltaic)

Total supply of renewables (solar heat)

Total supply of renewables (wind)

40. Environment**Air Quality**

of cars transferring to CNG

of days during the ozone season that the ozone NAAQS is exceeded

of days exceeded ozone Standards

% change in emissions per GDP and per capita (over time)

% consumption of CFCs and halons over time

% frequency of Sox, Nox, PM10, ground level ozone and CO concentrations not exceeding limits

% improvement in the population-weighted ambient concentrations of ozone

% improvement in the population-weighted ambient concentrations of PM2.5

% increase of cars transferred to CNG

% increase usage of cleaner diesel

% main road links with acceptable air quality levels

% of air quality levels – SO₂, NO₂, O₃ and CO

% of cars transferring to CNG over time

% of citizen satisfaction with efforts to improve air quality

% of CO₂ emissions from fuel combustion

% of consumption of HCFCs and methyl bromide

% of establishments complying with noise emission limits from stationary/ point source.

% of existing industrial facilities that is environmentally compliant

% of Lead level in Perth's air

% of new development and industrial complying projects that are environmentally compliant.

% of noise baseline established

% of submit NAAQS pollutant data and QA data to the air quality system

% reduction in NOx and primary PM10 emissions for better air quality

% reduction in NOx and primary PM10 emissions through local authority's estate and operations

% usage of diesel containing 50 ppm sulphur

Air quality levels – PM¹⁰

Average ozone levels

Carbon monoxide levels in air

Cumulative % reduction in # of days with Air Quality Index (AQI) values over 100

Emissions per capita (based on CO₂ tones-equivalent/capita)Emissions per unit of GDP (based on CO₂ tones-equivalent/1000US)

40. Environment

- Environmental Performance Index
- Greenhouse emissions per Capita
- Greenhouse emissions per unit of GDP
- Index of CO₂, CH₄, N₂O emissions as well as PFC, HFC, SF₆ emissions (measured in tones)
- Index of greenhouse emissions
- Noise levels at selected locations on main roads
- Ozone level in air
- SO_x and NO_x per unit of GDP
- SO_x and NO_x per unit of GDP and % change over time of total emissions

Awareness

- # increase in awareness programs conducted
- # increase of people informed through outreach
- # of initiatives to promote greater environmental responsibility
- # of people informed through outreach
- # of press releases - media monitors
- # of private and public sector environmental initiatives including corporate environmental responsibilities
- # of programs developed for different target groups
- # of respondents to the awareness campaign
- # sponsored organizations dedicated to CSR
- % improvement in the level of awareness
- % of society's environmental awareness
- % of society's level of positive environmental behavior

Beaches Protection

- # decrease of marine violations
- # of tones of litter
- # of total catch by species and gear
- # of total catch fishing seasons
- % increase of compliance of marine regulations
- % increase of fisheries resource key species
- % increase of key marine ecosystems and habitats
- % increase of protected areas as % of total areas
- % of all public beaches that are monitored and managed
- % of days of the beach season that beaches are open and safe for swimming
- % of state-owned coastal boat ramps in safe operational condition
- Increase media monitors by 10%

Biological Diversity

- # of acres certified for public shellfish harvest
- # of catch by species
- # of fish catches from stocks outside of 'safe biological limits'
- # of fisheries resources
- # of key marine ecosystems and habitats
- # of key marine endangered species

40. Environment

- # of species assessed (status of species)
- # of species in ex-situ programs
- # of tones of fisheries production by capture & aquaculture
- # of total catch per species
- % decrease in fish stock biomass and potential yields
- % loss of coastal and marine habitats
- % of area under forest plantation
- % of compliance: marine
- % of compliance: terrestrial
- % of fish catches taken from stocks outside 'safe biological limits'
- % of fishing species distribution
- % of protected areas as % of total area
- % of total threatened species
- % sufficiency of sites designated under habitats directive
- Common bird index
- Farmland bird index
- Length of fishing seasons (# of days)
- Marine protected area (% of surface area)
- Total protected areas for biodiversity: habitats directive

Clean Community

- # increase of private and public sectors environmental initiatives
- # of acres of real property successfully negotiated and acquired for conservation
- # of brownfields properties assessed
- # of improved street and environmental cleanliness – fly tipping
- # of mode of transport usually used by children traveling to school
- # of properties cleaned up using brownfields funding
- # of residual household waste per household
- % achievement in meeting standards for the control system for animal health
- % adaptation to climate change
- % CO2 reduction from local authority operations
- % improvement in street and environmental cleanliness (levels of litter, detritus, graffiti and fly posting)
- % of community satisfaction with the availability of public access to the swan-canning river system
- % of household waste sent for reuse and recycling
- % of households living in proclaimed townships/areas
- % of improved street and environmental cleanliness (levels of litter, detritus, graffiti and fly posting)
- % of local sites where positive conservation management has been implemented
- % of municipal waste land filled
- % of people receiving income based benefits living in homes with a low energy efficiency rating

40. Environment

% reduction in NOx and primary PM10 emissions through local authority's operations

Per capita reduction in CO2 emissions

Quality of life index

Climate Change

of household energy efficiency products provided

of national communication campaign

of policy endorsements

% eco-balance

% environment impact of product use

% of build capability to greenhouse gas emission inventory

Carbon intensity of power generation

Eco-efficiency rate

Green workplace/ Carbon footprint

Greenhouse gas (GHG) emissions per employee per month

Greenhouse gas emissions (tones CO2 equivalents per mCHF sales)

Greenhouse gas emissions (tones CO2 equivalents)

Heavy metals (kg/year)

Lifetime carbon savings for household energy efficiency products provided

Particulate matter (t/year)

Total emissions from production into the environment

Total energy saved due to conservation & efficiency improvements

Volatile organic compounds (VOCs) (t/year)

Compliance

of complaints (including noise)

of environmental laws

of environmental laws that do not hinder the competitiveness of businesses

of fines

of incidents

of non-compliances

of regulation fault findings

of total ratified environmental treaties

of violations (marine, terrestrial)

% of companies complying with radiation right practices

% overall regulatory compliance performance

Penalties resulting from environmental non-compliance

Emissions

carbon dioxide emissions per capita

of HAP inventories submitted

% emissions through local authority's estate and operations

% increase of establishments complying with noise emission limits from stationary/ point source

40. Environment

% increase of new development and industrial projects that are environmentally compliant

% increase of usage of Diesel containing 50 ppm sulphur

% of emissions through local authority's estate and operations

% of environmental emissions

% of Euro 4 vehicles

% of Methane flaring at local landfills

% of vehicles in line with target emission standards

% reduction of cancer causing toxic pollutant emissions

% reduction of non-cancer causing toxic pollutant emissions

Average carbon dioxide emissions of vehicles

Carbon dioxide emissions per capita (ODP tons)

Greenhouse gas emissions

Greenhouse gas emissions by sector

Greenhouse gas emissions from transport

HFCs emissions (1000 Tones CO2 Equivalent)

NOx emissions (tones per year)

SOx emissions (tones per year)

Total air emissions

Total air emissions accounts by activity (industries and households)

Total air emissions accounts totals bridging to emission inventory totals

Total CO2 emissions

Total gas from power generation

Total gas from production

Total Methane (CH4)

Total Nitrous Oxide

Total NOx emissions

Forest Protection

of acres burned by wildfires

of acres covered by a forest management plan

of acres of state forests managed by the department

of environmentally important acres of forest protected

of forest visitors served

of hours spent providing forest-related technical assists to non-industrial private landowners

of hours spent providing forest-related technical assists to public land management agencies

of online and automated burn permits issued

of water quality exams conducted on logging and forestry operations

% achieved thinning versus prescribed

% area of forest cut

% authorized removal of firewood from total firewood removals

% change in forest area

40. Environment

- % increase in volume of timber per acre of land due to selection, testing, and breeding of genetically improved seedlings
- % land use by main category
- % of area of forest plantations
- % of forest areas under protected status
- % of forest timber producing acres adequately stocked and growing
- % of land area covered by forest
- % of maintained area of forest plantation
- % of protected area under forest plantation
- % of total removals of firewood compared to the authorized removal
- % of tree planting for carbon storage & heat island
- % of tree planting to shade buildings
- % of water bodies with significant variance of biodiversity
- Amount of revenue generated through seedling sales
- Average fire response time in minutes
- Cost per acre of environmentally important forest protected
- Deforestation rate
- Forecast strategic timber yield versus actual timber yield
- Level of soil damage resulting from timber harvesting
- Per capita public green space
- Time to regenerate harvested areas
- Total built-up areas

Hazardous Waste

- # of acres of property to be remediated under approvals
- # of facilities with final remedies constructed
- # of facilities with human exposures under control
- # of facilities with updated controls for preventing releases
- # of hazardous waste cleanup projects completed during fiscal year
- # of hazardous waste facilities assessed
- # of hazardous waste facilities with final remedies selected
- # of hazardous waste facilities with migration of contaminated groundwater under control
- # of hazardous waste facilities with new or updated controls
- # of hazardous waste facilities with remedy construction completed
- # of hazardous waste management facilities with permits or approved controls in place
- # of high priority facilities with human exposures to toxins controlled
- # of individuals in the regulated community reached
- # of partnerships established with hospitals and other health facilities to reduce Mercury in waste streams
- # of risk management plan audits completed
- # of sites receiving approvals for remediation during the year
- % completion and implementation of emergency management system
- % gap in processing of industrial hazardous waste from the non-oil sector

40. Environment

- % gap in processing of medical hazardous waste
- % increase of facilities that are in significant operational compliance with release detection and prevention
- % of hazardous operational waste
- % of recycled hazardous operational waste
- % of reduced gap in processing of industrial hazardous waste from the non-oil sector
- % of reduced gap in processing of medical hazardous waste
- % recycled hazardous operational waste
- % reduction of releases of industrial hazardous chemicals to the environment
- Total chemical waste (t/year)

Health & Safety

- # of calls within time limits stipulated in operating procedures
- # of economic sectors with EHSMS approved against system requirements
- # of implementation of EHSMS
- # of incidents: Fatal
- # of incidents: Ill-health
- # of incidents: Major Injury
- # of major injury
- # of occupational health incidents
- # of organizations with ISO 14001 certifications
- # of responding to external emergency notification
- # of total reportable case frequency (calculated per 1,000,000 hrs worked)
- # of total time injuries
- # of work place fatalities
- % completion of a implementation framework
- % completion of EHSMS regulatory framework
- % of soil salinity mapping
- % of soil surveying (classification, mapping, evaluation, degradation, assessment)
- % of targeted entities complying with EHSMS requirements
- % of targeted entities with EHSMS approved against system requirements
- Lost time injuries frequency rate
- Lost time Injury frequency rate (calculated per 1,000,000 hrs worked)
- Lost time injury over time
- Lost time injury severity rate (calculated per 1,000,000 hrs worked)
- OH&S system development

Indoor Air & Radon

- # of additional homes built with radon-resistant new construction
- # of additional homes with operating mitigation systems
- # of additional schools mitigated and/or built with radon-resistant new construction
- # of homes built with radon-resistant new construction
- # of homes mitigated

40. Environment

of schools mitigated or built with radon-resistant new construction

% of reports with performance measures that have clear linkages to those of EPA

Local Assistance

of agencies collecting data for the HAP emissions inventory

of components of domestic material consumption

of cumulative reduction in tons of toxicity-weighted (for cancer risk) emissions of air toxics

of cumulative reduction in tons of toxicity-weighted (for non-cancer risk) emissions of air toxics

of eco-label awards

% of affected entities who operate NATTS in accordance with national guidance

% of affected entities who submit data in accordance with law

% of cumulative reduction in # of days with Air Quality Index (AQI)

% of cumulative reduction in the average # of days during the ozone season that the ozone standard is exceeded

% of major permits issued within one year of receiving a completed permit application

% reduction in population-weighted ambient concentration of fine particulate matter

% reduction in population-weighted ambient concentration of ozone

Current environmental expenditure by industry

Current environmental expenditure by the public sector

Distribution of environmental investment by industry

Distribution of environmental protection expenditure by domain

Distribution of environmental protection expenditure by the public sector

Domestic material consumption by material

Total area under agri-environmental commitment

Total environmental expenditure by the public sector

Total environmental investment by industry

Total environmental investment by the public sector

Total environmental protection expenditure

Total environmental protection expenditure by industry

Total environmental protection expenditure by size classes

Total environmental protection expenditure by total environmental domains

Total environmental protection expenditure in industry

Total environmental protection expenditure: % of GDP

Total environmental protection expenditure: % of gross fixed capital formation

Total environmental protection expenditure: % of output

Total environmental protection expenditure: % pollution prevention

Total environmental protection expenditure: distribution by industries

40. Environment

Total environmental protection expenditure: distribution by total environmental domains

Total environmental protection expenditure: per capita

Total environmental protection expenditures by institutions

Natural Resources

of total annual green houses emissions in Co2 equivalent

of total species population

% encroachment in wildlife protection area

% extent of protected forest areas (ha) million

% increase of amount of domestic waste ending up in dumps

% of deforestations (# of HAs per annum cut down)

% of domestic waste generation per capita (in tons per annum)

% reduction in the rate of infestation of invasive alien species

Organizational Efficiency

of environmental performance Indicators

of governance indicators (sustainability management)

% completion of corporate performance management reporting

% completion of environmental data sets

% completion of guidelines

% completion of noise baseline data project

% completion of recruitment of required manpower

% completion of soil classification

% completion of the database system

% implementation of the system at Federal level

% installation of radiation detection gates

% response to external emergency notification & calls within limits

Excellence model score

Parks & Recreation

of open space trails

of park attendance

of park, recreation and historic site visitation

% average annual occupancy at park cottages

% of customer comments indicating their overall park experience was good, very good, or excellent

% of hunters who rate their hunting experience as satisfactory or better

Pollution Control

of combined sewer overflow (CSO) permits

of enforcement of environmental regulation

of environmental laws

of facilities covered by an overlay permit that incorporates trading provisions with an enforceable cap

of facilities covered under either an individual or general construction storm water site permit

of facilities covered under either an individual or general permit

40. Environment

- # of facilities that have traded at least once
- # of incoming chemical, and hazardous material (including radioactive) shipments complying with requirements
- # of organizations with a registered environmental management system
- # of pollution problems that affect the economy
- # of pollution serious problems
- # of pounds of pollutants reduced
- # of significant industrial users with pretreatment programs that have control mechanisms in place
- # of territories that are on schedule with a mutually agreed-upon plan to adopt nutrient criteria into their water quality standards
- # of territories that have adopted and are implementing their monitoring strategies in keeping with established schedules
- # of territories that have adopted approved nutrient criteria into their water quality standards
- # of territories that submitted new or revised acceptable water quality criteria
- # of water bodies identified as being primarily nonpoint source impaired that are partially or fully restored
- # of water bodies identified as not attaining water quality standards where standards are now fully attained
- % concentration of Sox, Nox, PM10, ground level ozone and CO not exceeding limits.
- % improvement of permitted companies complying with radiation practices conducted
- % improvement of re-exported radioactive material shipments through point of exit, complying with requirements
- % improvement of storages facilities of permitted companies dealing with chemicals and radioactive materials
- % of environmental health of waterways
- % of established and approved entities on a schedule consistent with national policy
- % of existing industrial facilities that are environmentally compliant
- % of facilities covered by permits that are considered current
- % of facilities covered under either an individual or general industrial storm water permit
- % of gasoline lawnmower replacement
- % of implementation of a long term control plan which will result in compliance with water quality law
- % of major dischargers in significant noncompliance (SNC) at any time during the fiscal year
- % of portable gas can replacement
- % of significant industrial users with pretreatment programs that have control mechanisms in place

40. Environment

% of territories that submitted new or revised acceptable water quality criteria
% of use low-VOC cleaning products
% of use low-VOC paints
% of use non-asphalt pavements
Carbon monoxide level
Ecological footprints
Environmental tax revenue
Environmental taxes by industry
Total environmental tax revenues as a share of GDP
Total environmental tax revenues as a share of total revenues from taxes and social contributions
Urban population exposure to air pollution by ozone
Urban population exposure to air pollution by particulate matter
Weighted emissions of greenhouse gases

Recycling

bottles recycled
effective residual ink concentration
paper pages used per employee
recycled paper
% biodegradable carrier bags
% completion of an implementation plan
% consumption of recycled paper
% landfill volume in use
% of establish / expand business recycling programs
% of establish / expand curbside recycling programs
% of establish / expand recycling programs
% of reuse or recycling of construction and demolition materials
% overall paper reduction
% reduced paper consumption due to duplexing
Tons of recyclable material collected as a % of all refuse & recyclable material collected
Total volume of recycled wastewater
Volume of recycled waste

Sewer Maintenance

of cities that adopted the voluntary management guidelines for on site sewage management
of feet of sewer pipe jet cleaned
of public system backups per 1,000 service connections
Average cost per foot of sewer pipe jet cleaned
Customer satisfaction rating

Solid Waste

of residential waste disposed per household
of residential waste tons collected

40. Environment

of vehicles and mechanical equipment in service
% of capacity of the landfill consumed per year
% of citizen satisfaction % with residential garbage collection services
% of citizen satisfaction with recycling collection services
% of organics composting
% of regulated solid waste facilities operating in compliance with environmental standards
% of residential waste stream diverted
% of yard waste collection and composting
Average % of vehicles and equipment in service
Average Kg of garbage collected per household per Week
Average tons of recycling collected per account
Multi-family recycling rate
Recycling diversion rate
Residual household waste per household
Single-family residential recycling rate (% of tons of waste recycled)

Storm Drainage

of cited violations under the clean water act
of facilities covered under either an individual or general industrial storm water permit
Average cost per foot of drainage pipe cleaned
Flood insurance ratings

Sustainable Environment

of groundwater reserves
of industries who have signed MOUs with government
of innovative private sector partnerships
of private & public sector sustainability reports
% completion of implementation of the plan to protect ecologically sensitive areas
% completion of water management plan
% cumulative reduction of chronic human health risk from releases of industrial chemicals
% decrease in water and energy consumption
% of customers seeking stream bank variances who rate the service they receive as good
% of data sets available
% of enforcement of environmental regulation
% of new development and industrial projects that are environmentally compliant
% of quality of natural environment (ranked on a scale of 1 to 10)
% of renewable energies used
% of reported radioactive material shipments through point of exit, complying with requirements
% of storage facilities dealing with chemicals and radioactive materials complying with requirements

40. Environment

- % of surface area protected for biodiversity
- % of sustainability plan implementation
- % of total primary energy supply of cleaner energy source (Hydro, solar, wind and geothermal power)
- % of water quality
- % passes unit/activity environmental compliance inspections
- % reduction in chronically acidic water bodies in acid-sensitive regions
- % reduction in review time for registration of conventional pesticides
- % release of incoming chemical and hazardous material shipments complying with requirements
- % share of renewable and wastes in total energy requirements
- % usage of diesel containing 500 ppm sulphur
- Annual reduction in daily municipal and industrial water use (measured in gallons per capita per day)
- Average # per year of waterborne disease outbreaks attributable to oceans, rivers, lakes or streams
- Average % of green sourcing per money spent
- Carbon dioxide consumption of ozone-depleting chlorofluorocarbons (ODP tons)
- Environmental performance index (EPI)
- Environmental sustainability index
- Forest area as % of total land
- Index of greenhouse emissions (total emissions- 1000 tones CO2 equivalent)
- Level of compliance to sustainability plan guidelines involving energy/ water consumption targets
- PM10 level (micrograms per cubic meter)
- Quality of life index (Based on an index from 0 to 10)
- Ratio of # of ecologically sensitive areas protected to the total # of ecologically sensitive areas identified
- Reduce water consumption per capita per day
- Reduced # of violations of environmental regulations
- Time to establish acute exposure chemical guidelines value per chemical
- Water consumption per day per capita (lit/day/person)
- Water consumption per hectare in agricultural zones
- Water consumption per hectare in the forestry sector
- Water quality (salinity (ppm))
- Wealth accounts (net present value)

Toxic Substances

- # of asbestos inspections conducted under government authority
- # of asbestos inspections conducted with EPA credentials
- # of asbestos inspections conducted with EPA credentials that resulted in enforcement action
- # of enforcement actions taken
- # of inspections by region

40. Environment

of inspections conducted with EPA credentials that resulted in enforcement action

of total inspections conducted

% increase in hazardous waste sites where human health risks and disease have been mitigated

Index of production of toxic chemicals

Underground Injection

% increase rate of significant operational compliance over the previous year's target

% of deep injection wells that are used for salt solution mining

% of deep injection wells that are used to enhance oil recovery

% of deep injection wells that are used to inject industrial, municipal, or hazardous waste

% of identified motor vehicle waste disposal wells that are closed or permitted

Waste Management

of approved laws

of collections missed per 100,000 collections of household waste

of household collections missed, per 100,000 refuse collections

of Kg of household waste collected per head

of laws concerning establishment of waste management policy

of paper pages used per employee per month

of waste treatment facilities

of waste water treatments plants

% approval for waste management initiatives

% completion of waste management initiatives

% completion of waste management policy

% completion of waste management strategy (master plan)

% gap in processing/treatment of sewerage/waste water from households and industrial sites

% improvement in street and environmental cleanliness (levels of litter, detritus, graffiti and fly posting)

% increase of residual household waste per household

% of applications for authorization of industrial processes dealt with within statutory deadlines

% of authorizations of industrial processes reviewed within statutory deadlines

% of materials used that are recycled input materials

% of non-hazardous operational waste

% of on-site assessment clients that implement at least one waste reduction recommendation

% of people expressing satisfaction with household waste collection

% of people expressing satisfaction with waste disposal

% of people expressing satisfaction with waste recycling

% of people satisfied with the cleanliness standard in their area

40. Environment

- % of population resident in the authority's area served by a kerbside collection of recyclables
- % of recycled non-hazardous operational waste
- % of re-use facilities/programs to foster solid waste reduction
- % of the total tonnage of household waste arising used to recover heat, power and other energy sources
- % of the total tonnage of household waste arising which have been landfilled
- % of the total tonnage of household waste arising which have been recycled
- % of the total tonnage of household waste arising which have been sent for composting
- % reduction of residual household waste per household
- % treatment of waste
- Average water use per employee per month
- Average water used per amount of product manufactured
- Gross cost of refuse collection per premise
- Gross cost of refuse disposal per premise
- Municipal waste by type of treatment
- Municipal waste generated
- Per capita daily domestic waste generation
- Total domestic and process water
- Total general waste (t/year)
- Total generation of hazardous waste by economic activity
- Total generation of non-hazardous waste by economic activity
- Total generation of waste
- Total generation of waste by economic activity
- Total generation of waste by waste category
- Total hazardous waste generated by households
- Total non-hazardous waste generated by households
- Total of office and operational waste
- Total packaging waste
- Total recycle target
- Total waste
- Total waste recycled
- Total waste sent to landfill & incineration
- Total water consumption (cubic meters per year)
- Total water used as cooling water
- Waste disposed of per amount of product manufactured

Wastewater

- # of landfill of sewage sludge from urban waste water
- # of methods of disposal of sewage sludge from urban waste water
- # of wastewater overflows per 100 miles of wastewater main
- % agricultural use of sewage sludge from urban waste water
- % capacity of urban waste water treatment plants

40. Environment

% capacity of urban waste water treatment plants with advanced treatment
% composting of sewage sludge from urban waste water
% gap in processing municipal waste (household waste)
% incineration of sewage sludge from urban waste water
% of Ammonia in treated wastewater effluent
% of Biochemical Oxygen Demand (BOD) in treated wastewater effluent
% of citizen satisfaction with the wastewater treatment system
% of generation intensities of municipal waste
% of implement methane flaring at wastewater treatment facility
% of install anaerobic digester at wastewater treatment facility
% of population connected to independent waste water collecting systems: total
% of population connected to independent waste water collecting systems: with treatment
% of population connected to urban waste water collection systems: without treatment
% of population connected to urban waste water treatment: primary treatment
% of population connected to urban waste water treatment: secondary treatment
% of population connected to urban waste water treatment: tertiary treatment
% of population connected to urban waste water treatment: total
% of population connected to urban wastewater collecting systems: total
% of population connected to urban wastewater treatment with at least secondary treatment
% of urban waste water treatment with at least secondary treatment
% resident population connected to wastewater collection and treatment systems
% treatment capacity of waste water treatment plants
Sewage sludge production and disposal per capita
Sewer overflows per 100 miles of collection system piping
Total amount generated of municipal waste
Total generation and discharge of waste water
Total sewage sludge production and disposal
Total sewage sludge production from urban waste water
Wastewater treatment effectiveness rate

Water Sanitation

of new appropriate sanitary facilities provided
of new appropriate sanitary facilities provided in rural areas
of new appropriate sanitary facilities provided in urban areas
of wastewater management categorization
of wastewater quality monitoring systems
of wells identified in significant violation of regulations
% of identified waste disposal wells that are closed or permitted

40. Environment

% of population with access to improved sanitation, urban and rural
% of sewerage service availability (% pumping station running)
% population with sustainable access to improved sanitation
% providing the community with sewerage services
% recycling (TSE and sludge)
% regulatory compliance
Average distribution per area per user
Population with adequate sanitary facilities (as % of total population)
Population with adequate sanitary facilities (as % of total population) in rural areas
Population with adequate sanitary facilities (as % of total population) in urban areas
Total cost of sanitation
Volume of treated water produced (m3) by commercial utilities
Waste projection (ton/day)
Waste water treatments plants network coverage in % of population served

41. Governance**Central Administration**

of citizen contact center calls
of emergency calls
of government departments with a service delivery charter
of public disclosure requests processed
of records retrieval requests
of total telephone calls placed to the "1-800-" call center requesting assistance
% of benefit payments processed in accordance with the relevant legislation compared with # of applications received
% of customers' perception of service quality
% of government departments where payroll management and establishment control is operational
% of government departments with staffing complements appropriate to their agreed mandates
% of government employees whose salaries is described as being "Performance Based"
% of letter mail processed at discounted postage rates as measured by the mail management system
% of major permits issued within one year of receiving a complete permit application
% of non-tax fiscal notes completed during the legislative session in comparison to # requested
% of performance related pay in use by all gov. entities
% of retirement certifications issued within five working days of initial request

41. Governance

- % of savings generated by the competitive bidding process measured by comparing the bid selected to highest bid
- % of state garage vehicle repairs completed correctly
- % of time application development project work is delivered within documented time
- % of time finance data warehouse services are available for customer usage
- % of time finance services are available for customer usage
- Cost per member to administer
- Cost per mile of motor pool as a % of private vehicle cost benchmark
- Total amount of restitution, savings and other financial benefits to consumers

Citizen Services

- # of days to start a business (days)
- # of firms supported by new legislations
- # of Km of backlog of roads eradicated
- # of trips per capita on public busses
- % of all requests for assets and mutual aid assistance handled successfully
- % of citizen satisfaction with services provided
- % of households with access to basic or higher levels of electricity
- % satisfaction score from all customers and stakeholders for the provision of customer service
- Gross cost of street lighting per lamp
- Gross national happiness (GNH)
- Rating of doing business is supported by regulations (on a scale of 0 -10)
- Rating of government decisions are effectively implemented (on a scale of 0 - 10)
- Rating of legal and regulatory framework that encourages competitiveness of enterprises (on a scale from 0 - 10)

City Council

- # of applicants for board/commission positions
- # of board/commission positions filled
- # of legislative issues tracked
- # of regional committees or organizations on which council members participate
- % of citizens rating city as "good" or "excellent" place to live
- % of citizens saying city is heading in the right direction
- % of items approved by council on consent calendar
- % of registered voters compared to eligible voters
- % turnout for local elections
- Average voting age participation
- Average voting age participation in election

Community Council

- # of council agenda items analyzed and scheduled on calendar
- # of council for the arts grant awards
- # of courtesy hearings held

41. Governance

of issues advocated before city council
of public hearings held
of referrals receives annually concerning the well-being of children
of regular meetings held
% of cases that are closed within six months of opening
% of counties served by the council
% of resolutions adopted approving city Council land use decisions
% of schools that made adequate yearly progress
Average attendance record

Council Support

of contracts and documents processed
of council agenda items analyzed and scheduled in packet
% of citizen issues/complaints resolved within 10 days
% of customers rating service at the satisfied to very satisfied level
% of targeted records available on reference server

Equal Opportunity Commission

of coverage of the fair employment practices
of education, training, and outreach activities performed
% between human rights cases reported and investigated
% of employment discrimination complaints investigated within 90 days
% of key decision making positions in the civil service that are occupied by women
% of successful performance evaluations done

Government Decentralization

of devolved functions undertaken by the local authority
of housing units constructed by local authorities
of surveys of local councils to ascertain local governments views on the departments services
of valuation roles updated on an annual basis
% annual increase in direct transfers to local authorities
Average cost per council of providing the different types of service
Value of revenues accruing to local authorities from collection

Government Efficiency

% of correspondence replied to on time
Bureaucracy rating
Employment-housing equilibrium index
Government effectiveness rate
Hindrance to business activity from bureaucracy (scale of 0 -10)
Independence of public service from political interference (scale of 0 -10)
Rating of ease of doing business with government agencies
Rating of bureaucracy (hinder business activity)
Satisfaction level with services provided

Hearing Office

of administrative appeals of civil violations appealed to Superior Court
--

41. Governance

of land use matters heard
of other civil violations processed
of sign code violations processed
% of hearing examiner decisions delivered within 10 days
Average # of matters assigned per Hearing Examiner

Insurance Commissioner

of cases against insurance companies, agents, and other licensees
of licensed insurance companies
of suspected criminal fire investigations
% of penalties collected from violators
Funds recovered on behalf of consumers and health care practitioners

Internal Control

of internal control improvement initiatives, within measurement period
of major internal control breaches
Average time between internal control deficiency occurrence and reporting

Openness & Transparency

of agencies that produce audited accounts and performance reports which are accessible to the public
of entities whose accounts are audited and reported publicly
of verifiable interactions between top government officials and their constituencies/citizens
of website page views by citizens
% of entities with risk management framework implemented
% of government entities audited / year
Rating of transparency level (citizen survey)
Rating of transparency of government policymaking

Planning & Accountability

of improvement projects successfully launched and achieving results
of performance audits completed
% of agencies that meet established requirements (strategic plans, performance plans, link to enterprise plan and performance measures)
% of employees covered by and assessed against individual performance contracts
% of government entities that have adopted a full scale individual performance management system
% of recommendations from the Public accounts committee that have adequate action taken by responsible government institution

Regulation & Compliance

of audit reports issued
of controls to avoid corruption
of regulatory or legal noncompliance events
of subprograms that completed mandated or requested projects by specified guidelines
% completion of new laws identified for drafting

41. Governance

% of actuarial investigations issued on or before the statutorily mandated deadline
% of appeal board claims process accurately
% of appeal board claims processed within 3 weeks
% of cases resolved within 6 months of filing
% of county government rates certified
% of external peer reviews that determines the department performs its engagements accurately and in compliance with standards
% of inspector general recommendations implemented by agencies
% of internal quality assurance reviews that determines the department performs its engagements accurately and in compliance with standards
% of investigations and preliminary inquiries completed within a six-month period
% of legal and regulatory framework implementation
% of major non-compliance issues unclosed / year
% of recommendations from performance audits that were implemented as determined by follow-up reviews
% of requests for Appeal Board information delivered accurately
% of requests for Appeal Board information delivered within 7 days
% of school aid payments that are accurate
% of school aid payments that are timely
% of school district rates certified
% of tax levies certified
% of unauthorized disclosures
Average time lag between new regulation and initiation of review
Average time taken to dispose of cases (criminal and civil) at each stage of the administration of justice process
Bribe payers Index
Corruption Perception Index
Rating of adaptability of government policy
Rating on bribing and corruption
Rating on government decisions are effectively implemented
Rating on policy direction of the government

Resource Management

of audit exceptions contained in annual audit
of citizens employed in the civil service
of Km of backlog of storm water drainage systems eradicated
of new creation of firms
of non-core services privatized
of reportable and non-reportable audit comments on the most recent report
of time the city maintains the AA+ credit rating
% of citizens employed in the civil service
% of customers surveyed that rate us as meeting or exceeding expectations in billing experience

41. Governance

% of customers surveyed that rate us as meeting or exceeding expectations in notification/update experience
% of customers surveyed that rate us as meeting or exceeding expectations in quality assurance experience
% of customers surveyed that rate us as meeting or exceeding expectations in service installation experience
% of customers surveyed that rate us as meeting or exceeding expectations in service order experience
% of government spend on outside advice services
% of government tax collected
% of performance related pay for government employees
% of reports required submitted timely
% of results website measures trending in the desired direction
% of statutorily mandated sales ratio studies and reports available
Gross National Income (GNI)
Gross National Product (GNP)
Net National Income (NNI)
Net National Product (NNP)
Sovereign credit rating
Trade surplus (deficit)

42. Government Workforce**Appraisal & Performance**

of electronic and hard copy publications accessed
of employees receiving employee of the quarter awards
of individual performance plans completed
of national annual survey for government entity to evaluate the performance of the government workforce
of occupational injury and illness rates
of performance management integrated framework developed
of performance meetings
of services provided
% of completed appraisals out of the total # of the staff
% of completion of assessments of all existing staff members
% of design completion and implementation of the Performance Management System
% of individual assessments done
% of job competencies evaluated
% of performance management system completed
% of tasks completed successfully and on time
% satisfaction of employee with the performance appraisal
% workforce perceptions of government as equal opportunity employer
Average % of individual performance assessment results
Lost time accidents per 1000 employees

42. Government Workforce**Compensation & Rewards**

- # of time & attendance system is implemented in all government entities
- % benefit checks written without error
- % of participants who rate Benefits Plan as good or better
- % of satisfied employees with Compensation & Rewards

Organization Excellence

- # of annually reviews of the HR manual
- # of communications plan for change
- # of conducted HRM review by end of year
- # of government entities that make use of core HR and HRMS modules
- # of implemented ICT infrastructure & systems to support new HR initiatives tracking
- # of implemented stakeholder communications plans
- # of internal performance management systems
- # of organizational improvement survey
- # of proper HR performance management process documented
- # of re-engineered HR Processes
- # of resignation with reasons
- # of revisions on structure approved
- # of significant safety incidents (SSI)
- % completion of authority matrix implementation
- % completion of job descriptions and functional statements
- % completion of new organizational structure
- % development of new organizational processes
- % employees satisfied with job
- % employees satisfied with their developmental goals as per their performance appraisal
- % employees which have received a performance assessment
- % of completion of job descriptions
- % of completion of the HR Strategy
- % of employee satisfaction
- % of internal structure and governance implemented
- % of job descriptions include competency profiles
- % of perceived attractiveness of employees amongst target groups
- % of physical security at work location is satisfactory
- % of roles/jobs have been given a performance appraisal annually
- % of satisfied staff
- % of the employees having a suitable working places and facilities
- % response rate to employee survey
- % staff turn-over
- Average excellence award assessment score
- Average score on employee job satisfaction surveys
- Change readiness index
- Employee satisfaction index

42. Government Workforce

Employee satisfaction rate
 Employees overall satisfaction score
 Lost time injury frequency rate
 Retention rates

Policies & Standards

of bi-annual review of HR policy & procedures against HRM best practice
 # of cases pending in appeal
 # of external quality assurance audits of specific HRM elements each year
 # of HR governance units & committees exist in all departments
 # of implement organizational design manual to all departments
 # of internal audit risk management assessment done
 # of labor market policy changes suggested
 # of new HR standards/policy proposals submitted for approval
 % of complaints investigated
 % of employed in the private sector
 % of known complainants responded to
 % unemployment among citizens
 % unemployment among women
 Time elapsed from hearing to decision
 Time elapsed from petition to decision

Skills & Qualifications

of staff members professionally satisfied at work
 # of work place accidents
 % employee approved suggestions are implemented
 % increase of local employees with technical skills
 % of citizens in technical staff
 % of competent senior managers
 % of employees certified
 % of practitioners hold a HRM certification
 % of senior managers with computers
 % of staff with professional qualification recognized globally
 Average staff length of service
 Rate of employee promotions

Staffing & Recruiting

of agencies and entities using websites for job vacancy posting and applicant tracking
 # of applicants reviewed/processed
 # of candidate assessments done through the assessment centre each year
 # of career fairs attended and other outreach activities conducted
 # of direct hire employees
 # of job applicant in pool
 # of job seekers provided with employment
 # of labor contracts successfully negotiated and implemented
 # of recruitment for new organization structure completed

42. Government Workforce

of recruitments coordinated
of re-registration of all existing job seekers completed
of vacancies filled
% 'Data cleansing' of job seeker data base completed
% assessment of all existing job seekers completed
% change in # of jobs applied for on website
% composition of non white job applicants in the applicant pool who are interviewed
% employees relocated to permanent built office building
% employees relocated to temporary office building
% execution of recruitment plan within timeframe
% external counseling capacity in-sourced to achieve required operational capacity
% implementation of process 'Job seeker assessment'
% implementation of process 'Job seeker classification'
% implementation of process 'Job seeker counseling'
% implementation of process 'Job seeker matching'
% implementation of process 'Job seeker registration'
% increase of job applicants per annum
% of reduction of time to fill
% of achieved targets within yellow and green range
% of citizens among total # of employees direct hire
% of company data captured from all employer interfaces
% of core team positions vacant
% of detailed job seeker placement process documented
% of employees that voluntarily leave employment per year
% of high-level job seeker placement process documented
% of hiring authority survey ratings that indicate satisfied with the hiring process
% of implemented manpower reporting system
% of job seeker placed in private sector jobs
% of job vacancies captured and confirmed from all employer interfaces
% of management & technical positions filled
% of manpower plan completed
% of minorities promoted from total # of employees
% of minority candidates hired
% of new employee satisfaction ratio
% of positions are filled with internal postings
% of positions in new organizational structure that are filled
% of projected positions fulfilled
% of recruitment requirements fulfilled
% of reducing staff
% of required positions vacant
% of set-up of assessment facilities

42. Government Workforce

- % of special needs employees
- % of staff successfully redeployed internally and/or externally
- % of staff turnover
- % suitable organization structure developed
- Attrition rate
- Average # of applicants per recruitment
- Average # of applicants per recruitment - internal recruitments
- Average % of minority applicants per recruitment
- Average employment period / per staff
- Average weeks to fill a position
- Employees retention rate 2 years and above
- New employee turnover/attrition ratio
- Retention rate of the skilled employees
- Staff turnover %
- Vacancy rate
- Voluntary staff turnover

Training & Development

- # in-house training conducted by those attended external training
- # of conducted stakeholder / partner forums per year
- # of employees receiving leadership development training
- # of employees with 10 days training per year
- # of graduates per year from training program
- # of hits on HRM Knowledge Management Portal
- # of hours training
- # of HRM professional development training provided
- # of increase scholarship candidates
- # of knowledge sharing ideas generated per annum
- # of knowledge sharing initiatives implemented
- # of knowledge sharing programs developed and implemented
- # of leaders performance plans completed
- # of placement of existing staff members into other positions as per approved organization chart
- # of professionals with access to HR knowledge management information
- # of staff trained
- # of trained citizen / per year
- # of training classes facilitated or coordinated
- # of training days implemented /# of training days planned
- # of training days per employee per year
- # of training days per staff member
- # of training hours per employee
- # of training opportunities provided
- # of training programs aimed at developing staff implemented
- # of trainings courses to # of staff
- % achievement of training plan

42. Government Workforce

- % career development plans developed for employees
- % completion of training center plan
- % employee satisfaction with training provided and able to implement the skills and knowledge learned
- % employee training implemented per employee
- % employees who have completed 10 days of appropriate specialized training
- % employees who have received and completed their required and planned training
- % employees with defined and approved career paths
- % implementation of training records system
- % increase in training offered per year
- % individual performance assessment results
- % management satisfaction with employee training levels
- % of approved manager and above positions that have a succession plan
- % of career development plans developed for leadership
- % of competency based training completed
- % of completion of training needs for each employees
- % of employee satisfaction with training offered
- % of employees in top management who have successfully completed leadership program
- % of employees that attend 10 training days or more per calendar year
- % of employees that attend role-relevant trainings and workshops
- % of employees that underwent a training needs assessment
- % of employees trained
- % of employees who responded that their leadership skills improved due to development training
- % of employees with complete development plans
- % of employees' participations
- % of evaluations that are current
- % of execution of the proposed plan for training center
- % of existing staff members for whom personal development plans have been created
- % of health and safety procedures completed
- % of implement a learning & development framework
- % of implemented training programs in relation to the planned programs
- % of knowledge management IT system implemented
- % of learning & development programs are offered online
- % of management personnel with career development plans
- % of manpower plan completion
- % of office employees are ICDL certified
- % of participant evaluations of courses as helpful in performing the job
- % of planned training programs designed and implemented
- % of senior leadership undergoing training
- % of staff satisfied with the quality of training

42. Government Workforce

- % of staff satisfied with training mix
- % of staff trained as per individual requirements
- % of staff undergoing training
- % of study leave participants have an career development plan
- % of survey items rated as satisfactory by employees
- % of survey items rated as satisfactory by HR managers
- % of the employee training needs identified through the performance appraisals are met
- % of training effectiveness
- % of training plans established
- % of training programs conducted vis a vis the individual personal development Plans
- % of employees who have successfully completed at least 2 weeks training per year
- Average # of training days / employee / year
- Average hours of development training for staff per year
- Average training spend per junior employee as identified in the staff development program
- Average training spend per technical employee as identified in the staff development program
- Competency investment ratio
- Net increase in # of citizen women employed

Workforce Distribution

- # increase of special needs in management positions
- # increase of women in management positions
- # of 50+ of age as a % of total employees
- # of citizen placed in public sector jobs
- # of employees with special needs
- # of handicapped working in the health system
- # of people employed with special needs
- # of public workforce by age bracket
- # of public workforce by department/ entity
- # of public workforce by gender
- # of public workforce by level
- # of public workforce by people with special needs
- # of public workforce, by department/ entity - Total
- # of total workforce
- % increase of staff across various industries in private and public sectors
- % national employees
- % of classification and position reviews delivered within established timeframes
- % of disabled people employed in public services
- % of employees who are white
- % of professional positions filled by citizens
- % of public workforce by age bracket

42. Government Workforce

% of public workforce by department/ entity
% of public workforce by gender
% of public workforce by level
% of public workforce by nationality
% of public workforce by special needs
% of public workforce by specialty
% of special needs employments
% of staff that are minorities
% of stations in which resource allocation model has been implemented
% of technical staff who are female
% of total force deployed as front line, service delivery members
% of unemployment
% of women in senior positions
% special needs employees to total employees
% women employees to total employees
Ratio of employees to supervisor
Ratio of non-HR employees divided by HR employees
Span of control supervisor-employees
Workforce distribution index

43. Healthcare**Addiction**

% of adults who are current smokers
% of high school youth who are current smokers
% of middle school youth who are current smokers
% of patients/clients substance free six- months following discharge from treatment
% of successfully discharged clients reporting no wagering in last 30 days (gambling treatment)

Causes of Death

of deaths
of deaths - standardized death rate (per 100,000 inhabitants)
of deaths by region - crude death rate (per 100,000 inhabitants)
of deaths by region - crude death rate (per 100,000 inhabitants) - females
of deaths by region - crude death rate (per 100,000 inhabitants) - males
of deaths by region - crude death rate (per 100,000 inhabitants) - total
of deaths by region - standardized death rate (per 100,000 inhabitants)
of deaths by region- absolute # (3 years average) - females
of deaths by region- absolute # (3 years average) - males
of deaths by region- absolute # (3 years average) - total
of teen deaths due to suicide
% of deaths due to accidents
% of deaths due to AIDS (HIV-disease)
% of deaths due to alcoholic abuse

43. Healthcare

- % of deaths due to cancer
- % of deaths due to chronic liver disease
- % of deaths due to diabetes mellitus
- % of deaths due to diseases of the nervous system
- % of deaths due to drugs dependence
- % of deaths due to homicide, assault
- % of deaths due to ischaemic heart diseases
- % of deaths due to pneumonia
- % of deaths due to suicide
- % of deaths due to transport accidents
- % of deaths rate due to chronic diseases
- Suicide death rate - females
- Suicide death rate - males
- Suicide death rate - total
- Suicide rates and per capita GDP: GDP per capita
- Suicide rates and per capita GDP: suicide rate
- Suicide rates by gender: both men and women
- Suicide rates by gender: men
- Suicide rates by gender: women
- Suicides rates and subjective life-evaluations: suicide rates

Child & Adult Protection

- # of deaths due to unintentional injuries
- # of students & professionals participating in sexual & domestic violence prevention programs
- # of substantiated maltreatment incidents
- # with brain injury that get information about living with it & preventing secondary disabilities
- % distribution of deaths among children under 5
- % of autopsy reports completed within 90 days from date of death
- % of children receiving immunization/vaccination
- % of fully immunized children under one year of age in 20 worst performing districts
- % of initial assessments for children's social care carried out within 7 working days of referral
- % of maltreatment incidents that were victims of a separate maltreatment incident within the past 6 months
- % reduction rate of infant deaths
- % using child safety seats
- % with disabilities satisfied or very satisfied with life

Emergency Management

- % implementation of multi-stakeholder action-plan to implement integrated command centre
- % of all ambulance calls responded to in less than 16 minutes
- % of all paramedics fully licensed to practice according to international standards

43. Healthcare

- % of ambulance calls that submit a patient care report
- % of categories of emergencies in the health system that have been reviewed by international accreditation institutions
- % of emergency categories that have been drilled in each region
- % of local public health agencies that participate in an annual test of emergency response plans
- % of patients meeting the criteria of trauma protocol transported to a trauma care facility in 30 minutes or less
- Ambulance response time in minutes
- Average # of deficiencies per EMS site.

Environmental Hazards

- # of direct consultations provided to local boards of health or environmental health practitioners annually
- % of children under the age of 6 years that receive a blood lead test
- % of lead-tested children who are lead poisoned (³10 micrograms/deciliter)

Food & Nutrition

- % of prevalence iron deficiency (6– 59 months)
- % of prevalence Vitamin A deficiency (6– 59 months)
- % of women attending ante-natal classes who are malnourished

Health Awareness

- # of authorized and promoted medical-scientific research projects
- # of incidence of tuberculosis (per 100 000 population per year)
- # of incident of communicable and non communicable diseases
- # of preventative programs
- # of public health priority areas where measurable improvement in mortality, morbidity, or behavior has been achieved and documented
- % of births, death, and notifiable diseases accessible through secure 24/7 IT system within 12 hours of event/diagnosis
- % of national population screened for cardiovascular risk factors
- % of vaccination program that is fully accredited by the WHO
- Pregnancy rate (per 1,000) among females ages 15-17

Health Expenditure

- Average health expenditure per capita
- Expenditure of health care functions by financing agents in health care, in %
- Expenditure of health care functions by financing agents in health care, in millions
- Expenditure of health care functions by financing agents in health care, per inhabitant
- Expenditure of health care functions by providers of health care, in %
- Expenditure of health care functions by providers of health care, in millions
- Expenditure of health care functions by providers of health care, per inhabitant
- Expenditure of providers of health care by financing agents in health care, in %

43. Healthcare

- Expenditure of providers of health care by financing agents in health care, in millions
- Expenditure of providers of health care by financing agents in health care, per inhabitant
- Health care expenditure by financing agent
- Health care expenditure by function
- Health care expenditure by provider
- Health care expenditure on long term care
- Health care expenditure, in %
- Health care expenditure, in millions
- Health care expenditure, per inhabitant
- Per capita total expenditure on health
- Total cost of citizens going overseas for treatment by type of treatment over time
- Total health expenditure on public hospitals

Health Professionals

- # of assistance to medical students
- # of inhabitants per physician
- # of licensed physicians
- # of medical graduates, Per 1 000 practicing physicians
- # of medical physicians across the country
- # of medical professionals applying to join the health system (public and private)
- # of medical school graduates enrolling in US or European board certified residency programs
- # of medical students studying health topic
- # of nationals training and working in allied health professions
- # of nursing graduates per 1000 practicing nurses
- # of physicians by age
- # of physicians by medical specialty - # per 100,000 inhabitants
- # of post graduate residency places in hospitals
- # of practicing dentists
- # of practicing physicians
- # of professional accepted
- # of professional applying to join the health system (public and private)
- # of public health programs planned and conducted
- % increase in # of citizens training and working in allied health professions
- % increase in # of customer facing administrative staff working in hospitals and primary healthcare facilities
- % increase in # of medical school graduates enrolling in US or European board certified residency programs
- % increase in # of medical students studying abroad
- % increase in # of post graduate residency places in hospitals
- % of all employees participate in at least 3 days professional training per year

43. Healthcare

- % of credentialed and privileged physicians and healthcare professionals
- % of physicians who have met minimum ongoing training requirements
- % of standards pertaining to the licensing of health professionals and providers are defined and published
- Attrition rate (the turnover rate of medical staff in both public and private institutions)
- Health personnel (excluding nursing and caring professionals) - # per 100,000 inhabitants
- Health personnel (excluding nursing and caring professionals) - % per 100,000 inhabitants
- Health personnel by region - # per 100,000 inhabitants
- Health personnel by region - % per 100,000 inhabitants
- Nursing and caring professionals - # per 100,000 inhabitants
- Nursing and caring professionals - % per 100,000 inhabitants
- Physicians by medical specialty - % per 100,000 inhabitants
- Turnover rate of medical staff in private institutions
- Turnover rate of medical staff in public institutions

Health Research

- # of conferences hosted and attended
- # of licensed healthcare providers submit mandated raw data to allows tracking of system performance indicators
- # of publication made
- # of research projects being undertaken
- # of research projects funded and undertaken
- % mortality data consistently collected
- % of date set for mobilization of new integrated command centre prepared and endorsed by hospitals and other relevant healthcare facilities
- % of hospital acquired infection rates data consistently collected
- % readmission data consistently collected
- Total expenditure on health R&D (% of GDP)
- Total expenditure on health R&D (US\$)

Health Services

- # of health insurance providers introduce bonuses to providers with above average customer satisfaction ratings
- # of hospitals integrated with electronic appointment system
- # of magnetic resonance imaging units, per million population
- # of medical facilities across the country
- # of overseas treatment of citizens
- # of patients on waiting lists
- # of services for disabled children
- % cost of overseas treatment quality
- % hospital acquired infection rates data consistently collected by major diagnostic categories
- % of accredited private facilities

43. Healthcare

% of all hospital beds managed by internationally experienced hospital groups
% of all staffing decisions based on market availability of qualified employees
% of deliveries assisted by midwives, nurses, doctors or clinical officers
% of health infrastructure that meets the needs of society
% of long term care complaints resolved
% of new healthcare related infrastructure financed and developed by the private sector
% of population very confident of getting high-quality care
% reduction of paper consumption
Average waiting times for key services
Breast cancer screening - mammography - by age (%)
Breast cancer screening - mammography - by educational level (%)
Cervical cancer screening by age (%)
Cervical cancer screening by educational level (%)
Consultation of a dentist during the past 12 months, by age (%)
Consultation of a dentist during the past 12 months, by sex (%)
Consultation of a medical doctor during the past 12 months, by age (%)
Consultation of a medical doctor during the past 12 months, by sex (%)
Day-patient hospitalization during the past 12 months, by age (%)
Day-patient hospitalization during the past 12 months, by sex (%)
In-patient hospitalization during the past 12 months, by age (%)
In-patient hospitalization during the past 12 months, by sex (%)
Process times for key services
Total cost of medical assistance
Total external dollars leveraged by Distinguished Cancer Clinicians and Scientists (in millions)
Total health expenditure by private sector

Health Services Access

of agencies that have received technical assistance, resources, or training that report progress towards increasing cultural competency
of agreements between hospitals and other health facilities
of beds per 1000 population and by category (primary, maternity, intensive, mental)
of involved private investors in hospital construction projects
of licensed hospital beds per 1'000 population versus G-7 Country average
of medical facilities across the country
of medical services across the country
of patients accessing primary care centers
of patients awaiting treatment (both elective and acute) by facility
of patients awaiting treatment (both elective and acute) by specialty
of people with unmet needs for dental examination
of people with unmet needs for medical examination
of physicians across the country

43. Healthcare

- # of practicing physicians density per 1000 population (head counts)
- # of the people living further than 25 minutes by car from nearest primary care facility
- % of all infrastructure decisions based on financial feasibility assessment
- % of core assessments for children's social care that were carried out within 35 working days of their commencement
- % of eligible low income and uninsured provided access to cancer treatment services through the cancer aid program
- % of families of adult consumers with developmental disabilities whose lives have improved as a result of supported community services
- % of GP offer at least two alternative providers
- % of initial assessments for children's social care carried out within 7 working days of referral
- % of medical insurance coverage
- % of patients on waiting lists for top-10 elective procedures
- % of underserved & vulnerable citizens with access to health care services through community health centers
- % reduction of citizens traveling abroad for treatment not available in country
- % reduction of citizens traveling abroad or diagnostics not available in country
- % reduction of hospital stays by type of treatment
- % reduction of the population living further than 25 minutes by car from nearest primary care facility
- % reduction of waiting times for top ten elective in- and out-patient specialist consultations
- % reduction waiting times of top ten elective in and out patient consultations
- % specialty service lines with average 12-months occupancy of specialty hospital beds in excess of 95%
- Total # of beds
- Utilization rate of medical facilities

Healthcare Providers

- # of care beds in hospitals
- # of hospital beds
- # of psychiatric care beds in hospitals
- % mortality data consistently collected by major diagnostic categories
- % of facilities achieving internationally recognized accreditation
- % of total # of pay-rolled working days lost through sick-leave or disability reason
- % readmission data consistently collected by major diagnostic categories
- Hospital beds - # per 100,000 inhabitants
- Hospital beds - % per 100,000 inhabitants
- Medical technology - # per 100,000 inhabitants
- Medical technology - % per 100,000 inhabitants

43. Healthcare**Healthy Population**

- # of activity status by severity of disability
- # of assistance needed for those with disability
- # of assistance provided among those with disability (and employed)
- # of causes of disability by economic activity
- # of child deaths per 100,000 children age 1-14 years (child death rate)
- # of estimated TB deaths (all forms)
- # of infant deaths per 1000 live births (infant mortality rate)
- # of salmonella infections
- # of severities of disability
- # of types of assistance needed
- # of types of assistance provided
- # of types of disability
- % of adults eating five fruits & vegetables a day
- % of adults participating in moderate physical activities for 30 minutes or more five or more times a week
- % of adults rating their own health at good to excellent
- % of adults with a BMI
- % of children born with very low birth weight
- % of children served by Title V who report a medical home, excluding children with special health care needs
- % of disability by activity status
- % of disability by economic activity
- % of disability by education level
- % of disability by marital status
- % of disability by occupation
- % of disability by region
- % of medical aid-enrolled children, ages 1-5 years that receive any dental service
- % of neighborhood residents often walk for exercise
- % of people having a long-standing illness or health problem
- % of people having a short-standing illness or health problem
- % of people who drunk any alcohol the past 12 months by age
- % of people who drunk any alcohol the past 12 months by sex
- % of public health nursing & home health aide clients with congestive heart failure (CHF) who were not hospitalized due to an acute episode of CHF
- % of total death caused by cancer
- % of total death caused by cardiovascular disease
- % of total death caused by communicable disease
- % of total death caused by injury
- % of total death caused by other chronic disease
- % of workforce walking to work
- % smokers by age
- % with activity restriction for at least the past 6 months

43. Healthcare

- Activity restriction for at least the last 6 months by sex (%)
- Activity restriction for at least the last 6 months, by age (%)
- Body mass index (BMI) by age (%)
- Body mass index (BMI) by sex (%)
- Cutdown in activities over the past two weeks because of health problems (%)
- Distribution of deaths among children under 5 (by %) (for Diarrhoeal diseases, Pneumonia and Injuries)
- Duration (in years) since onset of disability by cause of disability
- Exercise rates
- Government expenditure on health as % of total expenditure on health
- Healthy life expectancy
- Human development index
- Infant mortality rate (per 1 000 live births) both sexes
- Maternal mortality rate (per 100,000 live births)
- Mortality rate by cause (per 100,000 population) (non- communicable diseases, cardio vascular, cancer, injuries)
- Registration coverage of birth (%)
- Self-perceived health by sex, age and income quintile (%)
- Under-5 mortality rate (probability of dying by age 5 per 1000 live births) both sexes

HIV & AIDS

- # of HIV+ pregnant women receiving a complete course of ARV prophylaxis
- # of persons with advanced HIV infection on ART
- # of workplaces with developed workplace policies and programs for HIV and AIDS
- # tested for HIV at VCT and receiving the test results
- Amount of funds spent on HIV and AIDS in the past 12 months
- Reduce rate of deaths due to HIV infection
- Reduction in # of new HIV infections

Immunization

- # of cases of vaccine-preventable diseases
- % of children receiving immunization/ vaccination
- % of members in families receiving annual health check screens and immunizations
- % of two-year old children adequately immunized
- % one-year-olds immunized with MCV
- % one-year-olds immunized with three doses of diphtheria tetanus toxoid and pertussis (DTP3) (%)
- % one-year-olds immunized with three doses of Hepatitis B (HepB3) (%)
- % one-year-olds immunized with three doses of Hib (Hib3) vaccine (%), 2006

Leisure & Recreation

- # of arrivals of non-resident tourists in hotels and similar establishments and at borders
- Average leisure time across activities: other average leisure activities

43. Healthcare

- Average leisure time across activities: participating and attending events
- Average leisure time across activities: sports
- Average leisure time across activities: TV or radio at home
- Average leisure time across activities: visiting or entertaining friends
- Average leisure time across demographic groups: ages 15-24
- Average leisure time across demographic groups: ages 25-44
- Average leisure time across demographic groups: ages 45-64
- Average leisure time across demographic groups: ages 65 and over
- Average leisure time across demographic groups: men
- Average leisure time across demographic groups: total
- Average leisure time across demographic groups: women
- Government expenditure on recreation and culture
- Household and government expenditure on recreation and culture

Life Expectancy

- Infant mortality
- Life expectancy at birth: men
- Life expectancy at birth: total
- Life expectancy at birth: women

Medical Insurance

- # of additional non-medical aid eligible family members with health insurance
- # of children who are enrolled in medical aid expansion
- # of medical aid-eligible individuals who use employer provided insurance
- % decrease in ER visits for members receiving disease management and administrative services
- % decrease in hospital days for members receiving disease management and administrative services
- % decrease in hospital stays for members receiving disease management and administrative services
- % health insurers offering products with bonuses to providers with above average customer satisfaction ratings and performance
- % increase in collections of medical aid overpayments
- % increase in member satisfaction with administration of medical aid program over prior year
- % increase in provider satisfaction with medical aid provider services over prior year, based on survey results
- % increase over the prior year in medical aid revenue collections from third parties
- % of 15 month old children on medical aid with six well-child visits
- % of all expats enrolled in health insurance plan with licensed health insurer
- % of care enrollees who smoke
- % of care members who access preventive health services
- % of children on medical aid with a dental visit
- % of children under 18 with health insurance coverage
- % of citizens enrolled in comprehensive health insurance plan

43. Healthcare

- % of claims paid within 30 days of initial receipt
- % of clean medical aid claims accurately paid or denied on time
- % of core business processes online
- % of cost for insured patients recovered from health insurances
- % of counties covered under at least one of the health plans
- % of enrollees in consumer directed plan options
- % of medical aid members with asthma where appropriate medications are used
- % of members aware of medical aid Member Services
- % of members receiving medical aid program services whose income is validated during the eligibility process
- % of members who pay premiums or declare a hardship exemption
- % of population covered by the medical insurance scheme and commentary on major gaps
- % of women on medical aid receiving prenatal care from the first trimester
- Reduced cost for medical aid resulting for Medicare and medical aid eligible's
- Savings from medical aid surveillance and utilization review compared to contract cost
- Savings from medical aid utilization and care management strategies

Mental Health

- # of hours per 1,000 patient hours spent in restraint or seclusion
- % of all patients admitted that show an improvement in their ability to function
- % of consumers who are not readmitted within 180 days following moving from the facility
- % of consumers with a severe and persistent mental health condition receiving psychiatric inpatient services
- % of MHI clients (or their guardians) who self-report they are satisfied with the treatment and services received during their stay
- % of MHI clients who are not readmitted within 30 days of discharge
- % of the children served that live in the family home
- Mental health agency per capita spending

Obesity

- # of overweight population aged 15 or more
- # of overweight population aged 15 or more: females
- # of overweight population aged 15 or more: males
- % obese population aged 15 or more
- % obese population aged 15 or more: females
- % obese population aged 15 or more: males
- % of overweight population aged 15 or more
- % of overweight population aged 15 or more: females
- % of overweight population aged 15 or more: males
- Decrease obesity rates for children
- Total obesity Rate

43. Healthcare**Patient Choice**

- # of GP elective referral situations in which GP offers at least two alternatives and describes trade-offs to patient
- % of health professionals in licensed facilities for whom/which licensing status is published on public website
- % of health system users surveyed
- % of top ten specialties for which standardized/adjusted mortality, readmission, and infection rates are published

Public Health Risks

- # of incident of certain diseases in the country
- # of Malaria case fatality rate among children below five years
- # of Plague, West Nile Virus, and Hantavirus Outbreaks
- # of Syphilis cases per 100,000 Population
- % of infants vaccinated
- % of seniors (65+) lacking flu vaccination
- Cardiac arrest survival rate
- Diabetes rates
- Mortality rate by cause
- Mortality rate by cause (per 100,000 population)
- Mortality rates
- Sexually transmitted disease rates
- Smokers between 15 and 24
- Smokers by # of cigarettes (%)
- Smokers by gender

Regulation & Compliance

- # of healthcare inspection team members
- # of neutral assessment by independent third party
- # of shortcomings identified by inspection services followed up with appropriate enforcement measures
- % of cases resolved within one year of receiving a complaint
- % of health care provider inspections in which serious shortcomings are identified
- % of licenses & certificates mailed to applicants within three working days after eligibility requirements are met
- % of private sector healthcare providers inspected at least twice yearly
- % of public sector healthcare providers inspected at least twice yearly
- Average # of hours spent onsite auditing per facility
- Average # of months between audits for care facilities
- Rate of collection for moneys owed to care facility residents

Resource Management

- % of contracts requiring a corrective amendment
- % of facilities passing regular inspections and failure reasons
- % of health statistics data requests delivered on or before target date
- % of information management projects completed on or before target date
- % of organizational operations issues rated positively by employee

43. Healthcare

Health expenditure as % of GDP

Spread of Disease

of infectious disease consultations provided to clinicians, local public health officials, hospital infection-control staff, & the public.

% of all children aged 19-35 months fully immunized

% of cases with an early diagnosis (HIV cases that did not convert to AIDS within 12 months)

% of children served in public sector clinics that are fully immunized by 24 months of age.

% of disease reports that are sent out to local public health for follow-up within 48 hours of receiving them

% of TB patients who complete treatment in 12 months.

Total cost of each program over time

Steering of Patients

of discharges from hospitals

of hospital days of in-patients

of hospital days of in-patients - females

of hospital days of in-patients - males

of main surgical operations and procedures performed in hospitals

% of non-emergency in-patients admitted via ER

% reduction of patients triaged CTAS levels 4 & 5 using ERs

% reduction of unnecessary bed days

% reduction of unnecessary procedures

Average length of stay

Hospital discharges by diagnosis, day cases, total #

Hospital discharges by diagnosis, day cases, total # females

Hospital discharges by diagnosis, day cases, total # males

Hospital discharges by diagnosis, in-patients, # Total

Hospital discharges by diagnosis, in-patients, per 100,000 inhabitants

Hospital discharges by diagnosis, in-patients, per 100,000 inhabitants - females

Hospital discharges by diagnosis, in-patients, per 100,000 inhabitants - males

Hospital discharges by diagnosis, in-patients, per 100,000 inhabitants - Total

Hospital discharges by diagnosis, in-patients, total #

Hospital discharges by diagnosis, in-patients, total # females

Hospital discharges by diagnosis, in-patients, total # males

In-patient average length of stay (in days)

In-patient average length of stay (in days) - females

In-patient average length of stay (in days) - males

Veterans Homes

increase in veterans receiving healthcare benefits

increase of filled beds in the domiciliary

increase of nursing care beds filled

increase of volunteer hours worked

43. Healthcare

- # of residents who successfully participate in the community program
 - % increase of resident satisfaction with housekeeping services
 - % increase of routine work orders that are completed within 3 days
 - % increase resident satisfaction with preparation, variety and taste of food
 - % of residents indicating an overall satisfaction with Veterans services
 - % reduction of medication dispensing errors
 - % reduction of residents receiving 9 or more medications
 - % reduction of residents who are affected by the behaviors of other residents
 - % reduction of residents who are obese
 - % reduction of residents who have moderate or severe pain
 - % reduction of residents with little or no activity
 - % reduction of the medication administration error rate per every 10,000 doses.
- Reduce resident fall rate

Vocational Rehabilitation

- # of persons able to continue to live independently in their homes
 - # of persons with disabilities that achieve startup or expansion of a business
 - % of claims accurately determined per standards
 - % of persons meeting their goals
- Access to services ratio of minority to non-minority clients

Youth Inactivity

- # of youths aged between 15 and 19 who are not in education nor in employment: females
- # of youths aged between 15 and 19 who are not in education nor in employment: males

44. Human Services**Child & Family Protection**

- # of children served by children-at-home program
- # of children who do not experience re-abuse for at least 6-months from a previous occurrence.
- # of community-level leadership programs held
- # of finalized adoptions from foster care
- # of kids served in aftercare program
- # of people receiving personal assistance support
- # of youth leaving paid foster care at 18 receiving medical aid
- # of youth participating in post-secondary education/training or employed
- % of adoptions finalized within 24 months of removal from home (timely adoption)
- % of adults served in the community vs. congregate settings
- % of all active child support cases that have a court order establishing the legal obligation of both parents to provide for the financial support of the child(ren)

44. Human Services

% of all child support owed in the current fiscal year which is collected in the current fiscal year
% of care facilities in compliance
% of cases with monthly face-to-face visit with child
% of cases with paternity established so that children have two parents legally responsible for their care
% of child support payments processed within 2 business days of receipt
% of children adopted timely
% of children exiting foster care who are re-unified with their families within 12 months from last removal from home (re-unification).
% of children re-unified timely
% of children safe from re-abuse
% of children served who remain at home
% of children who do not experience re-abuse for at least 6-months from a previous occurrence
% of children who do not re-enter foster care within 12 months of last foster care episode (re-entry)
% of community teen pregnancy and parenting grantees that do not have an increase in live births to mothers under age 18
% of complaint investigations initiated within required timeframes of 20 working days of receipt
% of founded cases of dependent adult abuse in long-term care facilities
% of maltreatment assessments that are initiated in a timely fashion
% of parents having monthly face-to-face visits with their caseworker
% of parents who maintain and improve the level of financial support to their children
% of parents who maintain or improve the frequency of visits with their children
% of reports submitted to the court within specified timeframes
% of resettled refugees placed in a job with health benefits available within 6 months of placement
% of surveys successfully completed within timeframe
Annual # of adults served through county funded programs
Annual # of children served in family support programs
Average monthly # youth with a self sufficiency plan
Average rating of the nursing home satisfaction questionnaire regarding the skill and professionalism of staff
Average score of teen pregnancy prevention participant responses to survey questions relating to abstinence and likelihood of postponing sex
Average wage for refugees placed in full time employment
Rate of confirmed child abuse (per thousand)
Rate of maltreatment for families referred to community care
Ratio of the average # of months between nursing facility surveys in comparison with timeframe guidelines.
Total child support collections

44. Human Services**Deaf Services**

- % of community services that become accessible after receiving assistance
- % of primary customers (deaf, hard of hearing, deaf blind and late deafened people) have access to government services
- % of primary customers who are deaf
- % of primary customers who are deaf blind
- % of primary customers who are late deafened people
- % of primary customers who are satisfied with information and assistance provided
- % of primary customers who gain access after receiving assistance
- % of primary customers who report being prepared to self advocate
- % of primary customers who report having independent living skills
- % of primary customers with hard of hearing

Elder Affairs

- # of clients being discharged due to institutionalization or death
- # of elders assisted through the senior living trust to continue living in their own homes
- # of facilities which resolve 60% or more of identified resident issues
- # of registered clients receiving assistance
- % increase in savings from medical aid pharmacy cost saving strategies
- % increase in the complaint resolution rate
- % increase revenues available through the department for aging programs and services to elderly
- % of dollars transferred through reconciliation or passthrough
- % of elder per 1000 who access one or more services
- % of high nutrition risk congregate meals and nutrition counseling clients who maintained or improved risk scores
- % of high nutrition risk home delivered meals clients who maintained or improved risk scores.
- % of long-term care resources devoted to home and community based care
- % of medical aid members who are aware of available preventive health care resources
- % of participants who receive employment in private business that lasts at least six months
- % per 1000 of 60+ benefiting from one or more home and community bases service compared to previous years
- Compare the ratio of confirmed abuse cases in initiative counties compared to non-initiative counties
- Grant writing efforts represent as % of the annual fiscal year revenue
- Increase % the ratio of expenditures for medical aid compared to those for medical aid Institutional for persons 65+
- Maintain or improve the ratio of 65+ on medical aid
- Maintain the rate of elder per 1000 reported to have received service through assistance and outreach

44. Human Services

Rate of 60+ persons per 1000 receiving congregate meals, home delivered meals or nutrition counseling

Rate of growth in pharmacy costs per member per month

Rate/1000 of 60+ persons receiving preventative health services

Family Assistance

of child care slots available

of community action agencies participating

of families receiving food assistance

of households receiving food assistance

of households served

of providers at level 2 or higher in quality rating system

of registered child development homes

% births to unmarried women

% of children and adults with access to managed care

% of children who are in regulated settings

% of families who leave and remain off assistance program for at least 12-months (recidivism rate)

% of households increasing their resources

% of households staying current on utility bill

% of population served

% of vulnerable people who are supported to maintain independent living

Average household benefit

Average monthly # of children served in child care assistance

Average monthly # of enrollees in medical aid

Average monthly # of families receiving assistance

Average monthly # of people served through food banks and soup kitchens

Average monthly # of people served through supplemental commodities

Hourly rate of earned income for families exiting assistance program due to income reasons

Monthly average # of elderly receiving food assistance

The average monthly # of children served in child care assistance for the fiscal year

Foster Care

% of adoptions finalized within six months of placement

% of children exiting foster care for adoption within 24 months of their last removal from home

% of children with substantiated reports of maltreatment that have a repeated report within six months

% of foster care children who have 2 or fewer moves in the first year after removal (placement stability)

% of foster care population who were discharged from a previous foster care placement in the past 12 months

% of foster required reviews conducted within specified timeframes

% of youth that turn age 18 in foster care with medical insurance

Median # of placements for a foster child within a 12-month period

44. Human Services

Total dollars collected per \$1 of expenditures

Homeless
of all homeless
of chronically homeless individuals declines in %
of cities on track to meet the goal of reducing homelessness by %
of homeless - chronic homeless
of homeless - domestic violence victims
of homeless - dually diagnosed
of homeless - elderly
of homeless - families with minor children
of homeless - farm workers
of homeless - HIV/AIDS
of homeless - in emergency shelter
of homeless - in permanent supportive housing for formerly homeless persons
of homeless - in transitional housing
of homeless - living outside/in car
of homeless - mentally disabled
of homeless - persons with substance abuse problems
of homeless - physically disabled
of homeless - sex offenders
of homeless - single persons
of homeless - veterans
of homeless - youth
of households at immediate-risk of homelessness who maintain their housing
% of formerly homeless individuals who remain housed in permanent housing projects for at least 6 months
% of homeless persons exiting the service system in one year and back to it subsequent year
% of homeless persons identified in a calendar year placed in affordable permanent housing
% of homeless persons identified in a calendar year placed in transitional housing
% of homeless persons who have moved from transitional housing into permanent housing
% of need for affordable housing not met
% of the population living in counties on track to reduce homelessness by %
% of total need for permanent supportive housing met
% of total need for transitional housing beds met
% satisfaction of homeless persons receiving housing/services
Average days between identification of a homeless person and their placement in transitional or permanent housing
Employment rate of persons exiting homeless assistance projects
Satisfaction of local government/non-profits providing homeless services

44. Human Services**Special Needs**

- # of blind persons employed
- # of citizenship & cultural Programs yearly
- # of new centers or units
- # of people with disability
- % of disability benefit determinations shown to be correct in federal quality reviews
- % of employed citizens with special needs
- % of empowered family
- % of empowered minors
- % of integrated special needs in society
- % of labor performed by individuals who are legally blind
- % of new blind vendors
- % of orphans integrated
- % of patients with a physical disability who demonstrate an increase in functional gain between admission and discharge
- % of people with special need not integrated in society
- % of people with special need who attained formal education
- % of public facilities and major private organization that accommodate citizens with special needs
- % of return on investment on minor funds
- % of returns on the investment of minors' money
- % of served family
- % of special needs labor force
- % of students enrolled in schools
- % of students with special need who attained the mainstream schools.
- % of working age people with disabilities from total economically active population
- Average time in days for processing a federal disability claim
- Special needs unemployment rate

45. Information Technology**Applications Services**

- # of applications
- # of IT design completion & construction commencement
- % of customers rating level of consulting services for business analysis and system design as good to excellent
- % of customers rating the maintenance and support provided for their application(s) as good to excellent

Desktop Support

- # of PCs supported / # of technicians
- % of customers rating satisfaction with desktop support services as good to excellent
- % of Help Desk repair calls resolved at the time of the call

45. Information Technology

% of Help Desk repair calls resolved the next business day

% of Help Desk repair calls resolved within 4 hours

Government e-Services

of awards granted

of deployed automated processes

of e-literacy programs implemented

of enterprises using the Internet for interacting with public authorities

of gov. employees with ICT certifications

of individuals using the Internet for interacting with public authorities

of IT concept designs per year

of legal proposals submitted

of users of central government portal

% of e-government availability (supply side)

% of e-government on-line availability

% of e-government usage by enterprises

% of e-government usage by enterprises (demand side)

% of e-government usage by individuals (demand side) in the last 3 months

% of e-government usage by individuals by gender

% of e-Services

% of IT business centre project completed

% of people aware of government service improvement program

Information technology expenditure as % of GDP

Information technology expenditure in millions

Level of Internet access (%)

ICT Capability

of employees trained

of entities following information security policies and guidelines

of hard-to-fill vacancies for ICT specialist jobs

of ICT/IT specialists employed by enterprises

of layers of information available on geographical information system platform

of publications related to IT policies, standards and guidelines

of training course on computer use

of transactional services available on the Gov't Portal platform

of ways of obtaining e-skills

% completion of IT procedures documentation

% demand for ICT skills

% E-skills of individuals

% IT project completion & implementation

% of enterprises where external suppliers performed ICT functions

% of enterprises who employed ICT/IT specialists

% of enterprises who provided training to develop/upgrade ICT skills of their personnel

45. Information Technology

- % of enterprises who recruited or tried to recruit personnel for jobs requiring ICT skills
- % of ICT competence in enterprises
- % of IT government e-Procurement statistics available
- % of users satisfied with shared contact centre services
- % online public procurement
- % public authorities present online
- % staff not taken a computer course
- Individuals' level of computer skills
- Individuals' level of internet skills

ICT Industry

- # of advanced services
- # of developments of broadband
- # of public services e-Government
- % adoption of ICT by businesses
- % change of value added at current prices
- % impact of adoption of ICT by business
- % impact of ICT sector
- % of households with access to the internet
- % of persons employed with ICT specialist skills
- % of persons employed with ICT user skills
- % of the ICT personnel on total employment
- % of the ICT sector on GDP
- % point change in the share of ICT manufacturing in total manufacturing value added
- % point change in the share of ICT services in total business services value added
- % share of ICT manufacturing in total manufacturing value added
- % share of ICT-related occupations in the total economy, broad definition
- % share of other ICT services in total business services value added
- % share of telecommunication services in total business services value added
- % shares of ICT investment in non-residential fixed capital formation

Information Security

- # of complaints regarding breaches of customer privacy
- # of days exhausted as a % of total days entitled of leave taken per employee
- # of individuals having taken ICT security precautions within the last three months
- # of information security-related risks at each significance level
- # of repeat audit findings
- % of backup operations that are successful
- % of disclosures unauthorized
- % of enterprises having taken ICT precautions
- % of enterprises that have installed security devices on their PCs

45. Information Technology

- % of enterprises that have updated security devices within the last three months
- % of enterprises with Internet access having encountered security problems
- % of individuals with Internet access having encountered security problems
- % of information security policy deployment and adoption
- % of information security risks for which satisfactory controls have been fully implemented
- % of key controls
- % of obsolete user accounts
- % of past due corrective actions
- % of physical backup / archive media that are fully encrypted
- % of policies reported with non-conformances
- % of risks identified assessed as high, medium or low significance, plus un-assessed
- % of systems (workstations, laptops, servers) covered by antivirus/antispyware software
- % of test backup restores that are successful
- % of third party connections that have been identified , risk-assessed and deemed secure
- % progressive reduction in # of breaches
- Age (in days or hours) of backup
- Average antivirus & antispyware corrective action response time
- Average information security maturity level score from executive branch agencies
- Average of time to implement corrective action
- Average time (in hours or minutes) to restore backup
- Average time (in hours or minutes) to restore off-site backup
- Average time between tests of backup
- Average time lag between detection, reporting and acting upon security incidents
- Information security costs as a % of total revenue or IT budget

Internet Usage

- # computers per 1000 people
- # of computers in country
- # of computers in households and enterprises
- # of enterprises using Internet for interaction with public authorities
- # of enterprises with broadband access
- # of enterprises with connection to the Internet
- # of households types of connection to the Internet
- # of households with broadband access
- # of individuals frequency of computer use
- # of individuals frequency of internet use
- # of internet users
- # of internet users (per 100 population)
- # of internet users (per 1000 people)

45. Information Technology

of mobile phone subscribers (per 100 people)
of personal computers in use per 100 population
% growth of technology adoption
% individuals' level of computer skills
% of citizens access to and use of the Internet
% of download of music and/or films from the Internet
% of employees - remotely working
% of employees with connection to the Internet
% of enterprises allowing remote working
% of enterprises having remote employed persons who connect to the enterprise's IT systems from home
% of enterprises having website/homepage
% of enterprises purchases with the software used for any internal function
% of enterprises sending and/or receiving e-invoices
% of enterprises sharing electronically information on sales
% of enterprises' turnover from e-commerce
% of enterprises using applications for employees to access human resources services
% of enterprises using automated data exchange with customers or suppliers
% of enterprises using Extranet/Intranet
% of enterprises using software solutions, like CRM to analyze information about clients for marketing purposes
% of enterprises using the Internet for filling forms to public authorities
% of enterprises using the Internet for interaction with public authorities
% of enterprises using the Internet for submitting a proposal in a public electronic tender system to public authorities
% of enterprises which have broadband access
% of enterprises whose business processes are automatically linked to those of their customers
% of enterprises whose business processes are automatically linked to those of their suppliers
% of enterprises with computers systems
% of enterprises with devices and communication systems
% of enterprises with Internet access
% of enterprises with persons employed accessing enterprise's IT systems from outside
% of enterprises with persons employed working part of their time away from enterprise premises
% of households access the Internet
% of households having access to the Internet, by type of connection
% of households level of Internet access
% of households which have broadband access
% of households with access to Internet via digital TV
% of households with access to Internet via mobile device

45. Information Technology

% of households with computers devices and communication systems
% of individuals by place of computer use
% of individuals by place of internet use
% of individuals computer use
% of individuals doing specific online activities in the previous 3 months
% of individuals frequently using the Internet
% of individuals Internet use
% of individuals paying for online audiovisual content
% of individuals regularly using the Internet
% of individuals regularly using the Internet, by gender
% of individuals use advanced internet services
% of individuals use mobile Internet access
% of individuals using a laptop to access the Internet
% of individuals using a mobile phone to access the Internet
% of individuals using Internet for interaction with public authorities
% of individuals using the Internet by place of use
% of individuals using the Internet for doing an online course
% of individuals using the Internet for downloading computer or video games or their updates
% of individuals using the Internet for downloading/listening to/watching music and/or films
% of individuals using the Internet for finding information about goods and services
% of individuals using the Internet for internet banking
% of individuals using the Internet for listening to webradio/watching web television
% of individuals using the Internet for looking for a job or sending a job application
% of individuals using the Internet for ordering goods or services
% of individuals using the Internet for reading online newspapers/magazines
% of individuals using the Internet for returning filled in forms to public authorities
% of individuals using the Internet for seeking health-related information
% of individuals using the Internet for seeking information with the purpose of learning
% of individuals using the Internet for selling goods or services
% of individuals using the Internet for sending/receiving e-mails
% of individuals using the Internet for specific purposes in the previous three months
% of individuals using the Internet for uploading self-created content to any website to be shared
% of individuals who have never used a computer
% of individuals who have never used the Internet

45. Information Technology

- % of individuals who ordered goods or services over the Internet for private use
- % of individuals with access to the Internet broken down by place of access (home, workplace, place of education, Internet cafe)
- % of individuals with internet competence in enterprises
- % of integration of internal business processes
- % of integration with suppliers and/or customers
- % of internet calls replaced other means of communication
- % of internet regular users (per 100 people)
- % of Internet use replaced time spent with off-line activities
- % of PC-skilled government users
- % of people not having broadband access at home
- % of people not having Internet access at home
- % of persons employed using computers connected to the Internet
- % of persons employed using computers connected to the Internet in their normal work routine
- % pay for online audiovisual content
- % share of enterprises' turnover on e-commerce
- Annual e-Maturity assessment score
- E-literacy - social & cultural environment index
- E-literacy rate
- Government expenditure on ICT as a % of GDP
- Mobile phone subscribers % of population
- Use of the Internet for leisure activities related to obtaining and sharing audiovisual content
- Use of the Internet for private purposes for advanced communication activities (excluding e-mail)

IT Communication

- # of processes automated vs. actual # of processes
- # of residents who have accessed portal to get information
- # of telephone access
- % completion of planned activities
- % completion of workflow implementation
- Total exports value of ICT equipment

IT Processes

- # of activities utilized through intranet
- # of quality systems implemented
- # of systems implemented
- # of unique website visitors
- # score of government excellence award
- % completion of IT strategy & governance framework
- % completion of IT systems implementations
- % completion of property management and database systems with spatial data
- % completion of property management database process and procedures

45. Information Technology

- % implementation of investment back office IT system
- % IT asset efficiency
- % IT budget variance
- % of automated key processes
- % of automated processes from the total # of processes
- % of entities reporting on-line
- % of execution of information security management system initiatives
- % of execution of IT platform initiatives
- % of execution of generating revenues initiative
- % of information systems and help-line utilization by customers/stakeholders
- % of IT infrastructure implementation across municipality locations
- % of IT project completion within time and budget
- % of key manual procedures automated
- % of key processes supported by the ERP system
- % of milestones achieved according to plan for strategic IT projects
- % of operations per functional area completed online
- % of processes converted to paper-less
- % of sectors receiving IT ISO certification
- % of systems automated that are capable of being automated
- % of workflow automation
- % satisfaction of IT architecture and standards requirements
- IT operational readiness rate for network infrastructure and programs
- IT readiness score

Modern IT Platform

- # of entities connected to the central portal
- # of government entities on-boarded to the contact centre
- % broadband coverage
- % broadband coverage use
- % broadband penetration
- % of enterprises having a broadband connection
- % of enterprises having access to the Internet, by size classes
- % of households equipped with home networking connections
- % of households having a broadband connection
- % of IT architecture completed
- % of IT strategy completion
- % of required information provisioned to employees and external users through developed information systems
- E-Government readiness index
- Government IT customer satisfaction index
- IT architecture & standards readiness assessment score

Network Support

- # of phone line / # of technicians
- # of servers supported

45. Information Technology

- % Applications provided to the requesting sector within the agreed requirements and timescales
- % network services uptime (server, network components, office network structures, internet and WAN connectivity)
- % of approved mainframe and network system access requests which require creation of a new user account are completed within three work days
- % of printing work done internally that is completed and delivered by the date requested
- % of time core server (web hosting) services are available for customer use
- % of time phone system fully functional during business hours
- % of time servers are fully functional during business hours
- % of time the network is available
- Cost of phone line vs. phone company business line

Online Services

- # of barriers to buying/ordering over the Internet
- # of individuals having ordered/bought goods or services for private use over the Internet
- # of individuals having used the Internet in relation to training and educational purposes
- # of individuals using Internet to seek health information whether for themselves or others
- # of portal site visits per internet user
- # of problems encountered by individuals when buying/ordering over the Internet
- # of users of e-Government portal, contact centre and telecentres
- % government basic services available online
- % of automated services
- % of enterprises having purchased on-line (at least 1%)
- % of enterprises having purchased on-line over the last calendar year
- % of enterprises having received on-line payments for Internet sales over the last calendar year
- % of enterprises having received orders on-line (at least 1%)
- % of enterprises having received orders on-line over the last calendar year
- % of enterprises purchasing via Internet and/or networks other than Internet
- % of enterprises selling via Internet and/or networks other than Internet
- % of enterprises' total turnover from e-commerce over the last calendar year
- % of enterprises using e-learning applications for training and education of employees
- % of online services
- Contact centre customer satisfaction survey
- Customer satisfaction rate for online services
- E-participation Index

45. Information Technology

Internet purchases by individuals

Total value of purchases and sales by Internet

Research & Development

of IT researchers

Gross domestic expenditure on IT R&D

R&D expenditure of businesses in ICT sector as % of total R&D expenditure

R&D personnel in ICT sector as % of total R&D personnel

Total investment in ICT Research

Total investment in knowledge systems

Technology Systems

% of ERP system implemented

% of GIS system established and maintained

% of management information reports implemented

% of time customers are able to access enterprise IT resources during business hours

46. Internal Process**Develop Technology**

of IT MoUs signed

of working days to issue IT financial management information reports

% approval of policies and procedures by management committee

% approval of risk management framework by the management committee

% of HR services online using oracle workflow

% of procurement requests submitted on line using workflow

Actual spend of IT budget

Custodians IT satisfaction overall score

Revised delegation of IT authority matrix is approved by management committee

Enhance Efficiency

% completion of structure review

% integration of IT systems

% of existing facilities incorporated into new business model

% of existing standards and codes documented

% of implementation of designed processes

% of standards and codes updated

% processes documented

Average time of financial reporting

Average time of performance evaluations

Compliance rate with municipality's processes

Government Performance

of acceptance of submission papers

of achieved ISO certifications in government

of activities added to the monthly newsletter

of automated key core processes

46. Internal Process

- # of contracts signed
- # of development application review process manual for government entities published
- # of development of ERP solutions
- # of formal communication channels with concerned governmental authorities and departments
- # of initiatives implemented into public private partnership
- # of issues monitored and resolved
- # of modules implemented
- # of new premises operational
- # of processes re-engineered
- # of public awareness and community involvement events hosted
- # of recruited internal counselors fully trained and ready to take over job of external counselors
- # of survey reports on success of publicity campaigns
- # of website visitors to performance reports
- % achievement of development plan goals
- % completion and implementation of authority matrix
- % completion of corporate performance management reporting including application roll out
- % completion of internal audit enhancement project
- % completion of master plan phases as per to the project road map
- % completion of outsourcing manual and guidelines project
- % completion of process implementation
- % completion of processes design
- % compliance of internal bylaws and operating procedures pertaining to stakeholder communication
- % development of document archiving and management system
- % improvement of customer/stakeholder satisfaction
- % improvement of municipal score
- % increase in publicity budget per year
- % management satisfaction with document archiving and management
- % of customer issues resolved within specified timeframe
- % of delivered items through the central logistics system
- % of development proposals commented on in the pre-application stage
- % of documented processes
- % of employees work improvements suggestions implemented through employees suggestion scheme
- % of enterprise architecture model completion
- % of excellence award program criteria implemented
- % of financial audits passed
- % of follow-up calls
- % of implementing revised approach to asset management
- % of internal activities that are tracked through internal governance system
- % of internal policies and legal requirements executed

46. Internal Process

% of knowledge management components established
% of monthly and quarterly performance reports automated
% of monthly and quarterly performance reports submitted on time
% of municipal services offered through e-government portal
% of optimally equipped branches
% of organizational processes and controls implemented
% of precedence-setting regulatory decisions incorporated into relevant documents within three weeks
% of processes mastered
% of programs driven by adequate research
% of project development applications reviewed across government within one month
% of publications produced
% of quality standards developed and implemented
% of reduction of informal requests received by municipality
% of standards enforced from total standards related to municipal services
% of variation between year to day planned and actual operating budget
% of yearly results from last results
% outfitting of new premises completed
% reduction in # of customer/stakeholder complaints against government agencies
% reduction in operating costs resulted by outsourcing
Average government excellence award score
Average score on customer satisfaction surveys regarding logistics service provision
Award assessment point score out of 1000 possible points
Customer satisfaction rate
Employee satisfaction ratio with ERP solutions
Employee satisfaction score on teamwork %
Execution rate according to each contract's construction plan
Expansion of customer/stakeholder access times to 10 most sought-after services
Logistics operational readiness rate
Net reduction in contract management overhead
Net reduction in contract net expenditure
Projects/programs delivered by the private sector
Top management and stockholders satisfaction rate

Internal Administration

of external audit items open for longer than four months
of internal audit items open for longer than four months
% of key external audit areas externally audited
% of key internal audit areas internally audited
% of key management reports provided on time

Private Sector Partnerships

of corporate social responsibility initiatives implemented
--

46. Internal Process

- # of outsourced municipal services
- # of research studies performed by strategic partners
- # of services reviewed for privatization
- % of revenues to expenditures
- % of savings from outsourced services
- % of suppliers fulfilling their agreements
- Cost reduction per year as a result of outsourcing

Procurement Processes

- % external customers satisfied with procurement services
- % internal customers satisfied with procurement services
- % procurement processes that have been automated

Stakeholders Collaboration

- # collaborations with non-profit organizations and NGOs
- % of implementation of external stakeholders management process
- % of implementation of internal stakeholders management process

47. Justice**Adjudication & Dispute**

- # of restitution ordered
- # of sentencing per year
- % of appeals heard within 45 days of receipt of request for hearing
- % of appeals proposed decision issued within 65 days
- % of contractor registration decisions issued within 14 days of hearing by board
- % of decisions issued within 14 days of Board hearing
- % of decisions issued within 14 days of Board review
- % of decisions not appealed to district court
- % of pretrial evaluations completed for adult consumers within 45 days of receipt of court order
- % of proposed decisions issued that were affirmed
- Average age of pending unemployment insurance appeal cases

Board of Paroles

- # of Board pre-conditions of parole imposed on inmates before release from prison
- % of parolees successfully completing parole supervision as compared to the national average
- % of visitors' day participants who rate their overall experience as good or excellent
- Average monthly rate of parolees employed

Counsel Legal Services

- # of convictions
- # of final rulings upholding challenged notices of action
- # of training sessions conducted
- % of claims acted upon within 35 days

47. Justice

% of closed economic fraud investigations resulting in civil action

% of customer satisfaction response of good or better

Average claim processing time

Cost per hour as a % of outside counsel cost per hour

Rate of completion of professional standards investigations

Criminal & Juvenile

agencies assisted

events provided addressing disproportionate minority contact

local agencies/planning groups/communities assisted

of bait cars

of grantees fully reporting service counts

of illegal alien smuggling

of illegal alien suspects

of milestones in the 5-year plan implemented

of open vehicle theft cases

of possession of drugs/drug paraphernalia

of repeat auto theft offenders

of repeat offenders - other felonies

of transportation of drugs cases

of vehicle theft cases charged

of vehicle theft cases closed

of vehicle theft cases declined

youth served

% data exchange completed within 1 year

% field audits without major findings

% grantees fully reporting results

% juvenile court districts reporting improvement in outcome measures for youth

% juvenile court districts with comprehensive strategic plans for youth development & juvenile justice

% of juvenile Math academic grade level achievement (gain in grade level per month in school)

% of violence or weapons involved

% of youth arrested for committing a delinquent act within 6 months of program discharge

% of youth discharged from commitment to department that are recommitted or resentenced within one year of release

% of youth discharged from commitment to department that are recommitted or resentenced within three years of release

% of youth served in the community

% of youth who remain in the community for a 6- month period after discharge

Average jail sentence (days)

Average length of probation (months)

Average prison sentence (months)

47. Justice

Average utilization rate of available bed space

Psychologist/counselor services (hours per week)

Ratio of minority to non-minority youth held in detention

Total dollars allocated

Legal Representation

% of caseload expectations achieved

% of caseload performance expectations achieved

% of challenged Notices of Action on indigent defense claims that are upheld upon final judicial review

% of indigent defense claims reviewed and acted upon within 35 days of receipt

% of public defender cases where there have been ineffective assistance of counsel

%s of cases with final findings of ineffective assistance on direct appeal of convictions and post conviction relief

Average processing time for an indigent defense claim within an established standard

Prosecution

of criminal cases filed

of vertical prosecutor positions filled

of vertical prosecutor positions funded

Average prosecution cost per criminal case

Average review time in days

Conviction rate (convictions divided by cases closed)

Regulation & Compliance

of food assistance electronic benefit transfer recipient cases referred by law enforcement

of founded dependent adult abuse criminal investigations referred for criminal prosecution

of license plate reader

% of actions for noncompliance upheld on informal dispute resolution

% of applications returned for additional information

% of economic fraud investigation cases closed within statutory timeframes

% of Medical aid fraud investigation cases will be reviewed and receive proper disposition within statutory timeframes

% of new business applications submitted meeting the eligibility requirements

% of occupational licensees receiving no serious violations after licensure

Amount of cost savings resulting from front-end investigations

Money value recovered from misspent public assistance, resulting from error and fraud per year

Ratio of professional licensing investigations completed to total cases

Risk Management

% of risk losses recovered

% of self-insurance claims adjusted within timeliness standard

47. Justice**Victim Services**

- # of correspondence sent to victims
- # of people registered in the victim information and notification system
- # of public legal awareness events sponsored
- % of visitor days per year

48. Labor**Employment**

- # of citizens currently employed for ten years or more
- # of citizens currently employed for three years or more and progressing as per planned career path
- # of citizens placed in jobs
- # of days lost through industrial disputes
- # of employed persons aged 15 and over by age
- # of employed persons aged 15 and over by citizenship
- # of employed persons aged 15 and over by detailed industry
- # of employed persons aged 15 and over by detailed occupation
- # of employed persons aged 15 and over by industry
- # of employed persons with a second job
- # of employer events/campaigns conducted
- # of hours worked per week of full-time employment
- # of hours worked per week of part-time employment
- # of incidence of part-time employment
- # of individuals covered by social security schemes
- # of job seeker campaigns/events conducted
- # of persons by qualification mismatch, 5 years after graduation
- # of persons employed part-time - Total
- # of public sector employees in different industries
- # of sector committees established and operational
- # of self-employment by age groups
- # of self-employment by occupation
- # of self-employment by sex
- % employed in service sector and occupational status of recent school-leavers
- % employment by economic activity
- % employment by full-time/part-time
- % employment by highest level of education attained
- % employment by nationality
- % employment by occupation
- % employment by professional status
- % employment growth - Annual averages
- % employment growth by gender
- % employment in agriculture (% of total employment)
- % employment in industry (% of total employment)

48. Labor

- % employment in services (% of total employment)
- % of adults employed 90 days following workforce allocation services
- % of citizens across various industries in private and public sectors
- % of education / occupation mismatch of persons aged 25-34 by study field
- % of expatriates (foreign labor) employed in key strategic sectors as % of total work force
- % of labor force with primary education (% of total)
- % of labor force with secondary education (% of total)
- % of labor force with tertiary education (% of total)
- % of youth who obtain a job, earn a credential, or further their education
- % response rate to the federal occupational employment statistics survey
- Amount collected in total sales
- Average exit age from the labor force
- Average exit age from the labor market, by gender
- Average hours actually worked
- Distribution by occupation of persons aged 25-34 with higher education
- Employment - annual averages
- Employment rate by gender
- Employment rate by highest level of education attained
- Employment rate of older workers
- Employment rates by nationality
- Employment rates for age group 15-24
- Employment rates for age group 25-54
- Employment rates for age group 55-64
- Employment rates: men
- Employment rates: total
- Employment rates: women
- Formal sector employment rate
- Labor input index
- Retail trade employment - total
- Self-employment rates: men
- Self-employment rates: total
- Self-employment rates: women
- Total # of private sector employment
- Total # of public sector employment
- Turnover index
- Unemployment rate by field of study
- Unemployment rate of persons aged 20-34
- Unemployment rate of persons aged 20-34, by years since graduation
- Youth transitions from education to working life (in # of months)

Job Vacancy

- # of quarterly job vacancies
- Annual job vacancy rate
- Quarterly job vacancy rates

48. Labor**Labor Compensation**

of employees by economic activity corresponding to earnings data
of employees by occupation corresponding to earnings data
of hours paid
Annual earnings by quantiles for enterprises with 10 employed persons or more
Annual earnings for enterprises with 10 employed persons or more
Annual net earnings
Average annual earnings / staff
Average annual gross earnings by economic activity
Average annual gross earnings by occupation
Average annual gross income of workers with higher education
Average annual gross income of workers, by education level
Average gross annual earnings in industry and services
Average monthly earning
Gender pay gap in unadjusted form
Gender pay gap in unadjusted form by age
Gender pay gap in unadjusted form by economic control
Hourly earnings by contractual working time for enterprises with 10 employed persons or more
Hourly labor costs
Labor compensation per hour, total economy
Labor compensation per unit labor input, total economy
Labor cost index
Mean annual earnings by age
Mean annual earnings by collective pay agreement
Mean annual earnings by educational attainment
Mean annual earnings by employment contract
Mean annual earnings by length of service with the enterprise
Mean annual earnings by occupation
Mean annual earnings by sex
Mean annual earnings by size classes of the enterprise
Mean annual earnings by size of the enterprise
Mean hourly earnings by age
Mean hourly earnings by collective pay agreement
Mean hourly earnings by educational attainment
Mean hourly earnings by employment contract
Mean hourly earnings by length of service with the enterprise
Mean hourly earnings by occupation
Mean hourly earnings by sex
Mean hourly earnings by size classes of the enterprise
Mean hourly earnings by size of the enterprise
Mean monthly earnings by age
Mean monthly earnings by collective pay agreement

48. Labor

Mean monthly earnings by educational attainment
Mean monthly earnings by employment contract
Mean monthly earnings by length of service with the enterprise
Mean monthly earnings by occupation
Mean monthly earnings by sex
Mean monthly earnings by size classes of the enterprise
Mean monthly earnings by size of the enterprise
Mean monthly hours paid by age
Mean monthly hours paid by collective pay agreement
Mean monthly hours paid by educational attainment
Mean monthly hours paid by employment contract
Mean monthly hours paid by length of service with the enterprise
Mean monthly hours paid by occupation
Mean monthly hours paid by size classes of the enterprise
Mean monthly hours paid by size of the enterprise
Minimum wage
Monthly earnings by economic control for enterprises with 10 employed persons or more
Monthly earnings by quantiles and contractual working time for enterprises with 10 employed persons or more
Monthly labor costs
Monthly minimum wage
Monthly minimum wage as a proportion of average monthly earnings in industry and services (%)
Net earnings
Social security paid by employer
Tax rate
Tax rate on low wage earners - low wage
Tax rate on low wage earners - tax wedge on labor costs
Tax rate on low wage earners - unemployment
Tax rate on low wage earners by marginal effective tax rates on employment incomes
Tax wedge on labor cost
Total compensation of employees
Total wages and salaries
Unit labor cost, business sector

Labor Cost

of apprentices
of employees
of employees hours actually worked and paid
of employees hours worked and paid
of hours actually worked and paid per employee
of hours worked and paid per employee
of hours worked by year

48. Labor

- Coefficient of variation of labor cost
- Direct cost
- Direct remuneration
- Hourly labor cost for temporary staff
- Hours actually worked compared to hours paid
- Hours worked compared to hours paid
- Labor cost
- Labor cost surveys
- Labor cost, wages and salaries
- Monthly labor cost for apprentices
- Monthly remuneration of apprentices
- Structure of labor cost as % of total cost
- Structure of labor costs (%)
- Temporary staff labor cost, # of employees
- Temporary staff labor cost, # of hours worked
- Total # of hours worked by temporary staff

Labor Dispute

- # of workers involved
- # of workers involved by economic activity
- # of working days lost
- # of working days lost by economic activity
- Workers involved per 1000 workers
- Workers involved per 1000 workers by economic activity
- Working days lost per 1000 workers
- Working days lost per 1000 workers by economic activity

Labor Force

- # of active population by highest level of education attained
- # of active population by nationality
- # of active population by sex
- # of adults by age
- # of adults by age groups
- # of adults by household composition
- # of adults by level of education attained
- # of adults by sex
- # of adults by working status
- # of adults with # of children higher than 3
- # of employees by age
- # of employees by age groups
- # of employees by collective pay agreement
- # of employees by economic control
- # of employees by educational attainment
- # of employees by employment contract
- # of employees by length of service with the enterprise
- # of employees by level of educational attainment

48. Labor

- # of employees by occupation
- # of employees by sex
- # of employees by size classes of the enterprise
- # of employees by size of the enterprise
- # of full-time employment
- # of full-time employment by age groups
- # of full-time employment by highest level of education attained
- # of full-time employment by occupation
- # of full-time employment by sex
- # of part-time employment
- # of part-time employment by age groups
- # of part-time employment by highest level of education attained

- Standardized prevalence rate of work-related health problems by diagnosis group
- Standardized prevalence rate of work-related health problems by severity

Productivity Improvement

- Capital productivity index
- Labor cost competitiveness index
- Labor productivity index
- Profitability index

Retirement Transition

- # of employed persons by planned age for stopping work
- # of employed persons who reduced their working hours in a move to full retirement
- # of employed persons who would stay longer at work if more flexible working time arrangements were available
- # of employed persons who would stay longer at work if their workplace was healthier and/or safer
- # of employed persons who would stay longer at work if they could update their skills
- # of main reasons for retirement or early retirement
- % of not employed persons having reduced their working hours in a move to full retirement
- Average # of years spent working
- Average # of years spent working by employed persons
- Average age at which employed persons started receiving a retirement pension
- Average age at which not employed persons started receiving a retirement pension

Training Cost

- % of direct cost of CVT courses, by type of direct cost
- Cost of training courses as % of total labor cost (all enterprises)

48. Labor

- Cost of training courses as % of total labor cost by enterprises type
- Cost of training courses per employee
- Cost of training courses per participant
- Cost of training courses per training hour
- Costs of participation in education and training
- Costs of training courses and size class
- Mean amount of money spent by participant on education and training by age groups
- Mean amount of money spent by participant on education and training by highest level of education attained
- Mean amount of money spent by participant on education and training by labor status
- Mean amount of money spent by participant on education and training by occupation
- Structure of costs of training courses per employee in enterprises with training courses
- Structure of costs of training courses per participant

Training Hours

- # of hours in training courses per 1000 # of hours worked (all enterprises)
- # of hours in training courses per employee
- # of hours in training courses per employee by sex
- # of hours in training courses per employee in enterprises with a joint training agreement
- # of hours in training courses per employee in enterprises with 'new technologies'
- # of hours in training courses per participant
- # of hours spent on training courses
- % of the total hours in external training courses
- % of the total hours in training courses
- % of the total hours in training courses by field of training
- Distribution of education and training activities by field
- Distribution of job related education and training activities by field
- Distribution of non-formal education and training activities by provider
- Instruction hours spent by participant on education and training
- Mean instruction hours spent by participant on education and training by age groups
- Mean instruction hours spent by participant on education and training by highest level of education attained
- Mean instruction hours spent by participant on education and training by labor status
- Mean instruction hours spent by participant on education and training by occupation
- Share of total instruction hours in education and training activities by field

Training Participation

- # of participations in job related non-formal education and training

48. Labor

- % of persons not participating in education and learning
- % of persons not participating in education and learning by age group
- % of persons not participating in education and learning by degree of urbanization
- % of persons not participating in education and learning by highest level of education attained
- % of persons not participating in education and learning by labor status
- % of persons not participating in education and learning by occupation
- % of persons not participating in education and learning by sex
- Distribution of reasons of participation in non-formal education and training
- Participation rate in education and training
- Participation rate in education and training by age groups
- Participation rate in education and training by degree of urbanization
- Participation rate in education and training by highest level of education attained
- Participation rate in education and training by labor status
- Participation rate in education and training by occupation
- Participation rate in education and training by sex
- Participation rate in job related non-formal education and training
- Participation rate in job related non-formal education and training by highest level of education attained
- Participation rate in job related non-formal education and training by sex

Unemployment

- # of jobless households by gender
- # of jobless households with children
- # of people living in jobless households
- % long-term unemployment (12 months or more) as a % of the total unemployment
- % of inactive population as a % of the total population
- % of inactive population by highest level of education attained
- % of inactive population by nationality
- % of inactive population by sex
- % of long-term unemployment
- % of population in jobless households
- % of unemployment with primary education (% of total unemployment)
- % of unemployment with secondary education (% of total unemployment)
- % of unemployment with tertiary education (% of total unemployment)
- % of unemployment, female (% of female labor force)
- % of unemployment, male (% of male labor force)
- Average duration of unemployment
- Harmonized unemployment - age class 15-24
- Harmonized unemployment - age class 25-74
- Harmonized unemployment by gender - total
- Long-term unemployment (% of total unemployment)
- Long-term unemployment rate

48. Labor

Long-term unemployment, female (% of female unemployment)

Long-term unemployment, male (% of male unemployment)

National unemployment rate

Previous occupations of the unemployed, by sex

Range in regional unemployment rate, small regions: maximum

Range in regional unemployment rate, small regions: minimum

Unemployment rate by nationality (%)

Unemployment rate by race (%)

Unemployment rates: men

Unemployment rates: total

Unemployment rates: women

Unemployment Insurance

of adults receiving cash assistance

% of clients who obtain and retain employment for at least 90 days during the year

% of families leaving temporary assistance for employment who remain employed for at least 12 months

% of unemployment insurance benefits recipients who are paid accurately

% of uninsured employers detected

Average duration of unemployment insurance benefits in weeks

Vocational Training

of participants in CVT courses

% of all enterprises providing CVT courses

% of all non-training enterprises, by reason for not providing CVT

% of employees (all enterprises) participating in CVT courses

% of employees (all enterprises) participating in CVT courses, by sex

% of employees (only enterprises with CVT courses) participating in CVT courses

% of employees in all enterprises by type of training

% of employees in enterprises with and without a joint CVT agreement participating in CVT courses

% of employees in enterprises with and without 'new technologies' participating in CVT courses

% of enterprises assessing the skills and training needs of employees as % of all enterprises

% of enterprises assessing their future manpower and/or skill needs as % of all enterprises

% of enterprises evaluating the effect of CVT courses

% of enterprises not evaluating the effect of CVT courses

% of enterprises providing any other form of training

% of enterprises that needed to obtain or develop new skills

% of enterprises undergoing technological or structural changes

% of enterprises with a training plan including CVT

% of enterprises with the need to obtain or develop new skills

48. Labor

- % of enterprises without a training plan including CVT
- % of participants in other form of CVT as a % of employees in all enterprises
- % of reasons having an influence on the scope of the enterprise's CVT activities
- % of training enterprises having a specific person or unit responsible for training
- % of training enterprises making use of an external advisory service
- Enterprises evaluating the effect of VT courses as % of all enterprises providing VT courses
- Enterprises evaluating the effect of VT courses as % of training enterprises
- Enterprises providing any other form of training as % of all enterprises
- Enterprises providing 'other forms' of training, by form of training (%)
- Enterprises providing VT courses by % of occupational group
- Enterprises providing VT courses by % of participation of employees
- Enterprises providing VT courses, by particular population category (%)
- Enterprises providing VT courses, by type of contribution to collective funding arrangements (%)
- Enterprises providing VT courses, by type of receipt from collective funding arrangements (%)
- Enterprises where there was an impact of public measures on their VT plans as a % for all training enterprises
- Enterprises who assess the future skills needs of the enterprise as a % of training enterprises
- Enterprises who establish the training needs of their personnel as % of training enterprises
- Enterprises with a training budget including provision for VT as % of all enterprises
- Enterprises with a training budget including provision for VT as % of training enterprises
- Enterprises with a training centre used exclusively or partly for VT as % of all enterprises
- Enterprises with a training centre used exclusively or partly for VT as % of training enterprises
- Enterprises with a training plan including VT as % of all enterprises
- Enterprises with a training plan including VT as % of training enterprises
- Enterprises with an agreement on VT as % of all enterprises type of agreement
- Enterprises with an agreement on VT as % of training enterprises
- Participants in other forms of CVT as a % of employees in CVT other form enterprises
- Training enterprises as % of all enterprises

Work & Family Life

- # of employed persons having to make working time arrangements over the last 12 months to care for children

48. Labor

of employed persons regularly taking care of other children or people in need of care
of employed persons taking time off over the last 12 months for family sickness or emergencies
of employed persons who can take whole days off for family reasons
of employed persons who can vary start/end of working day for family reasons
of employed persons wishing to change the organization of their working life and care responsibilities
of main childcare-related reasons given by employed persons for not working
of persons regularly taking care of other children up to 14 in need of care
Average usual working hours of employed persons

Working Time

of annual holidays
% of employees finding it convenient for personal life on-call work
% of employees finding it convenient for personal life to do shift work activity
% of employees finding it convenient for personal life to work at night
% of employees finding it convenient for personal life to work in the evening
% of employees with variable working hours
% of employees working on call
% of employees working overtime
% of employees working paid overtime
% of self-employed persons who can control their own schedule
% of self-employed persons who can control their own work methods
% of self-employed persons who work for one single client or customer
Average # of actual weekly hours of work in main job
Average # of actual weekly hours of work in the second job
Average # of overtime hours of employees
Average # of paid overtime hours of employees
Average # of usual weekly hours of work in main job
Average usual working hours of employees
Mean annual holidays
Mean annual holidays by size of the enterprise

49. Military & Defense**Emergency Management**

of responders trained in emergency management
% of county emergency management coordinators trained to established standards
% of emergency management employees trained to established standards
% of five-year security strategy projects funded and initiated
% of funded public assistance projects are successfully complete

49. Military & Defense

- % of identified mitigation unmet needs projects that were funded
- % of jurisdictions that have mitigation plans that meet the standards of the federal disaster mitigation act
- % of jurisdictions that have recovery plans that meet standards
- % of jurisdictions that have response plans that meet standards
- % of jurisdictions that have strategic plans that meet standards
- % of local governments that are sustainable for its citizens
- % of public safety answering points capable of receiving and providing wireless emergency calls
- % of state government that is sustainable for its citizens
- % of wireless service customers that have public safety answering points areas that are capable of receiving and are providing calls

Facility Security & Utilization

- # of man days of utilization of training facilities
- # of reportable security intrusions and appropriate actions
- % of routine orders
- Amount of losses of physical security equipment and appropriate action
- Average cost of facility heating and cooling

Force Deployment

- % national guard member and dependent processing
- % of armories and facilities stationed and assigned for best utilization to improve readiness, and support and best utilize resources
- % of members successfully reintegrated into employment after release from active duty
- % of members that receive mandatory pre-/post-mobilization briefings that facilitate entry onto active duty
- % of members that reintegration back into the civilian environment after release from active duty
- % of national guard members utilizing educational assistance program

Military Readiness

- # of aircraft and other pieces of equipment restored
- # of defense force volunteers for community support
- % fill of qualified and trained personnel with available senior grade leadership to form a "ready pool" available for mobilization
- % of armories requiring major repairs and renovations (more than x\$)
- % of fill of qualified and trained air patrol personnel
- % of fill of selected equipment compared to wartime/primary mission requirements
- % of fill of selected equipment on-hand that is maintained and considered operationally ready and fully mission capable
- % of first responder jurisdictions with interoperable communication capabilities
- % of national guard unit participation
- % of network services availability to users during fiscal year
- % of political subdivisions participation

49. Military & Defense

- % of requests where information was successfully and accurately provided in response to inquiries from the media and other interested parties
- % of successful responses within 24 hours to an "Alert Notice" by the emergency management agency and command post
- % of units available for or serving on federal active duty
- % of units fully trained, equipped, and deployable
- % of units returned from mobilization and resetting in the three-year force generation cycle
- % of units that achieve deployment latest mobilization station arrival date criteria as established by higher federal mobilization headquarters
- % readiness level of the forward command posts
- % readiness level of the state emergency operations center

Procedures & Leadership

- % of capitals/military construction funding
- % of increased federal support of national guard operations
- % of total funding
- % of units that meet quarterly unit status report readiness standards for equipment readiness
- % of units that meet quarterly unit status report readiness standards for personnel on hand
- % of units that meet quarterly unit status report readiness standards for personnel qualification
- % of units that meet quarterly unit status report readiness standards for personnel training
- Amount of funding acquired for new/upgraded facilities
- Amount of funding support to national guard counter drug programs for schools and law enforcement agencies

Training & Exercises

- # of participants reached through special community events
- % of available training periods scheduled
- % of available training periods utilized
- % of compliance with army standardized training requirements
- % of local government exercises completed as required by rule or agreement
- % of physical exercises completed as required by rule, regulation or agreement
- % of units conducting training year of three-year force generation cycle

Veterans Affairs

- # of counseling referral education completed with returning active duty veterans
- # of counties participating in grant funds to increase veterans programs
- # of educational assistance grants to war orphans
- # of grants provided to severely injured veterans
- # of home grants provided to veterans
- # of museum visitors

49. Military & Defense

of veterans, spouses and or dependents receiving assistance payments directly

% of nursing home facilities that have reported the names of the veterans, spouses and widows in their facilities

Total # of bonuses to eligible veterans

50. Municipalities**Accountability & Transparency**

of annual service reports published on time

of customer satisfaction measurement mechanisms to monitor satisfaction rate

of defined and agree with municipalities on KPIs to be benchmarked across municipalities

of internal mechanisms of governance framework to promote accountability and transparency

% budget variance

% completion of governance committees implementation

% completion of municipal boundaries identified, agreed and approved

% documented existing standards and codes used

% enforced non smoking policy in public buildings

% enforcement of existing standards

% financial self sufficiency

% of developed and issued financial regulations for municipal governance including municipal fees setting and revenue distributions

% of issued municipal governance regulations

% of leadership participating in international meetings and forums

% of municipal entities developed activity-based budgets as per department of finance guidelines

% of municipality services aligned with formal channels of services requisition, closure and regulation

% of projects completed on-time

% of projects completed with less than 20% budget variation

% of required IT systems in place

Building Inspection

of complaints received

of final inspections on all construction requiring permits

% of cases closed with initial response within target timelines

Average # of days for processing building permits

Total # of construction inspections performed

Total construction permit applications completed per year

Cleanliness & Safety

of charges laid

of cleanups

of complaints about unsafe activities

50. Municipalities

- # of employees and employer's are active participants in the development of strategy
- # of graffiti calls
- # of graffiti clean-ups
- # of lights installed
- # of members respond to cleaning initiative
- # of pieces painted per time period per person
- # of repeat calls
- # of responses to district issues
- # of safety and security related calls
- # of safety and security related complaints
- # of safety incidents in downtown
- # of viable solutions/alternatives developed
- # of warrants executed
- # reduction of unsafe products and merchandise affecting public health
- % achieved tourist and public satisfaction rate with city image
- % increase in enforcement visibility in the city centre
- % of citizen confidence that the centre city is a safe place to work and live
- % of citizens satisfied with cleanliness
- % of citizens satisfied with cleanliness in the city centre
- % of citizens satisfied with public toilets accessibility
- % of citizens satisfied with safety in city centre
- % of citizens satisfied with safety in the city centre
- % of citizens satisfied with safety while in public spaces
- % of increased education service request in regards to response and file closure time
- % of poles repainted
- % of positive feedback in customer satisfaction survey
- % of sidewalks meeting aesthetic standards
- % of substandard poles replaced
- % of suitable working places and facilities to municipality manpower
- % of worn signs replaced
- % reduction / elimination of homeless sites
- % reduction in calls complaints regarding pathway snow removal
- % reduction in complaints regarding social disorder concerns
- % strategic locations with installed ashtrays
- Average response time
- Average response time to calls
- Average response time to remove tags
- Average response time to remove tags from both public and private property
- Crime rate
- Graffiti index
- Increase lifespan of the average tree by 1 to 2 years

50. Municipalities

Increased # of education, and referral contacts

Litter Index

Litter index for city centre

Quality of life monitor index

Rate per million rides of summons issued

Rate per million rides of summons issued for nuisance behaviors

Resident satisfaction rating for clean streets

Safety index

Total spending per head of population on street cleaning

Community Facilities

frequency of services

of building rehabilitations

of citizens took Municipal Services Survey

of coordinated meetings with external stakeholders to ensure coordination in detailed planning

of projects implemented that contributes to the development of the urban plan

of solid waste transfer stations, sorting station, and compost factories

% buildings implementing Non-smoking in public buildings

% completion in new waste handling facilities construction

% completion of detailed planning for projects as defined by master plan

% completion of spatial data components

% controlling gas emission within the limit

% gap of medical incinerator, engineered landfill, and hazardous cell to protect the environment

% increase in green area per capita

% increase in waste processing capacity

% increase the life of waste landfill

% leakage from waste landfill rivers

% of citizens waiting on lands allocation waiting list

% of green areas per capita

% of major maintenance project funds expended by design & construction within 3 years

% of nationals, residents, visitors and investors approving the perception of City brand

% of non smoking policy compliance

% of parks project completed

% of population covered by easily accessible service centers

% of projects completed on-time and as per planned scope

% of projects completed within SLA budgets

% of public areas per capita

% of public buildings enforcing non smoking policy

% of roads project completed

% of roads that meet international standards

50. Municipalities

- % of survey respondents rating their satisfaction with the department's customer service as good or excellent
- % of work completed in conformance with industry standards
- % population coverage where centers are within 1 hour travel time
- % products that have passed certification
- % reduction in cost of solid waste transportation
- % reduction in energy consumption
- Community satisfaction rate on beaches
- Recycling cost per ton

Community Involvement

- # of community forums/meetings per city per year
- # of community members attending meetings and events by municipality
- # of community participation rate in municipal events
- # of corporate social responsibility partnership with private institutions
- # of council member participation rates in municipality/council meetings
- # of council members attending council meetings by municipality
- # of effective community initiatives implemented per year
- # of local institutions involved in community forums/meetings
- # of major corporate social responsibility initiatives
- # of outreach activities to increase community's awareness
- # of participation programs involving the municipal councils per year
- # of residents attending community forums/meetings in each city
- % civic participation in the local area
- % increase of forums and meetings to increase the community's participation
- % of customer complains resolved in pre-determined time
- % of population awareness of municipal councils' roles and responsibilities

Community Services

- # of conducted field visits by municipality management
- # of conducted programs of outreach activities
- # of conducted town hall meetings
- # of conducted training programs based on training needs analysis of staff
- # of corporate social responsibility initiatives
- # of new municipal services
- # of new services to meet customer and community needs
- # of public awareness program implemented to reduce waste produced per capita
- # of sewer main backups/Km
- # of solid waste collection/Ton
- # of solid waste disposal/Ton
- # of storm and wastewater/Km
- # of the community services - entertainment parks
- # of the community services - libraries
- # of the community services - rest areas

50. Municipalities

of the community services - sport facilities
of water tests done / year
of water treatment & distribution locations
% active participation of all municipal entities in excellence program
% completion of the CRM system implementation
% completion of the needed IT infrastructure across all municipality locations
% coverage of municipality services to citizens
% increase in customer frequency to municipality centers
% increase of services provided in centers to accommodate residents needs
% of services provided by area
% of area services centers developed as per master plan
% of cities with municipality area services coverage
% of communities covered by municipality services
% of contact channels running
% of customer complains resolved within predetermined time
% of customer satisfaction on municipal community services
% of employees with necessary training
% of municipal services through e-government portal
% of municipality services offered online
% of products and merchandise complying with international standards
% of products having quality mark
% of residents having access to municipal services in each city
% of satisfaction in city services among residents, visitors and investors
% of services introduced online
% of the customers are satisfied with municipal services
% of the enterprise architecture model completed and implemented
% of the municipality's internal and external processes re-engineered to improve efficiency of service delivery
% of transaction services conducted within predetermined time
% of transaction services for customer services within predetermined time
% processes designed and implemented according to international best practices
% rehabilitation for all areas served by municipality
% solid waste management processing and recycling facilities utilization rate
% waste and solid waste treatment and disposal
Customer satisfaction rate for services offered
Customer satisfaction rate on external municipality centers' services
Water main breaks/Km

Knowledge Sharing

of conducted research and development studies
of international municipal conferences held
of knowledge sharing initiative
of knowledge tours

50. Municipalities

- # of measures to monitor community's awareness about municipal systems
- # of memberships in international knowledge centers
- % completion of knowledge sharing system
- % increase employees' participation in work improvement through the suggestion scheme
- % of knowledge sharing system to be in place in order to facilitate inter-municipal coordination
- % of property management and database systems implemented
- % of required components for knowledge management system completed

Land

- # of crusher plant and fallen stock incinerator
- # of land use billable hours
- # of land use hours per total # of applications reviewed
- % increase the life of landfill by divert the construction waste
- % of cadastral diagrams produced within the agreed time frame
- % of complete review of all land use projects within 120 days
- % of eligible citizens with access to land
- % of eligible people with titled land
- % of land applications processed within the agreed time frame
- % of land mass of country covered by updated administrative maps
- % of title deeds processed within the agreed time
- Government land action cost

Outsourcing

- # of customer services delivered within agreed customer service charters/ SLAs
- % of guidelines and manuals of effective use of outsourcing published
- % of municipal services outsourced
- % of municipal services outsourced reduced operational cost
- % of outsourced contracts covered by Service Level Agreements (SLAs)
- % of satisfaction with quality of outsourced services
- % outsourced services are provided by more than one supplier
- % saving from outsourced services
- Total reduction in operating costs through outsourcing

Policies & Regulations

- % completion of financial regulations for municipal governance
- % completion of municipal fees and revenue distribution regulations
- % completion of municipal governance regulation
- % completion of real estate regulation
- % completion of the enforcement monitoring system
- % completion of updating necessary standards, codes and regulations
- % implementation of internal audit and performance management in accordance with government requirements
- % implementation of the new organizational structure
- % of coordination and feedback mechanisms from municipalities, municipal councils and other relevant stakeholders

50. Municipalities

- % of enforcement monitoring system to be in place
- % of existing standards and codes to be reviewed and documented with input from municipalities
- % of existing standards, codes and regulations reviewed and documented
- % of extra staff needed according to the new organizational structure
- % of monitoring system defined including multiple contact channels
- % of municipal compliance with existing policies, regulations and standards
- % of necessary standards and codes updated and adopted
- % of recruiting requirements are fulfilled
- % of the IT strategy in accordance with e-government standards

Public Housing

- # of dwelling/houses
- # of house as per # of bedrooms
- # of new dwellings started
- # of outstanding applications
- # of permanent dwellings started in a year
- # of update to regulations relating to real estate registration
- # on land and housing waiting lists
- % completion of public houses demolished and rebuilt, as needed by the residents
- % completion of public housing compensation, as needed by the residents
- % completion of public housing maintenance projects, as per plan
- % completion the short term detailed plans
- % of completed demolition and rebuilding of the buildings that are subject to collapse
- % of public housing units requiring immediate maintenance are maintained on time
- % of the additional public houses required to reduce the average # of residents per housing unit
- % support of the infrastructure for the housing facilities
- % urbanization growth
- Average # of residents per public house
- Average length of time of applications have been pending
- Urban population (% of total population)

Recreation Services

- # of acres of city property managed
- % accessibility to existing local community facilities
- % community satisfaction with municipal recreation services
- % of citizens surveyed rating appearance of parks as good or excellent
- % of maintenance of public parks
- % of municipal facility clients rating facility cleanliness and safety as satisfactory or better
- % of on-time construction of new parks projects
- % of parks constructed in each city as per the urban master plan
- % of residents with access to parks and open spaces as per standards

50. Municipalities

% of secure clean, beautiful beaches with comprehensive services

% of services by category delivered within customer service charters/SLAs

Road Service

of public convenience sites provided by the authority normally throughout the year

% creation of new internal road networks to increase accessibility to all local communities

% of areas with accessible road networks as per international standards

% of communities with direct access to local roads

% of missed collections put right by the end of the next working day

% of road networks achieving volume to capacity ratio standards

% of roads fully meet specifications

% pedestrian crossings with facilities for people living with disabilities

% street lighting columns inspected for structural condition per annum

Public satisfaction with the roads in the region

Urban Development

of allocated land plots inline with the master plan to provide access to residents to parks and open spaces

of public awareness campaigns per annum

of waiting list for land distribution

% alignment between the detailed plans and the urban master plan

% compatibility of detailed plans with the urban master plan

% completion of needed infrastructure projects offered in each city

% completion of solid waste management project phases

% completion of the design requirements and construction of short term projects

% completion of underground storm water & irrigation maps

% compliance of the detailed planning with the urban master plan

% definition and demarcation of geographic boundaries between municipalities

% increase per capita green area

% of completed detailed plans

% of development of accurate information and efficient systems to support urban planning and development

% of housing facilities achieving acceptable safety standards as specified through criteria

% of housing facilities having access to community services in each city

% of infrastructure developed as per the urban master plan to provide community services in each city

% of internal roads as per safety standards

% of master and urban plans completed

% of municipal entities integrated their master and urban plans development into county level plan

% of sea front areas developed as per the urban master plan

% of sea front areas in coastal cities

50. Municipalities

% of the infrastructure upgrade in city areas in line with urban plan
% projects aligned with the urban master plan
Diversion rate of recyclable material and compost to reject waste
Length of newly constructed roads in each city as per the urban master plan
Public satisfaction rate
Tourist satisfaction rate

51. Pension Management**Asset Management**

of approval of asset allocation by the board each year
of updated governance framework
of updated policies and procedures approved
% approved performance and monitoring framework
% of actual investment return exceeds investment policy benchmark
% of approved compliance monitoring system
Asset Allocation - bills and bonds issued by public and private sector (in %)
Asset Allocation - cash and Deposits (in %)
Asset Allocation - land and Buildings (in %)
Asset Allocation - loans (in %)
Asset Allocation - mutual funds (CIS) (in %)
Asset Allocation - of which: bills and bonds issued by public administration (in %)
Asset Allocation - of which: bonds issued by the private sector (in %)
Asset Allocation - other investments (in %)
Asset Allocation - shares (in %)
Asset Allocation - unallocated insurance contracts (in %)

Benefit Payments

of millions of dollars of assets under management
of participants
of retirees and beneficiaries currently receiving benefits
% customers satisfied with payment service
% distribution of disposable income amongst the post retirement population
% of applications processed in 3 days
% of e-payment system completed
% of member info requests to actuary in 5 days of request
% of payments on time
% of pensions are increased each year to keep pace with price inflation
% of retirees and beneficiaries currently receiving benefits manually
Amount of adequate absolute income at retirement
Benefit increase rate per year
Gross replacement rates by average earnings level, mandatory pension programs, men (in %)

51. Pension Management

Gross replacement rates by average earnings level, mandatory pension programs, women (in %)

Ratio of income level post-retirement to pre-retirement

Replacement rate for the median pensioner

Customer Services

of partnering program developed and adopted

% calculations completed accurately the first time

% member records analyzed & updated

% of customer relationship management (CRM) developed and implemented

% of customer service delivery framework developed and implemented

% of employee compensation & benefits system implemented

% of general public understand pensions and related matters

% of knowledge management framework implemented

% of members ranked satisfied or better based on member feedback surveys conducted

% of payments within 10 days of notification date

% of payments within 30 days of trigger date

% of performance management system enhanced

% of process management model & initiatives implemented

% of special needs members ranked satisfied or better based on member feedback surveys conducted

% of termination events notified within 5 working day

% of web services enhancement completed

% quality management model implemented

Average speed to answer incoming calls will be 30 seconds or less

Fund Investment

of enterprises broken down by size classes of members

of enterprises broken down by size of investments

of enterprises in other countries

of identified and implemented new investment opportunities

of members in pension funds

% funding by government

% invested in superior long-term risk-adjusted returns

% of benefit administrative costs are less than peer median administrative costs per active member

% of compliance with standards on monetary resource management

% of fund's fiduciary role validation exercise conducted

% of investment return meets the assumed actuarial annual rate of interest

% of non-autonomous pension funds

% of risk management framework developed and implemented

% of total fund market value spent on investment administration

Actual investment return exceeds actuarial discount rate

Employees' contributions, in % of total contributions

Minimum actuarial rate of return

51. Pension Management

- Pension contributions as a share of GDP
- Pension funds: total expenditure on pensions
- Pension funds: total investments
- Pension funds: total pension contributions
- Rate of return required from the assets to maintain pension fund at a fully funded basis
- Total investments broken down by currencies
- Total pension fund

Policy & Legislation

- # of funding options presented to government
- # of recommendations presented to government
- % of accepted recommendations implemented prior to follow-up audit
- % of final court orders reviewed and responded to in 10 working days

52. Population**Demography**

- # of births
- # of live births
- # of private households by size
- % of female population aged 15 and over
- % of married population
- % of population aged 15 and over living in private households
- % of population aged 15-74
- % of population aged 65 and over
- % of population change
- % of unmarried population
- % of widowed population
- Annual average population by sex
- Average # of resident children in the family
- Average age of mother
- Average population by five-year age group
- Crude birth rate
- Crude rate of net migration
- Deaths by age
- Divorced population by age
- Dwellings by # of building
- Dwellings by # of rooms
- Dwellings by total occupants
- Dwellings by type of ownership
- Old-age-dependency ratio
- Population aged 15-74 by sex
- Population by age
- Population by citizenship
- Population by country of birth

52. Population

- Population by current economical activity
- Population by employment status
- Population by highest level of educational attainment
- Population by marital status
- Population by sex
- Projected old-age dependency ratio
- Women per 100 men

Fertility

- # of declared legal abortions by age
- # of live births by month
- % of live births outside marriage
- Average mother's age
- Fertility rate by age
- Mean age of women at childbearing
- Total fertility rate

Marriage & Divorce

- # of divorces
- # of divorces by duration of marriage
- # of marriages
- # of marriages by month
- % of marriages by previous marital status
- Divorce rate by duration of marriage
- First marriage rate by age

Migration & Asylum

- # of acquisition of citizenship
- # of active population by citizenship
- # of asylum applicants considered to be unaccompanied minors by citizenship
- # of asylum applications
- # of asylum by citizenship
- # of asylum decisions pending
- # of decisions on asylum applications by citizenship
- # of decisions withdrawing status granted as final decision
- # of decisions withdrawing status granted at first instance decision
- # of foreign workers by citizenship
- # of foreign workers by economic activity
- # of immigration by age
- # of immigration by country of previous residence
- # of immigration by sex
- # of new # of asylum applicants
- # of persons subject of asylum applications pending
- # of resettled persons
- # of total emigration
- % of asylum rejections

52. Population

% of non-national workers by citizenship
 Population by citizenship - % of foreigners

Mortality

dying between exact ages
 # left alive at given exact age
 # of deaths by age
 # of deaths by month
 # of deaths by sex
 # of infant mortality
 Average life expectancy at age 65
 Infant mortality rate
 Life expectancy at 60
 Life expectancy at age 65, by gender
 Life expectancy at birth, by gender
 Probability of dying between exact ages
 Probability of dying by sex and age
 Total person-years lived above given exact age

53. Prison Management**Administration**

% change in dollars spent due to waste reduction / transformation efforts
 % change in resources allocated due to waste reduction / transformation efforts
 % of annual food requirements produced through prison farms
 Administrative support costs as a % of total agency costs
 Administrative support positions as a % of total agency positions
 Annual occupancy rate
 Cost of inmate litigation by issue
 Cost per meal per offender
 Total cost of correctional facilities maintenance and repair

Community Corrections

of court-ordered collected from offenders on community supervision
 # of monthly personal contacts with offenders supervised in the community compared to the department standard: community Control
 # of monthly personal contacts with offenders supervised in the community compared to the department standard: maximum
 # of monthly personal contacts with offenders supervised in the community compared to the department standard: medium
 # of monthly personal contacts with offenders supervised in the community compared to the department standard: minimum
 # of monthly personal contacts with sex offenders supervised in the community compared to the department standard
 # of offenders that successfully complete their sentence

53. Prison Management

of successful rehabilitations and early releases
% of community control offenders are still under supervision at the end of a two year measurement period
% of community control offenders that successfully complete their sentence at the end of a two year measurement period
% of court-ordered amounts collected from offenders on community supervision
% of offenders who successfully complete supervision and are not subsequently recommitted a new crime within 2 years (to prison)
% of post-prison release offenders that successfully complete their sentence or are still under supervision
% of pre-trial intervention offenders that complete their sentence or are still under supervision
% of timely delivery to court
% of value of community service provided to local communities
Status of offenders 2 years after the period of supervision was imposed: # absconded
Status of offenders 2 years after the period of supervision was imposed: # revoked
Status of offenders 2 years after the period of supervision was imposed: % absconded
Status of offenders 2 years after the period of supervision was imposed: % revoked
Three-year felony reconviction rate
Total of court-ordered amounts collected from offenders on community supervision

Inmate Education Skills

of inmates in mandatory literacy programs
% of inmates in literacy programs who score at or above 9th 6th grade level
% of inmates needing special education programs who participate in special education programs
% of inmates who successfully complete GED education programs
% of inmates who successfully complete mandatory literacy programs
% of inmates who successfully complete vocational education programs
Average increase in grade level achieved by inmates participating in educational programs

Inmate Health Services

of health care grievances that are upheld
of offender deaths and/ serious Injuries
of sexual violence occurrences in institutions
of staff serious injuries
of suicides per 100000 inmates in correctional facilities/institutions
% of facilities passing clinical audits
% of health care grievances that are upheld
Health care costs per inmate

53. Prison ManagementMental health cost per day per inmatePhysical health cost per day per inmate**Offender Control**# of court findings for constitutional rights violations# of deaths or serious injury whilst in police custody# of disturbances/ serious incidents# of escapes# of escapes from police custody# of escapes from the secure perimeter of major institutions# of offender deaths not from natural causes# of prison population# of release plans completed for inmates released from prison# of transition plans completed for inmates released from prison% of inmate suicide% of inmates placed in a facility that provides at least one of the inmate's primary program needs% of inmates who did not escape when assigned outside a secure perimeter% of medium to high risk offenders that are receiving evidence based interventions for top four criminogenic needs% of offenders who were medium/ high risk at time of admission who are convicted for a new aggravated misdemeanor/ felony within 3 years after discharge from system% of release plans completed for inmates released from prison% of technical violations resulting in Jail / prison% of victim notifications that meet the statutory time period requirements% of workload calculated demand per FTE staff% utilization of all available bed space (prisons and centers)Average time payment of jail subsidyAverage time taken to clear offences reportedPrison population as % of capacity**Parole Deliberations**# of individuals on paroles# of parole release deliberations# of parole revocation hearings conducted# of paroles granted**Parole Executive Clemency**# of executive clemency applications recommended# of executive clemency applications reviewed# of pardons recommended# of pardons reviewed% of executive clemency applications processed timely**Parole Revocation**# of GED's received# of paroles revoked

53. Prison Management

% of parole revoked

Parole Work Release

of work releases granted

of work releases revoked

% of victims notified as designated

% of work release requested granted

% of work releases revoked

Probation Supervision

of jail days served on electronic home detention

% of contract goals met by contracted agencies

% of drug offender probation offenders that successfully complete their sentence or are still under supervision at the end of a two year measurement period

% of probationers that successfully complete their sentence or are still under supervision at the end of a two year measurement period

Jail cost savings from electronic home detention program

Public Service Work

of available work assignments

of inmates available for work or program assignments

% of available inmates who work

% of those available for work or program assignments who are not assigned

Rehabilitation

of inmates participating in faith-based dorm programs

of releases provided faith-based housing assistance

% of community supervision offenders who successfully complete transition, rehabilitation, or support programs

% of community supervision offenders without subsequent recommitment to community supervision or prison for 24 months after release

% of inmates participating in religious programming

% of inmates who successfully complete transition, rehabilitation, or support programs without subsequent recommitment to prison for 24 months after release

% of inmates without subsequent recommitment to prison for 24 months after release

Release Assessment

of risk assessments conducted

% of offender risk assessments calculated within timeframes

% of parole deliberations resulting in parole

Risk Identification

of offenders assigned / supervised in accordance with risk assessment/ classification instrum

% of medium to high risk offenders who's risk score shows significant drop prior to discharge from the system

53. Prison Management

- % of medium/ high risk offenders who successfully complete case plan programming for each of their top four criminogenic needs before final release from corrections system
- % of offenders who were medium/ high risk at time of admission who's score shows significant reduction at final discharge from corrections system
- % required custody classifications completed
- % required validated risk assessment
- % risk assessments completed

Security & Operations

- # of batteries committed by inmates on one or more persons per 1000 inmates
- # of inmates receiving major disciplinary reports per 1000 inmates
- # of near security breaches
- # of security breaches
- % of reported criminal incidents investigated by the inspector general's office

Substance Abuse

- # of inmates who are receiving substance abuse services
- # of substance abuse tests administered to offenders being supervised in the community
- % of community supervision offenders who have completed drug treatment without subsequent recommitment to community supervision or prison within 24 months after release
- % of inmates needing programs who successfully complete drug abuse education/treatment programs
- % of inmates who have completed drug treatment without subsequent recommitment to community supervision or prison within 24 months after release
- % of random inmate drug tests that are negative
- % of substance abuse tests administered to offenders being supervised in the community in which negative test results were obtained

54. Public Finance**Accounting**

- % of claims not requiring pre-audit processed within 3 working days of receipt
- % of deductions processed by required due dates
- % of non-general fund money paid for unemployment claims
- % of offset matches that are either released or applied to the liability within 45 days
- % of paychecks rewritten per pay period
- % of required (annual and monthly) accounting reports completed timely
- % of unemployment compensation claims reimbursed within 30 days

Budgeting

- % governor's recommendations delivered to the legislature on time

54. Public Finance

- % growth in dollar value of grant application
- % of accurate property valuations on file
- % of agencies that submit budget on time
- % of bill summaries/legislative action completed by deadline
- % of city government rates certified
- % of city requests for budget materials that are accurate
- % of city requests for budget materials that are timely
- % of county budget annual report materials delivered accurately
- % of county budget annual report materials delivered on time
- % of time budget system operational and accessible to departments for budget submission
- % of utility tax replacement tax data delivered to the counties accurately
- Budget variance

Central Assessments

- # of protests from board of review
- # of replacement tax assessments completed
- # of utility and railroad assessments completed
- % of timely responses
- Processing time for appeal process

Deficit & Debt

- Debt by currency of issue
- Debt securities
- Debt securities issues in all currencies
- General government debt
- Government deficit/surplus
- International debt securities
- International debt securities, breakdown by currency
- International debt securities, breakdown by sector
- Public balance
- Quarterly government debt
- Quarterly non-financial accounts for general government
- Social security funds debt
- Total central government debt
- Total derivatives

Equalization

- % of agricultural jurisdictions within statutory assessment level tolerance
- % of appraisals completed in a timely manner
- % of commercial jurisdictions within statutory assessment level tolerance
- % of residential jurisdictions within statutory assessment level tolerance
- Reduction in # of equalization orders issued

Financial Management

- # of bank branches per 100,000 people
- % effectiveness of payroll controls

54. Public Finance

% of modified departments implementing and applying the new Chart of Accounts
% of aggregate and sub-aggregate component level expenditure out-turn compared to original budget
% of cash flow resources borrowed from internal funds
% of ease of access to loans
% of modified departments implementing and applying standardized budget circular
% of modified departments applying and implementing decentralized accounting and reporting model
% of modified departments covered for the purpose of consolidation and reporting of financial data
% of modified departments implementing and applying new strategic planning procedures
% of received federal funds obligated and expended
% of variance between planned original budget and actual spending / per year
% return on average short-term cash holdings
Aggregate revenue out-turn compared to original approved budget
Average commercial banks prime lending % rate
Average time of accounts reconciliation and annual financial statements
Bank capital to asset ratio %
Bank credit stock to residents
Bank non-performing loans to total gross loans %
Cash surplus/deficit (% of GDP)
Deposit insurance coverage % of GDP per capita
Domestic credit provided by banking sector % of GDP
Employees' social security contribution rate
Government budget surplus/deficit
Government budget surplus/deficit (% of GDP)
Marginal analysis of sector credit growth vs. sector current GDP
Net foreign assets (current LCU)
Recording and management of cash balances, debt and guarantees
Revenue, excluding grants (% of GDP)
Total assets and market capitalization of top local banks
Total general government debt
Total general government debt (% of GDP)

Financial Operations

of receive unqualified audit opinion
Average # of days from requisition submitted to purchase order printed
Average # of days to close quarter in financial system
City bond rating (Moody's)
Customer service ratings "very good" to "excellent"
Local tax revenues from delinquencies, audits, and detection work (millions)
Tax returns billed per FTE

54. Public Finance**Financial Performance**

- % accuracy of budget forecasts
- % development and implementation of monitoring and reporting application
- % development of budgeting process and reports
- % development of external processes and reports – excluding budgeting process
- % deviation of total budget against plan
- % deviation of total HR budget against plan
- % Internal financial procedures and reports developed by the finance section
- % Internal financial reports submitted and published on time
- % of budget variance
- % of deviation from final approved budget to actual spending
- % of deviation from planned budget to actual spending (budget of modified departments)
- % of modified departments implementing and applying new performance monitoring system
- % of the real spending rate from the approved budget
- % reports submitted on-time to the external entities
- % return on average short term cash holdings
- % variance between actual and planned operating budget
- Elapsed days between receipt of internal budget change request and submission of request
- Fund annualized return
- Interest earned in excess of fees for gov. fund bank accounts held by government agencies (in millions)

Financial Planning

- # of capital projects and subprojects per project manager
- # of major special projects
- % Initiated major maintenance projects
- % of projects completed within budget estimates
- Major maintenance cost per square foot
- Variance of budget monitoring report at projecting year-end general fund expenditures
- Variance of budget monitoring report at projecting year-end general fund revenues

Fiscal policy

- % dependency of GDP Deflator on CPI-based inflation, monetary inflation, and imported inflation
- % of claims in substantial compliance with finance rules and regulations
- % of deviation from budget deficit/surplus against planned
- % of diversification of revenues
- Average budget performance as % of GPD
- Capital adequacy ratio

54. Public Finance

Consumer price indices
Consumer price inflation (%)
Employees' social security contribution rate (% of GDP per capita)
Employers' social security contribution rate (% of GDP per capita)
Fiscal balance in % of current GDP
General government gross financial liabilities
Government net borrowing/net lending
Government non-discretionary spending as % of total expenditures
Highest marginal tax rate, individual rate (%)
Interest rate spread (Lending rate minus deposit rate % points)
Lending interest rate (%)
Multi year perspective in fiscal planning, expenditure policy and budgeting
Net domestic credit
Oversight of aggregate fiscal risk from other public sector entities
Producer price indices
Real interest rate
Risk unadjusted capital adequacy ratio
Tax evasion rate
Total collected social security contribution
Total collected social security contribution (% of GDP)
Total consolidated commercial bank assets as % of GDP
Total tax revenues (% of GDP)

National Accounts

of banking transactions
of financial transactions
% changes in volume
Banks' balance sheet assets and liabilities
Foreign official reserves
Gross value added by agriculture, hunting and fishing
Gross value added by communication services
Gross value added by construction
Gross value added by energy
Gross value added by financial services
Gross value added by total, volumes
Gross value added by trade and transport
Gross wages and salaries
Household expenditure per inhabitant
Monetary gold in fine troy ounces
National accounts detailed breakdowns by industry
Net saving
Nominal holding gains/losses
Total consumption expenditure of households

Public Expenditure

of hearing cases by the board

54. Public Finance

of suppliers contracts
% of annual approval rate of all submitted policy advice
% of budget of strategic initiatives cost analyzed in details
% of capital projects assessed for opportunities for public private partnership arrangements
Current taxes on income
General government expenditure
General government expenditure (% of GDP)
General government gross fixed capital formation
General government output
Social benefits paid by general government
Stock and monitoring of expenditure payment arrears as % of total expenditure
Total expenditure on health
Total law, order and defense expenditure
Total public expenditure on health
Total public social expenditure
Total spend on procurement transformation initiative

Revenue & Taxes

of audit hours of investigative audit
of contingent & evaluation reports completed
of homesteads qualifying for the grants under the tax relief grant (in millions)
% of assessors meeting continuing education requirements
% of billed accounts resolved within 180 days
% of dollars deposited on the same day of receipt
% of electronic filed individual income tax refunds issued within 14 days of receipt
% of environmental and labor taxes in total tax revenues
% of federal legislation analysis published timely
% of income tax returns requiring review completed timely
% of internal audit project hours spent on high risk work functions
% of local option sales tax and school local option sales tax timely distributed each year
% of net debt collected within 365 days
% of net debt collected within 90 days
% of online tax system work time availability
% of paper filed individual income tax refunds issued within 60 days of receipt
% of protests resolved within 12 months
% of refunds and receipts reports completed timely
% of state fiscal impact estimates completed timely
% of tax revenues received by electronic funds transfer
% of utilization of electronic filing Program
% of utilization of the e-file services system

54. Public Finance

% tax collected
Amount of economic impact generated (\$ millions)
Collections on delinquent and deficient accounts within the compliance division
Coverage ratio (operating revenue/operating expense)
Current wealth
Gross operating surplus
Implicit tax rate on labor
Income, saving and net lending / net borrowing
Net cost of tax collection
Net national income
Ratio of costs to collections
Taxes on goods and services
Taxes on income and profits
Taxes on production and imports
Taxes on the average worker
Total amount collected per audit enforcement dollar expended
Total amount of debt collected within 90 days
Total amount recovered for clients
Total general government expenditure
Total general government revenue
Total social contributions

Risk Management

of auto liability claims
of property claims
of workers compensation claims
Incurred cost of auto liability claims
Incurred cost of property claims
Incurred cost of workers compensation claims
Risk premium on lending (Prime lending rate minus treasury bill rate % points)

Support & Aid

Net amount official development assistance
Total amount of government financial transfers to fishing
Total amount to producer support

55. Regional Development**Attract & Retain Talent**

of career management offices set up across the region
of international education curriculum in region
% completion of housing program design
% decrease in land allocation time
% of citizens with university degrees

55. Regional Development

- % quality of schools infrastructure with respect to capital city schools infrastructure
- % satisfaction of private investors on effectiveness of land allocation programs
- % satisfaction of stakeholders with access to jobs
- % student performance compared with performance of students in capital city
- % trainees satisfaction with technology courses
- Average # of residents per room
- Literacy rate
- Women IT skills literacy rate

Communication

- # of events & activities attendees
- # of events participation per year
- # of feedback from readers
- # of magazine copies distributed among residents
- # of out reach surveys done
- % completion of the process of setting up regional portal
- % completion of the process of setting up regional radio
- % completion of content & design stage of regional magazine
- % satisfaction of events & activities attendees
- End users satisfaction rate

Community Development

- # annual population growth
- # of active population
- # of private households by economic activity
- # of private households with children
- % households with broadband access
- % of employed persons aged 15 and over
- % of households with access to the Internet at home
- % population growth
- % satisfaction of resident on community enablers
- Average income of households
- Average primary income of households
- Expatriate to citizen Ratio
- Gross fixed capital
- Gross value added at basic prices
- Ratio of female to male
- Total active population by international migration
- Total employment (in hours worked)
- Total employment (in persons)
- Total population by age
- Total population by country of citizenship
- Total population by economical status

55. Regional DevelopmentTotal population by household statusTotal population by sexTotal population by size of household**Education & Health**# of available beds in hospitals# of deaths due to accidents# of deaths due to cancer# of deaths due to ischaemic heart diseases# of deaths due to transport accidents# of dentists per 1000 citizens# of doctors per 1000 citizensRegional differences in # of physicians, large regions: maximumRegional differences in # of physicians, large regions: minimumRegional differences in age-adjusted mortality rates, large regions: maximumRegional differences in age-adjusted mortality rates, large regions: minimumRegional differences in basic educational attainment, large regions: country averageRegional differences in basic educational attainment, large regions: maximumRegional differences in basic educational attainment, large regions: minimumRegions with the highest tertiary education attainment compared to the national average: country averageRegions with the highest tertiary education attainment compared to the national average: regional value**Effective Infrastructure**# of human resources in science and technology# of patent applications by year# of road related accidents# of traffic safety campaign completed% completion of bus franchise% completion of highway revamp plan% of transport needs covered in transport master plan% satisfaction of residents with the progress on highway revamp% satisfaction of residents/businesses on the network service% stakeholder's satisfaction on the road's compliance to highway safetyAccessibility indexRoad network connectivity indexTravel time to reach international transport centers**Regional GDP**# of researchers% employment in high-tech sectors (high-tech manufacturing and knowledge-intensive services)

55. Regional Development

Dispersion of regional GDP per inhabitant
Disposable income of private household
Gross domestic product (GDP) at current market prices
Index of regional GDP per capita, small regions
Index of the population in regions with low GDP per capita, small regions: as a % of population
Range in regional GDP per capita, small regions: average
Range in regional GDP per capita, small regions: maximum
Range in regional GDP per capita, small regions: minimum
Real growth rate of regional GDP at market prices
Regional gross domestic product (millions)
Regional gross domestic product (per inhabitant)
Share of GDP increase of each region due to the % of most dynamic regions, small regions
Total intramural R&D expenditure

Regional Labor Market

% of long-term unemployment (12 months and more)
Differences in annual employment growth across regions: country average
Differences in annual employment growth across regions: maximum
Differences in annual employment growth across regions: minimum
Employment rate of the age group 15-64
Employment rate of the group 55-64 years
Share of national employment growth due to the % of most dynamic regions, small regions

56. Safety & Security**Alcohol Control**

% alcohol related road fatality rates
% of 11th grade youth who believe there is great risk of harming themselves if they take one or two drinks of alcohol nearly every day
% of 11th grade youth who report drinking alcohol in the past 30 days
% of 11th grade youth who report driving after drinking alcohol in the past 30 days
% of 11th grade youth who report having 5 or more drinks of alcohol within a couple hours during the past 30 days
% of 11th grade youth who report that it would be very easy to get beer, wine or hard liquor
% of 8th grade youth who believe there is great risk of harming themselves if they take one or two drinks of alcohol nearly every day
% of 8th grade youth who report drinking alcohol in the past 30 days
% of 8th grade youth who report having 5 or more drinks of alcohol within a couple hours during the past 30 days
% of 8th grade youth who report that it would be very easy to get beer, wine or hard liquor
% of students self reporting current alcohol use

56. Safety & Security**Ambulance Services**

- # of EMS services requests/unit responses generated
- % of citizen overall satisfaction with EMS
- % of first responder agencies with access to the center information system
- % of life threatening calls responded to in less than 10 Minutes
- % of local jurisdictions with interoperable communication capabilities for first responders
- % of patients delivered to a hospital with a pulse and discharged from the hospital alive
- % of patients delivered to hospital with a pulse

Community Confidence

- # increase in personal security and private property security
- # of community police officers
- # of consultation by police members with key community stakeholder groups
- # of discussion forums held by police
- # of joint initiatives and projects between police and stakeholders
- # of key community stakeholder groups
- # of negative media messages
- # of positive media messages
- # of promotion for the public
- # of provision of reports on policing with the community
- # of public awareness campaigns
- # of reports on police performance issued
- # of reports on public consultation
- # of times the police and local council dealt with anti-social behavior
- # of victims served by grant funded programs
- % attendance of police members in community meetings
- % community perception of safety
- % compliance with statutory obligations
- % feeling unsafe or very unsafe on the street after dark
- % increase of personal security and private property protection
- % increase protection against terrorist attack
- % of citizens' concern for human caused disaster
- % of citizens concerned about natural disaster
- % of community perceptions of public order, safety and security
- % of customer satisfaction levels with wider policing services
- % of people who have confidence in police services
- % of public satisfaction with community police members
- % of residents reporting a feeling safe outside in their neighborhood day and night
- % public satisfaction of police ability to resolve problems
- Citizens rating quality of neighborhood life as excellent or good
- Net value of media coverage

56. Safety & Security

Public attitude survey, satisfaction with community policing

Community Safety

- # of campaigns
- # of dealing with local concerns about anti-social behavior and crime issues by the local council and police
- # of dogs/cats euthanized per 1,000 population
- # of high threat level alerts
- # of officers trained in critical incident command
- # of prepared MOUs and signed with key stakeholders
- # of protection activities against terrorist attack
- # of public attitude survey regarding "how safe do you feel ?"
- # of quarterly meetings held with community
- # of relevant partnership initiatives
- # of response times for a crisis-related incident
- # of specialist to support victims of a serious sexual offence
- # of thefts reported
- # of unplanned public safety and security incidents dealt with by police
- # of which child abuse is prevented
- % adult re-offending rates for those under probation supervision
- % awareness of civil protection arrangements in the local area
- % building resilience to violent extremism
- % citizen satisfaction with 911 emergency services
- % citizen satisfaction with the livability of their neighborhoods
- % of animal owner compliance/enforcement
- % of community protection
- % of critical infrastructure sites that have completed vulnerability assessment
- % of critical infrastructure sites that have protective action plans
- % of critical infrastructure sites that have surveillance detection plans
- % of ethnic composition of offenders on youth justice system disposals
- % of how safe people feel after dark
- % of privatization of medical services
- % of privatization of prisons for minor crimes
- % of repeat incidents of domestic violence
- % of residents who feel safe while walking alone
- % of student awareness
- % of workplaces that comply with occupational health and safety policy
- % of young offenders' access to suitable accommodation
- % of young offenders' engagement in suitable education, training and employment
- % of young people receiving a conviction in court who are sentenced to custody
- % perceptions of anti-social behavior
- % perceptions of drunk or rowdy behavior as a problem

56. Safety & Security

- % perceptions of parents taking responsibility for the behavior of their children in the area
- % perceptions that people in the area treat one another with respect and consideration
- % satisfaction of different groups with the way the police and local council dealt with anti-social behavior
- % understanding of local concerns about anti-social behavior issues by the local council and police
- Crime rates per 1,000 population
- Rate of hospital admissions per 100,000 for alcohol related harm
- Rate of proven re-offending by young offenders
- Re-offending rate of prolific and priority offenders

Controlling Crime

- # of arson incidents
- # of assault with injury crime rate
- # of assaults or threats
- # of attempted burglary
- # of bicycle theft
- # of burglary with entry
- # of consumer fraud or corruption
- # of conventional victimization
- # of crime network
- # of crime reports taken by patrol
- # of crimes committed per 1,000 population
- # of crimes recorded by the police
- # of deaths or serious injury whilst in police custody
- # of developed staff in terms of combating organized crime
- # of domestic violence - murder
- # of downtown offenses
- # of homicides in cities
- # of motor vehicle theft
- # of motor-cycle theft
- # of non-conventional crimes, consumer fraud
- # of police officers
- # of preventive crime initiatives
- # of property crimes
- # of recorded criminal cases per 10000 population
- # of recorded domestic burglaries per 1,000 households
- # of recorded offences cleared
- # of robbery
- # of serious acquisitive crime
- # of serious knife crime
- # of sexual offences against women
- # of theft by pick-pocketing

56. Safety & Security

of theft from or out of cars
of theft of cars by youth
of vehicle crimes per year /per 10000 population
of violent and property crimes committed per 1,000 population
of violent crimes
of violent crimes reported per 100,000 population
% change in crime rates
% crime prevention hours spent
% crimes against visitors
% increase in detected criminal cases
% of crimes cleared
% of major criminal investigations resolved from all divisions
% of recorded offences cleared
% of regions with completed plans for terrorism and all hazards preparedness
% of serious violent crime done by women
% overall reported crime rate per 1000 population
% reduction in crime rate
% reduction in serious crimes per 1000 population
% reported light crime rate per 1000 population
% results of apprehension
Business-private crime ratio
Clear up rate
Clearance rate for offences
Detection rate
Gun crime rate
Index crime rate per 1,000 population
Prison population per 100,000 people
Total business costs of crime and violence
Total prison population
Victimization rate per household
Victimization rate per person

Criminal Investigation

of arrests by the investigative division
of criminal investigations worked by the investigative division
of judges per 100,000 residents
% of all incidents of known major corruption, fraudulent practices and organized criminal activity investigated
% of cases investigated resulting in conviction
% of cases involving fires of suspicious or unknown origin in which the cause is identified
% of criminal cases involving fire, explosives and incendiary devices which are resolved
% of major investigations resolved

56. Safety & Security

Resolution rate of criminal offenses

Value of contraband seized by the investigative division

Criminalistics Laboratory

of service requests older than 30 days in the regional lab locations

% accuracy rate for all criminal lab work

% for all criminal history information processed by the crime information center repository

% of medical examinations completed same day

% successful completion by analysts of proficiency testing

% successful completion of at least one discipline specific training event annually for each lab analysts

Average lab-wide turn-around time on cases closed (days)

Critical Assets Risks

of detail hours

% decrease of security incidents

% of assets that have been identified and categorized in order of criticality

% of assets that have been identified and categorized in terms of vulnerability

% of completion of project

% of risk management units with information fusion capability

% of security audits passed successfully

% of site security plans completed

% of staff with risk management duties who successfully pass risk management analysis training

Drought

of "water shortage criteria" in all community projects to mitigate drought-related slow-downs during drought years

of "water-moving" equipment (including pumps, pipeline, tanker trucks)

of back-flow preventers/valves on residential structures

of conditions that can lead to wasted water include garden hoses left lying in pools of water and spray nozzles left open

of contingency plans for firefighting

of crop insurance to preserve economic stability for farmers during a drought

of developed drought contingency plans in the event of water shortages or rationing

of education programs on cross-contamination

of identified major "water-dependent" entities in the community, including large water usage employers, hospitals, and food services

of identified opportunities in future water conservancies

of implement plans to identify when a drought begins and ends

of drought plans to minimize fish and wildlife impacts

of modify water rate structure to influence consumer water use

of organized drought information meetings for the public and the media

of policy to increase and protect instream flows and wetlands

56. Safety & Security

of pre-identified "drought planning teams" comprised of stakeholders in the community (including members from public works and utility, agricultural and ranching)
of public information program designed to communicate the potential severity of a drought and the appropriate responses of the local population
of statutes governing water rights for possible modification during water shortages
of temporary water supplies from inactive or dead storage or from ground water sources
of voluntary water conservation measures the public can take
of warning plans based on drought conditions and moisture measurements to alert officials of increased risk of wildfire
of water conservation policies for inverted block water rate structure
of water conservation policies for low flow plumbing devices
of water conservation policies for moisture sensors on sprinkler systems
of water conservation policies for the use of non-potable water for purposes that do not require treated water (landscape watering)
of water main leak detection followed by repair and replacement to reduce water system losses
% information developed on drought tolerant grass varieties and xeriscapes
% of effects of the trees on groundwater recharge and loss of water table resources
% of fire department decreased water pressure and supply
% of information with community on water-saving appliances, shower heads, and toilets
% of low pressure in community drinking water lines that can lead to back-flow from residential gray water into primary lines
% of replacement program for aging and defective water meters
% of tertiary developed or extended water supply system
% reduction of water system losses
% shifting to uniform block rates and shifting to increasing block rates increasing rates during summer months
% use of non-potable water sources to meet community requirements
Total amount from imposing excess-use charges during times of water shortage

Drug Control

of drug users recorded as being in effective treatment
of functioning county education programs
of identification, awareness and education programs delivered
of interdiction investigations
of major drug trafficking organizations disrupted
of multi-disciplinary drug endangered children response teams operational
of narcotics arrests
of pharmaceutical diversion investigations

56. Safety & Security

- # of reported clandestine methamphetamine lab incidents
- # of responses to clandestine methamphetamine laboratories
- # of students trained annually at the counterdrug regional training facility
- % of agencies addressing drug use and related crime
- % of counties served by performance based grant funded programs
- % of drug affected offenders successfully completing substance abuse treatment in grant funded programs
- % of drug investigations resolved
- % of funded projects monitored for project effectiveness and financial compliance
- % of past month illegal drug use
- % of resources from sources other than grants
- % of served by grant funded multi-jurisdictional drug enforcement task forces
- % of students self reporting current drug use
- % of students self reporting current tobacco use
- % of validated government agencies requests for assistance and training that are supported and completed
- % perceptions of drug use or drug dealing as a problem
- Drug-related offending rate

Earthquake

- # of adopted residential building codes that require earthquake-resistant construction, such as using foundation piers
- # of building reinforcements against earthquakes
- # of public with earthquake insurance

Expansive Soil

- # of administrative procedure to check for expansive soils
- # of builders apply for permits to build on expansive soils
- # of educated builders on appropriate foundation types for soils
- # of implemented a public information strategy for informing citizens and the building industry of the dangers to buildings of expansive soils
- # of investigations done on construction of new foundations to mitigate expansive soil damage
- # of provided information on landscaping techniques that can mitigate foundation damage
- # of repair on facilities that show evidence of soils-related damage
- % of facilities that show evidence of or have expansive soils-related damage
- Total cost damage of buildings on expansive soils

Extreme Heat

- # identify public events scheduled during the hotter times of the year
- # of assists in installing window air conditioners for vulnerable population
- # of community education campaigns on signs and symptoms of heat-related illness and steps that are available to prevent or respond to such illnesses

56. Safety & Security

- # of community hotlines for residents to obtain extreme heat-related information
- # of developed a heat emergency annex to the emergency operations plan
- # of extra extended hours when appropriate at designated community facilities
- # of funds given to individuals or families on limited income to help offset utility bills
- # of outdoor workers and other at-risk populations
- # of promotions of actions to reduce the effects of community "heat islands"
- # of promotions of urban vegetation and increasing the reflectiveness of urban surfaces
- # of protocols with local utility providers to suspend utility shutoffs during extreme heat conditions
- # of public facilities that can function as cooling shelters during heat waves and inform the public when they are operable
- # of standardize protocols for identifying and disseminating information about impending high-risk weather
- % increase urban vegetation and landscaping that can reduce the effects of heat
- % of residents who get relief during the hottest part of the day at malls, community centers, libraries, recreation centers, and other air-conditioned facilities

Fire & Rescue

- # national fire academy "direct" and "regional" deliveries
- # of a fire department smoke detector installation and battery replacement program
- # of annual fire inspections
- # of annual individual training hours
- # of certified firefighters
- # of community facilities with fire extinguishers strategically placed and properly maintained
- # of community fire alarm systems in place
- # of contingency plans for evacuating population endangered by a wildfire
- # of controlled burns done per year
- # of developed fire emergency plan that assures access by fire vehicles to all areas included in the rural/urban interface fire danger area
- # of emergency preparedness audiences reached
- # of emergency preparedness response hands-on-skilled training programs
- # of fire & rescue services
- # of fire community certification given
- # of fire hydrant meter backflow preventers
- # of fire services requests/unit responses generated
- # of firefighters receiving "live fire training"
- # of homes with fire extinguishers or home sprinkler systems

56. Safety & Security

- # of implemented plans to provide sufficient water and water pressure
- # of installed fire suppression systems in city / county facilities
- # of installed water booster near the water tower
- # of insurance companies that offer discounts for home sprinkler systems
- # of primary fires and related fatalities
- # of primary fires and related non-fatal casualties
- # of proper evacuation plans exercises done for town buildings, businesses, offices, and residences
- # of protocols for support by non-profit agencies during wildfire situations
- # of public education project addressing the advantages of individual fire suppression in residences
- # of replaced inadequately sized water lines and/or installing a water booster near the water tower and by developing a secondary water supply system
- # of residential fires per 100,000 persons
- # of secondary water supply systems
- # of structure fires with a probable code-related cause
- # of students receiving national fire academy training
- # of training done to coordinate community fire, police, and public works departments on how to respond to a wildfire emergency
- # of workshops to prepare fire departments to apply for grants
- # vehicles issued
- % of agencies audited as required
- % of brigades in local authority areas where fire appliances and equipment do not meet minimum determined standards
- % of career firefighters in violation of annual training and certification requirements placed in non-compliant status
- % of citizen satisfaction with fire protection and emergency response services
- % of created fire breaks along fence rows
- % of emergency calls with a response time of 5 minutes or less from dispatch to arrival on scene
- % of emergency incidents with a dispatch to arrival time of 15 minutes or less
- % of fire departments in which x% of fire fighters are trained to the fire fighter 1 level
- % of fire departments with a certified fire instructor
- % of fire stations found to be operating in violation of state requirements and placed in non-compliant status
- % of fires confined to room of origin
- % of fires confined to room of origin for all structure fires
- % of incidents where call processing time is 1 minute or less
- % of incidents where total emergency response time is 15 minutes and more
- % of incidents where travel time is 4 minutes or less

56. Safety & Security

- % of incidents where turnout time is 1 minute or less
- % of public town buildings, businesses, offices, and residences with proper evacuation plans
- % of routine orders filled within 24 hrs
- % of structure fires contained to room of origin
- % replacement of inadequately sized water lines with lines of sufficient size to provide proper fire protection to annexed and existing areas
- % spread of trees which providing an environment prone to wildfire spread
- Average service length in years
- Average time to respond to emergency
- Carrying out a substitution and change rate of % per year
- Fire certification test "pass" rate
- Fire death rate in inspected facilities (per 100,000 occupants)
- Fire death rate per 100,000 population
- Fire total loss in inspected buildings
- Total amount of funds for education program to inform the public on proper evacuation plans

Fire Safety Inspections

- # of boiler and pressure vessel inspections conducted by inspectors
- # of elevator and escalator inspections conducted by inspectors
- # of investigations of fire-resistant materials for buildings
- % of electrical installations inspected within 3 working days of receipt of request for inspection
- % of electrical licenses issued within 10 working days of receipt of completed application and fee
- % of health care facility inspection reports returned to facilities within ten calendar days
- % of plan reviews completed within 60 calendar days of complete submission
- % of required school and college fire inspections completed biennially
- Median turnaround time (expressed in calendar days) of plans after complete submission

Flood & Dam Failure

- # of acquire accurate flood plain maps
- # of adopted fee-in-lieu of on-site detention ordinance
- # of amended floodplain regulations
- # of beneficial uses of dams for park, recreation, and wildlife management
- # of campaigns of public information letting people know they are in the dam failure inundation area
- # of compensation for the impacts of new bridges and channel improvements
- # of comprehensive basin-wide master drainage plans for watersheds within the community
- # of constructed bridges to pass 100-year regulatory flood without overtopping

56. Safety & Security

of contingency plans for terrorist attacks on local dams
of critical facilities elevated or flood-proofed
of developed and enforced dumping regulations that may fill in or reduce the capacity of ditches and steams
of distributed flood and flash flood safety tips to inform citizens of the dangers of flood waters
of evaluated appropriate mitigation measures for homes located in the floodplain
of identified and elevated important equipment inside buildings located in a floodplain
of identified flooding problems within the community
of implemented structural and non-structural flood mitigation measures for flood-prone properties
of inadequate bridges
of maintained habitat for flora and fauna in flood control projects
of maintained or developed wetlands to receive or reduce floodwaters
of master drainage plans identified acquisition as the most cost-effective and desirable mitigation measure
of obtained elevation certificates for homes located in the floodplain
of performed preliminary reconnaissance surveys of all buildings located in the floodplain
of prepared elevation certificates for floodplain candidate properties for acquisition with positive benefit/cost ratios
of programs to clean local streams of debris and waste
of proposed hazardous material sites be taken to the floodplain board
of recommended cost-effective and politically acceptable solutions to the flooding
of reconciled addresses in flood zones entered into a database
of recreation opportunities, off-street hiking and biking trails, and other enhancements in floodwater control and retention projects
of removed flood plain where repetitive loss of properties in the community
of residents who refuse to vacate the floodplain of flood proofing
of safety measures to promote effective use of regulated downstream areas from dams
% computerized GIS modeling program for mapping appropriate cubic feet per second (CFS) dam release rates
% eliminated storm-water infiltration and inflow into the sanitary sewer system
% of "retrofitting" the shoreline with willow cuttings, wetland plants, or rolls of landscape material until the bank can be stabilized by plant roots
% of controlled erosion during development with vegetation or sediment capture
% of incorporated warning and evacuation procedures in dam emergency plans

56. Safety & Security

- % of informed floodplain residents of the availability of flood insurance to eligible communities
- % of inspected identified dams (shape of spillway, proper opening and closing of gates)
- % of inventory done of inadequate bridges
- % of new appropriate native vegetation along stream and river banks that resist erosion
- % of people who know they are in the dam failure inundation area
- % of performed benefit/cost analysis of floodplain buildings for acquisition
- % of performed benefit/cost analysis of floodplain buildings for clearance from the floodplain
- % of performed benefit/cost analysis of floodplain buildings for demolition
- % of profile completed of who lives or works in the floodway below a high hazard dam
- % of reduction of sedimentation which may fill in channels and lakes, reducing their ability to carry or store floodwaters
- % of residents who know about flood mitigation alternatives
- % update municipal dams and keep emergency action plan up to date and on file
- % updated hydrology and hydraulics for Dams
- Amount from storm water utility fee to fund maintenance of creeks and streams
- Construct regional detention ponds to compensate for future urban development
- Maintain culverts to adequately allow storm water drainage

Fugitive Apprehension

- # of felony arrests
- % of fugitives captured
- % of high-crime cities nationwide with a reduction in violent firearms crime
- % of individuals found through general searches
- % of offender wellbeing
- % of total fugitives apprehended or cleared

Hailstorm

- # of hail-resistant measures/materials to protect existing public infrastructure
- # of provided covered shelter for local government vehicles
- # of public information programs for residents informing them of the advantages and costs of impact-resistant roofing and glass

Hazardous Materials

- # of community hazardous materials illustrations in schools
- # of community hazardous materials illustrations through media
- # of community hazardous materials illustrations through police, and fire stations
- # of community hazardous materials illustrations through public offices

56. Safety & Security

- # of community-wide public awareness and collection program for household pollutants
- # of designated hazardous materials route through a community to avoid heavily populated areas
- # of developed plans for police and fire department personnel to expand their knowledge and capabilities relative to hazardous materials hazards and events
- # of distributed information identifying hazardous materials to at risk citizens, such as the elderly, infirm, poor, and outside workers
- # of emergency response units with equipments that deal with potential biological and chemical threats
- # of evacuation maps and chemical details provided for emergency responders
- # of identified populations around potential fixed-site hazmat hazards
- # of local businesses and industry that manufacture, store, or transport dangerous chemicals in the community
- # of pipeline routes and materials transported in the pipelines
- # of provided public awareness campaign about household pollutants
- # of trained dispatchers in the use of response programs
- % of hazardous materials emergency equipments
- % of labeled sanitary sewer drains to warn citizens against dumping chemicals and automotive fluids into the sanitary sewer drain

Intelligence Information

- # of current studies/projects
- # of customers/stakeholders/groups services
- # of databases held/managed
- # of fiscal, policy and correctional impact analyses provided
- # of individuals enrolled in e-mail notification service
- # of key interagency partners with which has established memorandums of agreement (MOAs)
- # of media personnel receiving press releases electronically
- # of officers completing training school
- # of sex offender research council and criminal and juvenile justice research issued
- # of studies and evaluation projects complete
- # of studies and evaluation projects initiative
- % completion of digital linkage between government's agencies
- % customers satisfied with BI products
- % e-authentication across population
- % of accurate submission and identification of fingerprints
- % of alert broadcasts completed within 60 minutes of receipt required information
- % of counties where case and disposition records are audited annually
- % of existing records re-validated with in 12 months of previous validation

56. Safety & Security

- % of fingerprints entered within 2 working days of receipt in the identification section
- % of first responder agencies with access to information system
- % of information provided to requesting person/agency which are accurate
- % of law enforcement agencies rating intelligence services provided as "useful"
- % of law enforcement agencies with access to agency website
- % of mandated agencies reporting data to the police department
- % of population in jurisdictions reporting data
- % of records validated within three months of initial entry
- % of request for assistance regarding missing persons acted upon within 24 hours
- % of requests for public information that are processed within 1 working day
- % products delivered on or before target date
- % time radio network available for voice communication
- Average participant rating on the effectiveness of executive development programs
- Ratio of outside funds received to agency funds

Lightning

- # of burned overhead electric power lines
- # of constructed lightning rods (strike termination devices) for protection of critical facilities
- # of designated individuals at community recreation facilities and schools that are educated in storm spotting and safety
- # of educated people in the community about proper lightning safety through public service announcements and other media outlets
- # of insurance companies offer discounts for homes with lightning protection
- # of lightning warning systems for athletic directors and managers of outdoor sports areas, pools, golf courses, ball fields, parks
- # of needed surge protection in existing critical facilities
- # of provided educational demonstrations and information in whole-house surge protection technology
- # of provided lightning injury and damage prevention materials and programs to vulnerable publics
- # of provided surge protection and backup power generators for computer-reliant critical facilities (911 center, police stations, fire stations).
- # of utilities that provide lightning prevention information materials and programs to their customers
- # of warning systems that monitor lightning strikes used by local emergency managers

Planning

- % of counties participating in the mutual aid compact

56. Safety & Security

- % of funded public assistance projects are successfully completed projects to applicants
- % of jurisdictions that have mitigation plans that meet the standards of the disaster mitigation act
- % of local government that is sustainable for its citizens
- % of local jurisdictions compliant with the national incident management system
- % of municipalities participating in the mutual aid compact.
- % of security strategy projects funded and initiated

Police

- # of accidents investigated
- # of cases with fingerprint evidence processed
- # of citations issued
- # of emergency plans in existence
- # of felony arrests by patrol
- # of gang family interventions
- # of misdemeanor arrests by patrol
- # of vehicle stops performed
- # of warrant arrests by patrol
- % calls taken
- % of citizens satisfaction with neighborhood policing
- % of citizens satisfaction with traffic control/enforcement
- % of citizens who feel safe or moderately safe
- % of conviction of matters listed for trial
- % of guilty pleads before trial
- % of HIV and AIDS amongst prison inmates
- % of investigations finalized within x days
- % of police personnel doing administrative duties
- % of positive stop and searches
- % of search warrants issued that resulted in arrest
- % of staff in key positions who are women
- % of total police personnel on active crime duties
- % reliability of police services
- % satisfaction with the way the police and local council dealt with anti-social behavior
- Annual % increase in # of arrests made as a result of reported offences
- Annual % increase in # of arrests that result in prosecution
- Annual % increase in reported offences
- Annual % increase of # of prosecuted cases resulting in a successful verdict
- Average patrol response time to critical emergencies
- Average response times
- Calls answered by call receivers within 10 seconds
- Civil servants ratio to national archives
- Commission for refugees staff ratio to refugees

56. Safety & Security

- Community satisfaction % with police services
- Community satisfaction rating with police attitude
- Customer satisfaction indicating good or excellent service
- Homicide rate per 100,000 population
- Immigration officers ratio to total population
- Injury accidents as a % of total accidents
- National registration staff ratio to total population
- Patrol staff ratio to total population
- Police staff ratio to total population
- Prison staff ratio to prison in-mates
- Registrar staff ratio to societies
- Reliability of police services (on a scale of 0 - 7)
- Total # of callouts for S.W.A.T. assistance
- Total # of juvenile arrests per 1,000 juvenile population

Police Support

- # of developed patrol deployment system based on the requirements
- # of implemented police security policy
- # of issued coordination report each month to senior management team
- # of issued strategic threats assessment report
- # of memoranda of understanding (MOUs) signed with key stakeholders within crises management
- # of partnerships arrangements with key stakeholders and criminal investigation departments
- # of statements issued by forensic evidence department for use in court
- # of trained officers to be crises negotiators
- # of trained police officers
- % attained level of classification regarding e-government systems
- % completion of DNA database project
- % compliance with police security policy
- % implementation of a scientific process to deploy staff to police stations by 100%
- % increase in effectiveness of system utilization
- % increase staff availability to respond to incidents
- % of accreditation in own function
- % of active peace officers seeking specialty certifications
- % of cases for which forensic evidence presented at court
- % of cases which have material submitted to the forensic laboratory
- % of granted authorization to directorates to use the system
- % of officers receiving mandatory training each calendar year
- % of operational capability to deal effectively & efficiently with any incident involving massive casualties
- % of operational capability to find any terrorism or criminal incident
- % of operational staff with radios
- % of police exercises completed as required by rule, regulation or agreement

56. Safety & Security

- % of police sites with appropriate access control
- % of system availability (uptime)
- % of user satisfaction
- % police data warehouse completed (central database)
- % preparedness of the communication network with the embassies
- % reduction in breakdowns of police systems and major programs
- % satisfaction rate of police support

Port & Vessel Operations

- # of maritime fatalities/ injuries/ incidents in coastal waters, ports and marine facilities
- % reduction in # of maritime fatalities/ injuries/ incidents in coastal waters, ports and marine facilities

Preparedness & Readiness

- # of acquired GIS and GPS technologies to record and maintain information on public infrastructure, private safe rooms and private water wells
- # of certified disaster training for government employees and local team members
- # of community partnerships involving local government leaders, civic, business and volunteer groups to work together to mitigate natural and man-made hazards
- # of conducted regular testing of emergency communications, warning and response systems
- # of developed debris management plan
- # of developed emergency response and operations procedures
- # of developed public schools emergency operations plans
- # of distribution centers in local libraries and other public buildings where safety guidance on natural and man made hazards can be provided to citizens
- # of educated businesses on the availability of insurance, in the event their business is impacted for a period of time by an unforeseen event
- # of education courses to public on the importance of a family disaster plan
- # of educational programs for town staff to recognize and render assistance for symptoms of life-threatening emergencies
- # of emergency equipments for emergency response teams
- # of enhanced 911 centers
- # of established mutual aid agreements with surrounding communities for prevention and response to hazards and emergency situations
- # of established working partnerships involving local government, civic, business leaders, and volunteer groups to create a safer community
- # of hazard public information and awareness programs
- # of identified vulnerable populations within the community and the agencies that work with those population
- # of installed emergency communications network for fire, police, 911, EMS and other emergency operations

56. Safety & Security

- # of installed Reverse 911 System for mass call-outs to targeted areas of the community for emergency notification and/or information
- # of message boards for travelers
- # of new facilities for the 911 center and the emergency operations center
- # of operators as communications source during hazardous events
- # of programs through the school system to encourage children to think of people who require special assistance (elders, infants, and persons with disabilities) during severe weather conditions
- # of provided security and surveillance equipments for police and fire stations
- # of provided survival equipments and supplies for emergency response team members
- # of supplied hazard radios to all local government buildings, schools, hospitals, and critical facilities
- # of supply kit given during severe weather season
- # of trained community employees on how to administer CPR and first aid
- # of trained community employees on symptoms of common, life-threatening emergencies
- # of trained emergency management staff at national emergency management
- # of weather-warning systems for highway travelers
- % of at-risk and vulnerable populations
- % of decentralized location of water towers, utility power sources, and water treatment plants to lessen the potential for complete public utility failure in a major disaster event
- % of educational materials for all hazards readily available off the shelf, and economical
- % of installed continuity of operations systems within town utilities departments, and social service agencies so that operations during and after an emergency incident are still accessible and operable
- % of installed street addresses on all buildings and curbs
- % of recorded GPS locations of private water wells and underground storm shelters to rescue potentially trapped storm victims
- % of updated GIS to include public utility infrastructure
- Amount of obtained funding for development and distribution of public information and education plans for responding to natural and man-made hazards
- Consider more stringent building codes that require all steel construction for public buildings and critical facilities.
- Emergency centre performance index
- Emergency management preparedness index

Regulate Private Security

- # private security ID card applications denied
- # private security ID cards issued
- # private security ID cards revoked

56. Safety & Security

Average # of days required to notify licensee of enforcement ID revocation

Road Safety

- # of children killed or seriously injured in road traffic accidents
- # of commercial vehicle inspections
- # of enforcement contacts
- # of fatal crashes per 100,000 registered motor vehicles
- # of major factors contributing to fatal road crashes
- # of motorists assisted
- # of pedestrian fatalities per 100K population
- # of people killed on the roads
- # of people killed or seriously injured in road collisions a year per 100,000 population
- # of people seriously injured on the roads
- # of serious traffic offences
- # of traffic accident investigations opened
- # of traffic fatalities per 100 Million vehicle miles traveled
- # of traffic safety contracts administered
- # of traffic violations per capita
- # of vehicles found to exceed the speed limit
- # of vehicles monitored for drivers and passengers not wearing seat belts
- # of vehicles monitored for speeding that have been found to exceed the speed limit
- % decrease of people killed or seriously injured in road accidents (per 100,000 population)
- % increase in population awareness about traffic and road safety
- % increase of people killed or seriously injured in road traffic accidents
- % of alcohol involved crashes with fatality
- % of child safety seat usage
- % of drivers and front seat passengers using seat belts
- % of people who have not worn a seat belt in the past six months
- % of school buses found to have serious defects as a result of inspections
- % of vehicles monitored for drivers and passengers not wearing seat belts
- % of vehicles monitored for speeding that have been found to exceed the speed limit
- % of vehicles weighed found to be in compliance
- Amount from road toll
- Crash and injury crash rate per 1,000 population
- Fatalities per 100 million miles driven
- Fatality rate per 100 million miles driven
- Rate of alcohol-related fatalities per 100 million vehicle miles traveled
- Rate of traffic crashes resulting in serious injury per 100 million vehicle miles traveled
- Road fatalities per million vehicles
- Seat belt usage rate
- Traffic fatalities per 100,000 population

56. Safety & Security**Tornado & High Wind**

- # inspected community schools for tornado, high wind, and earthquake vulnerability
- # of adopted building codes / incentives leading to construction that is more resistant to tornadoes, high winds, and earthquakes
- # of adopted ordinances requiring roof-wall connectors be installed on all new residential construction
- # of building reinforcements against wind and tornado damage
- # of community tornado shelter programs implemented
- # of developed public information and education programs bout construction methods and mitigation measures that protect building's roof an outside openings
- # of educated citizens on the storm shelter certification seal for storm shelters
- # of educated local builders on the low cost of adding roof-wall connectors and other mitigation techniques
- # of educated school boards on safe rooms and the new law and funding opportunities
- # of grants for storm shelters/safe rooms in mobile home parks
- # of installed break resistant glass in government offices, public schools and other critical facilities
- # of installed safe-rooms in daycare centers
- # of mobile homes with provided nearby storm shelter / safe-room
- # of provided manufactured home parks with community shelters/safe rooms
- # of public and builder awareness on construction techniques for mitigating tornado damage
- # of public with tornado damage insurance
- # of retrofitted or remodeled buildings to make them more disaster resistant
- # of upgrades on community-wide outdoor warning siren systems
- # of utility company tree trimming program to keep trees out of power lines during high wind and ice storms
- % certified and registered buildings
- % completion of studies
- % of exposed fluorescent lighting tubes in city and school facilities with impact resistant plastic coverings
- % of performed tornado and high wind evaluations of schools
- % of safe-rooms in schools
- % of standards that could be incorporated into zoning and regulatory measures adopted by the community

Training & Education

- # of intoxilyzer devices serviced/maintained
- # of public school classes receiving instruction
- # of students attending CPR courses

56. Safety & Security

of training hours
% increase of staff satisfaction in training
% increase the average training days / per staff
% of agency heads who state that their employees' job performance improved as a result of training provided
% of all staff appraisals are completed within agreed timescales
% of cases sent to council probable cause committee in under four months
% of customers stating that customer service rates good to very good
% of departmental policies reviewed
% of employees assessed as fully qualified
% of employees assigned to crisis management duties who have successfully passed crisis management training
% of employees who have received full role-relevant operational training
% of identified training requirements that are fully developed as courses
% of student registrations fulfilled to provide timely training
% the rate of staff satisfaction with training
% the rate of staff with secondary school degrees and diplomas
Mean rating of courses by course participants
Total # of certifications issued

Weapon Permit

of compliance inspections performed
of concealed weapon/firearm licenses issued within 90-day statutory timeframe without fingerprint results
of days required to process government employee and professional weapon permits
of days required to process nonresident weapon permits
of default concealed weapon/firearm licensees with prior criminal histories
of investigations performed (security, investigative, recovery complaint and agency-generated inspections)
of responses to inquiries
% of concealed weapon/firearm licenses issued within 90-day statutory timeframe without fingerprint results
% of inquiries responded to within 2 business days
% of license revocations or suspensions initiated within 20 days after receipt of disqualifying information
% of security, investigative, and recovery inspections completed within 30 days
% of security, investigative, and recovery investigations completed within 60 days
% of security, investigative, and recovery licenses issued within 90 days after receipt of an application
Average cost of administrative actions (revocation, fine, probation, and compliance letters)
Average cost of concealed weapon/firearm applications processed

56. Safety & Security

Average cost of security, investigative, and recovery applications processed
Average cost of security, investigative, and recovery compliance inspections
Average cost of security, investigative, and recovery investigations

Winter Storm

of contingency plans for responding to massive power outage due to severe storms and overload demands
of critical structural "snow load" thresholds on flat-roofed on community or critical facilities
of provided public awareness campaigns on effective ways to monitor and avoid ice damage, frozen pipes, and snow loads on roof systems
of provided trimming of trees to reduce power outages during storms
% of educated public on the dangers of carbon monoxide pollution and the use of appropriate heating systems during power outages
% of upgraded communities' equipment and vehicles for combating ice storm damage/adverse impact to public infrastructure

57. Social Development**Children & Youth**

of birth certificates issued
of calls and online requests fielded by qualified family specialists
of child and youth development workers trained
of child protection plans lasting 2 years or more
of children and youth equipped with relevant skills
of children and youth trained in leadership skills
of children enrolled in child enrichment activities
of children's centers
of grandparents that participate in intergenerational activities
of initiatives implemented to promote dialogue between genders
of looked after children cases which were reviewed within required timescales
of placements of looked after children
of quality time (in hours/week) mothers and fathers spend with their children
of reported child abuse cases / year
of sports administrators, coaches and community facilitators trained
of young inventors supported
of youths receiving training in small scale business
% effectiveness of child and adolescent mental health services
% gap between the lowest achieving in the early years stage profile and the rest
% of breastfeeding at 6 – 8 weeks from birth
% of child protection cases which were reviewed within required timescales
% of children and young people's participation in high-quality PE and sport
% of children and young people's satisfaction with parks and play areas

57. Social Development

- % of children becoming the subject of a child protection plan for a second or subsequent time
- % of children cared only by their parents
- % of children in poverty
- % of children who have experienced bullying
- % of children who have run away from home/care overnight
- % of children with at least one hour of care
- % of Chlamydia in under 25 year olds
- % of emotional and behavioral health of looked after children
- % of emotional health of children
- % of looked after children reaching level 4 in English at key stage 2
- % of looked after children reaching level 4 in Math at key stage 2
- % of referrals to children's social care going on to initial assessment
- % of schools providing access to extended services
- % of those identified as needing training who receive the identified training
- % of young people's participation in positive activities
- % under 18 conception rate
- % under-five mortality rate
- Average # of children with care
- Average # of weekly hours of formal care
- Average length of placement of looked after children
- Average time of placements of looked after children for adoption following an agency decision that the child should be placed for adoption
- Enrollment rates (primary school)
- Formal childcare by duration
- Rate of permanent exclusions from school

Family Lifestyle

- # of crime, violence or vandalisms
- # of divorced persons
- # of family health personnel
- # of family surveys done on yearly basis
- # of female over the age of 25 who have conducted a medical check-up within the past 2 years
- # of local interest sites cultural family heritage
- # of mothers who are able to articulate basic family nutritional requirements
- # of new approved policies
- # of new senior citizen community centers
- # of single parents
- # of traditional habits events and activities
- # of unique marital cases attracted and managed at family counseling
- # of unique non-marital cases attracted and managed at family counseling
- % financial burden of the total housing cost
- % level of noise from neighbors or from the street

57. Social Development

% of adults with above average incomes
% of births attended by skilled health personnel
% of city citizens by gender and age group in % of total citizens
% of divorce cases
% of divorced persons
% of enforcement of family policies in social institutions
% of financial burden of the repayment of debts from hire purchases or loans
% of household lack of a color TV
% of household lack of a computer
% of household lack of a personal car
% of household lack of a telephone
% of household lack of a washing machine
% of household lack of bath or shower in dwelling
% of household lack of indoor flushing toilet for sole use of household
% of household window frames of floor
% of household with damp walls, floors or foundation
% of household with leaking roof
% of housing costs in disposable household income
% of parents with post-secondary education
% of population aged 18 and over by education level
% of population aged 18 and over by health status
% of population aged 18 and over by occupation
% of population aged 18 and over by part-time or full-time employment
% of population by degree of urbanization
% of population by gender
% of population by household type and income group
% of population by tenure status
% of population by work intensity of the household
% of population living in households considering that they suffer from noise
% of population over 18 years
% of rent related to occupied dwelling in disposable household income
% of single mothers
% of single parents
% of under 18 conception rate
% reduction in women diagnosed with BC
% unable to afford a meal with meat, chicken, fish every second day
% unable to afford a meal with vegetarian equivalent every second day
% unable to afford paying for one week annual holiday away from home
% unable to face unexpected financial expenses
% unable to keep home adequately warm
Adolescent fertility rate (births per 1,000 women ages 15-19)
Arrears on hire purchase installments
Arrears on loan payments

57. Social Development

- Arrears on mortgage or rent payments
- Arrears on utility bills
- Average # of rooms per person
- Average hours/day mother spends with her kids
- Average household size
- Distribution of households by household income level
- Distribution of households by household size
- Divorce rate
- Quality of life (on a scale of 0 to 10)
- Total workforce by gender

Households Expenditure

- Average consumption expenditure of private households
- Average housing cost
- Mean consumption expenditure by age
- Mean consumption expenditure by degree of urbanization
- Mean consumption expenditure by employment status
- Mean consumption expenditure by income quintile
- Mean consumption expenditure by type of household
- Mean consumption expenditure of private households

Housing

- # of assist low income home buyers
- # of beds created for overnight shelter or other emergency housing
- # of customer satisfaction survey
- # of first home buyers
- # of mortgages purchased
- # of multifamily units developed or preserved
- # of new low income housing units per year
- # of new shelter beds funded
- # of non-point source loans
- # of transitional housing units
- # of units designated for persons with HIV/AIDS
- # of units specifically designated for homeless persons & families
- % compliance with terms of grant
- % of certificates issued by abstractors and attorneys
- % of home owners paying more than 30% of income for housing costs
- % of loan funds committed
- % of multi-family loans closed
- % of renters paying more than 30% of income for rental housing costs
- % of satisfied customers served in contract administration
- % of scheduled low-income housing tax credit compliance reviews completed
- % of substandard housing
- % of tax credits awarded
- Amount of clean loans closed

57. Social Development

- Amount of down payment assistance provided
- Amount of loans closed
- Amount of planning and design loans closed
- Average # of tenants served by the home and community based services or rent subsidy program
- Average apartment price (per square meter per year)
- Average apartment rent (per square meter per year)
- Average office price (per square meter per year)
- Average office rent (per square meter per year)
- Average time of mortgage release
- Citizen satisfaction % with the availability of affordable housing for low/moderate income families
- Median gross rent as a % of household income in the past 12 months
- S&P issuer credit rating (ICR)
- Total amount of housing trust fund
- Total amount of infrastructure grants
- Total amount of revenue generated
- Total amount of revenue transferred
- Total funding for construction of new single family homes with low interest loans
- Total funding of the rehabilitation of single family homes with low interest loans

International Migration

- % of foreign population
- % of foreign-born nationals
- % of foreign-born population
- Net migration rate
- Students performance by immigrants status: % first-generation students
- Students performance by immigrants status: % native students
- Students performance by immigrants status: % second-generation students

Migration & Employment

- Employment rates of foreign-born population: high education
- Employment rates of foreign-born population: intermediate education
- Employment rates of foreign-born population: low education
- Employment rates of native-born population: high education
- Employment rates of native-born population: intermediate education
- Employment rates of native-born population: low education
- Unemployment rate of native-born men
- Unemployment rate of the foreign-born men
- Unemployment rate of the foreign-born women
- Unemployment rate of the native-born women

Non-Profit Organizations

- # of nonprofit arts and cultural organizations
- # of recognized neighborhood associations

57. Social Development

- # of registered non profit organizations
- % attendance at community and sporting events
- % citizen perception community ratings
- % of community support for nonprofit arts and cultural organizations
- Non-profit organizations revenues as a % of community total personal income
- Resident volunteer rate
- Total donations to community organizations

Population Growth

- # of home based medical services
- % distribution of the national population into rural regions
- % distribution of the national population into small regions
- % distribution of the national population into urban regions
- Index of geographic concentration of population, small regions
- Population growth rates
- Regions with the highest population density in the country
- Share of national population in the 10% of regions with the largest population
- Total fertility rates

Poverty & Inequality

- # of households
- # of point difference of poverty rate
- % difference of poverty rate
- % employment of disabled persons
- % of adults with below average incomes
- % of effects of taxes and transfers in reducing poverty: ages 0-17
- % of effects of taxes and transfers in reducing poverty: ages 18-65
- % of effects of taxes and transfers in reducing poverty: ages 65 and over
- % of enterprise services cost recovery
- % of household disposable income
- % of inequality reduction
- % of pension fund asset allocation
- % of public cash transfers
- % of residents living in poverty
- % of young people from low income backgrounds progressing to higher education
- % people at persistent risk of poverty
- % poor people from households with a head of working age
- % poor people from households with a head of working age and no workers
- % poor people from households with a head of working age and one worker
- % poor people from households with a head of working age and two workers
- % poor people from households with children and a head of working age and a single parent

57. Social Development

- % poor people from households with children and a head of working age and a single parent not working
- % poor people from households with children and a head of working age and a single parent working
- % poor people from households with children and a head of working age and couple parents
- % poor people from households with children and a head of working age and couple parents both working
- % poor people from households with children and a head of working age and couple parents not working
- % poor people from households with children and a head of working age and couple parents with one parent working
- Aggregate replacement ratio
- At risk of poverty rate after social transfers
- At risk of poverty rate anchored at a point in time
- At risk of poverty rate before social transfers (pensions excluded from social transfers)
- At risk of poverty rate before social transfers (pensions included in social transfers)
- At risk of poverty rate before social transfers by gender
- At risk of poverty rate before social transfers except pensions
- At risk of poverty rate by age
- At risk of poverty rate by education level
- At risk of poverty rate by highest level of education attained
- At risk of poverty rate by household type
- At risk of poverty rate by main source of income
- At risk of poverty rate by tenure status
- At risk of poverty rate by work intensity of the household
- At risk of poverty rate of elderly people
- Average household taxes, concentration coefficients
- Average of household disposable income
- Children in poverty where no parent is working
- Distribution of income by different income groups
- Distribution of income by quantiles
- Distribution of population by household types
- In work at-risk-of-poverty rate
- In work at-risk-of-poverty rate after social transfers
- Income distribution and monetary poverty
- Income inequality: Gini coefficient
- Income inequality: interdecile ratio
- Income inequality: mean log deviation
- Income inequality: squared coefficient of variation
- Income levels for people at different points in the distribution: average income of the bottom decile

57. Social Development

Income levels for people at different points in the distribution: average income of the top decile

Income levels for people at different points in the distribution: median income

In-work at risk of poverty rate by age

In-work at risk of poverty rate by education level

In-work at risk of poverty rate by full-/part-time work

In-work at risk of poverty rate by household type

In-work at risk of poverty rate by months worked

In-work at risk of poverty rate by type of contract

In-work at risk of poverty rate by work intensity of the household

Median earnings for full-time employed individuals

Median income by accommodation tenure status

Median income by age

Median income by education level

Median income by household type

Median income by main source of income

Median income by work intensity of the household

Pension replacement rate

Persistent at-risk-of-poverty rate

Poverty rate of children

Poverty rate of working age people

Poverty rates: poverty gap

Relative at risk of poverty gap

Relative median at-risk-of-poverty gap

Relative median income ratio

Social Inclusion indicators

Total amount of public cash transfers for inequality reduction

Trends in poverty rates: changes over 10 years

Trends in poverty rates: changes over 20 years

Recreation Services

of girls up to age 18 who participate in sports activity that meets at least once a week

of visits to recreation services programs

of women who enroll in fitness facilities and come at least 2 times a week

% of clients who actually went to sports community clinics/organizations

% of cost recovery for merit programs

% of households that have visited a park or park facility in the last year

% of special community services participants rating programs as good or above

% of wellness clients who report learning about organizations and clinics in the community that they can go to for help if they need it

% of youth and their parents rating programs as good or above

% of youth who actually went to one sports community clinics/organizations

57. Social Development

% of youth who report learning about organizations and clinics in the community that they can go to for help if they need it
 Cost per youth service visit

Senior Citizens

- # of home-based medical sponsored services
- % of 65+ year-olds in the total population
- % of elderly population by country
- % of residents caring for elderly relative
- % of senior citizens below the poverty level
- At-risk-of-poverty rate for pensioners
- At-risk-of-poverty rate of older people
- Gender differences in the aggregate replacement ratio
- Gender differences in the at-risk-of-poverty rate
- Gender differences in the relative median income ratio
- Index of geographic concentration of elderly population, small regions
- Index of geographic concentration population, small regions
- Ratio of inactive population aged 65 and over to the total labor force
- Ratio of population aged 65 and over to the total population
- Relative median at-risk-of-poverty gap of elderly people
- Relative median income ratio (65+)
- Share of national elderly population in the 10% of small regions with the largest elderly population
- Social exclusion rate

Social Protection

- # of citizens on cash transfer schemes
- # of citizens receiving fertilizer and seed
- # of informal sector workers on social security scheme
- # of street children reintegrated with families and communities
- % of cases of sexual and gender based violence
- Total expenditure on administration costs
- Total expenditure on care for elderly
- Total expenditure on pensions
- Total expenditure on social benefits
- Total expenditure on social protection
- Total expenditure on social protection as a % of the total budgetary allocations to sector in a one year
- Total expenditure on social protection per head of population
- Total pensions
- Total social benefits by function
- Total social benefits per head of population
- Total social protection expenditure
- Total social protection receipts
- Total social protection receipts by type

57. Social Development**Strong Community**

- # of participations in regular volunteering
- # of refused license applications leading to immigration enforcement activity
- # of sponsored social, humanitarian and community events on monthly basis
- # of sponsored university students
- # of use of public libraries
- # of visits to museums and galleries
- % citizens engagement in the arts
- % of adult participation in sport and active recreation
- % of civic participation in the local area
- % of customer contact that is of low or no value to the customer
- % of migrants with English language skills and knowledge
- % of people who believe people from different backgrounds get on well together in their local area
- % of people who feel that they belong to their neighborhood
- % of people who feel they can influence decisions in their locality
- % of volunteer retention
- % overall/general satisfaction with local area
- Gini index
- Median family income / year

Women Capabilities

- # of female students in university as % of total students' #
- # of female workforce
- # of newly established SME projects run by women
- # of sectors with gender disaggregated data bases
- # of women has assisted in participating in relevant activities
- # of women successfully completing continuing education courses
- # reached by awareness campaign
- % declarations and conventions domesticated
- % of women with titled land
- % women in decision making positions
- Female who hold top/high level positions in government as % of the whole # of positions
- Female work force as % of total workforce

Youth & Substances Use

- % of current tobacco use among adolescents (13-15 years)
- % of current tobacco use among adolescents (13-15 years) (%) female
- % of current tobacco use among adolescents (13-15 years) (%) male
- % of drug use among youth
- % of students who actually reduced their use
- % of students who report learning new information about the effects of using tobacco, alcohol and other drugs
- % of students who reported attempting to reduce their use

57. Social Development

% of students who reported learning ways to reduce their use of tobacco, alcohol and other drugs

% of youth outreach workers who report learning new information about the effects of using tobacco, alcohol or other drugs

% substance misuse by young people

Youth Awareness

of student contacts

of student service hours

of students accessing wellness services

% of school staff who report consulting with a wellness staff member about a student

% of school staff who report referring a student to wellness services

Average hours of service per student

Youth Correction

of crime victims returning the survey

of crime victims satisfied with program

of crime victims served by the program that were satisfied with program

of families satisfied with program

of mentors who stopped working with the program

of months of service for all mentors

of new parents served

of new youth served

of program youth exhibiting desired

of program youth exhibiting desired change in targeted behavior (antisocial behavior)

of program youth with formal psychological / psychiatric evaluations

of programs youth exhibiting desired change in targeted behavior (substance abuse)

of service hours completed

of surveyed youth exhibiting desired change

of volunteer advocates/mentors remaining active until case completion

of volunteer advocates/mentors working with the program

of youth complying with the aftercare plan

of youth satisfied with program

of youth who exited

of youth who exited the program

of youth who exited the program after completing the program requirements

of youth who exited the program before completing the program requirements

of youth who had first meeting

of program youth exhibiting desired change in targeted behavior (family relationships)

% of crime victims served by the program that were satisfied with program

% of families satisfied with program

57. Social Development

- % of program youth exhibiting desired
- % of program youth exhibiting desired change in targeted behavior (antisocial behavior)
- % of program youth exhibiting desired change in targeted behavior (family relationships)
- % of program youth exhibiting desired change in targeted behavior (gang activity)
- % of program youth exhibiting desired change in targeted behavior (pregnancy)
- % of program youth with formal psychological / psychiatric evaluations
- % of programs youth exhibiting desired change in targeted behavior (substance abuse)
- % of youth complying with the aftercare plan
- % of youth satisfied with program
- Average tenure length of mentors
- Average time from assignment of case to first meeting with program youth
- First time entrants to the youth justice system aged 10–17
- Total # of days from assignment to first meeting

Youth Education

- # of 14–19 learning diplomas
- # of culture and traditions survey
- # of enrolled students in religious School
- # of enrolled students in School
- # of graduates of vocational training programs
- # of infants dying before reaching the age of one year per 1,000 live births in a given year
- % achievement at level 4 or above in both English and Math at key stage 2
- % achievement at level 5 or above in both English and Math at key stage 3
- % achievement at level 5 or above in Science at key stage 3
- % achievement gap between pupils eligible for free school meals and their peers achieving the expected level at key stages 2 and 4
- % achievement of 2 or more A-C grades in Science
- % achievement of 5 or more A-C grades in English and Math
- % achievement of a level 2 qualification by the age of 19
- % achievement of a level 3 qualification by the age of 19
- % achievement of at least 78 points across the early years with at least 6 in each of the scales in personal social and emotional development and communication, language and literacy
- % inequality gap in the achievement of a level 2 qualification by the age of 19
- % inequality gap in the achievement of a level 3 qualification by the age of 19
- % Key Stage 2 attainment for Black and minority ethnic groups
- % Key Stage 4 attainment for Black and minority ethnic groups

57. Social Development

% of looked after children achieving 5 A-C at key stage 4 (including English and Math)
% of secondary schools judged as having good or outstanding standards of behavior
% of special educational needs achieving 5 A-C
% of special educational needs achieving key stage 2
% of special educational needs statements issued within 6 days
% of wellness clients reporting that there is an adult in the wellness program that really cares about them
% of wellness clients scoring high in school connectedness assets
% of wellness clients who report coming to school more often
% of wellness clients who report doing better in school
% of youth outreach workers scoring high in school connectedness assets
% of youth who prefer to speak other than national language
% participation of 17 year-olds in education or training
% post-16 participation in physical sciences (A level Physics, Chemistry and Math)
% progression by 2 levels in English between Key Stage 1 and Key Stage 2
% progression by 2 levels in English between Key Stage 2 and Key Stage 3
% progression by 2 levels in English between Key Stage 3 and Key Stage 4
% progression by 2 levels in Math between Key Stage 1 and Key Stage 2
% progression by 2 levels in Math between Key Stage 2 and Key Stage 3
% progression by 2 levels in Math between Key Stage 3 and Key Stage 4
% reduction of children drop out of schools
Ratio of boys to girls at primary school
Ratio of boys to girls at secondary school
Ratio of boys to girls at tertiary school
Reduction in # of schools judged as requiring special measures and improvement
Reduction in # of schools where fewer than 30% of pupils achieve 5 or more A-C grades
Reduction in # of schools where fewer than 50% of pupils achieve level 5 or above in both English and Math at KS3
Reduction in # of schools where fewer than 65% of pupils achieve level 4 or above in both English and Math at KS2
Secondary school persistent absence rate

Youth Health

of hospital admissions caused by unintentional and deliberate injuries to children and young people
of medals won in international competitions / year
% obesity in primary school age children in reception
% obesity in primary school age children in year 6
% of clients who report learning information about how to improve their own health and well-being

57. Social Development

- % of facilities with one ongoing program each in the areas of arts, sports and intellectual activities
- % of people who use tobacco
- % of school healthy lunches
- % of students who report being better able to cope when things go wrong
- % of students who report being more satisfied with their lives
- % of students who report feeling better about themselves
- % of students who report learning ways to reduce stress in their life
- % of youth outreach workers who report learning new information about how to improve their own health and well-being
- % of youth who smoke
- % who planned to take steps to improve their health
- % who reported they had taken steps to improve their own health
- Suicide rate among youth
- Youth delinquency rate
- Youth inactivity rate

58. Sports**Football Clubs**

- # of privatized football clubs
- # of professional players in the football clubs
- # of sports covered by academy pathways
- % reduction of government finance to football clubs

International Sports

- # of international medals or titles won by athletes or teams
- # of international sporting events held

Parks & Recreation

- % of citizen overall satisfaction with parks and recreation
- Total # of estimated youth participant hours (in millions)
- Total park acres
- Total park acres per 1,000 population

Professional Athletes

- # individuals gaining sports related qualifications
- # of sports conferences per annum
- # of sports organizations or individuals rewarded per annum
- % new athletes
- % of events that are compliant
- % of professional clubs not achieving management performance targets
- % of professional clubs reporting using the performance management

Sport Participation

- # increase of citizen population participating in sport on a weekly basis
- # volunteers supporting the sport
- % increase of elderly adults (over 65) participating in sport on a weekly basis
- % increase of family sport participation on a monthly basis

58. Sports

- % increase of female population participating in sport on a weekly basis
- % increase of male population participating in sport on a weekly basis
- % increase of non-citizen population participating in sport on a weekly basis
- % increase of population participating in sport on a weekly basis
- % increase of the special needs group participating in sport on a weekly basis
- % increase of younger adults (under14) participating in sport on a weekly basis

Sport Teams

- # of international sports events held
- # of medals won in international competitions
- # of professional sports clubs
- % increase of international sports events
- % of professional sports clubs

Sports Activities

- # of major sports events executed by registered sport clubs
- # of sport types offered by registered sport clubs
- % increase of sport types offered by registered sport clubs

Sports Clubs

- # gym capacity
- # of registered sports
- # of registered sports clubs
- # of sport types offered by registered sport clubs
- # of sports facility and planning meetings with urban planning
- # of sports represented annual school championships
- # of sports stadium capacity per million population
- # qualified coaches actively providing coaching in the sport
- % accredited clubs within the sport
- % increase in sports volunteers from last year
- % of citizens registered in sports clubs
- Total investment in exercise equipment

Sports in Schools

- # of education partnerships
- # of mandatory sport hours in schools/ per week
- % of kids classified as obese
- % of teachers that have participated in the online healthy living program

59. Stock Exchange**Domestic Debt Market**

- # of listed benchmark government bond
- # of listed debt instruments

Economy Growth

- # of listed domestic companies
- % change on index in national currency

59. Stock Exchange

- % of stock traded turnover
- Average value traded on stock market / per day
- Bond market size (in USD billions)
- Bonds trading value as % of total cash equity market
- Cash or near cash form as a % of total assets
- Equity market turnover ratio
- Government bond market as a % of GDP
- Increased # of listed securities
- Local equity market access (scale from 1 to 7)
- Market capitalization (as % of GDP)
- Market capitalization as % of non-oil GDP
- Stock market capitalization (in USD billions)
- Stock market index
- Stock market liquidity (%)
- Stock market price index
- Stock traded as % of GDP
- Stock traded turnover ratio
- Total stocks value traded as % of GDP
- Total value of shares traded in stock exchanges as a share of GDP
- Traded shares as % of total free float market capitalization
- Trading to volatility ratio
- Value of traded shares as a % of total market capitalization
- Value traded on stock market (USD, Bn)
- Value-traded-ratio divided by stock price volatility

Equity Market

- # of companies listed on stock exchange with capital equal to or exceeding 1 billion US
- % of execution of initiatives
- Disclosure ratio
- Market liquidity ratio

Institutional Participation

- # of attracted strategic partners
- # of international members operating remotely in stock exchange
- # of operated custodians in stock exchange
- % of execution of the investment survey project
- % of institutional trading value
- % of the increase in brokers' #
- Share of ownership of institutional investors in stock markets (%)

Internal Process

- % of reduction of overall time of stock exchange services
- Brokers satisfaction survey overall score
- Investors satisfaction survey overall score

Investment Products

- # of listed (ETF)s on stock exchange

59. Stock Exchange

of listed future contracts within the derivatives market
of listed warrants in stock exchange
% change of investment literacy index
Future contracts trading value as % of total cash equity market

Market Intermediation

of brokers operating as market makers
of brokers providing the service of portfolio managements to their clients
of institutions/brokers providing the service of researches to their clients
of stock traded per year
% change in market index, trend over time
% of clearing segmentation project completion
Average # of stock traded per day

Regulations

of rules on Foreign Direct Investment FDI
of valued economic and/or financial researches that participated in the award and published by stock exchange
% compliance with IOSCO principles (Rank)
% compliance with World Federation of exchanges (WFE)
% of Business impact of rules on Foreign Direct Investment (FDI)
% of execution of rules and regulations initiatives
% of execution of the regulatory framework initiatives
% of prevalence of foreign ownership
% of property rights including financial assets
Corporate governance compliance Index
ETFs trading value as % of total cash equity market
Trading value of institutional investors in stock exchange (%)

Social Responsibility

% of actual donation & financial support
% of special needs staff

60. Telecommunication**Information Services**

of community media organizations in operation
of district centers linked to the sector wide network
of districts able to receive TV and radio signal
of media friendly laws implemented
of provincial centers able to publish newspapers locally
of total newspaper clips per year

Network Management

of access to networks (1000)
of access to networks (per 100 inhabitants)
of districts connected to fiber optic cables
% block error rate (BLER)
% data network availability

60. Telecommunication

% data network growth rate

% of backbone network ring reliability

Internet network reliability rate

Voice reliability rate

Public Television

of cumulative kids ages 2 to 11 using public television's broadcast services each week

of individuals and families who support public television service through their membership

of K-12 and adult literacy hours broadcast in a given year

of students and school staff who will be served by interactive learning sessions through K-12 connections this year

of subscribers accessing daily, weekly and seasonal weather forecasts

of total contacts with businesses

of total local production hours

of unique viewers that use broadcast services a week

of viewer awareness and engagement initiatives conducted each year

% of teachers that report that the content of the K-12 connections interactive learning activity was appropriate

% of time transmitters are on-air

Cumulative # of teachers and students who use public television's educational services

Telecom Services

of employment

of international calls

of media firms per 100,000 people

of mobile phone

of mobile phone subscriptions (1000)

of mobiles per 1,000 people

of operators and service providers

of radio stations per 100,000 people

of SMS (Short message service)

of telephone lines per 1,000 people

of TV stations per 100,000 people

of wireless PCs per 1,000 people

telephone connections per number of inhabitants

% e-Commerce via Internet

% increase access to ICT services

% invoices issued by the 15th of each month

% of errors resolved in 30 days after receipt of the dispute

% of invoices without errors

% of rural telecommunications subscribers receiving new or improved service

% of services delivered within the customer negotiated service install date delivery for data

60. Telecommunication

- % of services delivered within the customer negotiated service install date delivery for voice
- Average prices of telecommunication
- Average revenue per user (ARPU)
- Average usage per telecom user (AUPU)
- Broadband penetration rate
- Household share of main telephone lines
- ICT expenditure by type of product
- Level of Internet access - % households
- Market share in telecommunication
- Market share of the incumbent in fixed telecommunications
- Market share of the leading operator in mobile telecommunication
- Mobile phone subscriptions (per 100 inhabitants)
- Price of telecommunications by type of call
- Telecom subscriber acquisition cost
- Telecom subscriber retention cost (SRC)
- Total international receipts and payments

61. Tourism**Economic Benefits**

- # of tourism receipts
- % contribution to GDP
- % increase contribution to Employment (%)
- % increase contribution to GDP
- % increase in demand (tourism)
- % increase in investment by tourism industry
- % increase in the contribution of tourism to GDP
- % increase in tourism GDP (nominal)
- % increase in tourism GDP (real)
- % occupancy in collective accommodation establishments: domestic and inbound tourism
- % of increased restaurant revenues
- % tourists entered through airports
- % visitors growth rate
- City tourism competitiveness index
- Direct tourism earnings (US \$ millions)
- Estimated capital investment (USD Bn)
- Estimated government operating expenditure (USD Bn)
- Leisure tourist # per year
- Total contribution to GDP (US)
- Total contribution to investment
- Total expenditure on tourism trips
- Total investment in the tourism sector / per year

61. Tourism

- Total tourism demand: domestic and outbound tourism (excluding day-trips)
- Total tourism receipts for hotel and hotel apartments
- Tourism receipts (as a % of GDP)
- Tourisms' contribution value to local and foreign investment
- Tourist average total spending
- Tourist expenditure - package travel
- Tourist expenditure - package travel - geographical breakdown
- Tourist expenditure - total
- Tourist expenditure - total - geographical breakdown
- Travel & tourism exports as a % of total exports

Industry Stakeholders

- # of bed places in hotels and similar establishments
- # of bed places in other collective accommodation establishments
- # of bed-places in collective tourist accommodation establishments
- # of bed-places in hotels and similar establishments
- # of bulletin and year book published
- # of establishments, bedrooms and bed places - national
- # of hotels and similar establishments
- # of presentations delivered which explain principals of correct alignment with tourism positioning
- # of research topics and viewpoints issued
- % of citizens who agree that tourism positively impacts on local culture
- % of issues resolved satisfactorily
- Gross utilization of bed places
- Increased occupancy % in hotels
- Monthly use of bed places
- Net utilization of bed places
- Total capacity of collective tourist accommodation - establishments, bedrooms and bed places

Marketing & Promotions

- # of exhibitions attended
- # of international attractions
- # of international promotion offices
- # of major international events sponsored by government
- # of MICE bids won
- # of MICE events
- # of national promotion offices
- # of new information booths
- # of new information kiosks
- # of new offices/representation opened
- # of support to projects that promote and preserve culture and heritage
- # of tourists coming from promotion office countries
- # of visitors coming from promoted areas

61. Tourism

of websites including tourism knowledge sharing

% of destination awareness levels

% of destination consideration levels

Awareness Index

Government prioritization of the tourism industry: rating on 1 to 7 scale

Governments efforts on marketing and branding for tourism industry:

Rating on 1 to 7 scale

Total # of tourists who came back again

Total hotel room / hotel apartments rented per year (# of days)

Travel and tourism competitive index

UNWTO tourism confidence index

Regulations & Enforcement

classification regulations set for new activities/businesses

licensing regulations set for new activities/businesses

of guest complaints handled

of renewal licensing activity available online

of tourism activities that are classified out of total # of tourism activities

of tourism activities that are regulated & licensed out of total # of tourism activities

of tourism statistical bulletin and yearly statistical yearbook issued

% compliance level with classification standards

% compliance level with licensing standards

% Compliance levels with all inspected licensing and classification activities

% compliance with agreed engagement plans

% improvement in time for issuance of visas in partnership with relevant stakeholders

% increase in awareness of licensing and classification regulations of available channels

% licensing activities regulated to be processed online

% of audit risk points reduced

% of businesses inspected 2-3 times a year

% of classified businesses inspected

% of guest complaints handled

% of industry sector who consider the licensing and regulations to be effective

% of industry who agree that information on licensing law is accessible

% of licensed businesses inspected

% of target market issued visas in under 24 hrs

% reduction of prior year's audit risk points

Tourism Jobs

of direct employment resultant from tourism

of employed persons by age groups

of employed persons by full-time / part-time activity

of employed persons by level of education attained

of employment in the tourism sector

61. Tourism

- # of new enrollments in tourism related programs
- # of new jobs created in the sector
- # of total tourism sector workforce
- % contribution to employment
- % increase enrollment levels in tourism college programs
- % increase in employment by tourism industry
- % of total tourism sector workforce
- % tourism employment
- Average seniority of work with the same employer
- Employment levels in tourism (# people)
- Total employment in the tourism sector

Tourism Products

- # nights of hotel stays sold
- # of hotel rooms per 100 population
- # of major attractions
- # of monthly newsletter
- # of new leisure attractions
- # of new leisure attractions developed
- # of new major events and world class events launched
- # of new rooms supplied
- # of presence of major car rental companies
- # of tourism research and viewpoints including existing studies
- % of concept studies implemented by private sector
- % of ideas implemented by private sector
- Average # of rooms utilization per year
- Hotel price index
- Total amount of taxes from airport charges

Tourist Visits

- # hotel room nights generated (thousands)
- # of arrivals in hotels and similar establishments
- # of arrivals in other collective accommodation establishments
- # of arrivals of non-residents - world geographical breakdown
- # of arrivals of residents and non-residents
- # of nights spent
- # of nights spent - national
- # of nights spent (x1000)
- # of nights spent by non-residents - world geographical breakdown
- # of nights spent by non-residents in collective tourist accommodation establishments
- # of nights spent by non-residents in hotels and similar establishments
- # of nights spent by residents and non-residents
- # of nights spent by total (residents and non-residents) in collective tourist accommodation establishments

61. Tourism

- # of nights spent by total (residents and non-residents) in hotels and similar establishments
- # of nights spent in hotels and similar establishments
- # of nights spent in other collective accommodation establishments
- # of theater days booked
- # of tourism nights
- # of tourism nights broken by age
- # of tourism nights broken by length of stay
- # of tourism nights broken by main mode of accommodation used
- # of tourism nights broken by main mode of transport used
- # of tourism nights broken by month of departure
- # of tourism nights broken by sex broken annual and quarterly data
- # of tourism nights broken by type of organization of the trip
- # of tourism nights broken geographical breakdown
- # of tourism trips
- # of tourist arrivals
- # of tourists
- # of tourists (persons participating in tourism) by age
- # of tourists (persons participating in tourism) by sex
- # of trips
- # of trips broken by age
- # of trips broken by length of stay
- # of trips broken by main mode of accommodation used
- # of trips broken by main mode of transport used
- # of trips broken by month of departure
- # of trips broken by sex
- # of trips broken by type of organization of the trip
- # of trips broken geographical breakdown
- # of visitors in sector (hotel guests) per year
- Average day stay
- Bed-places (x1000)
- Business tourist arrivals per year

Travel Destinations

- # of airlines with scheduled flights originating in country
- # of ATMs
- # of attended major tourism fairs
- # of attracted tourists from new markets
- # of extension of business trips recommended
- # of flights
- # of flights from target markets
- # of international MICE Events
- % of destinations with at least 1 daily flight
- % of target market with at least 1 daily flight
- % of visitors not meeting visa requirement

61. Tourism

- Average tourism receipts
- Average tourism receipts for hotel and hotel apartments
- Average tourist arrivals / day
- MICE events # of meetings
- Ranking of country as a niche tourist destination
- Tourism confidence index
- Tourist/ visitor arrivals (in thousands)
- Travel and tourism government expenditure as a % of total budget

Visitor Experience

- # of annual visitor survey conducted
- # of national feedback surveys
- # of repeated visitors
- # of visitor booths opened and operated
- # of visitor information centers opened and operated
- # of visitor kiosks operated
- # of visitor survey
- % completion of the central complaints database
- % of increase trainings offered per year to tourism employees
- % of tourist satisfaction
- % of visitor satisfaction with airport services
- % of visitor satisfaction with stakeholder provided services
- % positive attitude of population toward foreign visitors
- % tourist satisfaction levels with transportation in partnership with relevant stakeholders
- % tourist satisfaction related to provided government services
- Visitor satisfaction ratings

62. Transportation**Air Mail & Goods**

- Total air transport of freight at regional level
- Total freight and mail air transport between main airports
- Total freight and mail air transport by country
- Total freight and mail air transport by main airports
- Total freight and mail air transport by reporting country
- Total international freight and mail air transport by country
- Total international freight and mail air transport by main airports
- Total international freight and mail air transport by world regions
- Total national freight and mail air transport by country
- Total national freight and mail air transport by main airports
- Total national freight and mail air transport by reporting country

Air Passengers

- # of air passenger transport by main airports
- # of air passenger transport by reporting country
- # of airline fleet capacity (passenger #s)

62. Transportation

of business flights
of non-transit passenger movements in thousands at airport per year
of passengers moved on flights - domestic
of passengers moved on flights - international
of tourists and visitors in thousands of airport arrivals
of visitors per annum
Total # of national air passenger transport by country
Total # of national air passenger transport by main airports
Total air transport of goods
Total air transport of passengers
Total international air passenger transport by country
Total international air passenger transport by main airports

Airport Equipment

of commercial aircraft fleet by age of aircraft
of commercial aircraft fleet by type of aircraft

Airport Infrastructure

of airport connections to other modes of transport
of airports (with more than 15,000 passenger movements per year)
% completion of airport systems master plan
Airport infrastructures by type

Airports

of airline cargo capacity (tones)
of airports per million population (air capacity indicator)
of aviation and airport enterprises
of aviation cargo tons originated and arrived
of bilateral agreements with international connecting hubs
of employment in aviation and airport enterprises
of employment in main airports
of tickets issued
% airport service quality indicators reported on a quarterly basis
% annual increase in connections
% completion of aviation sector strategic framework
% completion of comprehensive performance report of aviation sector
% critical service providers with whom the airport operator developed SLA
% development of key components in utilization plan
% development of procedures and clear interaction mechanisms with key aviation stakeholders that would allow to monitor safety and security standards at the airport
% development of procedures and regulations to monitor and measure the quality of airport passenger services
% implemented critical processes aligned to the objectives
% of adequate procedures to develop service standards and monitor quality of airport airline and cargo services
% of aircraft running on time

62. Transportation

- % of airline cancelled/late
- % of airports that meet facility and service objectives for their functional roles
- % of commercial/ industrial cargo
- % of customer satisfaction
- % of developed processes to improve internal communication and flow of information between terminals
- % reports regarding aviation sector performance submitted on-time and according to requirements
- % required stakeholders with which coordination mechanisms have been established
- % runway capacity versus aircraft usage
- % stakeholders with which coordination and guidance mechanisms have been developed and implemented by the aviation sector
- Air safety indicator
- Airline capacity indicator
- Airline growth rates
- Airline ranking
- Airline reliability indicator
- Airport capacity indicator
- Airport capacity planning indicator
- Airport service quality index
- Cargo growth rates
- Connectivity index
- Total # of carriers at airport
- Total # of routes served at airport
- Total air travel
- Total value of cargo shipped
- Volume of cargo transported on flights

Marine

- # of bulk flows at sea port in millions of tons
- # of cargo processed per hour
- # of days for vessel turnaround
- # of employment by enterprises
- # of employment in inland waterways transport enterprises
- # of incidents on the water
- # of inland waterway transport enterprises
- # of ridership transit passengers
- # of tonnage/TEUs handled in port
- # of tons of waterway freight originated and arrived
- # of vessels in enterprises
- % completion of maritime sector strategic plan
- % completion of pre-engineering studies
- % of interaction mechanism regarding port tariffs and definition

62. Transportation

- % of provided comments on maritime related requests within 15 working days of initial request
- Average vessel turn around times
- Minimum vessel turnaround time
- Total investment and maintenance expenditure in vessels and infrastructure
- Total of sea transport of goods
- Volume of cargo transported on inland waterways

Marine Equipment

- # of inland waterways transport equipment
- # of pushed vessels
- # of self-propelled dumb vessels
- # of self-propelled vessels
- % completion of ferry infrastructure construction projects
- % completion of ferry system plan and pre-engineering studies
- Ship turnaround time at berth and total time
- Total carrying capacity of the inland waterways transport enterprises vessels
- Total carrying capacity of vessels
- Total load capacity of pushed vessels
- Total load capacity of self-propelled dumb vessels
- Total load capacity of self-propelled vessels
- Total power of self-propelled vessels
- Total power of tugs and pushers

Marine Goods

- # of break bulk cargo
- # of bulk cargo
- # of containers handled
- # of containers packed/unpacked per employee
- # of gross tonnage of vessels in the main ports
- Gross tonnage of vessels
- Gross weight of goods handled in all ports
- Gross weight of goods handled in main ports
- Gross weight of goods in containers transported to/from main ports
- Gross weight of goods transported to/from main ports
- Maritime transport - data aggregated at standard regional levels (NUTS)
- Maritime transport of freight at regional level
- Total # of container transported
- Total # of goods containers
- Total # of vessel traffic (trips)
- Total goods gross weight
- Total goods handled in main ports
- Total goods in short sea shipping
- Total goods transport by inland waterways
- Total transport of dangerous goods

62. Transportation

Total volume (in TEUs) of containers handled in main ports

Transport by nationality of vessel

Transport by type of vessel

Vessel traffic

Volume (in TEU's) of containers transported to/from main ports

Marine Passengers

of maritime transport of passengers at regional level

of passengers (excluding cruise passengers) transported to/from main ports

of passengers embarked and disembarked in all ports

of passengers embarked and disembarked in ports

of passengers transported waterways

Total # of maritime transport of passengers - All ports

Planning & Integration

of enplanements

of integrated transportation options

of miles of trails for public use

of network congestion points

of projects for strengthening highway links with other cities & adjacent countries

of projects to enhance highway connectivity to other regions

of road, rail and navigable inland waterways networks

% accessibility between industrial zones and main cities and airports

% completion of city transportation master plan

% completion of the update transportation master plan

% development of a comprehensive environment/emergency management system for all transport sectors

% development of a planning approach that integrates all transport modes/sectors, as well as transport and land use and strengthens regional linkages

% implementation of the transport master plan's recommendations for reduction of the ratio of traffic speed to bus network speed

% mode split between bus and train

% mode split between taxi and bus

% of car share of inland passenger transport

% of distribution infrastructure of goods and services generally efficient

% of highway transport needs resulting from economic growth and planned development projects

% of network density

% of network density (Roads)

% of projects reviewed and commented on

% of projects that support jobs with wages that meet or exceed average wage rate

% of quality of air in peak transportation points

% of quality of railroad infrastructure (on 1 to 10 scale)

62. Transportation

- % of road share of inland freight transport
- % of the port master plans are submitted for approval and integration with transport planning efforts in other sectors
- % reduction congestion delays for forecast traffic
- % transport sector contribution to GDP
- % of transport sector contribution to employment
- Amount of revenue from motor vehicle registration (in millions)
- Journey time reliability
- Modal split of freight transport
- Modal split of passenger transport
- Network adequacy in # of vehicle-kms (AM, PM peaks)
- Network adequacy in vehicle-hrs (AM, PM peaks)
- Planned passenger capacity at City airport in millions of passengers
- Port reliability indicator as quality of port infrastructure (1 to 10 scale)
- Ratio of car parking supply / demand
- Total # of commercial vehicles in country
- Total # of passenger cars in country
- Total congestion cost per year
- Transport services % of commercial services export
- Transport system accessibility index
- Volume of freight transport
- Volume of freight transport relative to GDP
- Volume of passenger transport
- Volume of passenger transport relative to GDP

Public Transport

- # bus seats km per day (Bus capacity)
- # of 2 wheel vehicles per 1000 population
- # of car ownership per 1000 population
- # of completion of projects for construction of new bus shelters, stations and depots
- # of driver-error incidents per 100,000 kms
- # of minor accidents/incidents per 100,000 vehicle km
- # of public transport buses
- # of public transport kms travelled per capita
- # of public transport taxis
- # of public transport vehicle travelled per capita
- # of taxis in peak time
- # of taxis vehicles per 1000 population
- # of travelled km per sq km of area (Density of public transport)
- % availability of taxi services
- % completion of sector governance definition
- % completion of strategy, policies and high-level regulations for public transport sector
- % completion of the framework for monitoring activities

62. Transportation

- % customer satisfaction with passenger information
- % customer satisfaction within .5 km of public transport route
- % high quality vehicles in fleet
- % increase the capacity of the bus network (million seat-km per day)
- % increase the level of customer satisfaction for bus and hired vehicle quality
- % increase the modal share of the bus sector
- % new vehicles in fleet
- % of bus and hired vehicle fleets to be compliant with emissions standards
- % of public transport cancelled/late compared to total service
- % of public transport vehicles running on time
- % of rides with more than 2 transfers
- % of routes where single ticket transfer between modes of public transport is available
- % of service operated on time
- % of special needs populations are actually served
- % of special needs populations are capable of being served
- % of stations where integrated network information is available
- % on-time performance for public transport services
- % overall customer satisfaction level
- % regulatory compliance by franchisees with regulations for bus and hired vehicle sectors
- % scheduled bus service actually run
- Average fare revenue per day
- Average operating costs per day
- Average passenger expenditure for public transport
- Average passenger income for lowest income quartile
- Average time for frequency of services
- Average time spent commuting in peak time
- Average transfer time between two nodes of the public transport network
- Bus services running on time
- Coverage index of the service
- Public transport safety indicator
- Safety incident rate per 100,000 vehicle-km (vehicles)
- Share of public transport individual journeys in the total # of individual journeys

Railway Enterprises

- # of employment in principal railway enterprises
- # of principal railway enterprises
- Total expenditure in principal railway enterprises

Railway Equipment

- # of hauled vehicle movements
- # of hauled vehicle-kilometers
- # of locomotives by tractive power

62. Transportation

of passenger railway vehicles
of railcars
of vans in railway transport
Hauled vehicles movements - # of seat kilometers offered
Hauled vehicles movements - # of Tkm offered
Max # of traffic flow of trains on the rail network
Total capacity of passenger railway vehicles - # of seats
Total load capacity of wagons
Tractive vehicle movements - # of vehicle and source of power

Railway Goods

Annual # of empty and loaded intermodal transport units carried on railways
Annual national and international railway goods transport
Annual railway transit transport
Annual railway transport of dangerous goods
Annual railway transport of goods in intermodal transport units
Annual railway transport using container and road/rail
Total goods transported
Total international annual railway transport
Total national annual railway transport
Total volume of goods transport by rail

Railway Infrastructure

Total # of tracks
Total length of electrified lines
Total length of railway lines
Total Length of tracks

Railway Passengers

of international railway passenger transport
of passengers transported on railways / per day
of rail passengers
of total passengers carried (million passenger-km)
Accompanied passenger car railway transport (passenger cars)
Annual national and international railway passenger transport
Cost of producing a passenger kilometer
Total rail transport of passengers

Railways

of rail journeys
of rail journeys distance
of serious accidents/incidents per million train kilometers
of tons of rail freight originated and arrived
of total trains (engine)
of trains cancelled/late compared to total service
of trains running on time as a % of total trains
% completion of rail transit infrastructure construction projects

62. Transportation

- % completion of rail transit system plan
- % increase in passenger fares over ten years
- % of rail miles capable of carrying heavy axle unit trains
- % of railroads density of the network
- % of railroads km in cities
- % on time running
- Customer satisfaction index
- Customer satisfaction rating
- Length of network (in km)
- Total passengers transported/total passenger kilometers
- Volume of cargo transported on railways

Road Asphalt Repair

- # of asphalt repairs
- # of asphalt repairs completed
- # of asphalt repairs per 100 lane miles of streets
- # of equipment hours by type of equipment (total hours including use and stand-by hours)
- # of square feet milled
- # of square yards of repairs per 100 lane miles of streets
- % asphalt repairs requiring further repairs within two years
- % of hazardous pavement conditions responded to within 24 hours
- Average cost per asphalt repair
- Average cost per cubic yard of concrete used
- Average cost per ton of asphalt used
- Average cost per ton of rock used
- Pavement condition index within base repair area
- Square feet of repairs made
- Square yards of repair/DLH
- Total contract costs for asphalt repair
- Total cost/ton of asphalt used
- Total direct costs for asphalt crew (hours multiplied by hourly rate)
- Total direct costs for asphalt repairs excluding total direct costs for asphalt crew
- Total direct labor hours/ton of asphalt used

Road Development

- # of employment in goods road transport enterprises
- # of journeys made by vehicles
- # of kilometers of roads maintained - paved
- # of kilometers of roads maintained - unpaved
- # of kilometers of roads rehabilitated - paved Roads
- # of kilometers of roads rehabilitated - unpaved Roads
- # of regulations and policy guideline documents developed
- # of vehicles of goods road transport enterprises
- # of vehicles on road at peak road traffic

62. Transportation

% completion of annual maintenance plan
% completion of capital and special projects
% main road centerline-km constructed
% main road lane-km constructed
% main road lane-km constructed
% main road network length with international roughness index < 4.0
% main road network plan completed
% network with improved pavement marking
% network with improved ride quality
% of oversize permit requests filed electronically
% of purchases deployed within 45 days of receipt
% pavement markings with acceptable reflectivity
% priority main road projects developed
% projects completed (construction contracts awarded)
% projects prepared (feasibility/planning studies completed)
% reduction in unit road transport costs for selected goods movements
% regional development plans reviewed and aligned with main road plans
% signs improved
% signs with acceptable reflectivity
Average network speed during peak periods
Average peak period speed in metropolitan network
Stock of vehicles
Total investment expenditure
Total length of e-roads
Total length of motorways
Total length of side-roads
Total maintenance expenditure
Volume / capacity Ratio during peak hours
Volume / capacity Ratio on selected links

Road Driver Services

of background investigations completed
of driver improvement interviews conducted
of driver's license fraud, immigrant, and internal affairs cases investigated
of drivers placed out-of-service
of makeup alcohol drug awareness program courses
of programs audited per year
% of customers initially served within 30 minutes
Average % of calls answered within three minutes at the contact center

Road Equipment

of company cars
of company cars distance
of lorries and road tractors
of motor coaches, buses and trolley buses
of new registrations of lorries

62. Transportation

- # of new registrations of lorries, road tractors, semi-trailers and trailers
- # of new registrations of motor coaches, buses and trolley buses
- # of new registrations of motorcycles
- # of new registrations of passenger cars
- # of new registrations of road tractors
- # of new registrations of semi-trailers
- # of operational vehicles
- # of operational vehicles distance
- # of passenger cars
- # of passenger cars per 1000 inhabitants
- # of seats on motor coaches, buses and trolley buses
- # of vehicles on the road at peak time
- # of vehicles per thousand people
- % increase in private vehicles ownership
- Motorization rate
- Road tractors by type of motor energy
- Semi-trailers load capacity (1000t)
- Total load capacity of lorries
- Total load capacity of semi-trailers
- Total load capacity of trailers
- Total lorries load capacity (1000t)
- Trailers load capacity (1000t)

Road Goods

- Annual cross-trade road freight transport
- Annual road freight transport
- Annual road freight transport by type of cargo
- Annual road freight transport by type of operation
- Annual road freight transport of dangerous goods
- International annual road freight transport of goods loaded
- National annual road freight transport
- National road freight transport
- Quarterly cross-trade road freight transported
- Road sabotage by hauliers
- Total road freight transport

Road Investigation

- # of commercial vehicle safety inspections
- # of commercial vehicles inspected transporting hazardous materials
- # of fraud investigations conducted
- # of fraudulent document detection training seminars provided
- # of motor carrier safety and hazardous materials regulation training sessions provided
- # of new entrant carrier reviews performed
- % of highway infrastructure is designed and constructed in accordance with best-practice standards

62. Transportation

% of light fleet into service within time standard
% of protected highway infrastructure from unnecessary damage from overloaded trucks
Annual % of officers' crash reports submitted electronically
Annual average time to hold incapable suspension appeal hearings

Road Public Work

of curb ramps constructed
of days of temporary traffic controls or road closure on traffic sensitive roads caused by road works per km of traffic sensitive roads
% of paved lane miles assessed as satisfactory
% of street with good condition (in km)
% of the existing roads maintained to meet current needs
Average pavement rating for residential streets
Citizen satisfaction % with pedestrian accessibility
Citizen satisfaction % with road conditions

Road Safety

of accident countermeasures at high-accident locations
of accidents /incidents at black spots
of crashes and/or incidents
of deaths on the road per 100,000 population
of fatalities per 100 million vehicle-miles of travel
of initiatives for safety improvement program for buses
of initiatives for safety improvement program for hired vehicles
of road accidents per year
of road fatalities per million inhabitants
of security breaches or loss due to theft, vandalism, or other incidents
of serious injury on the road per 100,000 population
of serious road injury rates
of victims in road accidents
% of qualified roads as per safety standards
% of the internal roads achieve acceptable road safety standards
% of the internal roads are compatible with international standards
% updated road safety transport regulations
Causality rate
Crash rate
Frequency of casualties (fatalities and injuries)
People killed in road accidents
Rate of adherence to road safety
Rate of adherence to road safety specifications
Ratio of indirect spending on safety activities
Road fatality rates

Road Sweeping

of cubic yards collected
of cubic yards collected per 1000 km of streets

62. Transportation

- # of equipment hours by type of equipment
- # of lane miles of streets swept per month - total streets
- # of street sweeping complaints
- % customer satisfaction rating for clean streets
- % of customers who rate street sweeping as good to excellent
- % of highways that are either of an acceptable or high standard of cleanliness
- % of residential streets rated as clean
- % of routes completed on schedule
- % of street miles meeting cleaning schedule
- Average # of miles of streets swept per DLH
- Average cost per mile of street cleaned
- Total direct costs for street sweeping crew (hours multiplied by hourly rate)
- Total direct costs for street sweeping expenses

Roads

- # of car parking spaces per 1000 cars
- # of customer surveys on the satisfaction with the quality
- # of institutional and technical requirements to maintaining the highway network in good condition
- # of jobs accessible within # mile radius of residential areas
- # of large trucks (semi-truck) vehicle miles of travel / per year
- # of markets accessible within # mile radius of business area
- # of new transportation research dollars secured
- # of passengers transported on inland
- # of people moved
- # of recreational areas accessible by # mile radius of residential areas
- # of shoulder miles of new paved shoulders awarded for construction on the primary highway system
- # of special needs people evacuated during or after a disaster
- # of special needs people evacuated prior to a disaster
- # of tons of freight moved
- # of viable alternative to highway travel for goods
- # of viable alternative to highway travel for passengers
- % of all highway miles returned to a reasonable, near-normal surface condition within 24 hours from the end of a winter storm
- % of all highway miles returned to a reasonable, near-normal surface condition within three work days from the end of a winter storm
- % of cities over 5,000 population with at least weekly scheduled transit access to health facilities and groceries
- % of goods are actually served to reach activity center
- % of goods are capable of being served to reach activity center
- % of highway network length with international roughness index (IRI) of 6 or lower
- % of non-committed right of way parcels returned to private, commercial, or public uses

62. Transportation

- % of originally programmed projects let for construction in the current fiscal year versus programmed projects
- % of passengers are actually served to reach activity center
- % of passengers are capable of being served to reach activity center
- % of road roughness
- % of roads exceeding roughness standards
- % of structure inventory and appraisal values for our bridge system that meets last year's values
- % of third party claims involving unregistered motor vehicles
- % of total dollars paid to the total awarded amount for all contracts dollars
- % of vehicle kilometers travelled on roads that exceed roughness standards
- % reduction in transfer time
- Average # and length of trip per person per day
- Average # of days taken to issue access permits
- Average automobile vehicle miles of travel
- Average pavement condition index
- Average speed on highway in km/hr
- Average time required to evacuate special needs population from affected disaster area
- Average time spent commuting per day per person
- Journey to work modes
- Length of roads network (in km)
- Length of roads per 1000 population
- Mean travel time to work in minutes
- Ratio between average vehicle speed and road utilization
- Ratio between volume /capacity in peak periods on major routes
- Ratio of annual highway program cost awarded versus annual program cost estimate
- Ratio volume to capacity
- Road congestion rate
- Road miles with inadequate geometrics / total miles
- Road quality index
- Road standards and proportion of travel done on substandard roads
- Total cost per kilometer to preserve roads
- Total transit revenue mileage

Safety & Environment

- # of achieved safety certification and maintaining it for the coming year
- # of airport accidents, incidents, events resulting in injury or death
- # of bus safety incidents
- # of conversion of public transport vehicles to CNG fuel use
- # of fatalities in injury accidents
- # of injury accidents
- # of metric tons of carbon dioxide
- # of public transport serious accidents/incidents per 100,000 vehicle km

62. Transportation

of railway victims by type of injury
of taxi safety incidents
% aircraft emissions above standard
% completion of EHMS system
% entities with EHMS certification compared to total # of entities within the transport industry
% of Carbone dioxide emissions
% of implemented compliance safety, security and environment mechanism for the ports sector
% of methane emissions (kt of CO2 equivalent)
% reduction in # of incidents of oil spills from vessels into the marine environment
% safety and security standards reported on-time
Annual # of railway accidents by type of accident
Annual # of railway accidents involving the transport of dangerous goods
Annual # of railway victims by type of accident
EHMS certification approval process cycle time (in days)
Reduction in # of reported/detected safety breaches in coastal waters, ports and marine facilities
Total CO2 produced
Total emissions from the public transport

Transportation Improvement

of established clear interaction mechanisms with relevant stakeholders
of guidelines for public transport and highways management activities
of issuance of incremental law updates for the transportation sector
of miles of bike lanes, routes, and trails
of neighborhood traffic calming requests received
of transportation projects completed
of transportation projects under construction
of transportation projects under design
% contribution of the transport sector to employment
% contribution of the transport sector to GDP
% of areas achieving concurrency
% of commercial/ industrial developments within 500 meters of public transport systems
% of residential developments within 500 meters of public transport systems
% of residents are satisfied with the completed traffic calming project
% of tourism developments within 500 meters of public transport systems
% of trips undertaken by various modes of transport
Design cost at bid award as a % of contract cost
Total % variance of actual construction costs from the original construction contract

63. Urban Planning**Housing**

- # of housing units / quarters developed
- # of housing units / quarters rehabilitated
- # of low cost housing units constructed
- # of medium cost housing units constructed
- # of new subdivisions approved
- # of vacant sites 1 acre or larger
- % approved subdivisions by location
- % of building permits by location
- % of population in unplanned urban settlements who have access to clean and safe water
- % of population in unplanned urban settlements who have access to safe means of sanitation
- Value of rents accruing to the local authorities from leasing

Neighborhood Zoning

- # of neighborhood plans adopted/zoned
- # of rounds of golf & crossroads golf courses
- % of neighborhood planning participants satisfied with urban planning process
- % of resident's positive perceptions of the tidiness of their neighborhoods
- Average travel time delay
- Supply versus demand per sector

Regulations & Standards

- # of best practice urban planning approaches used across government
- # of planning forums held
- % of new buildings being assessed against standards
- % of non-compliant cases enforced
- % of urban development public policies aligned across government
- Street condition ratings

Sustainable Communities

- # of infrastructure zone by Year
- # of municipal recreation facilities per 100,000 residents
- # of open space and trails
- # of parks and recreation facilities
- # of retail outlets/mm of habitants
- # of total parks and open space
- % citizen satisfaction with urban planning for the future
- % density comparison of approved subdivision by location
- % distribution of social facilities throughout residential areas
- % land uses by community planning area (% of acres)
- % of green buildings to total new buildings
- % of land use allocation
- % open space acres
- % proximity of parks to residences

63. Urban Planning

- % proximity of trails to residences
- % residential density by community planning area
- % suitability of housing buildings
- Attractiveness index
- Congestion index
- Residential street average pavement rating
- Walkability index

United Development

- # of applied transportation demand management measures
- # of awareness campaigns of urban role for key stakeholder groups
- # of consolidated master schedules published in the quarter
- # of coordination meetings on priority development projects in the quarter
- # of master plans reviewed
- # urban plans completed
- % cities plans completed
- % of developer confidence in the real estate market
- % of development projects inconsistent with urban plan
- % of developments monitored per quarter
- % of land used for planning and zoning
- % of special project teams established within 4-weeks
- % of strategic developers and land allocation authorities engaged
- % of urban plans completed

Watershed Protection

- # of watershed development plan reviews conducted
- % of creek miles in the inventory maintained for vegetation Control
- % of drinking water compliance
- % of reviews completed within code

64. Water & Electricity**Alternative Energy**

- # of participants supporting nuclear power activities
- % of commercial energy consumed for each dollar of GDP in kilojoules
- % of electricity generated from renewable energy sources
- % of use of the nuclear reactor
- Governmental expenditure on alternative and renewable energy sources as a % of GDP
- Ratio of alternative and renewable energy consumption to total energy consumption
- Total electricity generated from renewable sources

Electricity Consumption

- Total consumption of electricity by households
- Total consumption of electricity by industry
- Total consumption of electricity by services
- Total consumption of electricity by transport activities

64. Water & Electricity**Electricity Cost**

- % electricity fee increase
- Annual residential electric service costs
- Average price of electricity versus international average
- Citizen satisfaction with the amount pay for electricity
- Electricity cost for industrial clients (USD per kWh)
- Electricity price for large industrial consumers
- Electricity prices by type of user
- Total electricity cost for industrial clients

Electricity Supply

- # of identified pollution problems
- # of incidents of interruptions in power provision
- # of nuclear power stations
- # of required electricity capacity in GW
- # of safety incidents per year
- % compliance of power with regulations
- % contribution of renewable energy to total energy supply
- % development of applications
- % energy intensity
- % implemented ISO corporate governance management 9001, 14000, or 18000
- % improved service level in all areas
- % increase in future energy supply
- % market share of the largest generator in the electricity market
- % of community electricity facilities that meets health-based standards
- % of decisions reflects the latest system conditions and provides prompt remedial action
- % of future energy supply adequately ensured
- % of population with access to electricity
- % of power transmission system availability
- % of renewable energy to total energy capacity
- Average duration of interruptions in power provision
- Capacity built-up of trained # of users
- Demand per capita per year
- Electricity consumption Bn kWh/annum
- Electricity consumption per capita (kWh)
- Electricity production Bn kWh/annum
- Electricity production from nuclear sources (% of total)
- Satisfaction Index
- Supply vs. demand (Power) (unit: MW)
- Total electricity generation by hard coal
- Total electricity generation by hydro
- Total electricity generation by natural gas
- Total electricity generation by nuclear

64. Water & Electricity

- Total electricity generation by petroleum products
- Total electricity generation by wind
- Total final energy consumption (million tone oil equivalent)
- Total final energy consumption per capita (million tone oil equivalent per capita)
- Total imports of electricity
- Total indigenous energy production (million tone oil equivalent)
- Total indigenous energy production per capita (million tone oil equivalent per capita)
- Total supply of electricity

Regulation & Compliance

- # of accidents per year reported by electric and gas utilities
- # of cases filed
- # of meetings held to discuss issues between staff and stakeholders in a year
- # of surveys and reports issued
- % of board members holding positions in national regulatory organizations
- % of errata orders issued
- % of orders issued on or before statutory deadline
- % of peak alert days where load is met by mechanisms in place
- % of petitions for approval of new construction processed in a timely manner
- % of scheduled inspections of utility facilities completed within a year

Service Improvement

- # for service irregularities
- # of areas/power plants for which hydrodynamic and water quality modeling were conducted and updates
- # of days from receipt of a complaint to the referral to a utility for response
- # of drinking water quality monitoring systems
- # of peer-reviewed papers and/or technical papers corresponding to each investigated and applied unique new generation technology
- # of peer-reviewed publications and technical reports
- # of pending issues
- # of projects including initiatives conducted for stakeholders and society
- # of research projects with external partners and stakeholders
- # of significant consumer concern over a pending proceeding filed with the board
- # of the governmental entities to be served by nuclear research reactor and its facilities through research and its various applications
- # of unsuccessful samples
- % achieved a return on investment (ROI)
- % of annual capital investment projects completed as planned
- % of compliance with standards
- % of days of the beach season that coastal and lakes beaches open and safe for swimming

64. Water & Electricity

- % of electricity operational efficiency
- % of enhanced technical capabilities to effectively provide long term needs
- % of projects managed efficiently at minimum cost
- % of service standards
- % of timely and cost effective utilities for developers and industries
- % of vouchers processed timely
- % progress in the project design and construction scope of work
- % quality of water served
- % reliability of public worker safety
- % staff effectiveness
- % transmission system availability
- % water distribution system availability
- Average resolution time for written complaint fill
- Distribution system interruption frequency index
- Investment in millions of annual capital investment
- Power quality index
- System average interruption duration index

Water Cost

- % of effectiveness of project spending
- % of revenue collection efficiency
- % tariff and water fee increase
- Average creditor days
- Average debtor days
- Average monthly water bills single family residential
- Average price of water versus international average
- Citizen satisfaction % with the amount pay for water services
- Cost of regulatory service standards
- Cost per property for water
- Remuneration and employment costs
- Total capital expenditure
- Total cost of customer service
- Total operating expenditure
- Water conservation programs costs per customer per year

Water Management

- # of fish landings in domestic and foreign ports
- # of total gallons of groundwater reserves/availability: fresh Water
- # of total gallons of groundwater reserves/availability: saline
- # of total gallons of groundwater reserves/availability: brackish
- # supplied water volume per person
- # water consumption per capita
- % improvement of groundwater reserves/availability: brackish
- % improvement of groundwater reserves/availability: fresh water
- % improvement of groundwater reserves/availability: saline
- % of adopt water conservation ordinance

64. Water & Electricity

% of community water systems that have undergone a sanitary survey within the past three years

% of community water systems that meet all applicable health-based standards

% of community water systems where risk to public health is minimized

% of household with access to basic or higher level of water

% of improve water pumping energy efficiency

% of install a central irrigation control system

% of install high efficiency toilets

% of install low-flow faucets

% of install low-flow shower heads

% of the population served by community water systems that receive drinking water that meets all applicable health-based drinking water standards

% of the population served by community water systems where risk to public health is minimized through source water protection

% of usage of water from non-traditional sources

% of use low maintenance landscaping

% of water quality in term of Nitrogen loading

% reduction of water consumption per day per capita (lit/day/person)

% reduction of water consumption per hectare in agricultural zones

% reduction of water consumption per hectare in Forestry sector

% Salinity in water

Amount of suspended solids in the drinking water

Annual water abstraction by source and by sector (mio m³/year)

Annual water abstraction by source and by sector per capita (m³/year/capita)

Gallons per day per capita use of ground water

Other sources of water (mio m³/year)

Other sources of water per capita (m³/year/capita)

Per capita daily water consumption

Per capita water abstractions

Renewable water resources (mio m³/year)

Total gross water abstractions

Water consumption per day per capita

Water consumption per hectare in agricultural zones

Water consumption per hectare in forestry sector

Water stress index

Water use balance (mio m³/year)

Water use by supply category and user (mio m³/year)

Water use by supply category per capita (m³/year/capita)

Water Quality

of abandoned wells closed to eliminate potential pathways for contaminants to groundwater

of active individual certifications for lead based paint activities

64. Water & Electricity

of authorized certification and training programs for lead
of cities that are on a schedule consistent with national water policy
of cities that are providing water quality data in a format accessible for storage in data system
of cities that currently receive funding that have begun implementing monitoring strategies to their water quality
of cities that have adopted and are implementing their monitoring strategies in keeping with established schedules
of cities that have adopted approved nutrient criteria into their water quality standards
of cities that have adopted current pathogen criteria for non-coastal recreational waters
of cities that have developed and begun to implement a watershed based plan
of cities that have incorporated into their water quality programs for streams and small rivers
of cities that provide integrated reports for water assessment
of cities that within the preceding three year period, submitted new or revised water quality criteria
of cities using the assessment database to record their assessment decisions
of cities where the trend in wetland condition has been measured
of current watershed permits issued
of grant dollars per pesticide applicator certification
of inspections to be conducted at treatment, storage or disposal facilities
of inspections with an approved pretreatment program
of large and medium public water systems inspected
of oversight inspections to be conducted
of permits providing for trading between the discharger and other water pollution sources
of pesticide agencies meeting water quality commitments
of pesticide worker safety programs that meet national program commitment
of private water wells renovated to eliminate potential pathways for contaminants to groundwater
of storm water permits that are issued and current for construction storm water general permits
of storm water permits that are issued and current for general and individual permits
of waste water treatment plants where effluent quality does not meet the current effluent discharge criteria
of water bodies identified as being impaired that are partially or fully restored
of water bodies identified as not attaining standards where water quality standards are restored

64. Water & Electricity

of water segments known to be impaired or threatened that initial restoration planning is complete
of watershed
water program rebates dispersed
% completion of salinity mapping and monitoring
% improvement in water quality in term of Salinity and Nitrogen loading
% of all public beaches that are monitored
% of beaches where local agencies have put into place water quality monitoring and public notification programs
% of cities water quality standards submissions that are approved
% of citizen satisfaction with drinking water quality
% of citizen satisfaction with lake and stream water quality
% of facilities covered under either an individual or general permit by construction storm water permits
% of facilities covered under either an individual or general permit by industrial storm water permits
% of major dischargers in significant noncompliance at any time during the fiscal year
% of permitted discharges to the lakes or major tributaries that have permit limits
% of private water wells tested in which the homeowner was informed of bacterial contamination
% of private water wells tested in which the homeowner was informed that Nitrate contamination exceeded the maximum contaminant level (MCL)
% of significant industrial users with water pretreatment programs
% of storm water permits that are issued and current for industrial storm water general permits
% of surface water quality in the Collie catchment
% of water bodies identified as not attaining standards where water quality standards are restored

Water Supply

of distribution process documented
of incidents of interruptions in water provision
of lab samples processed that support management of water systems
of liters per capita water use
of newly installed water points
of newly installed water points in rural areas
of newly installed water points in urban areas
of pipeline maintenance
of population with sustainable access to improved drinking water sources
of renewable internal freshwater resources per capita (cubic meters)
of required water desalination capacity in MGD
of total abstraction
of violations of drinking water standards
of water interruptions

64. Water & Electricity

of water transportation canals that meets business requirements
of water transportation main pipes
% compliance of water with regulations
% distribution system water loss
% full functioning of storage facilities
% full functioning of treatment plants
% harnessing development and control
% increase in drinking water sources
% of community water systems that have undergone a sanitary survey within the past three years as required under the rules
% of community water systems that provide drinking water that meet health-based standards
% of population connected to public water supply
% of population with access to safe water (as % of total population)
% of population with access to safe water (as % of total population) in rural areas
% of population with access to safe water (as % of total population) in urban areas
% of population with sustainable access to improved drinking water sources
% of source water areas for community water systems that achieve minimized risk to public health
% of the population served by community water systems that meets all applicable health-based drinking water standards through effective treatment and source water protection
% of the population with sustainable access to an improved water source in urban and rural areas
% of water quality compliance
% of water supply from energy processing facilities
% pollution levels
% supply able to meet demand
% total supply of water with the total demand
% use of water from public water supply by services and private households
% use of water from public water supply by the manufacturing industry
% use of water from self supply by agriculture for irrigation purposes
% use of water from self supply by the manufacturing industry
% use of water from self supply for production and distribution of electricity (including cooling water)
% water transmission system availability
Average duration of interruptions in water provision
Customer satisfaction survey covering water quality, wastewater, drainage and irrigation
Overall % water demand reduction
Peak water demand vs. reserve capacity by water trunk
Score in the annual evaluation of pipeline safety program
Service interruptions per 1,000 service connections

64. Water & Electricity

- Supply reliability (outage duration, frequency, and time)
- Supply vs. demand (water) (unit:MGPD)
- Supply vs. demand: Per capita water abstractions
- Supply vs. demand: Per capita water abstractions (Cubic meters)
- Total cost of supply
- Total drinking water served
- Total fresh water abstraction
- Total fresh water abstraction per capita
- Total non-drinking water served
- Total volume of groundwater abstraction
- Total volume to surface water abstraction
- Total water abstracted by manufacturing industry for cooling
- Total water abstracted for agriculture
- Total water abstracted for electricity production and distribution for cooling
- Total water abstracted for manufacturing industry
- Total water abstracted for public water supply
- Water consumption in city in liters/day
- Water distribution network modeling area coverage index

Water Wells

- # of drinking water revolving fund projects that have initiated operations
- % of community water systems that have undergone a sanitary survey within the past three years
- % of community water systems that provide drinking water that meets health standards
- % of identified motor vehicle waste disposal wells that are closed
- % of salt solution mining wells that maintain mechanical integrity
- % of source water areas (both surface and groundwater) for community water systems that achieve minimized risk to public health
- % of the population served by community water systems that receive drinking water
- % of wells identified in significant violation
- % of wells that maintain mechanical integrity
- % water level changes in monitoring wells

65. Wildlife**Conservation**

- # of annual student visitations
- # of conservation programs developed
- # of education hubs up and running
- # of members signed up for association
- % awareness level of visitors concerning wildlife conservation and education
- % of implementation of activities leading to establishment of the association

65. Wildlife

- % of required teachers and interpreters trained and hired
% of retail, hospitality and residential developments with wildlife conservation components

Master Plan

- % of completion of the master plan phases planning
% of construction of facilities completed that have quality standards
% of facilities having world class management services and standards

Parks Visitors

- # of accidents which take place within the amenities
% of net profit margin on the sales of the residential units
% of occupancy for hotel facilities
% of residents, visitors and investors with positive perception
Annual # of visitors to the zoo and the wildlife park
Average spend per visit in the zoo and wildlife park
Degree of integration of safety standards into developed amenities
Net cash flow per lettable square meter per annum in the retail facilities

Wildlife Resources

- # increase of species in ex-situ programs
of acres preserved and protected
of animal species at zoological parks
of dollars generated for economy per dollar of funds spent on fisheries management and fishing
of species of animals at park
% of environmental quality of the swan/canning
Threatened species as % of total species

66. Agriculture & Food**Food & Agriculture Organization - FAOSTAT - (<http://faostat.fao.org>)**

- Agricultural production index, 1999-2001=100
- Agricultural production per capita index, 1999-2001=100
- Area of arable and permanent crops, 1000 hectares
- Area, total surface, 1000 hectares
- Fish production, metric tons
- Food production index, 1999-2001=100
- Food production per capita index, 1999-2001=100
- Forest area, 1000 hectares
- Forested land area as % of land area
- Forestry production: roundwood, million cubic meters
- Land area, 1000 hectares
- Manufacturing production: meat, thousand metric tons
- Manufacturing production: paper, paperboard, thousand metric tons
- Manufacturing production: sawnwood, thousand cubic meters
- Nutrition, dietary energy supply, kcal per person per day
- Nutrition, food deficit of undernourished, kcal per capita per day
- Nutrition, minimum energy requirement, kcal per capita per day
- Nutrition, undernourished as % of total population
- Nutrition, undernourished, millions of people

Organization For Economic Co-Operation & Development - (<http://stats.oecd.org>)

- Agricultural production volume
- Ammonia and methyl bromide use
- Biodiversity - wild species
- Biodiversity - ecosystem diversity
- Composition of producer support estimate
- Consumer support estimate and related indicators by country
- EU15: European union of fifteen
- Farm management (nutrients, pests, soil, water, biodiversity and organic)
- General services support estimate by country
- Non-OECD tab I total support estimate - million nat. cur.
- Non-OECD tab II MPS and CSE by commodity - million nat. cur.
- Nutrients (nitrogen and phosphorus balances)
- OECD total support estimate
- OECD-FAO agricultural outlook 2008-2017
- OECD-FAO agricultural outlook 2009-2018, by commodity
- OECD-FAO agricultural outlook 2009-2018, by country
- OECD-FAO agricultural outlook 2009-2018, by variable
- Pesticides (use and risks)
- Producer and consumer support estimates
- Producer support estimate and related indicators by country
- Soil (water and wind erosion)
- Total support estimate by country

66. Agriculture & Food

Water (use and quality)

World Bank - (www.worldbank.org)

Agricultural machinery, tractors per 100 sq. km of arable land

Agriculture, value added (% of GDP)

Arable land (% of land area)

Cereal yield (kg per hectare)

Fertilizer consumption (metric tons)

Food production index (1999-2001 = 100)

Land under cereal production (hectares)

Permanent cropland (% of land area)

World Resources Institute - (<http://earthtrends.wri.org>)

Agricultural exports

Agricultural imports

Agricultural inputs

Agricultural production

Food and agriculture overview

67. Children**Organization For Economic Co-Operation & Development - (<http://stats.oecd.org>)**

Child well-being

UN Population Division

Child dependency ratio

UN Statistics Division (UNSD) - (<http://data.un.org>)

% child marriage among women aged 20-24

UNDATA - (<http://data.un.org>)

Child disability

Child discipline

Child labor

Child marriage

Children orphaned by AIDS

Children orphaned due to all causes

UNICEF - (www.childinfo.org)

Children 1 year old immunized against measles, %

Children under five mortality rate per 1,000 live births

Infant mortality rate

Malaria prevention, use of insecticide-treated bed nets in population <5, %

Malaria treatment, % of population <5 with fever being treated with anti-malarial drugs

World Bank - (www.worldbank.org)

Immunization, measles (% of children ages 12-23 months)

Malnutrition prevalence, weight for age (% of children under 5)

Mortality rate, under-5 (per 1,000)

68. Coastal Ecosystems**World Resources Institute - (<http://earthtrends.wri.org>)**

- Aquaculture production by environment: freshwater
Aquaculture production by environment: marine and brackish
Aquaculture production by environment: total
Aquaculture production: aquatic plants
Aquaculture production: crustaceans
Aquaculture production: diadromous fish
Aquaculture production: freshwater fish
Aquaculture production: marine fish
Aquaculture production: molluscs
Capture production by area: inland waters
Capture production by area: marine waters
Capture production by area: total (inland and marine waters)
Capture production: aquatic plants
Capture production: crustaceans
Capture production: diadromous fish
Capture production: freshwater fish
Capture production: marine fish
Capture production: molluscs
Fisheries: decked fishery vessels, number
Fisheries: people employed in fishing and aquaculture, number
Fisheries: population within 100 km of coast
Fishery production totals (aquaculture and capture): inland production
Fishery production totals (aquaculture and capture): major marine commercial species
Fishery production totals (aquaculture and capture): marine production
Fishery production totals (aquaculture and capture): total for all species
Forest extent: Mangrove forest area
Marine Jurisdictions: claimed exclusive economic zone, area
Marine Jurisdictions: coastline length
Marine Jurisdictions: continental shelf area
Marine Jurisdictions: disputed territorial seas, area
Marine Jurisdictions: exclusive fishing zone, area
Marine Jurisdictions: territorial sea area
Marine Jurisdictions: unclaimed exclusive economic zone, area
Nutrition: annual food supply per capita from fish & fishery products
Nutrition: daily food supply per capita from fish and fishery products
Nutrition: Fish Protein as a % of total protein supply
Nutrition: total food supply from fish & fishery products
Species: fish species, number
Species: fish species, number threatened
Species: mangrove species, number
Species: scleractinia coral genera, number
Species: seagrass species, number

68. Coastal Ecosystems

Trade in fish and fisheries products: exports, quantity

Trade in fish and fisheries products: exports, value

Trade in fish and fisheries products: imports, quantity

Trade in fish and fisheries products: imports, value

69. Culture & Communication**UNESCO Institute for Statistics - (www.uis.unesco.org)**

Book production, titles by the Universal Decimal Classification

Cinemas, #

Cinemas, annual attendance, millions

Cinemas, seats - thousands

Newspapers and periodicals, # of titles

Newspapers and periodicals, circulation (thousands)

Newspapers and periodicals, circulation per thousand inhabitants

Radio receivers (thousands)

Radio receivers per thousand inhabitants

Television receivers (thousands)

Television receivers per thousand inhabitants

World Bank - (www.worldbank.org)

Daily newspapers (per 1,000 people)

70. Debt**Economist Intelligence Unit - (<http://www.eiu.com>)**

Bilateral M & LT

BIS banks' liabilities 0-1 year

BIS banks' liabilities 1-2 years

BIS banks' liabilities over 2 years

BIS banks' total liabilities

BIS banks' undisbursed credit commitments

Crossborder liabilities of BIS-reporting banks

Debt-service paid/GDP

Debt-service ratio, due

Debt-service ratio, paid

Effective interest rate (%)

Effective maturity (years)

Export credits

IMF charges

IMF debits

IMF debits & charges
